LOCAL ITEMS.

HIGHTONED JURORS.—In the account allowed by the Board of County Commissioners for jury expenses in the late murder trials, we find the item "liquors and cigars" in each bill allowed. In view of the fact that these juries well and faithfully discharged their duty to the county, we would not be disposed to find fault, was its financial condition such as to justify a general indulgence in such luxuries at the county's expense. The Commissioners should remember that Lincoln county is already groaning under a heavy indebtedness, with taxes at nearly, if not quite 4 per cent. for State and county purposes, and that the most rigid and exact economy will be necessary in the future to avoid a ruined credit and a bankrupt treasury. Many of the mining counties of California are hopelessly bankrupt and are petitioning the State to assume their indebtedness, and Lincoln county will be in the same condition without her finances are faithfully guarded by her public servants.

THE MENDHA COMPANY IN BANKRUPTCY.—This company, which suspended payment a week or two ago, has been forced into bankruptcy. The liabilities of the company are much heavier than was at first supposed, and the wonder is that it could have continued business with such liabilities hanging over it as long as it did. The petition filed in the United States District Court shows the liabilities of the company, none of which are secured, to aggregate $77,406 17. Of this amount $14,416 37 is due the Bank of California; J. Phillips, keeper of a boarding-house at Highland, $7,957, for boarding hands at the mill and mine; $8,463 for salt furnished; Wells, Fargo & Co., $15,770 70; State Bank of Nevada, $7,000, and $16,503 due unknown creditors. The value of the assets is estimated at $37,730.

BOMBARDMENT.—Yesterday afternoon, at about 3 o'clock, a loud explosion was heard on Main street, just above Meadow Valley street. Crowds rushed to the spot from all directions, expecting to see the bleeding form of some murderer's victim lying in the street. It turned out that the noise was occasioned by the explosion of a Chinese bomb, which some one (who had probably experienced bad luck) had thrown underneath the sidewalk jewelry man's show-case. The crowd dispersed almost as quickly as it had assembled, and that expressive word "sold" was softly murmured on all sides. Three officers sought in vain for the unlucky follower of Fortuna who had thus attempted to revenge himself on the distributor of the favors of that goddess.

ACCIDENT.—Our friend John Pattie met with what might have been a very serious accident yesterday afternoon. He was riding a very spirited horse, and when near the top of the divide on the Bullionville road, the evening train came suddenly in sight, and the engine, just at that moment, happening to blow the whistle, the animal shied and tried to run up an almost perpendicular bank, falling backward and on Mr. Pattie, severely injuring him in the side. However, though badly bruised, Dr. Rogers, his attendant physician, does not consider that he has received any internal injury. We trust soon to see him about again as usual.

No matter what part of Pioche a man may be in, if he takes a notion he wants to take a ride, Johnson is the man to accommodate him. In addition to his stables on lower Main street, he has just purchased the celebrated Dexter Stables on Meadow Valley street, and hereafter proposes to run both establishments in tip-top style. His stock of carriages, buggies, &c., is unsurpassed. Give him a call, if you want a stylish turn-out.

STRANGE rumors are afloat concerning the domestic infelicity of a married couple in our town, even going so far as to more than intimate personal violence on the part of the mis-called better-half. We should regret to give names, but brutality of this kind must be checked, or the press will do its duty as the censor of public morals, regardless of each and all.

"A CHANGE comes o'er the spirit of my dream," said an auctioneer who was trying to raise five dollars on a pistol on Main street yesterday evening. He could only get four dollars for it after half an hour's work. Is this because everybody is already provided with deadly weapons, or is it because pistols and knives are at a discount?

WEATHER.—Yesterday the clerk of the weather gave us an unusually fine day. A cool and delightful breeze blew over us from the south, almost causing us to look upon the dry sagebrush with favor. A day free from whirlwinds of dust, as well as from rain and mud, is one to be marked in the history of Pioche.

UNTRUE.—Yesterday morning there was a rumor on the streets to the effect that work in the American Flag mine had ceased. This is untrue. The company's mill has stopped working, but in the mine all is running on as smoothly as ever.

SHOTS LAST NIGHT.—At a late hour last night a pistol report was heard, coming, apparently, from above Cedar street. This was followed by four or five more in rapid succession. Nothing could be ascertained as to who fired the shots, or what led to the firing.

THE rumor to the effect that a new Superintendent had been appointed over the Meadow Valley mine seems to be without foundation. No intelligence with regard to it has been received at the office.

OUR BLESSING.—We will fervently bestow our blessing on the heads of the many "bummers" who talk of leaving on account of dull times, if they will be good enough to fulfill their threats of deserting the town.

MAN IN A WELL.—We were informed yesterday that a man, known as Charley, had fallen into a well at some distance below the "Grove House," and that he was severely injured. Our informant gave us no particulars.

NO VAGRANT.—Thomas Williams came up before Justice Van Hagen yesterday, charged with vagrancy. Twelve of his peers having heard the law and evidence in the case pronounced him not guilty of the crime.

MORE GOODS.—Yesterday D. C. Clark & Bro. received a lot of crockery by Marx's freight line.

HOMICIDE IN WALLAPAI.—We are permitted to make the following extract from a letter dated August 21, Chloride, Wallapai, written by R. H. Upton, of that place, to his brother, Joseph Upton, well known to every one in Pioche: "Day before yesterday Jacob Dolan killed a man named Hart, and the following day was acquitted on the ground that he acted in self-defense. The trouble is supposed to have originated about a prostitute with whom both men were intimate. The parties had been drinking together over night, and on the morning of the homicide, they met in Dolan's saloon, and after interchanging a few words Hart called Jack a lying son of b—h. Dolan told him he must take that back, when Hart pulled a small four-shooter and shot at him. Dolan returned the fire, and Hart shot again, none of the shots taking effect. All this time the parties were not eighteen inches apart. Dolan now placed his six shooter against the belly of Hart, just above the navel, and fired, the ball passing completely through his body and coming out to the left of the backbone. On receiving the shot Hart started as if to go out, but on reaching the door turned and shot once more at Dolan, but, as before, without effect.

TALK about hard times. Ashim knows a trick worth two of that. The day after the flood he put a half column ad. in the RECORD, and to-day he hasn't $5's worth of those damaged goods left. Four thousand five hundred dollar's worth of damaged goods in nine days sold for cash, and no money in Pioche, Oh! No! I wouldn't advertise, it don't pay. New goods now, and prices lower than ever.

E. S. WILLIAMS being no longer connected with the County Hospital, Mr. Geo. Standard has been appointed to succeed him in the office of Hospital Steward.

PASSENGERS.—The following passengers will arrive by Hamilton stage today: Four Chinawomen, five Chinamen, Isaac Newton (colored) and Charles Morfoot.

OX-TEAMS.—There was an unusually large number of ox-teams in the streets yesterday, and the cries of the sturdy "bull-whackers" resounded far and near.

THE TIGER is playful at Johnny Tyler's. He is in fighting trim every day at noon, and from that time as long as any one cares to feel his ivories.

YESTERDAY evening Michael received by Wells, Fargo & Co.'s express a lot of imported cigars.

THERE is a message at the Atlantic and Pacific Telegraph Office for Matt. Magney Saloon.

LATE STAGE.—Last night the stage did not arrive till 10 o'clock.

DELINQUENT SUBSCRIBERS are hereby notified that the carrier of the RECORD will, after the 8th of September, 1873, enforce strictly his rule requiring a settlement at least once a month. He is compelled to settle for his papers every Monday, and it is unreasonable for persons to expect him to wait upon them for his pay for a longer period than a month. Those who fail to comply with his rule after the date above mentioned will be stricken from his list until payment is made. No exceptions to the rule will be made.

ALEX. BROWN, the indefatigable, not satisfied with his magnificent hall on lower Main street, where, by common consent, he dispenses the purest liquors and the most delicious drinks in Pioche, has taken the City Club Rooms, where the will henceforth cater for the public as well as at the old stand. The City Club Rooms are sure of a big run now.

WE would call the attention of our readers to the advertisement in another column of the Brooks Sewing Machine Co., of New York; they advertise, what is indeed a valuable invention, a first-class sewing machine for five dollars.

A NEW circulating library, imported cigars, tobacco, stationery and confectionery at J. Levin & Co.'s, opposite Hamilton's saloon, Main street.

REOPENED.—The barber shop on Meadow Valley street, adjoining the Pioneer stables. Shaving 25 cents; hair-cutting 50 cents.

NEVADA STATE ITEMS.

[From the Humboldt Register.]

MR. ARNOLD, the discover of the mines in Columbia District, 80 miles west of Winnemucca, was in town last Monday. He brought in some handsome specimens from various mines in the district, all of which assayed way up into the hundreds. Arnold thinks Columbia will discount Cornucopia, or White Pine in its palmiest days.

QUITE a number of Paradise boys have been in town this week, mostly attending court in the water right case, between Mark Haviland and Dooley. This case is one in which nearly every man in the valley has taken a deep interest, as it involves the right of many to water from the streams in the valley.

LAST Wednesday an old fashion pack train, of forty mules, passed through town loaded down with barrels, boxes and different kinds of parcels. They were going to Idaho.

THE Humboldt Agricultural Association met at the Telegraph saloon, in this place, last Monday evening, and effected a permanent organization; and elected a full set of officers. They determined to hold a fair in Winnemucca the coming Fall, and everything necessary to complete the arrangement will be promptly made.

CHARLES MCINTOSH, who killed Frank McCan at Galena, and had his preliminary examination before Justice Scott, at Battle Mountain, last week, was sent to Austin, instead of Winnemucca, as reported by the papers. The killing was committed in that portion of Lander county which formerly belonged to Humboldt, and which is yet in the Judicial District. The examination was had at Battle Mountain, which has never belonged to this county or Judicial District; but to which township the ceded territory was attached by the Commissioners of Lander county, after its cession to that county by the Legislature, last Winter.

[From the Territorial Enterprise.]

IN TOWN.—We yesterday had the pleasure of meeting our old friend Joggles Wright, who is just in from the town of Belmont, in which village he has his local habitation. He speaks of Belmont as a growing place. They are putting into buildings all the lumber they can get. Of Columbus he does not hold so good an opinion. In that region there are large and very productive borax fields and some excellent mines, but of timber and water there is a marked and woful scarcity. The town is situated—as Joggles is ready to swear—in a basin which is below the level of the sea, and the whole face of the country is white with alkali and the efflorescence of borax, soda and similar minerals. Then as for heat during summer, it is simply terrific. The jocular Joggles says that for this basin the dominions of his Satanic Majesty would make an ice-house.

A STAGE is still running between this city and Reno for the accommodation of such persons as prefer that mode of traveling to riding after the iron horse. The fare is the same as by the railroad. The ride by way of the Geiger Grade is quite pleasant when old Æolus is not out on a bender. The stage will be kept on the road until the bad weather of Winter renders the ride one not to be desired.

PRISONERS AT WORK.—Eight of the sixteen prisoners now serving out fines at the County Jail, are at work every day outside of the jail. They are allowed for this work, and all much prefer being out and at work to being shut up in the jail. Deputy Sheriff Sanders inform us that they all work well and faithfully.

EX-MAYOR CURRIE has left Lake Tahoe and gone to Oakland, where he will remain a fortnight or so before returning to this city. His friends expect to see him return in better health than he enjoyed before his late severe attack of erysipelas.

THE late cool weather is daily bringing back from the mountain lakes small squads of pleasure seekers. It is quite cool enough here at present to suit those whose blood is not constantly at fever heat.

THE Cosmopolitan Hotel, Elko, is about to change proprietors, O. R. Johnson going out, and Chamberlain & Bender taking charge. With these gentlemen in charge, Elko will doubtless be made an eating station again, as they are favorites of the Railroad Company, and have been for some time past keeping the eating station at Carlin.

THE difference between the specimens of feminine New York and feminine Boston, as shown at the watering places, is said be that the former is a representative of high style and the latter of high art.

THE University Committee at Elko has raised the money to build the University. The plans and specifications have arrived, and the work will be commenced immediately.

TEXAS received 120,000 immigrants last year—at least 60,000 from Europe and the Northern States. Texas and Georgia are the banner States of the South in wealth and progress.

SUSANVILLE is steadily increasing in population, and improvements are constantly being made in the way of buildings, beautifying, adorning, etc. Several dwellings are in course of erection.
