From the International Journal.

ONE OF THE BEST remedies for coughs, colds, asthma, consumption, and other kindred complaints, at present before the public, is Dr. Ives's Compound Pitch Lozenge. The proprietors are men who would scorn to offer a worthless preparation to the public. We have tested their invaluable Pitch Lozenge ourselves, and we unhesitatingly recommend it to our friends. It can be obtained at the principal drug stores. 11—ly

CONSUMPTION.

Consumption every body knows, is a dreadful disease. It commences and progresses so slowly that before one is aware of it, the lungs are a mass of ulcers, then a sudden expansion of change from heat to cold, produces an inflammation, and in a few days or weeks, it is said, he or she died of lady Consumption. For all troubled with cough or lung complaint, we would refer to the advertisement on the outside of this paper of Jackson's Chemical Extract of "Cherry and Tar Expectorant," which is said to be a certain cure for the awful disease.

Masonic Notice.

"A DIGEST!" Such is the true meaning of the word "Pepsin," of the two Greek words from which it is derived. This is the significant and appropriate title of the True Dyspepsia Fluid, or Gastric Juice, prepared by Dr. J. S. Houghton, of Philadelphia, from the fourth stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy stomach. As art of man can equal its curative powers. It renders good eating perfectly consistent with health. See figure of the Ox, in another part of this paper. 15—ly

Hydro Electric Voltaic Chains are for the first time introduced to the notice of Rutland County as the only scientific method of instantly relieving and permanently curing all Nervous Diseases.

1000 Dollars

will be given to any person who will produce as many well authenticated certificates of cure, both from intelligent patients and scientific physicians, as have been performed during the last year by the Electric Chain. The most acute pain is instantly relieved by a single application of the Chain, and the worst forms of Rheumatism and Female Diseases have been permanently cured, after wearing a chain for a few weeks.

The Electric Chains are presented in the country and highly recommended by Prof. Mott, Van Buren, Post, Carnochan, of New York, and are also in daily use in every Hospital in that city.

Mode of Use.—Before using the chain it should be first saturated with common vinegar, and then applied directly to the part where the pain is located—one end of the chain being placed opposite to the other. Call upon Messrs. POND & MORSE and obtain a pamphlet (gratis.)

Card to Ladies.

Ladies who are anxious are requested just to wear them, for by wearing them constantly for a few days, amazing cures are produced.

ROCK ROSE.

The Literary is an elegant book, and is issued on the new page of a work published by H. B. Fiske, M. D., of New Haven, Conn., on the efficacy of Rock Rose. These pages were printed without any significant or characteristic being produced in the press, nor which time, the phrase the Rock Rose, under consideration, have been more fully tested, their virtues developed and their character more fully determined. They are published by and with the approbation of several medical friends. The object of the Rock Rose is, to lay before the members of the profession and the public, the results of a plan not yet generally recognized, which, nevertheless, as we think, member of the profession have remarked to us, now, was for more effective powers than the popular therapeutics. I ask for the plan an impartial trial.
