THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

NEW MEXICO NEWS!

LAS VEGAS.

From the Optic.

No hail has fallen so far this season in the valley in the vicinity of Mora. Nearly all crops are in, and the ranchmen are encouraged with the outlook.

W. L. Kirkpatrick and wife celebrated the sixth anniversary of their wedding, Sunday. A few friends were invited and refreshments served.

The dedication of the new chapel at El Porvenir, Sunday, was presided over by Rev. L. LeGouilon, parish priest at Lesperance and Father Leon, a jesuit of Albuquerque. Some 300 persons witnessed the ceremonies.

The Optic will have something to say about the conduct of the band in not turning out Saturday night. This community is stirred from center to circumference with indignation at their inexcusable absence.

SANTA FE.

From the New Mexican.

Mrs. Max Luna accompanied her husband, Captain Luna, First United States volunteer cavalry, on the trip to San Antonio, and will visit her parents in that city for some weeks.

During the absence of Captain Charles L. Cooper, Tenth cavalry, James T. Newhall is in charge of the Pueblo and Jicarilla Indian agency in this city.

John McDowell left for Albuquerque, after remaining in Santa Fe two days. Mr. McDowell was one of the first conductors on the Denver & Rio Grande railway running out of Santa Fe, and is a nephew of ex-Governor Hunt who was largely interested in the building of this end of the Rio Grande.

W. H. Moyer, of Washington City, special agent for the department of justice, is in the city checking up the accounts in Marshal Foraker's, District Clerk Bergere's and United States Commissioner Victory's offices. He will visit all the judicial districts in the territory before leaving.

As was announced Saturday, the New Mexican subscription list for the purchase of a flag to be presented to the New Mexico battalion of First regiment United States volunteer cavalry, closed on Saturday evening, but on Sunday letters were received from Mrs. H. H. Betts, of Silver City, and Mrs. T. S. Hubbell, of Albuquerque, containing money, which were mailed before the time set for closing the list, and these amounts have been added to the fund, making a total of $253.50. The flag has been ordered, and when received will be placed on exhibition at the governor's office for a short time.

LA BELLE.

From the Cresset.

G. A. Hassinger, A. M. Ewing and J. Vickers resumed the sinking of the Oro shaft of the Houston company this week. The shaft is down about fifty feet, and recent assays run from $28 to $35 per ton.

Last news from C. C. Cotton was to the effect that he would be back in La Belle by the 10th inst. with capital to push his tunnel work at this point and also to develop his silver property at Amizett.

EDDY.

From the Argus.

The fire department and base ball association are figuring on a mammoth Fourth of July celebration for Eddy.

Mr. and Mrs. T. A. Gray of Rio Vista, rejoice in the possession of a daughter, the little stranger arriving Sunday.

The revival meetings in progress at the Methodist church the past two weeks have been well attended, and considerable interest has been manifested. The meetings close Sunday night.

F. G. Tracy reports that he has met with most flattering success in the production of strawberries and asparagus this season. Both have been raised to only a limited extent, but the result is so satisfactory and encouraging that the area will be largely increased in the future.

At the meeting of the board of governors of the Union club, K. August Gagg resigned as secretary and manager, R. B. Armstrong being appointed to fill the vacancy. The withdrawal of Mr. Gagg is due to the fact that he expects to soon remove from Eddy. He has proved a most faithful officer of the club, the present success of which is in a great measure due to his efforts. His determination is regretted. M. P. Kerr, W. H. Angell, J. F. Matheson, Wm. Nisbet and B. G. Stegman were admitted as members.

The spring wool crop is beginning to come in; most of the sheepmen having finished shearing. Those who have consigned wool to the Matheson Commission company during the past ten days are: J. F. Rarey, 8,889 pounds; J. J. S. Smith, 12,000 pounds; W. R. Turk, 8,891; J. W. Turknett, 11,911; I. W. Rogers, 4,034. Consignments of Mohair have been received from John McKeen, 418 pounds, and T. J. Douthett, 1,124 pounds. There is but little disposition upon the part of owners to sell at this time, and most of the wool will be held for a higher quotation.

At the base ball meeting at the city hall, an organization was perfected, and all arrangements were made for a good season of the American game. The organization is on the association plan. The membership fee is one dollar, with monthly dues of twenty five cents. Thirty-nine members were enrolled at the meeting. A. S. Goetz was elected president of the association; M. P. Kerr, vice president; G. H. Woodall, secretary, and John McEwan, treasurer. T. F. Blackmore was named as manager of the team, and E. S. Motter, captain.

SILVER CITY.

From the Eagle.

Miss Florence Watson, of Gila, who has been visiting in this city, was called home on account of the serious illness of her grandmother, Mrs. Bell.

W. D. Howard has severed his connection with the firm of McMillen & Co., and will shortly take his departure for Arizona, where he will go into business.

Charlie Lamson and wife left for Tacoma, Wash., where Mrs. Lamson has considerable property interests which she wishes to dispose of. They will be absent about six weeks.

The postoffice was moved into the Swift building on Wednesday evening last. When arrangements are completed the postoffice in its present location will be up to date in every particular. Mrs. Galloway and Mr. Windridge are more than pleased with the new quarters. Here they have plenty of room, excellent light and will be enabled to handle mail matter in fully one-third less time than when crowded up in the old quarters.

HILLSBORO.

From Sierra County Advocate.

The April term of the district court cost Sierra county about $1,800.

The friends of Miss Kittie Steadman, of this place, will regret to learn that she is seriously ill with what is feared to be consumption.

H. L. Romero, of Las Vegas, is here visiting his uncle, Merchant Manuel Aragon. Mr. Romero was formerly district court clerk of Lincoln county.

G. W. Delamater, of Pennsylvania, is here to assume full charge of the Senator Andrews cyanide mill, near Faulkner. Mr. Delamater has the bearing of a sound, practical business man, and our miners are to be congratulated.

ALAMO GORDO.

From the Sacramento Chief.

A new $25,000 hotel, a fine depot and other large buildings are to go up soon and just as soon as lots can be purchased there will be a large number of business houses and residences erected.

At a recent meeting of the directors of the El Paso & Northeastern railway company it was voted to move their main offices to Alamo Gordo and it is said that the Eddys and other members of the company will put up fine residences here.

Alamo Gordo, the new town four miles south of La Luz, is getting ready for a rush of business. Engineer Sumner has a force of surveyors at work surveying the town. As soon as the survey is far enough along, teams and men will be put to work grading the streets. A contract has been let to Frank McCleary for the immediate construction of a large adobe building to be used for the offices of the company. The grading is about completed and the track will be laid to Alamo Gordo by the 20th.

Alamo Gordo can truthfully claim more natural advantages than any other place in the southwest. It is an all-the-year around health resort, located at the foot of the beautiful Sacramento mountains, with plenty of fine water, pure air and picturesque scenery. It is 85 miles from El Paso and at the junction of the El Paso & Northeastern with the Alamo Gordo & Sacramento mountain railway, it will be the trade center for the great Sacramento mountain farming and timber belt. It already has a fine public park one mile in length on the west side of the town-site, while on the east side, near by, are great high mountains.

SACRAMENTO MOUNTAINS.

From the Chief.

A new town is being platted near the Fresnal church, and already several lots have been sold.

Six families from Las Vegas have recently located land on the head of the south fork of Cox canyon and will plant crops at once.

R. H. Pierce has ordered 1,000 pounds of blue grass seed from Kentucky and will sow it around his Sacramento mountain ranch.

Application for the establishment of a postoffice at the mouth of Wills canyon will be made at once. The rapid settlement of that section makes this necessary.

It is a safe estimate to say that more than 100 families have located in the Sacramento mountains within the past thirty days.

H. Newman, who has been a resident of the upper Penasco for thirteen years, informs us that he has raised 105 measured bushels of oats from one acre of land and that these same oats weighed fifty-one pounds to the measured bushel.

The editor returned from a three days' trip through the Cox canyon and Penasco section of the mountains. New settlers are coming in and the country is rapidly filling up. It is safe to say that there will be three times the acreage of crops planted here this year than has been in any previous one, and the season is a most promising one. Altogether the outlook for the Sacramento mountain farmers is truly a bright one. Crops are being planted earlier than usual.

ROSWELL.

From the Register.

Jaffa & Prager commenced shearing their flock of 7,000 head of sheep near Roswell on Monday, as well as the 3,000 near Lake Arthur.

Judge H. B. Hamilton has bought the Major Howell property on Kentucky avenue. H. B. Hamilton, Jr., will probably occupy the house.

Dave Howell went to Lake View where the Bloom Cattle company have begun unloading and branding a large herd of Arizona cattle.

Dr. R. E. Farris sent on the money last week to pay for four lots just south of the military institute, and expects to leave Anna, Illinois, on the 15th of this month and come to Roswell, where he will make his future home.

Judge Richardson was invited some time ago to deliver the annual address before the Deming high school. He hesitated for some time, waiting to see if he could so dispose of private matters as to get the time for the trip, but has decided to accept the invitation, and will be in Deming on the 27th of this month.

A. M. Richardson, manager for the Capitan Land and Cattle company, came in from Richardson. On Wednesday he started two herds of cattle—5,200 head—for Folsom. If not sold there at a good figure, he will send them on to M. E. Richardson, the president of the company at Sterling, Kansas.

No Danger from Apaches

On account of the absence of troops from this section it is feared by some in this part that the Mescalero Apache Indians may become troublesome. This is idle fear, but in case they should attempt a raid all that is necessary would be to turn the people here upon them and the Apache tribe would not last so long as the snow upon White mountain. The Apaches are not near so dangerous as some of the Spanish sympathizing people who are off a reservation.—Sacramento Chief.

SOME INTERESTING FIGURES

Showing the Great Value of the Beet Sugar Industry.

A well known writer says: "Secretary Wilson does well to push the project for the growing of beets for the purpose of supplying the United States with sugar produced at home, rather than sending abroad for it as is done at present. A glance at the following figures will show the extent to which we are annually indebted to foreign countries for this staple article of diet. During 1896 it required the total amount of wheat and flour exported from this country to pay for the sugar imported. During the past year the total value of the live and dressed beef, products and lard exported, was barely sufficient to offset that of the sugar imported. Our enormous exports of cotton, which practically supply the world, are about only twice in value our imports of sugar. Our vast exports of tobacco are equivalent to only one-third the value of our sugar imports. Last year it took our total exports of barley, rye, fruits and nuts, vegetable oil, oleomargarine, butter and cheese, pork and hams—all taken together—to pay for our sugar importations."

Colorado Investment-Loan Company.

Articles of incorporation of the Colorado Investment-Loan company, organized by Arthur E. Jones, Mason W. Howard, Frank W. Smylie, Lou D. Sweet, Harry R. Trowbridge, Geo. R. Bennett, Geo. W. Kramer and William C. Davis, under the laws of the state of Colorado, have been filed in Secretary Wallace's office. Objects of incorporation are to carry on a general investment and loan business, with the principal office and place of business located at Denver, Colo. The capital stock is $800,000, divided into 300,000 shares of the value of one dollar each, known as "protection stock" fully paid up and non-assessable, and 5,000 shares of the value of $100 each known as "investment stock" and consist of installment, prepared and full paid income stock. The principal place is business in New Mexico is located at Santa Fe, and James A. Massie has been designated resident agent.

"On Guard."

When disease shoots the first arrow the truly wise man will come instantly on guard. He will not wait for the attack. He will not hesitate until the full force of disease and misery and death comes crashing about him.

When a man begins to feel "out of sorts," when his appetite is failing and his energy is not up to the mark, when he has bilious attacks and a feeling of lassitude and incapacity, if he is wise, he will take Dr. Pierce's Golden Medical Discovery right away. It will bring his appetite back again, and what is more it will bring back his digestive powers. It will give all the assimilative functions the edge and power to extract abundant nourishment from the food he eats. It will make good, pure, healthy blood and send it coursing rapidly through his veins and arteries into every organ and tissue of the body. It will put flesh on his bones and force in his muscles; it will give him strength and courage and cheerfulness, in a word it will give him complete health.

It excretes from the system every particle of dead, useless, flabby tissue. It even reduces the weight of the corpulent man at the same time that it builds up his strength and working power. The weight it adds to people who need it is the kind that comes of pure blood and every organ doing its work properly and thoroughly;—what pugilists call "fighting weight."

Sealed proposals in triplicate will be received at this office until 11 o'clock a. m., on May 12, 1898, for furnishing fuel, forage and water at road stations in this department, and for fuel at Logan, Utah, Price, Utah, Fort Collins, Colo., and Silver City, N. M., during the fiscal year commencing July 1, 1898. Instructions to bidders and blank forms of proposals will be furnished on application at this office. The government reserves the right to reject any or all bids. E. B. ATWOOD, Deputy Q. M. Gen'l. Chief Q. M.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L., N. A. & C. railway here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhœa Remedy for ten years or longer—am never without it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.'" It is a specific for all bowel disorders. For sale by all druggists.

Ready mixed paints all colors, all size cans, wood stains, varnish stains, kalsomine in assorted colors, brushes of all kinds, at lowest prices in town.

THE MAZE

Hopeful Words to Childless Women.

The darkest days of husband and wife are when they come to look forward to a childless and desolate old age.

Many a wife has found herself incapable of motherhood owing to some great lack of strength in the organs of generation. Such a condition is nearly always due to long continued neglect of the plainest warnings.

Frequent backache and distressing pains accompanied by offensive discharges and generally by irregular and scanty menstruation, indicate a nerve degeneration of the womb and surrounding organs, that unless speedily checked will result in barrenness.

Read Mrs. Wilson's letter:

DEAR MRS. PINKHAM:—No one could have suffered from female troubles more than I. I had tumors on the womb, my ovaries were diseased, and for fifteen years I was a burden to myself. I was operated upon three different times, with only temporary relief; also tried many doctors. Lydia E. Pinkham's Vegetable Compound was recommended to me by a lady friend, and after taking four bottles I was like a new woman. I had been married nine years, and had no children. I now have a beautiful little girl, and we feel assured she is the result of my taking the Compound.—MAY B. WILSON, 323 Sassafras St., Millville, N. J.

Modern science and past experience have produced nothing so effective in treating diseases of the female organs as Lydia E. Pinkham's Vegetable Compound and Sanative Wash used according to special directions.

If you know any woman who is suffering and who is unable to secure relief, or who is sorrowful because she believes herself barren, tell her to write to Mrs. Pinkham, at Lynn, Mass., and ask her advice. The thousands of Mrs. Pinkham's cures are all recorded for quick reference, and a reply will be promptly sent wholly without charge, that will direct her what to do.

Mrs. B. BLUHM, 4940 San Francisco Ave., St. Louis, Mo., writes:—"It has been my great desire to have a babe. Since taking your medicine my wish is fulfilled."

BEFORE AND AFTER

MANHOOD RESTORED

"CUPIDENE" This great Vegetable Vitalizer, the prescription of a famous French physician, will quickly cure you of all nervous or diseases of the generative organs, such as Lost Manhood, Insomnia, Pains in the Back, Seminal Emissions, Nervous Debility, Pimples, Unfitness to Marry, Exhausting Drains, Varicocele and Constipation. It stops all losses by day or night. Prevents quickness of discharge, which if not checked leads to Spermatorrhoea and all the horrors of Impotency. CUPIDENE cleanses the liver, the kidneys and the urinary organs of all impurities.

CUPIDENE strengthens and restores small weak organs.

The reason sufferers are not cured by Doctors is because ninety per cent are troubled with Prostatitis. CUPIDENE is the only known remedy to cure without an operation. 5000 testimonials. A written guarantee given and money returned if six boxes does not effect a permanent cure. $1.00 a box, six for $5.00, by mail. Send for FREE circular and testimonials.
