To all Fellow-Sufferers!

Who are now convalescing from dengue, let one who has been there, too, give you his experience, and follow it if you would be speedily restored; eat plenty of apples, and drink good cider freely. As a diet, rare beef steak and broil chicken with very light bread; eggs and rich milk in abundance. Then follow right afterwards with a dose of Tucker's "I.I.I." to digest and assimilate your food, and this, at last, is the secret of health, a good digestion, which means the manufacture of blood, and that is the life of man, whereby wasted tissue, depleted by disease, is built up and the vigor and the rosy hue of our former selves once more asserted. Try it. Our word for it. You will never live long enough to cease thanking your friend. W. L. TUCKER.

Gilbert & Sullivan's

NEW JAPANESE OPERA,

—En titled—

"The Mikado,"

Or the Town of Titipu,

The Funniest of all Comic Operas is the "Mikado," as Given by the Ford Opera Company.

Mr. Geo. W. Denham, the comedian, is incomparable as Ko-Ko. Fun is the predominant element, although the music is sweetly, and it may be well said, delicately given. The young ladies are all pretty; Miss Hass, the charming Yum-Yum, was cradled on the Mississippi; Miss Chapman, the Katisha, is of Kentucky birth, and shows the powers derived from three generations of players in her strong portrayal of the vehement and passionate Japanese court favorite. Mr. Joe Armand is well-known in the south as the silver-voiced tenor, who grows better and sweeter as he matures. Miss Van Liess and Miss Commyer, as Pee-Bo and Pitti Sing, are as quaint as oriental maids from Japan. The tiny girl in green, with demure face and most agile feet, is Miss Blanche Nichols, of St. Louis; she is one of the features of a very fine performance, her little Lum Tum Japanese dance is the wonder of this melange of merriment and music; the little girl in green is a distinctive, effective and withal the most modest little dancer we have ever seen introduced in comic opera. Mr. L. Castleberg, who is from Baltimore, possesses a resonant noble basso, with baritone notes of admirable sweetness and volume. Mr. Newton Galloway, the Mikado, is impressive and dignitous to the character of the great ruler of Japan. Mr. Voss is a New Yorker, he has rare facial powers in a comedy way. Mr. Cammerer as Nee-Ban, the umbrella-bearer, is very droll. The gentlemen of the chorus and the ladies in the same are like all, or nearly all, from Maryland. They look, act and dress like gentlemen and ladies from Japan. So much for the company; it is as merry and musical a party as ever delighted Texas. May they do so with Mikado and other operas for time to come, is the wish of many, very many of our people.

GRAND DRAMATIC EVENT!

America's Prettiest Star Actress, Blanche Curtisse, in Her Dual Role of Mme. Laurent and Lizzie Stark in "Only a Farmer's Daugater."

Miss Blanche Curtisse, who will give a performance in this city next Friday, New Year's night, is undoubtedly the greatest actress in her line in America to-day—perhaps in the world. Now, Miss Curtisse does everything out of the amplitude of her own varied inspiration; she realizes the part she is playing, and for the time being it is not Blanche Curtisse playing a part, but the author's character endowed with life. She has Aimee's power of suggestion, with Adelaide Neilson's sweet womanly power, and Kistoff's grand dramatic fire. She is unconventional, yet never coarse, she delights in surprises, carries no model, studies no method, but is art itself.

Is Everybody Drunk?

Among the many stories Lincoln used to relate was the following: Trudging along a lonely road one morning on my way the county seat, Judge —— overtook me with his wagon and invited me to a seat.

We had not gone far, before the wagon began to wobble. Said I, "Judge, I think your coachman has taken a drop too much."

Putting his head out of the window, the judge shouted, "Why, you infernal scoundrel, you are drunk."

Turning around with great gravity, the coachman said: "Be dad! but dat's the firs' rightful 'ocision your honor has giv'n 'a twel' mont'."

If people knew the facts they would be surprised to learn how many people reel in the streets who never "drink a drop." They are the victims of sleeplessness, of drowsy days, of apoplectic tendencies, whose blood is set on fire by uric acid. Some day they will reel no more—they will drop dead, just because they haven't the moral courage to defy useless professional attendance, and by use of the wonderful Warner's safe cure neutralize the uric acid in the system and thus get rid of the "drunkenness in the blood."—The American Rural Home.
