A Few Words About Rugs

There's a proper place in every house and there is a proper rug in our store for every place. The kind of a rug to buy depends upon where you are going to use it.

ORIENTAL RUGS

Are suitable for dens, for halls, for libraries, dining-rooms, and in fact there's no place where you could not use Oriental goods in proper size.

OTHER RUGS

The prudent housewife sometimes thinks that Oriental Rugs are too expensive, and there is another large class of people who prefer Axminster or Velvet rugs. We have every good rug in every size and in every price. Come in and see for yourself.

SOUTH McALESTER LAWYERS SUMMONED TO WASHINGTON.

REPUBLIC SPECIAL.

Washington, Oct. 31.—The Department of Justice has requested Mansfield, McMurray and Cornish of South McAlester, I. T., legal representatives of Choctaw and Chickasaw Nations, to come to Washington and bring the books of the first named tribe. This promoter been directed to cooperate with an investigation of the indictments returned against them by the Grand Jury at Ardmore, and officials here. They are expected in Washington in a few days.

Pending a further investigation no decision will be reached as to withdrawing the indictments or pressing the case.

NOTICE.

Marriage and Death Notices inserted in The Republic will be forwarded by telegraph to any one of all of the papers named below for simultaneous publication without extra charge. If a request to do so accompanies the copy. Notices received after midnight cannot be forwarded, however, until the next evening.

DAY OR NIGHT.

RAILROADS

GRAIN MEETING MAKES PROGRESS

St. Louis, Louisville, Evansville, Cincinnati, Henderson, Cairo and Memphis Represented at Rate Conference.

The conference among the grain dealers of St. Louis, Louisville, Cincinnati, Evansville, Henderson, Cairo and Memphis for the equalization of rates on grain shipments to the Southeast resulted in an alignment, with Louisville and Cincinnati on one side and the five remaining cities on the other side. The meeting lasted all day and prior to adjournment a Committee on Adjustment was appointed, embracing one representative from each gateway.

This committee's report will not be announced until it will have been acted upon at a meeting of the grain dealers to-morrow morning, and until it will have been submitted at a conference to-morrow, at the Southern Hotel, between the grain dealers and the agents of the railroads. The alignment at to-day's meeting may give a forecast of what the report, as finally approved, may be. Louisville and Cincinnati are acting in full harmony. The other gateways acknowledge that their interests are identical with those of St. Louis.

The meeting was held at the Southern Hotel. Besides the cities concerned, others were represented unofficially. Organization was effected by admitting two delegates from each of the seven Mississippi and Ohio River gateways. St. Louis grain men were represented by A. P. Richardson and George F. Powell of the Merchants' Exchange.

Discussion followed the previous contention that the present rates, as manipulated, constitute discrimination in favor of Louisville and Cincinnati against St. Louis, Evansville, Henderson, Cairo and Memphis. The discrimination, though the shippers manipulation, was held amounts to 3 cents per 100 pounds.

The grain dealers of St. Louis, Evansville, Henderson, Cairo and Memphis fear that the railroads have put the responsibility of adjustment on the seven gateways with the assurance that the conference would not terminate in an understanding. Should no agreement be reached the railroads could declare that the grain men had had an opportunity of redress and had been unable to settle the question among themselves. Taking this position, the grain dealers propose to urge concessions at to-morrow's joint meeting.

The St. Louis, Evansville, Henderson, Cairo and Memphis dealers are united more firmly than ever, and they assert that they will continue to insist upon equalization until the discriminations will have been removed. They contend that the discrimination tends to divert the movement of grain and to injure the natural markets and gateways.

ERIE INVESTS MILLIONS IN VARIOUS IMPROVEMENTS.

As the Erie Railroad, which reaches St. Louis, is planning to enter St. Louis, information concerning its improvements is of local interest. There has recently been the line negotiating for the Buff Lake, in the Clover Leaf, but they are feeling by all parties concerned. The Erie has ordered much new equipment.

Over another of the American Locomotive Company will deliver to the Erie eighty-two passenger engines, the largest locomotives ever built exclusively for passenger service. This will complete the delivery of the locomotives ordered for the Erie system for the present year.

With the other rolling stock, box cars, refrigerator cars, gondolas and other equipment that was absolutely imperative for delivery before winter sets in, the Erie will have expended $[illegible] for locomotives and rolling stock, orders for which were placed within the past twelve months. This will enable the road a better working equipment than it has ever had before.

Something like $[illegible] has been appropriated and is now in course of expenditure in other improvements which will put the Erie in as good physical condition as any railroad in the world. Of this amount $[illegible] will be required for what is known as the Erie and Jersey Railroad, which gives a freight track at every low grade all the way between New York and Port Jervis. Work has already begun on the nine-long tunnel already finished, on the line between Middletown and Port Jervis, the contract for which was awarded three months ago.

Four million dollars more will be required to construct the Genesee Valley Railroad, which will give practically a railroad line between Cuba and Portageville, in the western part of New York State, thus avoiding in its freight traffic two of the worst grades on the line between Hornellsville and Cuba.

A further sum of a million and a half will be required to construct the Columbia and Lake road, which not only double tracks the main line between Marion, Pa., and Jamestown, N. Y., but gives to the road a comparatively grade, abolishing two very heavy grades in that vicinity.

For machine shops, roundhouses, machinery and the equipment of the repair shops and roundhouses, one million and a half is now being expended, and the greater part of the work will be completed before January 1.

A round million has been expended this year in the erection of new bridges, and the repair gangs are now filling of old ones. Two hundred thousand dollars is to be expended immediately in increasing the facilities of the transfer houses and other equipment of the terminal yards at Marion, Ohio, and Hammond, Ind.

The installation of new automatic signals on the New York division will require the immediate expenditure of at least $[illegible].

Orders have not been placed for 200 self-loading coaler gondolas to care for the coal traffic, which will begin in January or February.

TERRITORY PHONE MERGER.

Pioneer Company Absorbing All Little Exchanges.

REPUBLIC SPECIAL.

Muskogee, I. T., Oct. 31.—The Pioneer Telephone and Telegraph Company, with headquarters in this city, has added another big territory exchange to the long list it owns and controls in the two Territories. This is the South McAlester exchange, which also includes the exchanges in the smaller mining towns of the mining district.

The Pioneer has purchased nearly all the telephone exchanges and toll lines in the two Territories, and is rapidly gathering up what is left, and merging them into the big company.

NEW TOWN ON THE MARKET.

Sasakwa, in Heart of Full Bloods, Opened to the World.

Muskogee, I. T., Oct. 31.—The Sasakwa Townsite Company put the town of Sasakwa on the market today. This is the town in the Seminole Nation to be platted and placed on the market in regular boom town style.

Sasakwa is on the Frisco Railroad, and at present is a small trading point in a full-blood district but surrounded by some of the richest land in the nation.

REPUBLICAN COMMITTEE FAVORS SINGLE STATEHOOD.

REPUBLIC SPECIAL.

Ardmore, I. T., Oct. 31.—The Republican Territory Executive Committee met here this afternoon. Considerable routine business was transacted, but no announcements were made.

Inasmuch as the terms of many of the Federal officers of the Territory will shortly expire, it has been generally believed that indorsements would be made.

Resolutions unanimously declaring for the admission of Oklahoma and Indian Territory in one State were adopted. A resolution requesting that Jim Jones, a member of the Executive Committee, be removed because Mike Conlan, of Atoka, who was alleged, had removed from that district, was introduced, but friends of Conlan succeeded in having it withdrawn. National Committeeman F. L. Soper stated that he was in favor of home appointments and would find outside candidates.

The next meeting will be held at Checotah in January. The charters were given out in January, giving to the Republicans public offices.

Burnett's Extract of Vanilla
is the best perfect pure high flavoring extract.

New Seymour, Mo., Bank Opens.

REPUBLIC SPECIAL.

Seymour, Mo., Oct. 31.—The Bank of Commerce, this city, opened its doors for business today with A. L. Jones as president, Theodore J. Smith president.

TRAINS OF COTTON HELD IN TEXAS FOR COMPRESS.

REPUBLIC SPECIAL.

Abilene, Tex., Oct. 31.—Some hundred and sixty-three of a 600 bales of cotton, the remainder being for compress and shipment into Galveston. The Texas and Pacific railroad has not been able to handle this traffic for several days and all interested are complaining. The railroad promises to house the cotton this week and handle all that comes hereafter promptly. The compress is running night and day.

BIG FOUR GRAVITY YARDS AND SHOPS AT DANVILLE.

REPUBLIC SPECIAL.

Danville, Ill., Oct. 31.—Besides the million dollars being expended in improving the Cairo division and construction its new double track between Danville and Indiana Harbor, to carry the coal out to Chicago to the Gulf plane, the Big Four Railroad Company has purchased 108 acres of land near Danville, on which it will construct immense shops and gravity yards for the new division. The company agrees to expend $[illegible] the first year and $[illegible] the second year, and to employ 400 men at the shops.

NEW BRIDGE PROJECTED OVER OHIO AT OWENSBORO.

REPUBLIC SPECIAL.

Evansville, Ind., Oct. 31.—The citizens at Owensboro, Ky., have started a movement to build a railroad and wagon bridge across the Ohio River at that place, which will cost about $2,000,000. A traction line will be built from Owensboro to Rockport, Ind., and this will give the people of that section a direct route to Chicago and the coal fields of Central Indiana. The traction line has been surveyed.

Railroad Earnings.

New York, Oct. 31.—Railroad earnings reported to-day:

Chicago and Alton for September—Gross, $[illegible], decrease, $[illegible]. Net, $[illegible], decrease, $[illegible]. From July 1 to September 30—Gross, $[illegible], decrease, $[illegible]. Net, $[illegible], decrease, $[illegible].

Interoceanic Railway of Mexico for September—Gross, $[illegible], decrease, $[illegible]. Net, $[illegible], increase, $[illegible].

Texarkana and Arkansas for September—Gross, $[illegible], increase, $[illegible]. Net, $[illegible], decrease, $[illegible]. From July 1 to September 30—Gross, $[illegible], increase, $[illegible]. Net, $[illegible], increase, $[illegible].

Central Railroad of Mexico for September—Gross, $[illegible], increase, $[illegible]. Net, $[illegible], increase, $[illegible].

Colorado Fuel's Earnings.

New York, Oct. 31.—The report of the Colorado Fuel and Iron Company for the year ended June 30 shows a deficit, after payment of interest, taxes and rentals, of $24,993. The deficit for the preceding year was $1,284,857. The company's earnings for this year were $18,615,097, an increase of $9,980,341. Operating expenses were $16,884,[illegible], an increase of $8,477,317. Net earnings were $1,556,819, an increase of $1,521,824.

Government Weather Report.

Department of Agriculture, Weather Bureau—Meteorological observations received at St. Louis October 31, 1905, at 8:35 p. m., local time and 8 p. m., seventy-fifth meridian time. Observations made at the same moment of time at all stations.

"Trace, or less than .01 of an inch.

EDWARD H. BOWIE,
Local Forecaster.

Houses, Flats and Rooms in every locality in the city are advertised "for rent" in to-day's Republic.

Important Announcement to Parents Regarding School Children's Eyes.

Dr. Johnston of Washington, D. C., enumerates a large number of cases of the effect of school life on the eyesight, the frequency of headaches and resulting sleeplessness, affecting in some instances from thirty-eight per cent to forty-eight per cent of the children, and he instances the experiences of the Cleveland Public High School, where twenty-five per cent of the girls and eighteen per cent of the boys had been compelled to withdraw in one year for various reasons, mostly on account of bad health due to eye-strain.

Dr. Cronin, Chief of the Division of School Inspection of the New York Department of Health, reports the examination of 7,166 school children in New York City in 1905, showing a total of over thirty-three per cent who had defective eyesight interfering with the pursuit of their studies—1,273, or more than seventeen per cent, were suffering from defective eyesight of the worst or most evident kinds, and 1,147, or more than sixteen per cent, were suffering from smaller defects.

Dr. Gould of Philadelphia writes: "The greater the number of school hours demanded by a nation of the children, the greater is the number of child suicides, and especially where, as in Saxony, the correction by glasses of the small optical errors upon which the troubles of eye-strain chiefly depend is scorned."

It is an absurdly low estimate to place the proportion of the seventeen million of American schooi children, students, etc., whose characters and health are being injured, or positively ruined, by eye-strain at ten per cent. Myopia, as all know, increases with each added year of school study, and Myopia usually means the eye-ball stretching from lack of proper glasses. The "nervous," the "backward," the "stupid" and "unhealthy" pupil is usually so from eye-strain. The state has no right to demand that every child should attend school without also stipulating that its eyes shall be made capable for study.

SUFFERS NERVOUS COLLAPSE.

The Reverend Sullivan Fraziet, One of Missouri's Oldest Preachers.

REPUBLIC SPECIAL.

Hillsboro, Mo., Oct. 31.—The Reverend Sullivan Frazier, one of the best-known retired Baptist ministers of Missouri, living in Hillsboro, has suffered a nervous breakdown, and while it is not believed that his life is in any immediate danger, it is believed that his active days are ended.

For a year or more he has suffered from neuralgia, and for some time has been confined to his room. He is 80 years old and has preached the gospel in Missouri for more than fifty years. His son, R. A. Frazier, of St. Louis, is an uncle and law partner of Joseph G. Williams.

KILLS HIS WIFE WITH RIFLE.

James Russell Then Shoots Himself, but Is Not Successful.

REPUBLIC SPECIAL.

West Plains, Mo., Oct. 31.—At Henderson, just across the Arkansas State line from here, James Russell shot and killed his wife.

Domestic trouble caused Mrs. Russell to apply for divorce. The Chancery Court gave her an order for her baby, and when she went home for the child Russell became angered. It is said he chased his wife from the place and shot her three times with his rifle, killing her instantly. Russell then attempted suicide, but inflicted only a flesh wound.

The Sheriff arrested Russell and spirited him away.

Army Orders.

REPUBLIC SPECIAL.

Washington, Oct. 31.—The retirement from active service of Capt. Henry Ward, Fifteenth Infantry, at his own request, after over thirty-two years' service, is announced.

The leave granted First Lieutenant Harry W. Cooper, Assistant Surgeon, is extended one month.

Leave for three months, to take effect upon the arrival of their regiment in the United States, is granted Second Lieutenants Van Hamilton Denny and Edward H. Pearce, Seventh Infantry.

Leave for two months is granted Major William D. Crosby, Surgeon.

The following transfers are announced:

First Lieutenant Lloyd F. Cox, from the Twelfth Infantry to the Seventh; First Lieutenant Robert Mayfield, Jr., from the Eleventh Cavalry to Twelfth Cavalry.

Ordnance Sergeant Jeremiah Jones, Jefferson Barracks, will be sent to Fort Logan, Colo., for duty.

Ordnance Sergeant Thomas Kelly, Philippine Islands, will be sent by the first available transport to Frisco, and upon arrival will be sent to Jefferson Barracks for duty.

General Lawrence W. Hall, Company K, Sixth Infantry, Fort Leavenworth, Kas., will be sent to the Philippines.

Vories Becomes Candidate.

REPUBLIC SPECIAL.

St. Joseph, Mo., Oct. 31.—Lawrence A. Vories to-day announced his candidacy for the Democratic nomination for Congress from the Fourth District. C. F. Cochran, who was defeated last year for renomination, is an avowed candidate. C. F. Booher of Savannah wants to make the race, as does John Burgess of Dearborn and L. D. Miles of Rockport.

Mr. Vories is State Senator from the Buchanan County district and his term will expire next year. He was elected Mayor of St. Joseph in 1894 and has been active in Democratic politics for many years.

Dies of Wound Received in Fight.

REPUBLIC SPECIAL.

Flat River, Mo., Oct. 31.—Ben Newman, 30 years old, a painter, died last night of injuries received in a recent saloon fight. Newman became involved in an altercation with Will Kern and Joe Ross, boys 17 years old, one of whom struck him on the head with a board.

Lumber Yards Burn at Bonne Terre.

REPUBLIC SPECIAL.

Bonne Terre, Mo., Oct. 31.—The lumber yards of the F. J. Tetley Lumber Company at this place were burned this morning. The loss will amount to several thousand dollars.

OCEAN STEAMERS.

CLARK'S CRUISE TO THE ORIENT
and Mediterranean, including Spain, by specially chartered S. S. Arabic, 16,000 tons, starts February 8. A cruise of 70 days, spending 19 days in Palestine and Egypt, coaling only 36 hours, including shore excursions, hotels, drives, fees, and all necessary expenses.
For illustrated Descriptive Booklet address FRANK C. CLARK, 201 Broadway, New York.
Round the World parties start November 8 and December 7.

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 193 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

Pierce's Pellets — These are the Original Little Liver Pills, put up 50 years ago by Dr. R. V. Pierce. They've been much imitated but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence lasts.

Do You Ever ?
stop to consider the present efficiency of the TELEGRAPH SERVICE compared with what it was before the "POSTAL" entered the field?
