To the commissioners of Webster county:—Your petitioner, R. L. Alyea, as agent for John W. Moon, respectfully presents that on the 11th day of October, 1898, a distress warrant for taxes, issued by the treasurer of Webster county against the Farmers and Merchants Banking company was served upon your petitioner, and thereby was taken a safe, the property of John W. Moon, then alive, now dead, with an administrator in this county. Affiant alleges that the taxes for which said safe was taken, were not taxes against the bank property nor against the property of John W. Moon, who was the owner of the safe. That on account of the issuing of such distress warrant your petitioner has been required to pay $10 for the hauling of one safe which was levied upon in the sum of $1000. Your petitioner respectfully presents therefore that he is entitled to a refund of the taxes so paid amounting to $262, together with the cost of transportation of such safe amounting to $10. R. L. From New Zealand.

REEFTON, N. Z., Nov. 23, 1896.

I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

WONDERFUL WORK.

I make this statement for the sole purpose of letting others know what wonderful work Aerial Medication does. I was deaf for ten years; could not hear a clock tick when held close to my ears, and had catarrh so badly that I thought I could never be cured. There was a very bad discharge from my ears, nostrils were very sore, the discharge had a very disagreeable odor, and the noises in my head were very distressing. I read in the papers of the wonderful cures that were being effected by the use of Aerial Medication, and I decided to try it. I used the treatment about six weeks before I could hear any better, but from that time on I improved, and now can hear as good as any one. Can go in company and enjoy myself like others. Am cured of catarrh, and the roaring in my head has ceased. Am now strong and healthy; have not used the treatment for some time, and believe that I am permanently cured.
