Circassian Oil.

TWO or three few months since this invaluable article was first introduced to the public, but in those few months it has gained a reputation which no other article can ever attain. Everybody uses it—everybody is pleased with it, and why? Simply on account of the peculiar properties which it possesses. Instead of causing the hair to become dry and stiff—it invigorates the roots—cleanses the scalp and promotes its healthy growth. Many articles are prepared for the hair by ignorant pretenders which are wholly valueless and many which are positively injurious. One trial of the Circassian Oil, will convince the purchaser of its intrinsic value, and induce him to use nothing else—In order to introduce the article to every one it is sold at the low price of *twenty-five cents* per bottle. Merchants and others will be supplied by the Wholesale Agent at Manufacturers *Lowest Prices*

RUTLAND & ADDISON MUTUAL FIRE INSURANCE COMPANY.

NOTICE is hereby given to the members of the RUTLAND & ADDISON MUTUAL FIRE INSURANCE COMPANY, that a TWO PER CENT tax has been made by the Directors, payable the first Tuesday of November next as follows:

[illegible]

Total assessment, [illegible] per cent.

[illegible]

Members residing in other towns or Rutland County will be assessed by their respective agent.

The payment of assessments, during the past year, amounted to the sum of [illegible] dollars, which has enabled the Directors to reduce the assessment to [illegible] per cent. Instead of requiring the payment of the assessment in cash, as heretofore, the Directors have adopted the system of giving to the Members of the company a premium note, and the payment of the assessment in cash, or premium note, is optional with the Members. The premium notes are to be for the amount of the assessment and payable to the Treasurer of the company on demand, with interest, after the expiration of one year from the date of the assessment, and are to be used in payment of losses, if the company should need the money for that purpose. If the company should not need the money for the payment of losses, the notes will be returned to the members, when they shall have paid the assessment in full, and the expenses of the company will be paid out of the interest on the notes, which will be a saving to the members of the company, instead of paying heavy premiums to other companies.

By order of the Directors.

IMPORTANT TO INVALIDS

THE demoralizing invalids, and all those who have been disappointed in the cash and large expensive testimonials, are requested that the treatment pursued by Doctor ANDRUS, is effect the recovery of invalids, is different from that of any practitioner in the Union, and has been prescribed for hundreds of forty years in the Royal Locke Hospital London, with invariable success, in every variety of disease, being a native, and the reviver the well land practising the most remarkable curative powers ever attributed to any physician. Mineral waters and medicine are long long impotent, that the difficult and sensitive suffer more from the agony of remedy than from the disease, that while especially medicines could not cure, and be more like an enemy, cure from only burden the system. What is required are medicines to invigorate, arouse and living rating. This long tested remedy in order of success has been attained and satisfactory evidenced.

DR. ANDRUS

may be consulted at the Franklin House, Rutland on the 11th and 12th of every month, in all cases of consumption and throat disease, fits, fits and spinal diseases, scrofula and all affections of the urinary organs gravel, piles, tetter, nervous weakness and all rheumatic paralytic and nervous affections and all languors in general; affections of the lungs cough, asthma, dyspepsia &c.

Dr. Andrus's personal and professional experience enables him to offer in all cases, and from whatever cause the powers of the constitution may have become enfeebled, a safe, permanent and speedy restoration to health. Medicine furnished in all cases, and the patient can be at home at $3, and in no case would it cost more than to effect a cure. Long standing cases can make a treaty fee at charge the first month, and are requested to call.

—FOR A—

HOMESTEAD!

50 FARMS, worth over $10,000, and 6000 LOTS, to be distributed among 800 Subscribers.

To supply the demand for lots and farms I have laid out another tract, adjoining the Long Island Railroad and the land already sold at Hempstead, the lots of the same size, and disposed of and divided among the purchasers in the same manner as those recently sold there, with 10 farms instead of 22.

I have been induced to do this from the great number of persons wishing to purchase these lots and farms, as the improvements in that part of the Island are constantly increasing, and large numbers of persons have been become interested in those lands. This additional tract is in every respect equal to the other, and at the time they are now brought, as they will all be sold in a few weeks. A great third share are now subscribed.

Each subscriber is entitled to eight lots, twenty-five by 100 feet, lying together, or a farm of from 1 to 5 acres. The shares are limited at twenty-five dollars—payable, $5 when subscribed for, $5 on or before the day of distribution, and the balance in monthly installments of $5.

The lots are situate in the Village of Lakeland, on the Long Island railroad, county of Suffolk, and 38 miles from the city of New York, where handsome buildings are erected and the railroad company contemplate making a large depot for the termination of the early and late trains between that place and Brooklyn. It is one of the healthiest places in the United States, and within one mile of Rockaway Lake, a beautiful sheet of water, about three miles in circumference, of singular transparency, and of great depth, with an abundance of fish. The village is four miles distant from the great South Bay which is 5 miles wide and 40 miles long, abundantly supplied with oysters, clams, and fish of various kinds.

The Bay will produce as much per acre with the Nile will produce as much per acre in any land within fifty miles of New York.

Several gentlemen of the first respectability who have lots in Lakeland are engaged in the business of growing there, dealers in the best, rye meal, potatoes and garden vegetables, are equal to any they have seen in any part of the country, proving conclusively that the soil is capable of producing, and in the highest perfection all that the agriculturist can wish or desire.

Wheat of the same quality which grows here is generally sold by Mr. Stewart Thomson of Setauket last season, about eight miles from the place, who received for the product a little more than two acres, four hundred dollars.

Lakeland Station is located on the borders of the Long Island Railroad, where cars run four times a day to Brooklyn and New York. The surface of the land is smooth and level, and the surrounding country is perfectly healthy, and within a few miles of the place, highly cultivated, and valuable, having been settled for more than a hundred and fifty years, and the smallest lands cell at from fifty to one hundred dollars an acre.

The farms are all of a size represented, and are laid out so as to take in a share of the Island, and when located will produce in the highest degree.

The land was very heavily timbered, and consequently was covered with a rich growth of vegetable matter and pine. Wood is dearly and generally cleared in this part of Long Island. Five wood lots up that are valuable in the last tract, are 4, for the New York market, and a farm price, and has, for a great many years been always cut for a wood lot, there is the land. There is a brickyard within 10 miles of Lakeland, and of brick from 4 to 6 dollars per thousand.

There is a premium on the land for economical purposes, and the most intelligent can see that it is a good investment, especially for Brooklyn and Brooklyn and Brooklyn. A large depot is to be built for the depot at Brooklyn and Brooklyn, and the same have been made by Brooklyn and generally remunerative—I now open for the accommodation of the travelling public, and to all whom business, pleasure or curiosity may call to this place.

This house is pleasantly situated on the line of the Railroad from Rutland to Troy and also to Hubbard, but THREE miles from Castleton Seminary and from which place, stages arrive and depart daily on the arrival of the Cars—and is within a mile of the celebrated Marble Quarries for which Rutland is so noted.

No pains will be spared by the subscriber to render this house a quiet and agreeable resort for the traveller, and a comfortable and pleasant stopping place for gentlemen on business or pleasure.

☞ Horses and carriages at all times of readiness for the accommodation of the patrons.
