THE EXAMINER

WACO, JANUARY 31, 1883.

LOCAL BREVITIES.

Item of Interest From Our Reporters' Note Books.

—The weather is clear, chilly and dry.

—Only a moderate number of visitors in town to-day.

—A new door is being laid in Maj. Miley Jones' livery stable.

—A small new building is going up on Fifth street, near the branch.

—A coat of paint adds to the appearance of Hamlett's drug store.

—The depots are still crowded with incoming and outgoing freight.

—Fines to the amount of $185.00 were imposed by the recorder yesterday.

—The street gang devoted its attention to Fifth street between Austin and Franklin streets.

—Fifty members of the Barlow, Wilson & Coleman st troupe are registered at the Pacific hotel.

—The south side of the square was "mighty nice" for pedestrians yesterday. What's the matter?

—A runaway team of four mules and a wagon came near causing serious damage on Fifth street yesterday afternoon.

—The lively strains of the minstrel band as it paraded the streets yesterday afternoon were listened to and applauded by a large number of our people.

—The catholic festival is unanimously voted the most enjoyable entertainment which has had for a long time. Don't fail to visit the Walker building to-day or tonight.

—What a great change in our streets could be wrought by those in absolute idleness committed to jail yesterday. They should be a profit and not a burden to the community.

—Freeze will probably be quite a lull in theatrical amusements for a while, unless Manager Garland can manage to secure some special attraction, not on his books now. He is in correspondence with some leading stars, but does not know yet whether he can get them.

—In Justice Evans' court yesterday warrants were issued for the arrest of a party for running a lottery swindle and a young fellow charged with the theft of one dollar from a drunken man; also a search warrant to search the premises of Richard Wilson, charged with burglary.

—We publish on the fourth page this morning the most important recommendations embodied in Governor Ireland's first executive message, read to the legislature Monday. The document is not a lengthy one and should be read. We think its terse and suggestive will meet general approbation.

—Rev. Charles E. Giddings, pastor of the Methodist Episcopal congregation in this city, hopes to commence the construction of the new church edifice for his flock at an early day. He is now calling on subscribers for their promised assistance. The building, it is understood, will be quite handsome and comfortable.

—Upon a thorough search of the premises of Richard Wilson, in jail upon a charge of burglary, the officers yesterday found a number of articles recently stolen from the Baptist University, besides an ample and broad stock awaiting a purchaser at the office of Justice Evans. The officers say that Richard is well provided with good clothes, boots, etc., including an unmentionable garment with the name of one of our young attorneys in full upon it.

Annexation of Canada.

London Echo.

Yes, when the people, with 100,000,000 of inhabitants, without a slave, without a king, and with not a farthing of debt, with all the elements of material prosperity at their feet, and with the energies of youth within themselves—then, if not before, Canada shortly, and by general consent, will merge itself into the Republic of North American states. But in what condition Ireland will be then, is not so easy to foresee.

The Frost Line in Florida.

[illegible]

We guess that the late severe frosts in this portion as well as other places in south Florida will cause some of our highly imaginative writers to draw in their horns a little, and write less bosh about being below the damaging frost line. We think that if from the first the truth had been written about Florida in every instance she would be better off to-day than she is. You gentlemen who have exalted Florida to the skies in the past, and never tired of expanding your imaginations on the wonderful natural advantages that Florida possesses over every other state in the Union, had better turn over your slates and tell more truth and shame the devil.

No longer a question of opinion, we guarantee every box of Acker's Dyspepsia Tablets. Price 25c. and 50c. Sold by Castles, Morrison & Co., druggists, Waco, Texas.—01204dwly-1.

Those who have been dosed with quinine and experienced its injurious effects, should try Carter's Liver Bitters, a sure cure for malaria. Sold by Tucker & Willis, Waco, Texas.—01301w

Pro Bono Publico.

We have every facility for filling prescriptions and family receipts; not a drug but the purest and best medicines; and our persecutionists thoroughly understand their business. Castles, Morrison & Co.—01304t.

Baby Colic Drops Did It.

Done what? Why I will just tell you. It had been weeks, and weeks since we had a night's rest at our house, till that panacea of all baby troubles found its way home, and everything has been serene since.—0106tf

Mothers, mothers, mothers, you can't afford to take any risk. Then get a bottle of "Compound Syrup of Tolu," prepared by Tucker & Willis; it may save the lives of your precious babes from croup and other similar troubles, during this inclement weather.—0105tf

Veterinary surgeons all over the country are fiercely denouncing parties who put up extra large packs of worthless trash and sell it for condition powders. They say that Sheridan's Cavalry Condition Powders are the only kind now known that are worth carrying home.—1301w

We assert without fear of contradiction that Batey's Saline Aperient is cheaper and more pleasant than any pills ever made for constipation, torpid liver or sick headache, that it never produces the least unpleasant feeling, and its action is more prompt than any pill made. It is a terrible enemy to the pill family, driving them from every fireside. It is so mild, pleasant, cleanly, and prompt in action, whether on steamboats, railroads, hotels or at home, that all ladies are delighted.—01301w.
