Could love forever,
Love has a life,
And moves endeavor,
In truth or vain,
Neither pleasure,
With the world measure,
And over a treasure,
Weeding the chaff.
Romance cor'ghing,
Looks at loving,
And forgets for thing,
Love pleases his wing
Then for this reason,
Let's love a season,
And let that season be only
Spring.

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

OF all the numerous Medicines extant, and some of them valuable for the cure of pulmonary complaints, scarcely two have been found which could compare in effecting with this Preparation. Oft times are some remedies lost at critical times and in all diseases of the lungs and throat, where medicine can give relief, none do it. It is pleasant to take and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it, but those who have not. Families that have known its virtues will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which, neglected, open the way for fatal consumption.

This preparation at the Massachusetts Institute was awarded to the proprietor by the Board of Judges in September, 1847, after the Medals of the three great Institutes of Art in this country, and the Diplomas of the State Institutes, had been awarded to other Cherry Pectorals by their governing committees, as the most efficacious and safe remedy for the diseases of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Professor of the Pittsfield Medical College.

Dr. Jonas Marsh, of Vermont, writes:—

Dr. J. C. Ayer—For years I have used your CHERRY PECTORAL in my practice, and have proven what I have said from its composition, must be true, that it really does cure the colds and coughs to which we are in this section so peculiarly liable.

I know no equal, have not yet been discovered, nor do I think a better remedy can be made for the diseases of the Throat and Lungs.

See what it has done in a wonderful communication, recently in the Union, cures from Lockport, Niagara County, Jan. 24th, 1851.

Dr. Ayer—In the month of July last I was taken sick on a visit to my friends in the interior of California. I expected to take Elsinore's Pectoral for a cough, but was advised by a severe cough and a relative to try your Cherry Pectoral. I commenced taking it, and received the benefit from the first dose. My cough entirely ceased in a few days, and when I arrived in New York, I was able to attend to my acquaintances as a person of consumption. I must confess that I was sufficiently insane to doubt, which my friends all present. At the time I commenced taking your truly invaluable medicine with little expectation of derive any benefit from its use. You would not receive these lines and I not regard it my duty to state to the afflicted throughout, that my health, in the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL.

Yours truly, WILLIAM H. SMITH.

WASHINGTON, Pa., April 12, 1851.

Dear Sir—Feeling that I have been spared from a premature grave through your instrumentality by the application of your Cherry Pectoral, I will take the liberty to express my gratitude.

A severe and distressing symptom of Consumption, the spitting of matter, leave me nothing to hope for. Physicians had given me up, and I was fast sinking into the grave. Perceiving your Cherry Pectoral, I determined to try it, and in a few weeks time my health returned.

How much do I owe where what it was for me, you are aware. Use of the circumstances of making this statement, I remain, Very respectfully yours,

JOHN C. CLARKE, Rector of St. Peter's Church.

With such assurance and from such men no absolute proof can be adduced unless it be from the agonized dead.
