There will be Children's day exercises at the Baptist church tomorrow (Sunday) night. The programme, which will be a very interesting affair, will consist of recitations, music, etc. A cordial invitation is extended to all.

A. A. Ainsworth, manager of B. M. Johnson & Bro.'s store returned from the Ray country a few days ago. He says the prospects are not very bright there for the old company to open up soon. There are some other good claims that are showing up splendidly and the indications are that that district will yet be heard from in a mineral way that will be envied by some of the older camps in the territory.

The Macdonald-Lebaron thresher is running now on Geo. Schornick's place.

L. E. Lamb has sold out his milk business to the Mesa Creamery company, who will put a service on that will insure the patrons of being well taken care of.

Mr. Neils Peterson of Tempe was a business visitor in Mesa yesterday.

Mr. W. F. Bowers was a business visitor to Phoenix yesterday.

Peter Magnussen has returned after an extended time absent from home in Pinal county.

Mrs. M. J. Forster went to Phoenix today on a visit.

Miss Para Kimball was a social visitor to Phoenix today.

John Holdren went to Phoenix today to attend to his shipping business. Mr. Holdren will probably be the first in the market with melons this year and he has a fine stand of them.

Mrs. W. H. Code received a couple of imported cats this morning by express. They are a present from Mrs. F. J. Sarmiento of Glendale, Arizona. They were recently imported from England, and Mrs. Code prizes them very highly.

Mr. George Barnett returned from a trip to Globe and the Ray country yesterday. He says that prospects are not very bright for the Ray mine to be opened in the near future, but that there is a freeze out game going on.

Sam Elder, Mesa's hustling contractor, is having his hands full these days looking after the contracts for building he is getting. He has from five to ten men employed all the time. The splendid residence of our banker, J. L. Wering, is now nearing completion and is one of the handsomest dwellings in Mesa. The lampblack coloring put in the mortar gives it a very pretty appearance.

J. H. Barnett has commenced work on his new residence. He is having all the outside brick painted, and says he is going to have the handsomest residence in the city. Mr. Saumake is painting the bricks and Contractor Ellis H. Johnson is doing the brick work.

Mrs. Sarah Melissa Johnson was taken worse again yesterday. She has been sick and under the doctor's care for some time and was recovering or doing splendidly until yesterday. She is somewhat improved today, and it is hoped she will speedily recover.

Mrs. Caddie Horne, who has been very sick for some weeks, was reported worse yesterday and in a very precarious condition, but the best of skill and nursing are being given her and it is hoped by her many friends that her recovery will be speedy.

Mr. John F. Jones came in from his ranch on Salt river with a bunch of cattle yesterday. He sold them to H. S. Peterson.

Hugh Dana and Lee Hunsaker returned from a week's ride over the Hunsaker ranch at Sugar Loaf. They report grass short and dry.

A company of nine wagons from Bunkerville, Utah, arrived in Mesa yesterday, en route to Bisbee, Ariz. They are: Father Bunker and family, George Bunker, Jr. and family, J. T. Zangford and family, George W. Lee, Sr. and family and George W. Lee, Jr. They have been forty-seven days on the road and have experienced no bad luck, except when crossing the Colorado river at Vanillo's ferry, when the rope broke and let the boat over the rapids, but it was finally caught and hauled on the shore two miles below. They will remain here about a week and let their teams recuperate before continuing their journey.

Mr. E. P. Higgins came over from Sacaton yesterday to bring over two carpenters who have been working on the new ice plant, the building of which has just been completed. Mrs. Higgins, who went to Phoenix Sunday, came up to Mesa this morning, and returned to Sacaton with her husband. Mr. Higgins says Sacaton is putting on metropolitan airs, and will soon be surrounded with all the conveniences that can be had in a large city. The new ice plant, which will be in operation by the first of July, the machinery for which is expected daily, will produce about 1,000 pounds of ice daily, and will cost in the neighborhood of $3,500. They have applications to furnish ice for Florence, but it hasn't been decided as yet whether the government will allow it or not, as the plant was put in for the use of the school and agency.

A new steam laundry has also been added to the conveniences of the agency, and no longer will the Pima squaws be compelled to go to the river banks and grind out the nature's filth on the time-worn stone. Another innovation is introduced among the natives, it is a well appointed bathhouse and heated by steam from the laundry, which does away with the oft repeated mud bath for the head, and instead a nice appointed bath will be given them. The steam from the laundry will also be utilized in the kitchens for cooking purposes.

Mr. Higgins brought over a bicycle that was found near the river by one of the Indian policemen. Agent Hadley advertised the wheel in the Arizona Republican and it turned out to belong to a Mr. Hathaway of Phoenix, who lost it over a month ago.

HERPICIDE

TO HAVE THICK, LUXURIANT HAIR

is the most longed-for desire of every woman. She knows what a powerful aid to beauty it is, and endeavors to make her own as soft, glossy and thick as possible. Comparatively few of them are aware as yet that Newbro's Herpicide, a recent scientific discovery, will enable them to possess hair as thick and luxuriant as anyone could desire.

It works on a new theory of destroying the germ that feeds upon the hair root, and thus making dandruff and falling hair impossible. It then proceeds to produce a growth of thick, glossy hair that soon becomes the pride of its owner.

One trial will convince you of its virtues.

George Schaub, a well known German citizen of Lebanon, Ohio, is a constant reader of the Dayton Volkzeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by Elvey & Hulett.

Article 5.

The highest amount of indebtedness or liability to which this corporation shall at any time subject itself or be subjected is the sum of six hundred and fifty thousand dollars ($650,000).

Article 6.

Article 7.

The affairs of this corporation shall be conducted by a board of directors consisting of five stockholders, who shall be elected annually by the stockholders on the second Monday in January of each year. Said directors shall hold their offices for the term of one year from the date of election and until their successors shall be duly elected and qualified, unless they shall in the meantime cease to be stockholders in this corporation, and any person ceasing to be a stockholder in this corporation shall cease to be a director or officer in the same. The following named persons, who are subscribers to the capital stock of this corporation, shall constitute the officers and directors of this corporation until the second Monday in January, 1903, and until their successors shall have been duly elected or appointed and qualified, viz: C. F. Ainsworth, president and director; John S. Stevens, vice-president and director; W. C. Foster, secretary and director; S. M. McCowan, treasurer and director, and J. W. Gift, director. Vacancies in the board of directors shall be filled by the remaining members of the board for the unexpired term for which such persons were elected. A majority of the board of directors of this corporation shall be a quorum, and any meeting of the board at which a quorum is present shall be deemed a regular meeting and have the same authority as a full board, whether notice of the meeting shall have been first given to the absent members of the board or not.

Article 8.

The officers of this corporation shall be a president, vice-president, secretary and treasurer, who shall be elected annually by the board of directors at their first annual meeting in each year, from among their numbers. The president shall be the chief executive officer of the corporation, and shall have the general management of all its affairs, subject to the approval of the board of directors. All certificates of stock, contracts, water rights, deeds and conveyances shall be signed in the corporate name by the president, or in his absence by the vice-president, and be countersigned by the secretary, and have affixed thereto the corporate seal. The board of directors shall have power to appoint such agents to aid in the management of its business and in conducting the affairs of the corporation as they may deem advisable, and to vest in said agents such powers as they deem expedient.

Article 9.

The board of directors of this corporation shall have power to establish by-laws and make all rules and regulations deemed expedient for the management of the affairs of this corporation and the officers thereof, not inconsistent with the Constitution and laws of the United States and the laws of Arizona.

Article 10.

These articles of incorporation may be amended at any regular meeting of the stockholders or at any special meeting called for that purpose, by a majority vote of the stock represented at such meeting; and when such articles are so amended such amendment or amendments shall be acknowledged and signed by the president and attested by the secretary and have thereto affixed the corporate seal, and shall have the same effected as though signed and acknowledged by all the stockholders of the corporation.
