YATES DEPENDS ON QUERIES AS GUIDES

Two Delegations Received by Prospective Senatorial Candidate and Thoroughly Catechised About State Conditions.

REPUBLIC SPECIAL.

Springfield, Ill., Dec. 4.—Yates adherents from the Twentieth and Twenty-first Congressional districts congregated in the offices of the former Governor in the Unity building to-day, and reported to their leader regarding political conditions in their respective districts with reference to the senatorial race.

Seventy-five visitors were on hand. They were received in delegations by counties. Yates explained to them that he had not yet fully decided to become a candidate for the senatorial nomination, but his determination would depend largely upon their reports to him.

He wanted to know, he said, frankly and without factional prejudice, just what existing conditions are. Each delegation received a sheet containing the following questions:

"Can Yates carry your county?"
"Should he speak in the county?"
"If so, where?"
"To what extent has Cullom petition been signed?"
"Should letters be written?"
"To whom in particular?"
"Will you furnish list?"
"Who would you suggest that Yates see in particular?"
"Who will probably be the Yates candidates for General Assembly?"
"Who will probably be the Cullom candidates?"
"Who will be the Yates leaders in the county?"
"Who will be the Cullom leaders in the county?"
"What newspaper will support Yates?"
"What newspaper will support Cullom?"
"Do you deem Governor Deneen's active support essential to Yates's success?"

This list of questions will be presented to every conferee who calls this week. Two districts will be represented in each day's conference.

MAY TAX STATE LIQUOR SHOPS OF SOUTH CAROLINA.

Supreme Court Decides United States May Collect Revenues From Dispensaries Run by Commonwealth.

Washington, Dec. 4.—The Supreme Court of the United States to-day decided that the national Government may properly tax the State liquor dispensaries of South Carolina.

The opinion was delivered by Justice Brewer in the case of the State of South Carolina vs. the United States. This action was instituted by the State of South Carolina to recover $30,000 paid to the revenue office of the national Government on account of the sale of liquors by the State and county dispensers under the dispensary laws.

The State took the position that as the dispensers sold liquor without profit they should not be taxed by the Government, but the tax has been collected since 1892.

This is said to have been the first case in which a State unites in one undertaking the exercise of its police power, together with the prosecution of commercial business.

The Court of Claims dismissed the petition on the ground that the exercise of police power was but thinly disguised, holding that the real purpose was money-making, and this decision was to-day affirmed.

DEPUTY CONSTABLE LOCKED IN JAIL

Louis Fingerlin of Justice Carroll's Court Arrested on Charge of Striking Woman Whose House He Had Entered.

Deputy Constable Louis Fingerlin was arrested last night by Patrolman Francis Rowe of the Central District and locked up in the holdover on a charge of assault and battery. The warrant was issued at the instance of Mrs. William S. Stocke of No. 712 Market street, who charges him with assault.

Fingerlin is a deputy under Constable Edward Morrisey and lives at No. 1097 Chestnut street. He is 21 years old.

When Fingerlin was taken to the Four Courts he was told that unless he could give bond he would be locked up. He notified friends, but their delay in arriving necessitated his being placed in the holdover until bond was fixed.

Fingerlin wore a diamond stud, which he was requested to leave at the Central District office while he was in jail. A valuable gold watch, studded with diamonds, and a roll of bills of several hundred dollars, were also produced by him.

ENTERED BY FALSE KEY.

Stocke reported the alleged assault to the police yesterday morning. He and his wife, he says, live on the third floor of the Market street address. Saturday he went to the agent of the property to pay his rent. Owing to a misunderstanding as to the amount due the agent, Stocke says, he did not pay the rent, but postponed payment until yesterday. He says the Deputy Constable went to his house to summon his wife to appear in Justice Carroll's court December 3. It was during his visit that he is said to have struck Mrs. Stocke in the face.

Deputy Fingerlin said yesterday that he was compelled to strike Mrs. Stocke. When he went into the house, he says, Mrs. Stocke attempted to strike him with a hatchet, and he was forced to protect himself. Fingerlin admitted that he entered the house with a skeleton key, which he said he was authorized to do whenever he could not gain admittance to get process on persons.

Fingerlin left the skeleton keys on Mrs. Stocke's bed, where she was lying when he entered the room. She said a man later came to her house and demanded the keys, but she would not return them. The keys are now in possession of Captain Peter Reynolds of the Central District Station.

CONTEMPT OF COURT CHARGED

Real Estate Company Must Answer for Violating Injunction.

Circuit Judge McDonald yesterday made an order citing the McFarland Real Estate Company and Charles W. McFarland to answer in five days a charge of contempt of court in violating an injunction preferred by the Girardi Hotel Company.

F. R. RICE MERCANTILE CIGAR CO. ST. LOUIS.

The Only Reliable and Sure Cure For Piles, Fistula, Fissure, And all Diseases of the Rectum.

My treatment, which effects a cure without the knife, and is the most painless employed by any physician in the country, is well worth the careful investigation of anyone afflicted. As I have had in my former advertisements, some 8 or 10 years ago, quite a lot of letters from persons who allege to go on suffering any pain and further encouraging their readers health which a positive examination easily proves to be the fact, I ask the afflicted to investigate my treatment, medicine, skill and personality by writing to or seeing at present any one of many of my patrons who are now cured, who can tell everything from their own experience, what they think about my treatment and cure of the diseases which I cure and have been making my specialty for the last twenty years. I do not intend to lay up in the hospital for months contributing to you that all I can ship in a whole page of space about myself, therefore, I publish in lieu any and my cure and distribute a few pamphlets which contain the testimonials from many, many, from which you can judge what I do for them. Write to them and learn correctly from them what I did for them. What I can do for them I can do for you. Not my word alone for them, but my success speaks for myself. Books contain much valuable information and hundreds of letters from former patients, both men and women.

I show first what that you have tried many months, and perhaps years, without obtaining satisfactory results—this you cannot not alone to show in the way of cures—for many of us in each, most all of my patients came to me after they had tried many times and in many ways to be cured without success. Many had almost given up all hope of ever being cured when they finally came to me through my advertisement or on the advice of some friend whom I have cured. This will be your experience if you put your case in my hands.

Permanency of Cure.

My cure is absolutely permanent. Many who had been afflicted from twenty-five to thirty-five years I cured many years ago, and they have never had any sign of a return of the trouble. This is because my treatment removes all possibility of a return of the affliction. When you read the testimonial letters in my books you should pay special attention to the following points: 1st, mildness of my treatment; 2d, permanency; 3d, shortness of the time required to effect a cure; 4th, no effect the cure has on the general health, etc.

Don't fail to send for my books, as it will pay you whether you take treatment or not. After you investigate my work, call or write to me about your case, and I will tell you just about how long it will take to cure you, and how much it will cost you to be cured.

The afflicted are invited to call or write. I give consultation at my office free of charge, and make examination at office free when I will tell you just what I can do for you. It will pay the afflicted to give what I have said above their careful consideration and let me hear from them.

Mr. Coleman Feels It a Duty to Add Testimonial to List—Sincerely Hopes It Will Cause Some Sufferer to Take Treatment—Suffered Twenty-Five Years—Tried Ointments, Salves and One Operation, but Grew Worse—Friend Sent Me to You—Said He Knew You Could Cure Me—Took His Advice, Although Had No Confidence—You Cured Me of Both Piles and Fistula—Am Sound as a Dollar—Most Cheerfully Indorse Your New Method of Treatment—Will Answer All Letters From the Afflicted Who Wish to Investigate.

St. Louis, Mo., March 27, 1905.

Dr. M. Ney Smith, 814 Pine st., St. Louis, Missouri.

My Dear Doctor—I feel it my duty to add my testimonial to your long list of commendations. I do sincerely hope it will cause some sufferer with piles to be treated by you.

I suffered with piles for twenty-five years, and also suffered with fistula. I tried ointments and salves, and at last I had a surgical operation performed, but I only continued to get worse. I could not attend to my business, which required being on my feet continually.

A friend of mine persuaded me to go and see you, saying that you had been in business for seventeen years in St. Louis and that he knew of several cases you had cured. He said he knew you could cure me if I took his advice and your treatment. Although I had no confidence in being cured

But you cured me of piles and fistula, and to-day I am sound as a dollar. No trace of the disease ever returned. I most cheerfully indorse your new method of treatment, and I know you can cure any one of rectal diseases. I will gladly answer all letters from sufferers wishing any further information. With respect, your friend,
