HORRIBLE TRAGEDY. - In Roxbury, Mass., on Saturday, a stranger man named Daggett, having been employed with Dr. at the house of Dr. Cummings, where he lingered about, behaving strangely most of the day, at about evening came into the sitting room where Dr. Cummings and little daughter of Dr. Cummings were present, and silently after suddenly seized the child by her hair, threw her across the knee, and cut her head almost off with a razor which he had taken unnoticed, from the mantlepiece! The unprotected mother, struggling in vain to rescue her child from the grasp of the monster, but at last got possession of its lifeless body, and fled into the street, pursued by the murderer, with the head of the victim dangling over her shoulder! At the approach of the neighbors, Daggett retreated to the house, where he cut his own throat and died in ten minutes. He is supposed to have escaped from some mad house.

THE PREMIUM HORSE

YOUNG MORGAN TALLIO

Was sired by the Old Woodbury Morgan — This horse took the first premium at the State Fair at Albany. As a farm horse he is no doubt the best stud horse in America. He is from the best family of Morgans. The Tallio was sired by Gilford and Tallio's dam, and was far superior to old Gilford in every respect, he is a blood bay color, and weighs 1100 pounds. He sired Gray Hawk that stood at Brandon last season. Gray Hawk was sold last season for $1000 and was taken to Chicago — Tallio's stock is far superior to Black Hawk's in every respect. I am the first man that ever paid a large price for a Morgan Horse — I purchased the Old Woodbury Morgan in the year 1826 of John Woodbury, then of Bethel, at the enormous sum as it was then thought, of $500.

Tallio is now at Wm M. Fiske's stable in Brandon, and will remain there through the season.

Terms. Ten dollars to ensure a foal. All mares disposed of before the usual time of foaling will be considered with foal.

EXCELSIOR SALOON.

THE subscribers would respectfully inform the inhabitants of Rutland, that they have erected a portable Daguerreotype saloon, and are ready to take pictures in any size, from the size of life down to lockets, pins, &c. Persons desirous of having a picture taken, will do well to call at the Saloon, as we will throw any light or shade on the face or drapery. The time required for sitting is from 5 to 20 seconds. The advantage of this will be easily perceived, as here either the expression invariably becomes fixed, and the picture has a cold and forbidding look.

It is the intention of the subscribers to make

DAGUERREOTYPING

a standard art, and for the benefit of those who have any misgivings about the durability of a Daguerreotype likeness, they would state that it is the opinion of the most scientific men that it will stand the test of ages. It is produced by an amalgamation of mercury and silver, secured by a deposit of gold, which forms an enamel over the surface of the picture that cannot be erased only by the fire.

No pictures will be allowed to leave the saloon unless finished to the most perfect manner, and put up with a pocketer, so as to exclude all air dust, or foreign substance, and no picture need be taken unless perfectly satisfactory to the purchaser.

PRICES FROM $1.25 to $5.00.

Ladies and gentlemen are respectfully invited to call and examine specimens
