RAYMOND & CO.,

AND

HERR DRIESBACH'S

MENAGERIES,

UNITED IN ONE LARGE AND VARIED EXHIBITION,

Consisting of all the Rare Animals now extant,

Numbering over 100 Specimens.

——WILL EXHIBIT AT——

Burlington, Tuesday, October 14.
Vergennes, Wednesday, October 15th.
Middlebury, Thursday, October 16th.
Brandon, Friday, October 17th.
RUTLAND, SATURDAY, OCTOBER 18th.
Wallingford, Monday, October 20th.

Doors open at 1 o'clock.....Admittance 25 cents, Children under 10 half price.

Among this Great Collection, which is the Largest ever exhibited in America is

THE RHINOCEROS OR UNICORN

of Holy Writ, the first and only one in America since 1826. The great skill and care in capturing this huge and savage creature, together with the almost insurmountable difficulties in keeping him alive for a climate so uncongenial to his habits and constitution, renders the exhibition of a living Rhinoceros the greatest Curiosity in the Animal World. Also Specimens of the HIPPOTAMUS, the only one ever exhibited in America.

TWELVE LIONS of the finest specimens from different Countries, some of which were presented as the renowned Hero Performers by the Military Officers to Victoria in her travels over Europe, viz. Four Master Performers COLUMBUS the largest in America, Weighing 1100 pounds. Also the Beautiful Elephant TIPPOO SULTAN, which has caused such a great excitement all over Europe, will go through a variety of performances, such as Walking, Balancing, Ringing the Bell, Creeping on the Forefoot, Washing over his Keeper in his tub up, Drinking a Bottle.

HERR DRIESBACH,

The most celebrated of all Animal Performers, will exhibit in a

GREAT GROUP OF WILD ANIMALS,

His performances with the Terrific Group of

LIONS—TIGERS—LEOPARDS—PANTHERS—COUGARS—

The same as performed by him in all the principal Cities of Europe with such great renown.

HIDER ALGO THE LION TAMER, will give a performance in a

DEN OF WILD ANIMALS.

Separate, and altogether different from Herr Driesbach's, making two grand Animal Performances in the same Exhibition. Many other Performances will be given in the course of the Exhibition, such as Ponies, Monkeys &c.

A full description of the Animals, which the great experience, enterprise, and resources of the Proprietors have enabled them to bring together in one large and Splendid Collection, will be found on the Bills at the Principal Hotels, previous to the arrival of the Company.

ONLY $25.

—FOR A—

HOMESTEAD!

50 FARMS, worth over $10,000, and 6,000 LOTS to be distributed among 800 Subscribers.

To supply the demand for lots and farms, I have laid out another tract, adjoining the Long Island Railroad and the land already sold at Hermanville, to be of the same size, and disposed of and divided among the purchasers in the same manner as those recently sold there, with 40 farms instead of 22.

I have been induced to do this from the great number of persons wishing to purchase these lots and farms, as the improvements in that part of the Island are constantly increasing, and large numbers of persons have now become interested in those lands. This additional tract is in every respect equal to the other, and at the rate they are now being taken they will all be sold in a few weeks. About 600 shares are now subscribed.

Each subscriber is entitled to eight lots, twenty-five by 100 feet, lying together, or a farm of from 4 to 6 acres. The shares are limited at twenty-five dollars—payable, $5 when subscribed for, $5 on or before the day of distribution, and the balance in monthly instalments of $5.

The lots are situate in the Village of Lakeland, on the Long Island railroad, county of Suffolk, and 18 miles from the city of New York, where handsome buildings are erected and the railroad company contemplate making a large depot for the termination of the early and late trains between that place and Brooklyn. It is one of the healthiest places in the United States, and within one mile of Ronkonkoma Lake, a beautiful sheet of water, about three miles in circumference, of singular transparency, and of great depth, with an abundance of fish. The village is but 5 miles distant from the great South Bay which is 5 miles wide and 40 miles long, abundantly supplied with oysters, clams, and fish of various kinds.

These lands will produce as much per acre with the same cultivation, as any land within fifty miles of New York.

Several gentlemen of the first respectability who have lately visited Lakeland and examined the crops now growing there, declare that the wheat, rye, corn, potatoes and garden vegetables, at equal to any they have seen in any part of the country, proving conclusively that the soil is capable of producing, and in the highest perfection, all that the agriculturist can wish or desire.

Wheat of the same quality which grows here luxuriantly was raised by Mr. Samuel Thomason, of Setauket, last season, about eight miles from this place, who received for the product of a little more than two acres, four hundred dollars.

Lakeland Station is located on the hundred on the Long Island Railroad, where cars run several times a day to Brooklyn and New York. The surface of the land is smooth and level, and the surrounding country is perfectly healthy, and within a few miles of this place highly cultivated, and valuable, having been settled for more than a hundred and fifty years, and where similar lands sell at from fifty to two hundred dollars an acre.

The lands are as good as represented, and as good as any new land on the Island, and when cultivated, will produce in the highest degree.

The land was once heavily timbered; some portions are now covered with a thirty growth of young wood, oak and pine. Wood is dear and generally cheap in that part of the Island. Fire-wood is cheap, that which is suitable to be cut into cord-wood for the New York market is of uniform price, and has for a great many years been always considered a cash article on the Island. There are brick kilns within two miles of Lakeland, and at brick from twenty dollars and fifty cents to five dollars per thousand.

There is material on the land for common fencing—good chestnut rails can be had within a few miles of these lands in abundance. All building materials can be had at the depots of Brooklyn and Greenport and at many intermediate places, at the usual market prices. There are numerous streams of water rising in these new lands, and running into the great South Bay, which are remarkable for their purity and never fail—indeed dry weather makes very little change in them, they are unfailing, and wells are of various depths—probably on these new lands on the middle ridge of the Island, the average depth will be about 25 feet. At Lakeland, as the ground is higher, they are deeper. Subscribers are not compelled to build.

There are now churches and schools within two or three miles of the village and within 4 miles of mills, stores, factories and villages.

All the privileges of an old settled country are to be had here, and the people of Suffolk County themselves are being a highly moral, orderly and religious people. All of my subscribers are persons of respectability.

In consequence of the great number of letters from all parts of the country, desiring information of the lands, it has been found necessary to answer them in this form.

*** Apply to CHARLES WOOD, Station 117 John street, near Pearl N. Y., who will receive remittances and forward the deeds for the return of mail. He will also give information to persons who may be interested in the property, and distribute a map or a chart of the lots, free to any who may call for it.

I also desire to say that I have good FARMING LANDS west of my village lands, which I will sell in 5 acre lots or upwards, at from $8 to $20 per acre. These lands are well located for farming and gardening purposes, in every respect, and having the advantage and proximity of Railroad, which cleared and cultivated, they will be equal to any land in the Island, and equal to Hempstead, in the opinion of all the old settlers and residents of Long Island who visit them.
