NOTICE.

TO ALL WHOM IT MAY CONCERN.

Notice is hereby given that I will begin the registration of the qualified electors of Dallas county, Texas, at the Court House in the town of Dallas, on TUESDAY, SEPTEMBER 12th, 1871, and will continue for TEN CONSECUTIVE DAYS, exclusive of Sundays, to register ALL PERSONS in said county entitled by law to vote, not *heretofore registered*.

OFFICE HOURS.—From 8 A. M., to 12 M. and from 1 to 5 P. M.

Persons who have lost their certificates of registration are requested to come up and get new ones.

The board of appeals, comprising J. C. Sydel, S. A. Gallaher, and M. W. Parker, will sit on Wednesday the 27th day of September, and adjourn on Monday the 24 of October, for the purpose of hearing and determining all appeals that may be taken, wherein persons who have been refused registration may think injustice has been done.

JAMES BENTLEY,
Registrar, Dallas County.

Dallas, August 26th, 1871.

☞ There were two alarms of fire in our City this week,—one on Monday, caused by a stove-pipe running through the roof at the residence of Dr. Geo. W. Lane; the other caused by a large blaze and smoke issuing from a brush pile at Judge J. M. Patterson's residence. The fire at Dr. Lane's was easily put out, but it should serve as a warning to our citizens to be careful. Should a fire once get well under way, with the present warm and dry weather, there is no telling where it would end.

☞ The first number of Judge Norton's new paper—NORTON'S UNION INTELLIGENCER—will make its appearance to-day.—We do not know, as yet, what party, if any, it will advocate, but believe that the Judge aims to make it an independent journal, striking boldly at what he conceives to be error wherever he may find it, but devoted, more particularly, to the material interests, growth and prosperity of this glorious section of the Lone Star State. Politically we do not expect to coincide with the Intelligencer, but in all its endeavors to further the well being and wealth of Northern Texas and Dallas county, it will find in us a willing and hearty co-worker. We welcome the new journal to the field of Texas newspaperdom, and cordially wish our old friend, honor and profit in his new undertaking.

☞ Messrs. Jeffries & Field, East side of the Public Square, have now *en route* and to arrive in a few days, a large and beautiful stock of goods, bought by Dr. Jeffries, in person, who is known to possess taste and understands what is needed in this market. In Ladies Dress Goods, Hats, (both for gentlemen and ladies,) Boots & Shoes, Clocks, Shawls, Ready Made Clothing &c., they are perfectly well supplied and invite a call from all who need new, handsome and desirable goods.

PUBLIC ROADS.—Wormley Carter, Esq., the efficient and energetic Superintendent of Public Roads for Dallas county, on Monday last, let out to the lowest bidders, the working of the following roads to the persons named and for the amounts stated, viz:

The McKinney Road, to Thomas J. Pollard, for $820.

Waxahachie Road, to Peroy Bowser for $470.

Alvarado Road, to J. C. Reed, for $100.

Kaufman Road, to T. J. Pollard, for $400.

Barnes' Bridge Road, to Thomas J. Pollard, for $155.

Wells' Bridge Road, to Thomas J. Pollard, for $300.

Preston Road, to T. J. Pollard, for $125.

Denton Road, to S. W. Howe, for $175.

Birdville Road, to T. J. Pollard, for $385.

Lancaster and Kaufman Road, via Dawdy's Ferry, to T. J. Pollard, for $185.

The contractors agree, for the sums named, to put the roads in good order by the 15th day of November next, and to keep them so for twelve months from that date.

☞ The new Court House progresses finely. Mr. Donegan, the contractor, seems to have an abundance of energy, and we may look for an early completion of this noble edifice, which, when finished, will be an ornament to our city.

☞ Our subscription and advertising list is increasing so rapidly we will soon have to buy that long-talked of power press. The HERALD has by long odds the largest circulation of any paper in Northern Texas.

☞ We learn from Col. W. H. Lawrance, the Agent of the King Iron Bridge Company, that the Iron Works for the Dallas Bridge is finished, and will be shipped immediately. He informs us that it will be forwarded by the M. K. & T. Railroad, to the terminus of that road in the Indian Territory, and thence by wagons to Dallas.

☞ A gentleman suggested to us a few days ago the formation of a Joint Stock Company in Dallas, the object of which would be purchase lots in the city and build comfortable, small residences upon them. We think the suggestion a good one. We know that such organizations are in successful operation in Galveston, Houston and other places in our State, and we happen to know further that they are paying handsomely, and at the same time furnishing cheap rents to those who are not able to build. If there had been five hundred such residences in Dallas the past year, they would have all been taken, by persons who have been compelled to go further in order to obtain shelter. The same remarks hold good with regard to the county. Every man who owns land should, if he is able, build cheap but comfortable tenement houses upon each 80 or 160 acres. He would, we think, find it a paying investment.

☞ We had the pleasure of a call this week from our friend and former townsman, Capt. J. L. Leonard, now and for several years past, one of the firm of J. L. Leonard & Co., Bankers, and Iglehart & Leonard, Commission Merchants, Groesbeeck. Capt. L. has been with us a week or more, accompanied by his family, taking a little recreation in his boyhood home, and speaks some of making this his home when the railroad reaches us. He has been at the terminus of the Central Road, since 1866, following it up from Milligan to Bryan, Calvert, Bremond, Kosse and Groesbeeck, and when the cars commence running to our young and flourishing City, it will hardly seem that it is the Central Road without the old familiar sign of Iglehart & Leonard at the depot.

TAX-PAYERS' MEETING.

The people of Galveston, Houston, Austin, and other portions of the State, have already appointed Delegates, without distinction of party, to meet in a Tax-Payers Convention at Austin, on the 11th of September, to devise ways and means by petition, remonstrance or otherwise relieve the people of the burdens now demanded of them. We, the undersigned, respectfully but earnestly, invite our fellow citizens and tax-payers of Dallas county, without distinction of party, to meet at the COURT HOUSE in DALLAS, at 2 o'clock P. M., on

Thursday, September 7th,

to take action on this important matter.

☞ Col. L. M. Martin, of the Whole sale Grocery House of Block, Bro & Co., Groesbeeck, gave us another call this week. His trade is perhaps one of the heaviest in the line in Texas, and are soliciting trade from this section. The Colonel promises to do well by any person who may give him a call.

☞ We call attention to the advertisement of R. H. Rogers, Builder and Repairer of Carriages, Buggies and Wagons, at Guillot's old stand on Houston Street. Mr. R. promises to be prompt and faithful in his work, and reasonable in charges. He solicits custom.

Democratic Committee.

At a meeting of the Democratic Executive Committee of Dallas county, August 26th, 1871, the following proceedings were had:

Called upon by the extraordinary circumstances in which the people of Texas are now placed by the usurpations of the Government of the State, and the illegal and despotic enactments of the Legislature in regard to public schools, militia, police, printing and more especially at this time, the election now pending, to meet and confer together touching our rights as freemen, our duties as citizens, and our desires as patriots, we, the Democratic Executive Committee of Dallas county, for ourselves and our Democratic fellow-citizens, in the language of our brethren of Houston and Harris county, do hereby invoke Almighty God to witness.

1. "That we are in favor of constitution-liberty and the rights of man."

2. "That we are peaceably disposed and will not countenance lawlessness and crime."

3. "That we do hereby pledge our lives, our honor, and all that we hold dear, to the maintenance of the laws and the support of the constituted authorities, in the exercise of the powers delegated to them by the constitution and the laws."

4. "That at the same time we will denounce oppression, usurpation and tyranny, in whatever form it makes its appearance."

5. "That the proclamation of Governor Davis, styled an "election order," is an express violation of the chartered rights of the people and without constitutional sanction, and is not entitled to our respect as a law of the land, or a rule for our action."

6. "That we regard said order as a cunningly devised scheme to prevent a fair election, and a plot to gain to the rights and liberties of the people, under the specious pretext of guarding the purity of the ballot box."

7. "That we, as individuals, shall go to the place of registration and the place of voting, to be registered in the one case and to vote our choice in the other, peacably and quietly, without violating any law, human or divine, and without molesting or infringing upon the rights of any person whatever; and further having done so, we shall continue to exercise the rights of peaceable, law-abiding freemen, in whatever manner our business of social relations may dictate, regardless of the unconstitutional and anti-American military or police order of the Government, forbidding all who do not live at the county seat, *under any pretext*, to remain there, and commanding them, as soon as they vote (which they are to do with the least possible delay!) "to return to their homes and usual employment!" And we advise our fellow-citizens, who are opposed to this high handed assault upon one of the most sacred principles of American liberty, to pursue the same course—quietly, peacably, fearlessly.

We claim the rights secretly guaranteed to us and to all American citizens by the constitution of the United States—"Peaceably to assemble, and to petition the government for a redress of grievances."—Under the same guarantee we claim "freedom of speech and of the press" and the "right to keep and bear arms;" but in the present condition of things in our great anxiety to avoid every possible pretext for a repetition of past unfairness in elections by those in authority, we will not ourselves and we earnestly urge our political brethren not to bear arms during the registration or election.

Moreover, as free citizens of the State of Texas, we claim the rights guaranteed by the State constitution, in the Bill of Rights, which neither the Governor, the Legislature the Courts nor any other human authority can take from us, but by unlawful and revolutionary brute force.—Among these guarantees in the Bill of Rights, and solemnly "excepted out of the general powers of government" and declared "forever inviolate," are the following:

SEC. II. All freemen, when they form a social compact, have equal rights, and no man, or set of men, is entitled to exclusive seperate public emoluments or privileges.

SEC. V. Every citizen shall be at liberty to speak, write or publish his opinions on any subject, being responsible for the abuse of that privilege; and no law shall ever be passed curtailing the liberty of speech or the press.

SEC. XIII. Every person shall have the right to keep and bear arms, in the lawful defense of himself or the State, under such regulations as the Legislature may prescribe.

SEC. XVI. No citizen of this State shall be deprived of life, liberty, property, or privileges, outlawed, exiled or in any manner disfranchised, except by the due course of the law of the land.

SEC. XVII. The military shall at all times be subordinate to the civil authority.

SEC. XIX. The people shall have the right, in a peaceable manner, to assemble together for their common good; and to apply to those invested with powers of government for redress of grievances, or other purposes, by petition, address or remonstrance.

ARTICLE III.

SEC. 2. Electors in all cases shall be privileged from arrest during their attendance at elections, and in going to and returning from the same, except in cases of treason, felony, or breach of the peace.

Asking nothing but a fair, impartial and honest election, honestly conducted, we demand and declare, and demand the right to vote for all officers made elective by the Constitution and at the time [illegible]

[illegible] by the Governor of the State, and the people of Texas once more enjoy the rights of suffrage [illegible] by despotism.

We suggest the immediate organization of Democratic Clubs in every neighborhood in this county, that these Clubs hold public meetings for the purpose of [illegible] such gentlemen as they may select of the political creed of the day; that they impress upon every qualified voter the necessity for registering and voting; that they ascertain as early as possible the exact strength of the Democratic party in their respective neighborhoods, and, through their officers, report the same to the Chairman of the County Central Committee.

We respectfully call upon public speakers opposed to Radical misrule, to avail themselves of every opportunity to address the people upon political issues, and respond to all calls made upon them by the Democratic Clubs of the county.

JNO. C. McCOY Chairman.

THE SECOND VERDICT OF THE PEOPLE OF TEXAS.—They re-affirm their opinion of 1870, by awarding the Grover & Baker Machine the First Premium for the Best Family Sewing Machine, at the Grand State Fair of 1871, and six First Premiums for Best Machine Stitching, (double the number awarded any other machine.)—Notwithstanding the great efforts of our competitors to disparage the perfection of our machines, the public and the Fair Associations of Louisiana and Texas repeat their convictions when opportunity offers, of THE SUPERIORITY OF OUR MACHINES BY ITS PURCHASE AND AWARD OF THE COMMITTERS. The sale of the Grover & Baker Machine is greater in Mississippi, Alabama, Louisiana and Texas than that of any other, and the awards received from the Fair Associations of those States double those of all the other machines combined. What more proof can we offer, for what we so justly claim, namely, that the Grover & Baker is the Best Family Sewing Machine, and the favorite of the people of the South.

SPECIAL NOTICES.

Exhuberent Health

Is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve these precious endowments. Indeed, as a rule, the more healthy and robust a man is, the more liberties he is inclined to take with his own physique. It is some consolation to the naturally and feeble to know that they can be so invigorated and built up, by a proper use of the means which science has placed at their disposal, as to have a much better chance of long life, and exemptions from disease and pain, than the most athletic of their fellows who are foolish enough to suppose themselves invulnerable, and act accordingly.

It is not per much to say that more than half the people of the civilized world need an occasional tonic, to enable them to support the strain upon their bodies and minds, which the fast life of this restless age occasions. In fact a pure, wholesome, invigorating tonic is the grand desideratum of the busy millions, and they have the article in Hostetter's Stomach Bitters. It is a stamina medicine, i. e. it imparts permanent strength to weak systems, and invigorates delicate constitutions. Its reputation and its sales have steadily increased. Competitive preparations have been introduced of late, and, as far as the public is concerned, of someone, in the hope of rivaling it; but they have all either perished in the attempt, or been left far in the rear. It has been the great medical success of the present century, and it is quite certain that no proprietary medicine in this country is as widely known, or as generally used.

Ten lightning presses, running incessantly (Sundays excepted,) the whole year through barely supply the demand for the illustrated Almanac, in which the nature and uses of the preparation are set forth, the circulation now being over eight millions a year.

CONSUMPTION.
ITS CURE AND PREVENTATIVE
BY DR. J. H. SCHENCK, M. D.

MANY a human being has passed away, for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which, had they calmly adopted

DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,

and availed themselves of his wonderful efficacious medicines, they would not have fallen.

Dr. Schenck has in his own case proved that wherever sufficient vitality remains, that vitality, by his medicines and the directions for their use, is quickened into healthful vigor.

In this statement there is nothing presumptuous To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument, it is self-assuring, self-convincing.

The Seaweed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originate in dyspepsia and a functionally disordered liver. With this combination bronchial tubes "sympathize" with the stomach. They respond to the morbific action of the liver. Here then comes the culminating result, and the setting in, with all its distressing symptoms, of

CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophillum Peltatum.—They possess all the blood searching, alterative properties of calomel, but unlike calomel, they

"LEAVE NO STING BEHIND."

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It dromses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting, at last,

A SUPPLY OF GOOD BLOOD.

The Seaweed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing without the previous tortures. Digestion becomes painless, and the cure is soon to be at hand. There is no more flatulence, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent Father to suffering man.—Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings, it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or womanhood that was

GIVEN UP AS LOST.

The second thing is, the patients must stay in a warm room until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented, or a cure cannot be effected. Fresh air and riding out, especially in this section of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased, and yet, because they are in the house, they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

To despair of cure after such evidence of the possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then, like a drowning man catching at straws, I heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate the whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time.

"As soon as that began to subside my cough, fever, pain and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since.

"I was weighed shortly after my recovery," added the Doctor, "then looking more like a skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New York and Boston. He or his son, Dr. J. H. Schenck, Jr., still continue to see patients at their office, No. 15 North Sixth Street, Philadelphia, every Saturday from 9 A.M. to 3 P.M. Those who wish a thorough examination with the Respirometer will be charged $5. The Respirometer discloses the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions, and Good Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniments than the ample instructions that accompany them: First create appetite. Of returning health Nature is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer. Good blood always follows, the cough loosens, the night sweats subsided. In a short time both of these morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in cases of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation, while the Pulmonic Syrup, as a cure of coughs and colds, may be regarded as a prophylactic against consumption to any of the family.

Price of the Pulmonic Syrup and Seaweed Tonic, $1.50 a bottle, or $15.00 per dozen. Mandrake Pills, 25 cents a box. For sale by all druggists and dealers.

EDUCATIONAL.

DALLAS
Male & Female High School

A Select Private School.
DALLAS,
DALLAS COUNTY, TEXAS.

THE exercises of this Institution, for the Second Annual Session, will be opened in the building formerly occupied, on MONDAY, SEPTEMBER 18, 1871.

The Session will embrace thirty-six weeks, and be divided in two terms of eighteen weeks each.

The Course of study will be divided in three classes, viz: PRIMARY, INTERMEDIATE and COLLEGIATE, embracing English, a complete Course of mathematics, Penmanship, Book-Keeping, the Natural Sciences, French, Latin and Greek. The Ollendorff method of teaching the languages will be used. The Inductive System, now used in the best Schools in America, will be used; and hence, no text books will be used except those of that system.

Particular attention given to the Political Branches, and students wishing to prepare for College will be accepted as a special course, which will enable them to at once to enter the Sophomore Class in any College in the United States. Arrangements have been made with a professional Penman to teach Penmanship and Book-Keeping.

Discipline will be strict, and prompt obedience exacted from all; and should any parent or guardian assist, counsel or in any manner cause a pupil under his or her control, to violate any rule made for the government of the School, or evade any duty required of them, such pupil will be expelled, regardless of age, and the entire tuition for the term will be immediately collected.

TUITION FEES PER TERM OF 18 WEEKS.

PRIMARY CLASS,	$10 to $12
INTERMEDIATE CLASS,	14 to 16
COLLEGIATE CLASS,	18 to 20
Music on Piano, by Mrs. Bonisson, (extra,) per month,	5
Penmanship and Book-Keeping, by J. Taliaferro, (Extra,) per month,	1
Incidental Fee, in advance, per Term,	1

These rates are in Specie—Currency taken at market value.

Tuition charged from the time a pupil enters until close of term, payable one-half in advance, the remainder at the expiration of the term; if not thus paid, interest at the rate of ten per cent. will be charged from end of term till paid. No deduction except in cases of protracted sickness of a serious nature.

The School will be strictly non-Sectorian in its control and influences.

Board can be obtained in private families at reasonable rates. Boarders at all times are amenable to the Principal.

Returning our thanks for the liberal patronage during the session just closed, we hope by strict attention to duty, to merit a liberal continuation of the same.

R. A. LANDRUM, Principal.
....., Assistant.

Each Student will be charged from the time of entrance until the close of the session. No deduction will be made for absence, except in cases of protracted sickness. Tuition payable quarterly in advance.

This School is located four miles North of Dallas, in a healthy situation and pleasant community. The Principal of the Academy having purchased the school building (which is amply large to accommodate two hundred pupils, well ceiled, with two good chimneys,) has no other intention but that of making this Institution a permanent one—worthy of the patronage of our best citizens. Prof. Clowney, (formerly Professor of Mathematics in the Kalorama Female Institute, Water Valley, Miss.,) is a profound scholar, experienced teacher and affable gentleman. The main object of the teachers of this school will be to make their pupils thorough in every branch of learning taught.

LECTURES

Will be delivered by Professor Clowney on Physiology and various scientific subjects through the entire session.

☞ BOARD can be obtained convenient to the School, at from $8 to $10 per month.

Refer to Professor Ragsdale and Dr. J. W. P. McKenzie, Waxahachie; Professor W. H. Scales, Dallas; Dr. H. J. Moffett and Professor R. J. Haynes, Lancaster; Professor W. R. Smith, Cedar Springs; and to the people of Dallas county, where the Principal has taught for eleven years.
