BRIGGS'S PATENT

FENCE MACHINE,

FOR turning Fence Pickets and other articles of wood of a cylindrical form.

The undersigned continue to operate the above Machinery at "Winooski City," where they would be happy to furnish purchasers with some of their varieties of Farm, garden or ornamental Fence.—They will also work up Lumber upon shares or by the rod for those who wish.

Owing to the advantages which they derive in the use of the above improvement, they are enabled to afford a neat and beautiful fence for yards and gardens, at much less expense than the same can be got up for in any other way, while for durability it is not excelled by any in common use. This valuable improvement was first brought out in Western New York, where it has gone into extensive use and has received the approbation of the Mayor of the city of Buffalo, with many hundreds of the first agriculturists and others in that part of the State, also of Gov Hubbard, Dist. Jarvis, Judge Churchill and many others in New Hampshire. In fact wherever it has been introduced it has been highly approved. As a Farm Fence it combines more advantages than any other fence ever used. It can be used *without posts*, and is therefore not affected by the freezing and heaving of the ground. It takes less timber than any other kind of fence, is a certain protection against all kinds of cattle, is not liable to get out of repair, *cannot be blown down*, is easily set up, taken down and removed, without injury.

☞ No Farmer *should be without* at least a sufficient quantity to throw around his fields of grain and stack yards.

The undersigned refer with pleasure to Col. Harry Thomas, N. B. Haswell, Esq. and Messrs. Brinsmaid and Brothers, Burlington; Hon. David Read, Colchester; Ralph Landon, Williston, and Wm. Keeler, Esq., Grand Isle.

Allebasi's Medicines.

THE above Medicines have become so popular, where they are known, that, to meet the demand, the proprietor has adopted the plan of multiplying the Agencies, furnishing each Agent with a neat circular, containing

THE BLOOM (or Allebasi's,) SALVE, ALLEBASI'S HEALTH PILLS, ALLEBASI'S TOOTH-ACHE DROPS,
AND
ALLEBASI'S POOR MAN'S PLASTER.

A number of Agencies are now established in this village, furnished as above, together with pamphlets for general distribution, setting forth the virtues of the Medicines, and containing extracts from highly respectable persons, of some of the many cures they have effected. Families and individuals are invited to call and get a pamphlet, read, and if they have occasion, try the Medicine, which are warranted to do all that is claimed for them.

The Agents for Burlington are PECK & SPEAR, Apothecaries and Druggists, general whole sale and retail Agents, who will supply Country dealers at whole sale, on the same terms with the proprietor in New York, Wm. H. Carns, Henry Hyde & Co., Geo. Peterson, N. W. Gage, Harry Bradley, and Hagar & Arthur.

GREAT

ENGLISH REMEDY
FOR COUGHS, COLDS, ASTHMA, AND CONSUMPTION!

THE GREAT AND ONLY REMEDY for Colds, Coughs, Asthma, and CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by the celebrated Dr. Buchan, of London, England, and introduced into the United States under the immediate superintendence of the inventor.

The extraordinary success of this medicine, in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians, as CONFIRMED AND INCURABLE. The Hungarian Balsam has cured and will cure the **most desperate of cases.** It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the Climate, but to be at hand as a prompt preventive in all cases of Colds, Coughs, Shortness of Breath, Pain in the side and Chest, Irritation and soreness of the Lungs, Bronchitis, Difficulty of Breathing, Hectic Fever, Night Sweats, Emaciation and General Debility, Asthma, Influenza, Hooping Cough, and Croup.

☞ Sold in large bottles, at $1 per bottle, with full directions for the restoration of Health.

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this Great English Remedy, may be obtained of the Agent, gratuitously.

1844.
LAKE CHAMPLAIN, NEW-YORK AND BOSTON.
MERCHANTS' LINE.

THE PROPRIETORS of this Line have provided a class of first rate boats to ply the present season between Lake Champlain and New-York, for the transportation of Merchandize and such other property as may be entrusted to their care, and hope to receive, as they intend to merit, a fair share of patronage.

These boats go through to New York, and are to be towed by steam on Hudson River, and on Lake Champlain when necessary. In this mode property is not subjected to injury by transhipments, and lots are kept together.

This Line of boats connect at New York with the Despatch Line of Boston Packets; Contracts for freight between Boston or New York and Lake Champlain, can be made with our agents. Property passing between Boston and Lake Champlain, forwarded in either direction via Western Railroad, when desired.
