THE INHERITANCE;
OR THE LOST MINIATURE,

(Concluded from 1st. page.)

tion,' said the King, severely, 'but you have wilfully departed from the intention of the deceased, and I accordingly accept of the interpretation of Monsieur Durant, which is that that part you chose was to be his son's. The part you chose was one hundred and ninety-nine thousand livres: the other thousand to go to the church. The words are explicit, Abbe Foveau. Such part as the Reverand Pere chooses, to go to my son.'

Shylock balked of his pound of flesh, by the lovely judge, presented not a more utterly overcome and downcast look than the preast, who, bowing low, left the King's apartment. Paul fell at the King's feet, and burst forth in eloquent expressions of gratitude.

'Young man,' said the monarch, with a smile, 'I have offended for the sake of justice, 'a powerful body of men! but if I am not just, who is to be so in France! You are a soldier?'

'Yes, Sire'

'I appoint you at once to my *corps de garde*. A lieutenancy is vacant. Let me see you to-morrow at the palace.'

The whole party now retired, happy and contented in the extreme. Durant, perhaps, enjoyed the triumph more than any, because it was his wit and eloquence which had turned the scales against the Abbe. Paul obtained his inheritence; the priest went to Reme; and ere long another asked a blessing on the union of Paul Malines and the original of the lost miniature.

'Ah, my boy!, said Durant, gaily, on the day of the wedding, just as the company were sitting down to dinner, 'didn't I tell you to come to me for a friend? and now I have found you a wife.'

Paul smiled and yet a tear stood in his eye. It was Louise's father who thus spoke: his had been dead eleven years.

POPULAR OPINION.

If popular opinion is any criterion of the worth of an article, we invite the incredulous to look at the following list of names of persons who have been cured by McALISTER'S ALL HEALING OINTMENT.

It is not too much to say, that this Ointment is doing great good here and elsewhere. The various diseases that are cured, which were supposed to be overcome only by internal remedies, yield at once to the power of this Ointment. The principle on which it ever acts, viz., a *radical restoration of the Insensible Perspiration*, is the great secret of its success. As most diseases originate in a common cold, induced by closing the pores upon the surface, it follows that if by any means the pores can be reopened, and the Insensible Perspiration restored, the vile and morbid humors of the body will escape, and no cause of sickness remain.

McALISTER'S ALL-HEALING OINTMENT has now been proved to be the ONLY preparation known to effect this result.

We would remark that some of the following complaints have been of long standing even twenty years—one case of *forty years*—many of them five and ten years. Such cases as the sick headache, for instance, a complaint supposed to yield only to internal remedies, have been cured directly: also Rheumatism, Cold Feet, Liver Complaint, Consumption, Asthma, all Diseases of the Chest, Sores and the like, have been cured, while others who are taking sarsaparillas, balsams, a little sugar candy, pills and drugs, are yet suffering, with little hopes of recovery. We speak these things more in sorrow than in anger, because we feel and know that health and life are dear to every one. Persons should cease being blinded by these things so long as there was no evidence of good. What will not a man give for his life?

We here give the names only of the persons cured and their diseases. This is but a part of what we have, besides full Certificates now in our possession. Nay, if we had the names of all who have been benefitted or cured by the ALL HEALING OINTMENT within the last six months, we could cover the whole front side of a meeting house with their number. But we know our friends will tell it to their friends, and they, in turn will whisper it to theirs and thus the good thing will go round, while thus more than twice ten thousand hearts will leap for joy in the good received from this Ointment. Friends, cheer in this the good work, by speaking the whole truth to your neighbors and acquaintance, and let this *great and good medicine* find its way into every house, and gladden the heart of every soul in the land.

We have room only to give a small number of names in New York and Baltimore, now in our possession. Those from Philadelphia, Boston and other places, we are obliged at so late a hour entirely.

Dr. FOORD'S
PECTORAL SYRUP
For the speedy cure of coughs and all diseases
OF THE LUNGS.

The question is now settled with regard to the real value and practical efficacy of the *PECTORAL SYRUP*, in removing *COUGHS* and all other diseases and obstructions of the PULMONARY ORGANS.—Its superiority over every other medicine, for this class of complaints, can be attested by hundreds in this town who have used it with the happiest results: some of whose names have already appeared in this paper, and more of them will be seen very soon.—There is no longer any doubt about it—*the fact is certain*, that

DR. FORD'S PECTORAL SYRUP,

is the greatest remedy of the age; it is just the thing that has long been hoped for, and sought for, but never found till now! viz: a medicine that should be *pleasant to take—quickly efficacious* when taken; *safe* in its operation, and that it should require nothing afterwards in the shape of physic, or other medicine to carry it out of the system.

It should be particularly observed by the reader, that this *SYRUP* is not a remedy for diseases of all parts of the body, but only for the *CHEST* and *LUNGS*, and for

NOTHING ELSE!

But for all *PULMONARY DIFFICULTIES except* the most advanced stages of *CONSUMPTION*, it is no INFALLIBLE REMEDY. Even in the early stages of this malady, it has rescued many in their downward progress, and restored them to health, and to the active business and enjoyments of life. Try it, then, if you have a *COUGH*, and you will not be disappointed.

Certificates.

Rome, March 15, 1845.

DR. FOORD,—Dear Sir:—I very cheerfully give my certificate for your Pectoral Syrup, through your Agents in Rome, Messrs. Dudley & Peck. My wife has been troubled with a severe cough for some years, and in the meantime has tried various medicines of repute. Last fall her cough increased and I felt very much alarmed about her. I was induced to try your Syrup, and am happy to say, that two bottles entirely cured her cough, and improved her general health. I would recommend it to all as a medicine of great worth.

HORACE N. BILL,
Pub. and Print. of Roman Citizen.

From Rev. Zechariah Paddock, D. D.

Dear Sir:—Having used, personally, and in my family, two or three bottles of your Pectoral Syrup, I feel myself authorized, indeed, bound in duty, to speak in high terms of the article. For hoarseness, which may be attributed to the relaxed state of the mucous membrane, it is a most formidable difficulty. I have never found anything like it—in diseases of the Lungs, and other parts of the vocal organs, its effects are most grateful and salutary. Its remarkable palatableness—being very little more offensive than pure honey, I consider one of its smallest recommendations. In a word, I am persuaded that were its virtues and its excellencies known to the public, it would have an extensive sale.

Very respectfully, Z. PADDOCK.
For sale by THEODORE A. PECK,
15w2m Wholesale Druggist.

To Breeders of Horses.

THE THOROUGH BRED HORSE, SIR HENRY, will stand this season, ending in Sept. at the stable of S. Ward, Milton Falls, Vt. His rich pedigree, embracing as it does within the fourth degree such horses as *Henry, Sir Archy, imp. Messenger*, and Eng. *Eclipse*, has acknowledged superiority of form and remarkable power of transmitting its prominent points, his high reputation in New York, where many of his colts are now kept as stock horses, and where he three times received the first premium of the New York State Agricultural Society, first when a colt, at Albany, in 1845, again at Poughkeepsie, in 1846, and again, over thirty three competitors, after eleven years of service in the stud of Edward Lasca Esq., of Cambridge, N. Y., and after his stock had become thoroughly known throughout the State, at Auburn, in 1846, and finally his stock, some of which we have made arrangements to have in our pasture for the inspection of those who may wish to decide from their own observation, warrants us in saying that he is one of the best horses ever introduced into this State. It is the testimony of competent judges may be relied on he is the best horse, as a getter of fast, enduring and bold going roadsters, now offered to the breeders of Vermont. Such we believe him to be. He received the first premium of the Chittenden County Agricultural Society, held at Burlington, last September, where his colts were exhibited for the first time in the State, to one of which the first premium was awarded. The Committee remark, in their report, "the improvement in sucking colts is worthy of notice."

SIR HENRY will stand at $10 the season. Insurance agreed on. Insurance will be claimed on mares discharged or not the time of foaling. Good pasturage will be provided for mares from a distance, but the proprietors will not be responsible for accidents or escapes.

LUCIUS SANDERSON & CO.

Hydraulic Ram.
W. & B. Douglas' Patent.

A perfectly simple and effective Machine for forcing a portion of a brook or spring to any required distance or elevation, where a proportionate fall can be applied. The various uses of the Ram are at once obvious, viz: For the purposes of irrigating Lands, and supplying Dwellings, Gardens, Factories, Villages, Engines, Railroad Stations, &c. *WITH RUNNING WATER.* For sale by

PEIRCE, DAVEY & CO.
Burlington Ag. Warehouse.

CERTIFICATE.

This is to Certify, That I have purchased and put in use one of Messrs. W. & B. Douglas' Improved HYDRAULIC RAMS, on my Farm, and am perfectly satisfied and well pleased with the operation of the article, and would recommend its use, to all who are desirous of raising water from any spring or other running stream on or about their premises. The spring to which I have applied the Ram, is fifty rods from my house, and twenty-five feet below a level of the point where I discharge the water in my dwelling. The size of the drive pipe applied to my Ram, is one and a quarter inch calibre, and forty feet long, and has a fall, in running from spring to Ram, of ten feet—The discharge pipe, (leading from Ram to house) is half an inch calibre and fifty rods in length, and runs up an elevation of 85 feet, and the water discharges from the same in my house, a perfectly steady and handsome stream, without any interruption whatever. And I would invite all who wish to become acquainted with this new and truly useful invention, to call at my house, in Durham, and witness its operations.

Durham, Ct. Sept. 25th SAMUEL G. TIBBALS.

Endure the Piles No Longer.

IF SUFFERERS FROM THE PILES WILL NEGLECT TO USE

DR. UPHAMS
VEGETABLE ELECTUARY,

THE FAULT IS THEIR OWN.

READ THIS EVIDENCE HERE OF CURES.

'Though it cannot give the saved one wealth
It gives a *treasure for more glorious*, HEALTH.

UNITED STATES MARSHALS OFFICE,
New York, December 6, 1847.

Messrs. *Wyatt & Ketcham*:—Gentlemen—Understanding that you are the general agents for the sale of "Dr. Upham's Vegetable Electuary," for the cure of Piles, I have deemed it my duty to volunteer a recommendation in behalf of that invaluable medicine. I have been afflicted for many years with Piles, and have tried various remedies, but with no beneficial effects. Indeed, I began to consider my case utterly hopeless. But about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine. I took his advice, and rejoice to say that I am not only relieved, but, as I believe, perfectly cured. I most earnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.

Very respectfully, your obedient servant,
ELY MOORE.

REMARKABLE CURE OF PILES!

THIRTY YEARS STANDING!!
MOUNT WASHINGTON, BERKSHIRE CO., MASS.,
November 29, 1841.

Messrs. Wyatt & Ketcham:—Gents—For thirty years I have been afflicted with Piles, general Debility, and Inflamation, causing tumors and prolapsis of the bowels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years, of that time my sufferings defy description. I was confined to my bed, unable to help myself, and at last given up by my physicians and friends in despair of ever gaining my health; in fact, for three days before I commenced using Dr. Upham's Electuary, I was entirely speechless, and my burial clothes were made. But under the beneficent mercies of Providence, and the use of Dr. Upham's Electuary, though and OLD MAN, I have the pleasure of stating the FACT to the public that my health is now good, and hope to live many years, if it is God's will, to make known the virtues of Doctor Upham's Electuary, and to recommend it to my afflicted fellow creatures. It helped me beyond the expectations of all that knew my case, and I can only say to others that it is in my opinion the best medicine in the world for Piles, or any other disease of the bowels; and if they will use it according to the directions, will myself warrant a cure in every case.

Yours, with the utmost expression of thankfulness,
CORNELIUS SPUR.

FOREMONT, Berk Co., Mass., Nov. 29, 1847.

The above certificate tells a simple and truthful story of suffering and relief, of which as physician and witness in the case, I cheerfully endorse.

DR. CHAPMAN.
New York, Nov. 2, 1847.

Messrs. Wyatt & Ketcham:—Gents:—I am constrained to give you a statement of the benefit I have derived from using Dr. Upham's Electuary, in a case of piles, believing by so doing, I shall render a benefit to those who are suffering from that troublesome disease. I was reduced low with the disease, so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other diseases which were extremely troublesome, and which I am pleased to say, two boxes of the Electuary entirely removed and that my health is better now than it has been for many years. It has done me and my family since there stay in this place, more than all the physicians to whom I have applied, or medicine that I have used.

I remain still in perfect health,
Your obedient servant,
NELSON NEWTON,

280 Spring st., cor. Renwick,
New York, Nov. 15, 1847.

Messrs. Wyatt & Ketcham:—Gentlemen—I consider it a duty which I owe to the cause of humanity and fellow-beings, to speak in praise of Dr. Upham's Electuary, a medicine which I think has saved my life, and restored me to full health. For several years, I was afflicted with Piles, together with Dyspepsia, and a general discrangement of the system. I employed different physicians, with no good result, and finally came to the conclusion I could do more for myself, and said that I must die. I thus had given up all hopes of ever having my health restored, until I called to mind the benefits that a nephew of mine in Philadelphia (Benjamin Percival) had derived in a severe case of chronic dysentery, by your medicine, that I purchased a box, which, to my surprise, after taken a few doses, I received great relief, and think God, by continuing its use, that I am now restored to perfect health.

MRS. SARAH T. AMES,
142 Mercer street,

NOTICE.—The genuine Upham's Electuary has his written signature, thus: "J. P. Upham, M. D." The hand is also done with a pen. Price, $1 a box.

Sold, wholesale and retail by WYATT & KETCHAM, 121 Fulton street, N. Y. A. C. SPEAR, and GEO. A. HARRINGTON, Agents for Burlington, and by Druggists generally throughout the U. S. and Canadas.

Burlington, Dec. 30, 1847. 27y1

DALLEY'S
MAGICAL PAIN EXTRACTOR

WILL, within five minutes from its application, remove the pain from the severest Burns, Scalds, Blisters, Hurts, Bumbs or Cuts, and will certainly cure Gout, Piles, Inflammatory Rheumatism, Sores or Swellings, or anything that is inflamed, such as Felons, Runrounds, &c. In cases of Burns, if applied immediately, it will preserve life, no matter how severe may be the injury, unless a vital be burned. It will heal Burns or Wounds, Ulcers of any kind, without scar. It neutralizes and destroys poison from plants, reptiles, insects or rabid animals. It will wherever applied, prevent *Mortification*, and in old wounds, when mortification has commenced, it will arrest the disease and cure the wounds, even when flesh has already dropped away, and will restore the part to its natural state. When the bowels are painful, it will, if well rubbed on, afford instant relief and cause a movement; even when Castor Oil, Jalap and all other medicines have failed. Its use is perfectly safe in all cases. It never can do harm. It will not conflict with any medicine taken internally. We have not space in this publication to enumerate all the diseases cured by DALLEY'S MAGICAL PAIN EXTRACTOR; but it will certainly cure *Burns, Scalds, Bruises, Piles, Inflammatory Rheumatism, Inflamed and Sore Eyes, Felons, Chilblains, Corns, Bites, Sores and Ulcers*, and instantly alleviate pains of any kind. The Extractor has gained an unprecedented reputation and is esteemed the best medicine now offered to the public.

But reader, you must be careful when purchasing, or you will be imposed upon. The genuine Extractor is so deservedly popular that wicked men counterfeit it. There are, perhaps, twenty different kinds of counterfeits. Some have Henry Dalley printed on the wrapper, to imitate writing. But the genuine has on it written with a pen and ink, H. DALLEY; and the writing is always in a different colored ink from what the wrapper is printed with. For sale by H. DALLEY & CO. No. 208 Broadway, New York.

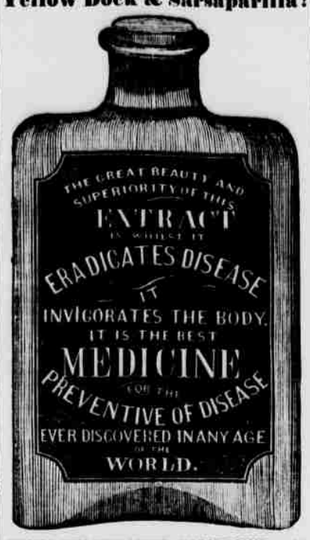
Great and Important Chemical Discovery.
Chemical Combination from the Vegetable Kingdom to Repel Disease.

DR. GUYSOT'S COMPOUND EXTRACT OF
Yellow Dock & Sarsaparilla!



THIS CELEBRATED COMPOUND, with other Vegetable productions, is one of the most important discoveries of the age. It is far superior to any simple Sarsaparilla Syrup that has ever been used. It has performed more than 15,000 cures since the discover was made, which is only about 12 months.—The controlling power over disease which this Syrup possesses may be attributed to the fact that it is composed purely of Vegetable extracts, each article in it having a direct reference to some internal organ, consequently the whole system receives their beneficial influence, which occasions neither sickness nor pain in their operations, and can be taken at all times and under all circumstances, without regard to diet or business, is certainly a desideratum in the history of medicine. This Compound Extract is put up in Quart Bottles, and offered at the low price of One Dollar per bottle. The object being to give the patient an opportunity by the purchase of one bottle to test the valuable Medical properties and the power it has over disease. It can be taken by the aged and the infant with equal efficacy. This extract of Yellow Dock and Sarsaparilla is a sure, speedy and permanent cure for Consumption, Scrofula or King's Evil, Erysipelas, Salt Rheum, Pimples on the face, Chronic, Acute and Inflammatory Rheumatism, Gout, general Debility, Dyspepsia, nervous Headache, Liver Complaint, Spinal affections, Female Complaints, Ulcers, Humors Syphilis in its worst form, affections of the Bladder and Kidneys, Bilious Cholic and serious Looseness, Biles, Costiveness, Colds, Coughs, corrupt Humors, Asthma, Dropsy, enlargement of the Bones, Fever and Ague, Giddiness, Gravel, Headaches of every kind, inward Fevers, Impure Blood, Jaundice, Loss of Appetite, Leprosy, Mercurial Diseases, Night Sweats, Nervous debility, Nervous complaints of all kinds, Neuralgia, Organic affections, Palpitation of the Heart, Painter's Colic, Piles. This Compound is an infallible cure for Piles, Rush of Blood to the Head, Side, Chest, Back, Limbs, Joints and Organs, Scurvey, swellings, Sick Headache, Stiffness of the Joints, Exposure, and Imprudence of Life. This newly discovered Chemical Compound extracts Nervous diseases from the system, cleanses the blood and purifies the body more effectually than any other article that has been sold. In the Vegetable Kingdom, an All-Wise Being has deposited such plants and herbs as are congenial to our constitutions, and adapted to the cure of all curable diseases to which human nature is incident. And this Compound Syrup is composed of all those valuable plants, some of which have lately been discovered, and used, and found to contain specifics for thousands of diseases that before defied the best of medical skill.

Opinions of Physicians.

This is to certify, that we, the undersigned Physicians of the city of New-York, have in a very great many cases prescribed Dr. Guyson's Extract of Yellow Dock and Sarsaparilla, and are fully assured that it has no equal healing all the varied forms and Sarsaparilla preparations that have ever been sold.

Read the Testimony.

Opinion of a Physician regarding the combination of Yellow Dock with Sarsaparilla.

Montgomery, June 8, 1847.

Mr. Bennett—Dear Sir—In this age of patent medicine excitement, it affords me great pleasure to see, among the innumerable sarsaparilla preparations, one compound that is likely to stand the test of time.—Your Syrup, combining as it does the two
