COTTON QUOTATIONS.

WINNSBORO, Nov. 18.—Good middling, 98; strict middling, 9 1/2; middling, 93; strict low middling, 9.45.

Notice.—Jno. J. Neil, Clerk. Land Sale.—Jas. M. Blair, Agent. A Big Sale.—Mrs. J. D. McCauley, Sheriff's Sale.—H. Y. Milling, S.F.C. Election Notice.—J. C. Caldwell, Intendant.

The Cotton Season and Cotton Debits.—J. M. Elliott, Sr. —Beef is being sold on the streets at marvellously low prices. —The rainfall from 2 p. m. Saturday to 8 a. m. Sunday was 2.75 inches.

—Mr. Gibson who was badly cut sometime ago has passed beyond danger. —Mr. A. Williford will sell a large quantity of cotton seed to the oil mill.

—Old papers for sale at the office of THE NEWS AND HERALD, 25 cents a hundred. —Mr. William McDowell had his money and pocket book stolen at the fair by some sharper.

—The train from Greenville, on Wednesday morning, carried 2,300 pleasure seekers to Columbia. —Messrs. D. W. & Co. have sold 8000 bushels of cotton seed to the oil mill. All from their own cotton.

—Mr. H. W. Hanahan, who came for a holiday from the University, is, we are sorry to say, quite sick at his home. —The weather despatches will be found on THE NEWS AND HERALD Bulletin until the new flag pole is erected.

—Dr. J. R. McMaster, Jr., has sent to our office some cherries, the second crop of a tree in his garden. They are well matured. —Mr. R. J. McCauley has sold Miss Payne to Mr. S. B. Clowney of Woodwards. He still has Libbie L. and his filly on hand.

—Mr. Thomas Smith had his gin house burned with about twelve hundred bushels of cotton seed. Loss about \$1000; no insurance. —The attendance at the fair from this place was so large that the town looked deserted on Thursday. Everybody had a delightful time.

—The Gordon Light Infantry have received their new uniforms. It is the United States regulation uniform. They have very fine white helmets. —Col. E. R. McIver was elected president of the State Agricultural Society. Mr. N. C. Robertson is a member of the Executive Committee.

—A man has been selling a patent lamp, which he claims will not explode. He sold one to Mr. Herman Landecker and on Wednesday it came very near bursting. —Some miscreant, for some unknown reason, poisoned Mr. Wolfe's dog on Thursday night. The dog was found dead on the front door step on Friday morning.

—The weather bureau made a failure in their predictions Wednesday. They prophesied rain, but the weather cleared off beautifully. The temperature at 4 o'clock fell 6 degrees. —Our farmers are sowing a large crop of oats, the demand for seed in town having been unusually active. That early sown is up and looking well. Barley and rye also growing nicely.

—On Saturday it was reported in town that a man was lying dead in the park. The Sheriff promptly investigated the rumor, and as the result of the investigation found a negro man dead drunk. —Max Sugenheimer furnished the large crowd of travelers to the Fair on Thursday morning with round trip tickets with an "ease and elegance" that would have been a credit to an older hand at the business.

—Messrs. W. R. Doty & Co. have gathered and sold from 400 acres, 155 bales of cotton, and have realized three or four dollars a bale more than from last year's crop in consequence of the higher price. They will get thirty-five or forty bales more. —It is currently rumored that Col. J. C. Haakell, the general counsel for the C. C. & A. R. R., has resigned his position. We know not whether the rumor be true or not. It is generally believed at the capital of the State where the Colonel resides.

—The exhibit sent down to the State Fair, and on which the county took the premium, was returned on Monday. A crowd collected around in front of the Court House with an air of pride about them, especially Mr. Hugh Wylie, who had carried it to the fair. —The partly decomposed body of an unknown person was discovered near Chester on Tuesday and created quite a sensation. The body was almost decomposed by the buzzards, so much so that identification was impossible, the only thing certain being that the corpse was that of a white person.

—The gin-house of Mr. J. R. Curlee caught fire on the 15th inst., but fortunately it had attached one of the new fire extinguishers manufactured by Taylor & Cox, which promptly extinguished the flames, and thus saved Mr. Curlee's valuable piece of property. —News reached here of the burning of the gin house of Mr. W. H. Robinson, in the Greenbrier section, which occurred on Friday, morning about 10 o'clock. The origin of the fire is not reported. The loss besides building is 1000 bushels cotton seed and half bale of cotton and machinery.

—The corner-stone of Mt. Hermon Evan. Lutheran Church, now being erected in Peak, will be laid on Thursday, the 28th inst. (Thanksgiving day) at 11 o'clock a. m. (Rev. Prof. Fox will be assisted by several other ministers, and the occasion will be one of interest. A cordial invitation is extended to the public.—Peak News.

—Between Crown Prince on the turf, and some of our young men on the ash path, the town is fast gaining a reputation for speed that will be hard to beat. We are reliably informed that several of the young men, who are devoted to athletic exercises, can run a measured hundred yards in 1 1/4 seconds by actual time. It is also stated that this shows an increase of three-fourth seconds, as the same runners took 1 1/2 seconds to accomplish this feat last summer.

—The splendid fall weather which has lasted the whole season has been a great deal to the farmers in maturing and opening the bolls on the late cotton, indeed had the season been less propitious the crop generally would have been the lightest for years. Fields are seen in which there are thousands of bolls to open still, very little having been picked. This late season in maturing accounts, in a great measure, for the short receipts, and the season of trade will be extended to the spring and not rushed into a few months in the fall as has generally been the case.

—Rev. W. M. Duncan leaves to-day (Tuesday) to attend the Annual Conference of the Methodist Church, which convenes in Camden. Mr. Duncan's congregation have become very much attached to him during his ministerial work here for the past year, and we feel sure they together with his many friends outside of his own congregation earnestly hope the conference will see fit to reappoint him to this charge. We understand that the congregation have petitioned the conference to make the church at this place a station so that hereafter the pastor will have charge of this church alone.

—Just Arrived.—New crop New Orleans Molasses. J. F. McMASTER & Co. A WEEKLY LETTER FROM THE OLD COUNTRY.—One of our old Fairfield emigrants to Texas writes: "THE HERALD is a very welcome visitor in our family every week; it is just like a letter from our old country every week."

SPECIAL BARGAINS.—From now until Saturday night D. A. Hendrix will offer Blankets, Shoes and Heavy Winter Goods at such low prices that it will pay everybody to give him a call. This will be your opportunity to buy good goods cheap. Come and see us.

A BIG SALE.—I will sell my large stock of Millinery Goods at cost. I propose to dispose of the entire stock by Christmas. It will pay parties to take advantage of this great opportunity. I want to quit the business. Mrs. J. D. McCARLEY. Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers of the California Fig Syrup Company.

NOTICE.—The notes, books and accounts of P. Landecker & Bro., Agents, having been attached by me as Sheriff, as required by law all parties indebted to them are hereby notified to make payment to the undersigned. H. Y. MILLING, Sheriff.

THANKS.—The pilgrims to the Fair on the early regular Thursday morning's train, THE NEWS AND HERALD among the number, were the recipients of grateful courtesies from Capt. Allison, the polite conductor of the C. C. & A. Railroad Company. When the conductors are put before the primary the captain can count solidly on the support of that crowd.

CALL AND GET THEM.—The exhibits which were carried from the Institute to the State Fair got back on Monday and the committee have placed them in the Court House until the owners call for them. We congratulate the Institute people on their success in Columbia in winning the \$100 prize for the best County exhibit. We also compliment Hugh Wylie on the tasty arrangement of the articles exhibited made under his supervision.

A NEGRO SHOT.—A serious and perhaps fatal shooting affair took place in the Horeb neighborhood last Monday evening. Tom McGraw, colored, shot Rev. Henry Bell, colored; one charge was fired in his face, shooting out his eyes, and the other load was fired in back. There are conflicting statements about the cause of the shooting. Bell's case is thought to be hopeless. McGraw has surrendered himself to the Sheriff.

REMOVING THE POLE.—The weather flag pole having become rotten near the ground was taken down Wednesday and will be spliced to a piece of oak timber and erected again, probably near the corner of the Court House yard. The change in location will leave the middle of the street unobstructed, the lamp-post being also removed. We hope Maj. Pagan will be able to hold the elements in hand and continue the splendid fall weather clear without the assistance of the flags.

Fire Extinguisher.—This is to certify, that last night our gin house caught fire from a hot box in the gin-head, and in a moment spread into cotton press, over seed cotton and up and down the walls of the house, and was burning fully five minutes when we turned on the Fire Extinguisher (controlled in this County by Messrs. T. W. Woodward, J. E. McDonald and others), and in one minute after the water began to flow through the pipes the fire was put out, and we were saved fully eight hundred dollars. We bought this extinguisher about a month ago, and would not run a steam gin a day without one. CURLEE & TRUFF, Rocketon, Fairfield Co. November 16, 1889.

PERSONAL.—Messrs. H. L. Elliott, Jr., H. W. Hanahan, Otis Withers, of the University, preferring to spend the two days holiday given for Fair Week at their homes, came up on Tuesday.

Miss Emily Thomas, of Ridgeway, is visiting in town. Mrs. Brown, of Ridgeway, has been visiting in town. Miss Beulah Davis, of Ridgeway, paid her friends in the Boro. a flying visit.

Miss Mary F. McMaster left on Wednesday to pay Miss Carrie Flenniken, of Chester County, a visit. Mrs. Holbrook Rion, who has for several months been on a visit to her relatives in Va., returned home on Sunday.

Mr. W. H. Flenniken left on Monday for Chester on business. DEATH OF PROF. DEHERRADORA.—Prof. J. B. DeHerradora died, on Thursday night, at his home in town, of consumption. Prof. DeHerradora was a native of Spain, but has been in this country for a number of years, and married a lady of Lexington County, S. C. He was an artist of some talent, his business being writing teacher and photographer. His pen drawings were finely executed and tastefully conceived. In politics Prof. DeHerradora was a staunch Democrat, and in 1870 was the active leader of a club of redshirts in Lexington and was appointed trial justice by Gov. Hampton. His Southern European blood always warmed up on memorial days when the battles of the Confederacy were fought over again, and the ladies of Winnsboro will recall the beautiful sentiments which he prepared for decoration purposes. The deceased leaves a wife and four children. The funeral services were held at the Methodist Church Friday evening at 4 o'clock p. m. Peace to his ashes.

Fairfield Ahead. COLUMBIA, S. C., November 13.—[Special.]—Hugh Wylie carries off the one hundred dollar prize on institute exhibits. D. K. ELKIN KILLED. ALSTON, S. C., November 14.—[Special.]—D. R. Elkin, in attempting to get off the freight train at Peak's this morning was thrown under the wheels which severed both legs from his body. He lived a short while after the accident.

The exact particulars of Mr. Elkin's death cannot be learned. A gentleman from the country says that he heard that Mr. Elkin was riding on a freight train from Alston to Peak station, and in attempting to jump off had his right leg broken below and above the knee, and left leg above the knee. He was taken to his home and was rattled up to the time of his death, which occurred at 4 o'clock.

The following is the account of the accident as given by the Peak News: Thursday about 1 o'clock our town was severely shocked by a sad, painful accident which occurred to Mr. D. R. Elkin, of Alston. He had crossed over from Alston to Peak on the freight train from which he attempted to jump while it was moving, and, falling between the wheels which passed over his legs just above the knees, had both legs crushed to pieces. Dr. J. K. Chapman was called, and rendered all possible aid until he could be removed to his home, where he died within half an hour's time. The bereaved family have our sympathy.

can bear the bang of the gun far into the night. WATEREE. We have a very fine school in this section which has been recently started, and a very efficient teacher, Mr. Davidson Douglas. He believes in using the rod. A very amusing incident occurred a few days ago, which illustrates his mode of dealing with his scholars. A little boy had been threatened a flogging, and became very much incensed, and thought the teacher was so mean that he needed a prayer for his special benefit; so at night after invoking blessing on his parents, prayed for his teacher, saying he was mean that he needed his prayer.

COTTON IN NOVEMBER. The Monthly Report of the United States Department of Agriculture. WASHINGTON, November 11.—The November returns of the department of agriculture show a remarkable variation in the condition in different localities. In South Carolina and Virginia the season has been very short and excessively wet, and the plant seriously injured by long continued rains in the season of blossoming. Tennessee reports injury to the crop by wet weather, lack of cultivation, and early frosts during the past month. In these States the crop is much worse than that of last year.

Elsewhere the crop is comparatively late, especially from South Carolina to Alabama, with a large growth of weed. In low lands early frosts have injured the crop east of Mississippi, while uplands in the Southern belt are still green. West of the Mississippi in a large portion of the area there had been no frosts. Weather for picking has been remarkably favorable, assuring the gathering without waste of all that is opened in excellent condition. The fiber is grading comparatively high, notwithstanding adverse conditions arising from abnormal distribution of moisture, affecting the growth and fruitage.

Indications of yield per acre, by county correspondents, are about 3 per cent higher than last year. So much still depends on future killing frosts, and sunny weather for opening and gathering, that the result cannot be known very closely until after Christmas. There has not been severe general loss by caterpillars and boll worms, though the damage in some localities has been serious.

ADVICE TO MOTHERS. Mrs. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It is a little sugar and once it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as usual. It is very pleasant to taste. It soothes the child, softens the gums, always all pain, relieves wind, regulates the bowels, and is the best known remedy for all other causes. Twenty-five cents a bottle. June 25/12x1
