"Scrofula." Read This.

Many Physicians in our large cities, have recommended and used the Rock Rose, with great success. Dr. J. H. Thompson, of Philadelphia, used it in several cases of Scrofula. In one case, of three years standing, where the patient had a large opening upon the hip, leading to the bone, containing twelve ulcers, he ordered a decoction of Rock Rose to be used three times a day; and in thirty-nine days the patient was entirely cured.

OFFICE OF HIRAM KETCHUM, Esq., } 21 Wall street, New York, Nov. 19, 1851.

MR. A. B. L. MYER—Dear Sir: This will certify that I have suffered during the past year with a dreadful obstinate Affection of the eyes, causing much pain, and resisting all efforts of cure having tried many prescriptions, and taken a voyage at sea in hope of recovering my health, but all to no effect. I was persuaded by a friend, to make trial of your Extract of Rock Rose, from which I have experienced great relief. It produces a most happy effect in driving the humors to the surface, and then gradually disappearing. Conscious of the unsurpassing excellence of your medicine for all impurities of the blood, I cheerfully submit the above to the consideration of the afflicted. Yours respectfully, HIRAM KETCHUM, Jr.

No art of man can equal its curative powers. It renders good eating perfectly consistent with health. For Epsts of the Ox, in another part of this paper. 39-1y

HYDRO ELECTRIC VOLTAIC CHAINS are for the first time introduced to the invalids of Rutland County as the only strictly scientific method of instantly relieving and permanently curing all Nervous Diseases.

1000 Dollars

will be given to any person who will produce as many well authenticated certificates of cure, both from intelligent patients and scientific physicians, as have been performed during the last year by the Electric Chain. The most acute pain is instantly relieved by a single application of the Chain, and the worst forms of Rheumatism and Female Diseases have been permanently cured, after wasting a chain for a few weeks.

The Electric Chains are patented in this country and highly recommended by Profs. Mott, Van Buren, Post, Carnochan, of New York, and are also in daily use in every Hospital in that city.

Mode of Use.—Before using the chain it should be first moistened with common vinegar, and then applied directly to the part where the pain is located—one end of the chain being placed opposite to the other. Call upon Messrs. FOND & MORSE and obtain a pamphlet gratis.

Card to Ladies.

Ladies who are nervous are requested not to wear them, for by wearing them constantly for a few days, advantages are produced.

CONSUMPTION.

Persons are every day made feeble in a lingering disease, by consumption and its allies, as bronchitis, and hoarseness, or a cough or a cold, which a few days or weeks, if cured, would prevent the fatal consumption. For all troubles with cough or lung complaint, we would refer to the testimonials on the outside wrapper of Fosdick's Chemical Extract of Cherry and Lungwort," which is said to be a certain cure for this awful disease.

The family of the deceased, are the deep sympathy of this community, in the great affliction which this event has brought upon them. They have known before, what it is to weep for those whom we love. Well do we remember how anxiously the father watched over the mortal form of our son and brother, until they had given up their lives, to the turning rays of this dreadful fever. And he now, himself, has fallen, a victim to the same disease. But, he will live in the memory of those, who have listened to his tuneful counsels—received his honorable attentions—and kindly feelings. Tenderly will they bid him, farewell!

That can by one touch but has held on life
From all it loved or valued, forced to part
In detail. Feeling dies not by the knife
That rends at once, and kills—its tortured strife
Is with death—and death is but a pang
During its bitterness. Our world is rife
With grief and sorrow! All that we would prize,
