WIFE SAYS HUSBAND LOVED HER SISTER

Mrs. Albina Svezkowski Causes Spouse's Arrest, After Sending Her Alleged Rival Back to Germany—Sues for Divorce.

Mrs. Albina Svezkowski of No. 1222 Geyer avenue, who caused the arrest yesterday afternoon of her husband, Joseph Svezkowski, on the charge of abandoning their children, says her husband left home because of his love for her sister, Annie Gosowitz.

According to Mrs. Svezkowski, she sent her sister back to her home in Germany to get her away from her husband, but, she declares, he brought her back to this country and took her to Kansas City, where he conducted a store for some time.

Mrs. Svezkowski has a divorce suit pending against her husband, who, she charges, deserted her five years ago, though at times, she says, he has given her small amounts.

The warrant against Svezkowski was issued some time ago, but the Sheriff could not find him. Yesterday Colonel John I. Martin, counsel for Mrs. Svezkowski, learned that his client's husband had returned to St. Louis, and arranged for a meeting between them in his office, opposite the Four Courts.

Svezkowski came, accompanied by Attorney Brook, and, after the divorce suit was talked over, Svezkowski refusing to make a settlement of alimony, Colonel Martin notified Chief Deputy Sheriff Lansdon, who, with Deputy Kolley, went to the lawyer's office and arrested Svezkowski.

Then it was found that the warrant was not in the Sheriff's office and the prisoner was turned over to the police to be kept in the holdover until Deputy Tatten, who had the warrant, returned with it.

Mrs. Svezkowski says she learned that her husband drew several thousand dollars from the Lafayette Bank recently and she feared he was going to leave the city. She says her sister is 18 years old, but she does not know where she is now.

Svezkowski formerly lived at No. 1616 South Eleventh street. He was engaged in the produce business at No. 1222 Geyer avenue. The children he is charged with abandoning are 12, 10 and 8 years old, the youngest being a girl.

NEGRO KILLS BABY, ASSAULTS MOTHER

White Woman's Eye Cut Out and She Was Otherwise Seriously Injured.

SEARCHING FOR CULPRIT.

Widow Attacked in Home Near Conway, Ark.—Negro Killed One Child and Knocked the Other Insensible.

REPUBLIC SPECIAL.

Little Rock, Sept. 15.—The people of Conway, twenty-five miles from here, are wrought up to-night over the discovery of a negro's brutal crime. Mrs. Mary Lawrence, a white woman, was found badly wounded in her home in the suburbs this evening, by her side was the dead body of her 6-year-old son, and near her was a 3-year-old daughter, who was badly wounded.

Mrs. Lawrence was seriously injured. One of her eyes had been cut out. When she became conscious again she told of an assault upon her by a negro last night in her home.

In order to carry out his design, he brained the 6-year-old son of Mrs. Lawrence, and knocked the other child insensible. Then he assaulted the mother and fearfully wounded her. She lay all night and all of the day in her bed unable to move.

Late this afternoon a friend and neighborhood went to Mrs. Lawrence's home and found the house locked. Investigation showed that a terrible crime had been committed.

Mrs. Lawrence is a poor, hard-working widow, who made a living for herself and two children. The assault and murder, when it became known in Conway, tonight, aroused the people to high indignation, and extraordinary efforts are being made to find the guilty negro, whose crime, however, was committed twenty-four hours before, and he was thus enabled to get a good start.

MOTHER FAINTS THINKING JUDGE SENTENCED SON.

Mrs. Carrie Smith of No. 2505 North Tenth Street Misunderstood Court's Lecture.

Believing Judge Moore was sentencing her son to four years' imprisonment, Mrs. Carrie Smith of No. 2505 North Tenth street, fainted in the Court of Criminal Correction yesterday morning.

Alex Smith, 17 years old, was charged with petit larceny. The boy had appeared before Judge Moore before and the court sought to give him a severe lecture and a warning.

"The next time you come into court you are liable to be sent to the reform school for four years," said Judge Moore.

Mrs. Smith, not hearing distinctly, believed Judge Moore was sentencing her son to four years' imprisonment, arose from her seat and started up the aisle to protest.

She staggered as she entered the inclosure set apart for lawyers and court officials and fell to the floor. Deputy Sheriffs Jerabek and Weltz carried her to a jury-room, where she was revived and informed that her son will have to remain in the Workhouse only thirty days.

GIRL AWAITS FIANCE SHE HAS NEVER SEEN.

Miss Clyde Consert Disappointed in Not Meeting E. Laffer at El Paso, But Gets Word He Is Coming.

REPUBLIC SPECIAL.

El Paso, Tex., Sept. 15.—Miss Clyde Consert of Princeton, Ind., coming here from St. Louis to marry a man whom she had never seen, arrived this morning to wed E. Laffer, but Laffer was not here, and all day she was in sore distress, declaring she did not know what to do, since he had promised to meet her, and had said he would be here Wednesday.

Finally, this afternoon late, she received a letter by messenger stating that business had detained him, and he would arrive Saturday night.

He is a lumber dealer and publisher of a weekly paper at Safford, Ariz. Before she heard from him she denied that she was to marry him, and said he was a relative. They made love by mail and will meet for the first time to-morrow.

FALLS THROUGH HATCHWAY WHILE ON STEAMBOAT.

Thomas B. Lane, 71 Years Old, Sustains Fracture of the Skull.

Thomas B. Lane, 71 years old, of Greenfield, Tenn., fell through a hatchway on the steamer Ford Herold, anchored at the foot of Chestnut street, yesterday, and sustained injuries that may cause his death. He is being treated at the City Hospital. His injuries consist of a fractured skull and injury to his hip.

Lane had come on the Herold to see that a horse, which he was shipping, was on the boat. He did not see the open hatchway and fell into it.

While visiting in the city, Lane has been staying with his son, Charles Lane, at No. 423 Maryland avenue.

COAL DRIVER IS FINED $250.

Correct Weight Association Charges Shortage of 300 Pounds.

Judge Tracy, in the First District Police Court yesterday fined Jacob Krunkel, driver of one of Hooser Bros' coal wagons, $250 for delivering a load of coal which was short in weight.

He is charged that Krunkel delivered, on September 1, a load of coal to Mrs. Schwickardt at No. 2051 Clark avenue that contained 300 pounds less coal than the ticket presented to her called for.

Special Officer Gallagher and L. F. Johnson of the Correct Weight Coal Association arrested Krunkel. It is said that Krunkel had two tickets, one of which he filled out for himself, the other being the correct ticket, which he received from the city weigher.

Opening Celebrated.

Denver, Colo., Sept. 15.—Hot Sulphur Springs, 110 miles from Denver, in Middle Park, celebrated the completion of the Denver, Northwestern and Pacific Railroad (the Moffat Road) over Rocky Mountains for that point, and the inauguration of regular train service to-day with a barbecue and sports. An excursion was run for the Denver Chamber of Commerce.

Robbed of Money and Tickets.

E. E. Forestall of No. 2968 Washington boulevard reported to Detective John Dougherty at Union Station last night that his pocket had been picked while he was in a billiard-room at Broadway and Pine streets. A pocketbook containing two round-trip tickets from St. Louis to Kansas City and a $5 bill was taken from his coat pocket. Forestall says he was playing billiards at the time the theft occurred.

Women

who have the care of children and household duties find the drain upon their vitality so great that they very often become nervous wrecks. This loss of vitality causes headache, backache, sleeplessness, irritability, anxiety, etc., and frequently results in various forms of female weakness.

When you feel tired and worn out, take

Dr. Miles' Restorative Nervine

which acts directly upon the nerves, refreshing and strengthening them. It is a nerve food and tonic, which soothes and relieves the tension of the tired nerves, and brings rest and refreshing sleep.

"Your remedies saved my life. They are all you claim them to be. I am now in very good health for a woman 75 years old, thanks to your remedies. When I feel nervous, or don't feel well, I take a few doses of Dr. Miles' Nervine and it sets me right." CATHARINE LAGLE, Leland, Iowa.

RAILROADS

DISPOSITION OF GREAT CENTRAL

Road Will Probably Go to New York Central and Pennsylvania, but Possibly to the Erie—Question as to Voting.

New York, Sept. 15.—Members of the H. B. Hollins syndicate, it was learned today, made a profit of about $1,400,000 by the sale of their contracts for subscription rights to the stock of the Cincinnati, Hamilton and Dayton road to J. P. Morgan & Co. They disposed of 65,000 shares at 169, making a profit of $25 a share.

No statement regarding the acquisition of the railroad property was given out by J. P. Morgan & Co. Interests identified with the C., H. & D. pointed out that, while the firm nominally had taken over a majority interest, the voting trustees still held control of the property in that they had 65,000 shares tied up in the trust agreement in the vaults of the United States Mortgage and Trust Company.

One of the C., H. & D. syndicate subscribers said: "J. P. Morgan & Co. as yet do not own a single share of the road's stock. They have bought a majority of subscription rights, which is quite a different matter. If they wish to obtain the control they must buy outright, under the terms of the voting trust, the remainder of the 65,000 shares of stock.

"As the case now stands, the voting trustees are unaware of any change in conditions, and, officially, know nothing of what has been done by Hollins & Co. Morgan & Co. undoubtedly can buy the remainder of the shares at the same price, 169, but it would not surprise me if somebody else would come forward and buy out all the stock from the voting trustees."

This statement simply emphasizes the fact that a difference of opinion still exists among various interests as to what really constitutes control of the property. Voting trustees who were seen acknowledged that the situation was unchanged and that, officially, they knew nothing of the Hollins sale.

Members of Hollins & Co., on the other hand, said that at the next C. H. & D. meeting the directors of the road would decide where the control had gone. This question, they said, did not rest with the voting trustees.

As to the ultimate destination of the Great Central Route, that is said to depend entirely on the decision that will be made by Mr. Cassatt and H. McK. Twombley. While possible, it is not considered probable, that the road will go to the Erie. It is more likely that it will be placed under joint control of the Pennsylvania and the Central.

CLAIM CHICAGO WOULD GET PACKING ADVANTAGES.

Chicago, Sept. 15.—Four stock yards companies and a State commission filed intervening petitions in the United States Circuit Court here to-day when two cases of the Interstate Commerce Commission against eighteen roads were called for trial.

It is charged in the complaints that the defendant roads charge a discriminating freight rate on shipments of live stock, as compared with the rate on shipments of live-stock product.

The intervening petitioners declare that if the prayer of the bills of companies is granted, Chicago will be given an undue and unreasonable preference over cities as a packing center.

The interveners are: T. M. Sinclair & Co., Cedar Rapids, Ia.; St. Paul Union Stock Yards Company, St. Joseph Stock Yards Company, Sioux City Stock Yards Company and the Minnesota Railway and Warehouse Company.

RUSSELL HARDING MAY LEAVE GREAT CENTRAL.

REPUBLIC SPECIAL.

New York, Sept. 15.—Russell Harding, vice president of the Cincinnati, Hamilton and Dayton Railway and president of the Pere Marquette, may lose his offices through the reorganization or sale of the Great Central. While dissatisfaction with the management of the system applies particularly against President Zimmerman, it is believed that Mr. Harding will be relieved of his duties when Mr. Zimmerman is retired.

There seems to be no question that Mr. Zimmerman will be compelled to sever his relations with the Great Central, as he is held responsible for what is considered to be inefficient management. Should the road go to the New York Central or to the Erie, Mr. Harding's services may be deemed unnecessary.

NEW GASOLINE MOTOR CAR BUILT BY UNION PACIFIC.

Omaha, Neb., Sept. 15.—The Union Pacific Railway today gave a practical test of motor car No. 2 built by that company for actual service before a large number of interested Eastern railway officials. The run from Omaha to Valley, Neb., and return carrying fifty-seven persons, mostly railway officials, reached a maximum speed of fifty-seven miles an hour. The return trip was made in six minutes less time than is taken by the Overland Limited, the Union Pacific's best train. The car is built entirely of steel, and is equipped with every modern convenience. It is much lighter than wood-constructed cars.

NEW COFFEE AND SUGAR RATES ADVANTAGEOUS.

New York, Sept. 15.—Aside from a few details, representatives of the trunk lines, Western roads to Gulf ports and interested steamship companies, yesterday reached a final agreement on sugar and coffee rates. The new schedule will take effect October 7, and place extensive advantages to all Western and Southern points.

The sugar-rate war has been in progress for the past three years, and was one of the most bitter and costly ever known in railroad circles.

VEILED PROPHET GETS HALF-RATE TO CITY.

The St. Louis Association of General Passenger and Ticket Agents yesterday decided upon a half-fare passenger rate covering a radius of 200 miles for the Veiled Prophet's festivities. The rate will apply Monday and Tuesday, October 2 and 3.

The abolition of commutation rates by the Terminal was discussed, and the association approved the action on account of abuses by mileage passengers.

Messrs. Hilton, Morton and Bell were appointed a committee to make arrangements for defeating the Chicago passenger agents' annual game here on September 26. Their first act was to appoint Jerry Hunt captain-general.

COMMONWEALTH TRUST IS BACKING YOAKUM.

REPUBLIC SPECIAL.

Dallas, Tex., Sept. 15.—The Gulf and Interstate, a seventy-four mile long road, runs from Beaumont to Galveston, has allied itself with the Yoakum interests. This, Mr. Yoakum's new Colorado Southern system gets what it needed in the Texas oil regions.

The Commonwealth Trust Company of St. Louis is closely affiliated with the Yoakum interests. President Tom Hancock, Vice President Edward and Sam Lazarus of St. Louis are outlet and financial friend, came to North Texas last night. To-day all departed for the North. Mr. Hilton goes direct to St. Louis, while the others tarry in Indian Territory. Details of the alliance made at Galveston were not given out.

Opening Celebrated.

Columbus, O., Sept. 15.—Engineers of the Hocking Valley Railroad have just been given a voluntary increase in their wages. They were making a demand was in the hands of a special committee, but had not been acted upon, and in the meantime pay day intervened, and the men found in their envelopes the increase which is half of the advance in wages which they had agreed to demand.

C. & N. W. Earnings.

St. Paul, Minn., Sept. 15.—The Chicago and Northwestern Railway Company today made its annual statement of gross earnings and expenditures to the Railway and Warehouse Commission.

The gross earnings for the entire road for the year ending July were $35,741,-[illegible]. The expenditures for operation were $26,961,234.85, making the net earnings [illegible].

KENNARD'S

LARGE TELEPHONE CO. FOR ST. LOUIS

Parties Interested in the National Independent Association Are Urging Movement—With Capital of Millions.

The scope of the plans decided upon by the National Independent Telephone Association is now disclosed sufficiently to outline a permanent amalgamation in opposition to the Bell system. The association intends to operate in every State and territory and to enter into direct competition by a novel organization.

The first important result is an agreement with the Stromberg-Carlson Manufacturing Company of Rochester, N. Y., which is an independent manufacturer of telephone apparatus, that the concern shall remain independent and be a constant ally to the telephone companies' association.

This agreement was concluded this week when the representatives of the leading telephone companies, which are active in uniting, visited Rochester. At the Rochester conference every bank of the city was represented. The agreement is not known in full, but it is to the effect that the company is to be an integral part of the new telephone concern. Projectors of the association declare positively that the Rochester apparatus company has given final assurance in this direction.

As soon as the preliminaries are satisfactorily disposed of the association will take steps to establish in St. Louis another company like the Rochester company. The St. Louis company will have a capital stock of about $500,000. It will employ about 3,000 men. Then the Rochester company will furnish equipment to the telephone companies in the eastern section of the United States, and the St. Louis company to those in the western section.

SAYS IT WILL BE YEARS BEFORE CANAL IS FINISHED.

Former Employe of the Panama Commission Tells of Situation on the Isthmus.

Edgar Bayliss of New Orleans, who was in the employ of the Panama Canal Commission for almost a year, stopped off in St. Louis last night on his way to Chicago. He says it will be many years before the project is finished.

Speaking of affairs at the isthmus, Mr. Bayliss said: "Nothing will be accomplished in many years to come. It is a tough proposition throughout, and I would not go back there for a good deal of money. I hardly think it would be possible to pick out a more unhealthful spot in the world than the Isthmus of Panama. It is a regular fever incubator, and the man who comes back to the States without having had his health undermined is lucky.

"The worst propositions in the Isthmus are not the engineering ones. They are matters that have to do with the food supply and the health of the workers. The food is awful, and some system will have to be installed to provide good food or the workmen will die or come back home again. Every boat from Colon seems a crowd of clerks and other employes returning home disgusted. The fevers are awful, and the man who goes there and comes back without experiencing what it means to have 'yellow jack' or malaria is something of a curiosity."

CORN ROTTING IN FIELDS.

Too Much Rain for Matured Crop About Holden, Mo.

Holden, Mo., Sept. 15.—A heavy rain fell here just before daylight this morning. This makes five inches and four-tenths of water that have fallen in four days. Considerable wind accompanied to-day's rain. Much corn is rotting in the fields, as much of it is down or partly down. Wheat seeding will be late.

ROBBED WHILE IN COURT.

Revolver and Money Taken From Frank Day's Saloon.

While Frank Day was in court on a charge of violating the Sunday closing law his saloon at No. 806 South Main street was entered by a burglar yesterday and $2 and a revolver were stolen.

The thief got into the saloon by breaking a rear window. Later the revolver was sold to John Hunger, at No. 602 South Second street, by a negro.

JOE P. JOHNSTON IS HERE.

Well-Known Missourian on Way to Washington, D. C.

Joe P. Johnston, Inspector in Charge, Post-Office Department, with headquarters at New Orleans, will depart this morning for Washington, D. C., after having been engaged here on official business most of the week.

Mr. Johnston is a resident of Missouri, having been prominent in State affairs here for many years. Although stationed at New Orleans, special service has kept him in Washington for several months and many friends who have been inquiring about his experiences with yellow fever have been met with the explanation that it is a far cry from Yellow Jack to Washington.

DEATH DUE TO HEMORRHAGE.

Finding of Coroner in Case of Frank Kelly.

An inquest was held yesterday over the body of Frank Kelly, a clerk at the Laclede Gas-Light Company, who died in a drug store at No. 2801 Rude avenue at 10 o'clock Thursday night, while his wife worked over him. A verdict of death from natural causes was returned.

Mr. Kelly was apparently in good health when he returned from work Thursday afternoon, and was stricken while playing cards at his home at No. 1714 Oregon avenue. He rushed to the drug store on Rude avenue to secure relief. Death resulted from hemorrhage of an artery in the brain.

Zimmerman Denies.

Cincinnati, O., Sept. 15.—Eugene Zimmerman, president of the Cincinnati, Hamilton and Dayton Railway, arrived from New York late to-night. He denies the report that the Cincinnati, Hamilton and Dayton system had been sold, but intimated that negotiations for its sale are now in progress.
