12—1y HENRY HOLDEN, Sec.

THE LABORS OF THE ARTIST are by no means confined to the departments of painting, sculpture and architecture, but find equally great opportunities for development in works destined for utility as well as ornament. The truth of this assertion can be readily verified by a visit to KNOX & JAMES' establishment, corner of Broadway and Spring streets, New York, and inspecting their Spring style of Hats, which for lightness, excellence of fabric and manufacture, and exquisite beauty of shape, rival, if they do not excel, all previous efforts of the artists, for they are eminently deserving of such an appellation.

TO THE LADIES.—No Lady should be without Mrs. Compound Syrup of Yellow Dock Root. It is a sovereign remedy for those diseases that destroy the comfort and embitter the lives of so many females, and to which all are liable. It is an agreeable medicine, as well as a certain cure, and may be always taken with safety. Sold by C. BURT & SON.

"I DIGEST!" Such is the true meaning of the word "Pepsin," or of the two Greek words from which it is derived. This is the significant and appropriate title of the True Digestive Fluid, or Gastric Juice, prepared by Dr. J. S. HOBARTON, of Philadelphia, from the Fourth Stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy Stomach. No art of man can equal its curative powers. It renders good eating perfectly consistent with health. See Sign of the Ox, in another part of this paper. 19—1y

For particulars see circulars in the hands of agents, to be gratuitously distributed. N. B. Be sure to call for Curtiss & Perkins' Cramp and Pain Killer. CONSUMPTION.

Consumption every body knows, is a fattening disease. It commences and progresses so insidiously, that before one is aware of it, the lungs are a mass of ulcers, then a sudden exposure or cold brings fever to a cold, produces an inflammation, and in a few days or weeks, it is said, he or she died of hasty Consumption. For all troubled with cough or lung complaint, we would refer to the advertisement on the outside of this paper of Hodgson's Chemical Extract of "Cherry and Lungwort," which is said to be a certain cure for this awful disease.

From the New Haven Palladium.

THE ROCK ROSE.—A medicine under the title of "Rock Rose," made from a plant of that name, is having a great run in this country for its curative properties. We have seen it stated that it was only applicable to at least one half of the maladies of the day, cannot be justly applied to Rock Rose, for it has "made its mark" in the city in several cases, to the relief and cure of coughs, colds, and other troubles, which, when so quite remarkable, some of our best physicians do not hesitate to speak very favorably of the compound. The certificates of cures are not fabricated, but from highly respectable persons, most of whom are well known to us. The manufacturer is also well known to us as a gentleman who would not for a single day, or for a dollar, or in deceiving the public in any way—Palladium.

We cheerfully endorse the above, having witnessed its good effect especially on pulmonary and scrofulous complaints. We believe it is the best compound for cough and coughs relief. The Rock Rose has long been known to us as a plant of rare medicinal virtues, and its preparation is superintended by a gentleman of ability and character in our city.—N. H. Register.

New Haven, Dec. 20, 1852.

This is to certify that the source of the Rock Rose manufactured and prepared by myself, and sold with one from the Palladium, was not only transferred, but was written by the editor of his own judgment and observation. GORDON & BALDWIN.

Palladium Office, New Haven, Dec. 22, 1852.

This will certify that the favorable notice of the medicine known as the "Rock Rose," was voluntary testimony, induced by the writer's knowledge of the curative effects of the article in certain cases, as well as its elegant appearance and taste, which will know to him, had expressed of it; and furthermore, the article was in either without pay or the promise of pay, on the knowledge of the manufacturer.

JAMES W. BALDWIN.

Sold by Rock Rose as for sale by C. Burt & Son, Rutland; Lincoln & Osgood, Castleton; Gates, Center Rutland; and dealers in medicine everywhere. 18—1w

ONE OF THE BEST remedies for coughs, colds, asthma, consumption, and other kindred complaints, at present before the public, is Devine's Compound Pitch Lozenge. The proprietors are men who would scorn to offer an inferior preparation to the public. We have tested their medicine ourselves, and to unhesitatingly recommend it to our friends. It can be obtained at the principal drug stores. 21—1y

"Multiply the means and you multiply the results," is one of the established maxims in business that has made the fortunes of thousands of men that have commenced with nothing but their individual enterprise to depend upon. The spirit of the age positively demands that a man to insure success in business should use every honorable means in his power to merit it. Customers never come to a man's shop if he sits down quietly and waits for them, without letting his business be known. He might as well light a candle and place it under a bushel.

EDGAR M. GLYNN

INFORMS the public that he has fitted up a Shop—which stands 100 rods south of R. Parker's, on the Boston road,—and is now ready to accommodate people in the line of business, as follows:

Make guns to set Rifles; do. Pistols, of any size or fashion; any kind of gun repairing done at short notice; copper brands for marking cheese vats, &c.; cast steel marking irons, for marking iron work and tools; screw plates made or repaired. Ladies and Gentlemen's gold and silver rings; tinkerys, for pulling teeth, made or repaired.

Gentlemen who are wanting anything done in my line, please call where you can have it done in workmanlike style, and warranted to do good service, or no pay. Gentlemen! beware of old fashioned, flint lock knockers, that learned their trade in the time of the Revolution, for they do not know the philosophy of any kind of new fashion work. When you get sick of patronizing such cobblers, with your eyes sore, and your shoulder lame, by your guns kicking and throwing caps and scattering shot, flee to E. M. Glynn, who is sure cure for all such infirmities, and other kinds of work done too numerous to mention.
