BURLINGTON FREE PRESS, FRIDAY MORNING, November 3, 1848.

Forewarned, Forewarned!

We yesterday received the following circular letter from a distinguished member of Congress. We publish it at once, believing that to be the surest method of putting the Whigs of the North on their guard against the detestable and unprincipled plot it discloses.

WASHINGTON, Oct. 20, 1848.

Information has been received in this city from a respectable source in New Orleans, that a suit has been recently commenced in that city against Gen. TAYLOR, for the value of a slave who was drowned, not long since, in the Mississippi, when in the employ of his son as a mechanic, on trial. It is believed that the institution of this suit is a base plan to impose on the people of the non-slaveholding States, (by circulating the papers in the case on the eve of the election) the belief that Gen. Taylor has been in the slave market. I am well assured that he neither purchased, hired, leased, nor obtained the slave, and that he was in fact an utter stranger to the transaction. In the first instance, Gen. TAYLOR supposed that the object was to extort money from him by reason of the delicacy of his position, but our friends in New Orleans are led to suspect, from the circumstance, that *copies have been recently taken of the papers, that a deep and detestable plot is on foot to defeat, by the means here indicated, the election of General Taylor to the Presidency, now so highly probable.* If such papers shall appear in your section of the country, you will please to instantly denounce the transaction as fraudulent and base, and by the agency of the public press, or in such other form as you may deem expedient, to provide an effectual remedy for the mischief. You may rely on the source communicating the information here, as entitled to the fullest confidence.

I will only add that the Whig press of the country, and particularly of the free States, should, by repeated and earnest warnings, guard the public mind against any and every statement which shall be made at this late day, impugning our candidates, or in any way imparting disadvantage to our cause. It is only by atrocious frauds that an unprincipled faction, which has brought so many calamities on our beloved country, can now escape a well-merited fate.

Yours, &c.

Let every Whig be on his guard!

Keep it before the People.

That John Van Buren declares the nominees of the Buffalo Convention to be the TRUE FRIENDS OF THE SOUTH.

The Southern aspect of the Van Buren Game.

John Van Buren, who is perambulating the country in behalf of his Pa. for the Presidency, wrote a letter, a few days ago, to some of his political friends in *alabama*, of which the following is the closing paragraph. It needs no commentary! Martin Van Buren and his Barnburner friends have always been the "true friends" of the Slaveholders, and "son Johnny" says they will continue to be, if Slaveholders, will not "join" against the nominees of the Buffalo Convention! He is right about it! Read what he says:—

"*The security of the rights of Slaveholders in Slaveholding States was confirmed by the unanimous voice of the Buffalo Convention;* AND THE SOUTH WOULD SACRIFICE THEIR TRUE FRIENDS, THEMSELVES, AND THE UNION, IF THEY JOINED IN A SUCCESSFUL CRUSADE AGAINST THE NOMINEES OR PRINCIPLES OF THAT UNPRECEDENTED AND COMMANDING ASSEMBLAGE OF FREEMEN.

Respectfully and truly yours,
J. VAN BUREN.

New York, Sept. 4, 1848."

☞ It is said that some benevolent individuals are getting up a subscription to make Gov. Slade a member of the Free Soil Party for life.—*Woodstock Mer.*

Beware of Frauds.

Let every Whig be on his guard. No efforts will be spared by Locofocos and Van Burenites to shake the confidence of the Whigs in their Candidates, at this late hour, by publishing falsehoods, and circulating them as far and as fast as possible. The Courier and Enquirer thus exposes a base and unmanly fraud of the National Democratic Committee:—

"The fraud and bad faith of the publishing committee of the locofoco party—which has its head-quarters at Washington, and loads the mails down with printed documents, *suited to the meridian* in which they are circulated, and therefore often in direct contradiction with each other—has been here before commented upon in these columns, on occasion of the varying *lines of Gen. Cass*, that that Committee has put forth, presuming him to the South as a friend of slavery, and pledged to veto the Wilmot Proviso—to the North as friendly to that Proviso, and restricting the extention of slavery.

We have now before us two documents.—The one meant for the South, purports to be the address of the National Democratic Committee—attempting to prove MILLARD FILLMORE an abolitionist, and Gen. TAYLOR as "*probably* pledged to the Whigs of the North in favor of the Wilmot Proviso;" the other designed for the North, and bearing this printed caution—'Read, Pennsylvanians, and decide at the Polls,' is thus inscribed: 'General Taylor's Southern Face.' It is made up of all sorts of extracts and garbled statements, and naked assertions from partizan presses—intended to show that Gen. Taylor is in favor of the extension of slavery and opposed to the Wilmot Proviso.

Yet this is the party calling itself democratic—which boasts its respect for the people, and its confidence in their intelligence. Precisely in proportion to their intelligence will the people reject and despise a party which resorts to such degrading means to advance personal and party calculations."

The Boston Daily Atlas speaks of the same bare-faced fraud in these terms:—

"These two documents are made up by the same men—men who are leaders in the locofoco party—Senators and Representatives in Congress. They are published at one office, and are franked by the cart-load to the sections of the Union, by the same men, the sole purpose of which is to deceive and delude the honest voters of this country. We could not believe, had we not evidence before our eyes, that men pretending to have a regard for their reputation would be guilty of knavery, in comparison with which the cheating of a thimble-rigger at a country muster is as moral purity itself.

We ask the honest voters of the Democratic party whether they will any longer support a party whose candidates look for success by means so vile as this—whether they will not rather vote for honest OLD ZACHARY TAYLOR, the man whose whole life has been devoted to the service of his country, and whose integrity and fairness of character no one questions."

Election of U. S. Senator.

Hon. Wm. UPHAM of Montpelier, was yesterday reelected U. S. Senator for the term of six years from March next.

Every Vote for Van Buren is a Vote for Cass.

Read the following from Webster's last speech on the 24th of Oct.

"I know that confidence is to be placed by man in man. I feel the conviction that I must repose trust in somebody's hands to stand at the head of the nation, to uphold our essential interests, and to preserve the honor and peace of the country. I have made up my mind and I give that trust to the Whig nomination—to Gen. TAYLOR. (Three cheers.) I think he is bound up and wound up in his own principles and in his own declarations, I think with Mr. Buchanan, that he is a Whig, and I think he will be elected by the Whigs. (Applause.) I think he will surround himself, as Mr. Buchanan says, with a Whig Cabinet, and I believe he will honestly and faithfully adopt and pursue Whig principles and Whig measures.

Now I think that on a certain other topic, great fears are inspired elsewhere, as well as in this State, to affect the election. I know that in a most respectable society in New Jersey and Pennsylvania, and containing numbers in other States, measures have been taken to influence them to give their votes, either for the Free Soil Party, or for General Cass. I mean the Society of Friends. In thirty years of public life, I have formed a pretty general acquaintance in those States which I have mentioned; and I have the honor to know a great many men of this Society,—the Society of Friends. I have always entertained a great respect for their public conduct as well as their private character.—I may not venture to speak to all of them, because, personally, I have no acquaintance with them all. But, I have acquaintance with some, friendship for some, great personal regard for some, and to them I may venture to speak.—And I would say to them in the first place, that whatever else may be asserted before them, every vote given for Mr. Van Buren is a vote for Gen. Cass; and the friends of Mr. Cass, I think, will find that out. Why, gentlemen, I was in New York last week, and while there, one gentleman of the Cass party said to a Whig, "we shall elect Gen. Cass; there is no doubt of that."

"But how?"

"Why, the Liberty party, four years ago, helped us to elect Mr. Polk against the Whig candidate, and the Free Soil party will do just the same thing now." And, therefore, I say to those to whom I would now speak, whom I know to be urged in every variety of form, to vote with that party! EVERY VOTE THEY GIVE IN THAT DIRECTION GOES FOR GEN. CASS. The question is do they prefer Gen. Cass to Gen. Taylor, as a man of peace—aye, as an Anti-Slavery man. I say to them, as I say to you; and they do not suppose me, I trust, to be a pro-slavery man—I say to them and to you, upon my honor and conscience, that I believe under the present circumstances of the country, we are far more secure against the further progress of Slavery and the Slave power under the administration of Gen. Taylor, than we are under the administration of Gen. Cass. (Applause.) I will say that here. Let it be recorded, and let the result bring to the test the justness of the prophecy."

STATE OF VERMONT.

To the Freemen of the Third Congressional District.

Whereas the Committee, appointed by the General Assembly to receive and canvass the votes given on the First Tuesday of September, A. D. 1848, in the third Congressional District, for a Representative to represent this State in the Congress of the United States, have given notice to the undersigned, Governor of the said State, that no person has a majority of all the votes given in said District, and have forwarded to me a statement of the number of votes given for each person, as follows, to wit:

George P. Marsh,	55,777		
Asahel Peck,	40,214		
Stephen S. Keyes,	16,511		
H. Leavenworth,	1	J. S. Adams,	1
S. W. Keyes,	1	Lawrence Brainerd,	1
John Pierpoint,	1	Wyllys Lyman,	1
Rufus Walston,	1	R. W. Eaton,	1
Harvey Goodrich,	2	R. L. Fuller,	1
H. L. Enos,	1	James Harkness,	4
Carlos Coolidge,	1	David Ferguson,	1
Hosea Willard,	1	and Timothy Follet,	1

NOW, THEREFORE, in consideration of the premises, you are required to meet in the several towns in said District, on the SEVENTH DAY OF NOVEMBER next, at 1 o'clock in the afternoon, at the same place where the meeting was last held for the election of a Representative to Congress, to elect a person to represent this State in the Congress of the United States; which meetings are to be conducted in all things according to the provisions of the statute in such case made and provided.

Given under my hand and the Seal of said State, at Montpelier, this 26th day of October, in the year of our Lord one thousand eight hundred and forty-eight, and of the Independence of the United States the seventy third.

CARLOS COOLIDGE.

By the Governor,
GEORGE F. HOUGHTON, *Sec'y.*

BRIGHTON CATTLE MARKET—Oct. 26.

Swine—New York Hogs advanced from last week; we quote 4a5c; Ohio 3¼a3½c; fat hogs 5c.

Remedy for Bronchitis

Boston, May 25th, 1847.

Mr. Seth W. Fowle,—Dear Sir; There are so many quack medicines at the present time, and each one has more or less certificates from total of imaginary individuals, that I have for some time had doubts of the propriety of giving any testimony in favor of your medicine. But being assured that I have been benefitted by its use, and feeling satisfied that by giving in my testimony in regard to its medicinal qualities, I may, perhaps, be the means of saving some one similarly afflicted, I therefore cheerfully add my testimony in favor of the medicine that I know has done me great good. I have been afflicted with the Bronchitis for a number of years, and by the use of a couple of bottles of

Wistar's Balsam of Wild Cherry,

I am happy to say that I am almost free from the above troublesome disease.

If this should be the means of saving even one of my fellow beings from that most troublesome and painful disease, (Bronchitis) I shall be fully paid for my trouble in writing the above communication.

Respectfully yours, B. COVERT, Vocalist.
Firm of Covert & Dodge.

WE ARE ON THE EVE OF AN EXCITING ELECTION, and the names of opposing candidates are familiar words; but not more familiar to the people than have its unrivalled success and immense sales rendered DR. GUYSOTT'S COMPOUND EXTRACT OF YELLOW DOCK AND SARSAPARILLA. The extensive use of Sarsaparilla Extract has made the virtue of that invaluable root well known; and by the addition of *Yellow Dock*—so long in use by the faculty in diseases arising from an impure state of the Blood, and deranged action of the system—we have a combination of the best curative substances known.

The perfect success of this compound in cases of Scrofula, Pulmonary Affections, Eruptions, and that distressing Debility so prevalent at this season, and the entire absence of all mineral substances, commend it to the public.

See advertisement in another column and call upon the agent, who will give all necessary directions.

For sale by Geo. E. Harrington, Burlington and by the Druggists generally throughout the United States. w17w4

To throw off disease requires a simultaneous effort of every part of the human system. It is perfectly useless to stimulate one organ to throw off its diseases, unless all the other organs are stimulated to a corresponding activity. In order to carry about, and completely remove these impurities, the heart, lungs, liver, kidneys, stomach, skin, &c., must all act in unison and harmony. In following that this state of the organs cannot be produced by any *simple* Syrup, or Extract, and that a *compound* is needed, formed of the various vegetable substances which operate upon these several organs—and not only that it be a *compound of such* substances, but that the substances be compound in *such proportions* as will produce a harmonious action. Such a compound is Dr. Guysott's celebrated Extract of Yellow Dock and Sarsaparilla—scientifically compounded, and tested by the happy experience of thousands. See advertisement in another column. w17w1

For sale by Geo. E. Harrington, Burlington, and by the Druggists generally throughout the United States.

Dr. Osgood's India Cholagogue.

CAUTION.—It has become necessary to caution the public against the many spurious articles which have of late made their appearance under the assumed name of *Cholagogue*. One man bottles up a mixture which he calls *Indian Cholagogue*—another, *Indian Cholagogue*—another, *American Cholagogue*—another, *German Cholagogue*—another makes *Cholagogue Pills*, and so on. Some copy from the envelope of the genuine whole sentences, with a coarse imitation of its style and form. One fellow tells the public that his article was prepared several years before under *another name*. It is an old trick of the rogue to steal a good name when a bad character has spoiled the old one. Be particular to enquire for *Dr. Osgood's Indian Cholagogue*. w16w3

Bath, Maine, May 28.

Mr. F. Brown:—Dear Sir—Having tested the value of your Sarsaparilla and Tomato Bitters, I take pleasure in giving to you the facts of my case for your own satisfaction and the benefit of others. I have been suffering with the Erysipelas, humor in my side, causing my hand and arm to swell very much, and to be painful, at the same time and for some time previous have been troubled with a weak stomach; most of my food has hurt me, and there has been a singular faintness at the stomach which has been increasing and occasioned me much difficulty. After I commenced taking your Bitters I could perceive a gradual and unmistakable relief, and would recommend it with much confidence to those who are troubled with such complaints. Yours truly,

w17 t2 WM. DAMRELL.

For sale by Thos. A. Peck, Burlington, and by Druggists generally throughout the United States.

Married,

In St. Paul's Church on Thursday Evening, the 26th ult., by the Rt. Rev. J. H. Hopkins, LOUISA S. DRAW, to Miss LUCINA ATWATER, both of this town.

WE the Subscribers, having been appointed by the Honorable the Probate Court for the District of Chittenden, commissioners to receive, examine and adjust the claims and demands of all persons, against the estate of Benoni Thompson, late of Richmond in said District, deceased, represented insolvent, and also all claim and demands exhibited in offset thereto; and six months from the day of the date hereof, being allowed by said Court for the purpose, we do hereby give notice, that we will attend to the business of our appointment, at the dwelling of Meach Thompson, in Richmond in said District, on the second Mondays of December and March next, at 10 o'clock, A. M., on each of said days.

Great and Important Chemical Discovery.

CHEMICAL COMBINATION FROM THE VEGETABLE KINGDOM TO REPEL DISEASES

Dr. GUYSOTT'S EXTRACT OF YELLOW DOCK AND SARSAPARILLA

THE GREAT FAULT & SUPERIORITY OF THIS EXTRACT IS, WHILST IT ERADICATES DISEASE IT INVIGORATES THE BODY.

The most successful Medicine in the World!

The result of a series of Chemical Experiments, this *Compound Extract of Yellow Dock and Sarsaparilla*, with other almost equally powerful vegetable substances, is one of the greatest discoveries of the age; and is the first and only instance to which these Roots—so long in use by the faculty—have been united into a *Compound* possessing a due proportion of the peculiar virtues and powers of each.

Its success is astonishing, having performed over fifteen thousand cures since its discovery—less than two years!

Its unrivalled power over disease, and great superiority over all *Simple Sarsaparilla Syrups*, may be attributed to the fact that it is composed purely of vegetable substances, each one having direct influence to some internal organ; consequently the whole system is benefitted.

It is the *most highly concentrated* Syrup in use and being so *pleasant* Bottles at one dollar per bottle, it is also the cheapest. It purifies and enriches the Blood, invigorates the Body and consequently expels nervous disease from the system, more effectually than any medicine known.

It is pleasant to the taste, occasions neither sickness nor pain in its opperation, can be taken regardless of business or diet, and by the aged and infant with equal efficacy.

In all CHRONIC DISEASES this Compound is the GREATEST BLESSING ever possessed by man.

This extract of Yellow Dock and Sarsaparilla is a positive, speedy and permanent cure for

Consumption, Scrofula, Erysipelas, Rheumatism, Gout, Liver Complaints, Spinal Affections, Ulcers; Syphilis, Dropsy, Asthma, Piles, Scurvey, Affections of the Bladder and Kidneys, Mercurial diseases, Corrupt Humors, Rush of Blood to the Head, Fever and Ague, Female Compl'ts, General Debility, Dyspepsia, Loss of Appetite, Colds, Headache, Costiveness, Gravel, Night Sweats, Colic,

Organic Affections, Palpitation of the Heart, Piles, Pains in the Side, Chest, Back, Limbs, &c. &c.

IT IS INFALLIBLE

In all diseases arising from an impure state of the Blood, or irregular action of the system.

IN THE VEGETABLE KINGDOM an All Wise Being has deposited plants and herbs congenial to our constitutions, and adapted to the cure of disease; and to the Vegetable Kingdom does the reason of man, as well as the instinct of animals, turn for antidotes to pain.

The Sarsaparilla scientific Compound of the most valuable Plants in Nature, entirely free from deleterious and cauterizing *Mineral* substances, and as it expels disease from the system, imparts strength and vigor in a corresponding degree.

OPINIONS OF PHYSICIANS.

This is to certify that we, the undersigned Physicians of the city of New York, have in a very great many cases prescribed Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, and are fully assured that it has no equal among the varied Syrups and Sarsaparilla preparations that have ever been sold.

John F. Seddons, M. D., Saul T. Wells, M. D., P. S. Maynard, M. D., F. R. Tassins, M. D., J. L. Morgan, M. D., S. M. Johnson, M. D.

TESTIMONY.

The following letter indicates its salutary effect in cases of

DYSPEPSIA, GENERAL DEBILITY, &c.

Watertown, Jefferson co., Nov. 4, '47

Mr. S. P. Bennett—Sir: I am at a loss to express (with words) what has been said in praise of your Compound Extract of Yellow Dock and Sarsaparilla. All who have had the pleasure of using it, speak of its marvelous effects in removing disease, with so much feeling and heartfelt satisfaction, that I am confident now that no medicine in use can boast of its superior qualities. Many who have been complaining for years with pain in the side, burning and pain in the chest, dyspepsia general debility, loss of appetite, chills and sweats, salt rheum, scrofula—in fact all the diseases that we in this climate are heir to, find in the Yellow Dock and Sarsaparilla all that is requisite to make them what they were in the days of health, &c.

We find that we have had some twelve dozen bottles in three months, and we are nearly out. You please send an equal number, and oblige yours,

HOYT & GREGORY.

Dyspepsia cured of thirty years standing!

St. Johnsville, Montgomery co., Jan. 3, 1848.

S. P. Bennett—Dear Sir—Some four weeks since I was induced to try your Yellow Dock and Sarsaparilla for Dyspepsia; I had been afflicted about 30 years, most part of the time unable to eat any thing without suffering extremely from its effects. I have used now only one bottle of your invaluable medicine, and consider myself entirely cured solely by its use. Can now eat a hearty meal, without the slightest inconvenience.

ANTHONY BEEKMAN.

The best Female Medicine known.

The mild alternative properties of Dr. Guisott's Extract of Yellow Dock and Sarsaparilla, render it peculiarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Incipient Consumption, Barrenness, Leucorrhœa, Whites, Irregular Menstruation, Incontinence of Urine, and general Prostration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful.

We have evidence on file, which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

We cannot of course, exhibit certificates to any extent in the above cases of complaints, but give the following extract of a letter recently received as some indication of the extraordinary virtue of this medicine as a remedy for the disorders referred to.

Newark, Jan 25th, 1848.

Mr. Bennett—We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great satisfaction in every case. We shall try and send you some certificates.

A very respectable gentleman informed us that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharges for a long time; but by the use of Dr Guysott's Yellow Dock and Sarsaparilla, was radically cured. Had used Townsend's and others, without receiving the slightest benefit. He had one daughter die from the same cause. Please send us an additional supply.

Very respectfully yours,
J. E. TRIPPE & CO.

FEMALE BEAUTY.

Ladies whose complexions are not as clear as they could wish, instead of resorting to those poisonous preparations in the form of Cosmetics, &c., should use Dr. Guysott's Compound of Yellow Dock and Sarsaparilla. By purifying the Blood and enlivening the circulation, it gives clearness to the complexion, brightness to the eye, and elasticity to the step—

"Leaving that beautiful which still was so,
And making that which was not."

Vexatious eruptions on the face resulting from want of exercise or sluggish circulation of the Blood, at once disappear under its influence, leaving a rich bloom of health, that no cosmetic can impart. Ladies who have tried it express themselves surprised and delighted.

Great Popularity.

The following is the commencement of an interesting letter just received. It is but one of the many instances we are daily receiving of the unprecedented popularity of this medicine in every part of the Union.

Columbus, Geo. July 21, 1848

——The Yellow Dock and Sarsaparilla gives unbounded satisfaction, and I think will, in a short time, supersede all the other preparations of Sarsaparilla in the market.

Very respectfully, R. CARTER.

Caution Extraordinary!

The great reputation of this medicine has induced numerous counterfeiters and imitators to take field.

Beware how you buy medicine put up in square quart bottles. Be very sure and ask for Dr. Guisott's Compound Extract of Yellow Dock and Sarsaparilla, bearing the written signature of S. P. Bennett, on each outside warpper, written with black ink; and do not, on any account be induced to buy any other article—as it is this preparation *only* that is performing such marvelous and astonishing cures. Take no man's word; as persons having the counterfeit medicine and not the genuine, are of course desirous of making their *profit*—consequently you are liable to buy worthless trash, unless you examine for yourselves.

It is well in all cases to cut out this caution and put into your pocket-book and compare with medicine.

☞ Remember, Dr. GUYSOTT'S YELLOW DOCK AND SARSAPARILLA

Prepared at S. P. BENNETT'S Laboratory, Little Falls, Herkimer County, N. Y. and sold by GEO. E. HARRINGTON Burlington Vt.

FIRE FRE!
The St. Lawrence Mutual Fire Insurance Company.
Ogdensburgh New York.

AT the solicitation of several respectable Gentlemen in Northern Vermont has appointed traveling Agents for the County of Chittenden, to afford to its Farmers a cheap and reliable insurance against loss or damage by Fire.

This Company established an agency little more than one year since in the County of Franklin, and it has now nearly one thousand hazards therefrom showing its estimation where known. Its insurances amount to about a quarter of a million of dollars *monthly*, and its extent, character of hazards and economy render it such, that the actual cost to Farmers on Policies of several years standing has been but the first payment and *less than*

Eight cents the $100 per year!

The Company EXCLUDES from its hazards, *building in blocks, Cotton and Starch factories, Livery Stables, Ball Alleys, Black Smith's shops, Furnaces, Forges, Asheries, Powder Mills, Breweries, Mechanics shop, with Machinery impelled by Water or Steam, and Steam Mills*, by which Farmers and those insuring isolated property are not made to participate in Extra hazardous insurance but share with hazards like their own.

Rates.

Farm property unexposed taken for 5 years at 1 3-4 per cent of the sum insured; the insured for $600 giving a note of $10.50 a part of which he pays down, and only so much of the balance of the note is called for during the Five years, as to pay actual loss. Stores and Merchandize from 2½ per cent *upwards* depending on the construction and material of the building; and external Exposures.

No Premium Note taken in its Policies; whole amount insured paid, if lost; members can withdraw, and cancel it desirous.

Agents have certificates from the Secretary and if policy be not received in due time, Notice to the Company is requested.

Refers to the following Members.

To the young men of the United States.
AN APPEAL.

WHILE you are young men prepare yourselves for future happiness, usefulness and respectability.

For a small amount of money saved from some profitless expenditure once a month, you may in a few months be put in possession of a work from which you may derive interest and profit for the time which will serve for a study through your life, and which you may hand down to the first generation as a treasure worthy the age in which you lived and worthy their careful study.

The Subscriber will publish about the middle of October the first number of a POPULAR, ELEGANT AND ILLUSTRATED EDITION OF

UNIVERSAL HISTORY
FROM THE
Creation of the World,
BY THE LATE
Hon. Alexander Fraser Tytler.

Senator of the College of Justice, and Lord Commissioner of Justiciary in Scotland, and former Professor of Civil History, and Greek and Roman Antiquities in the University of Edinburgh.

The work will be published in monthly numbers, at 25 cents each, and will be completed in ten or eleven months. It will make two handsome volumes of about 1100 pages.

The Study of History is the most entertaining and useful of all studies, therefore the selection of an author is of the first importance. The history by TYTLER has been through more than ONE HUNDRED EDITIONS in England, is used in the Universities of that country and this, and takes the first rank among literary works. Be particular therefore to enquire for

TYTLER'S UNIVERSAL HISTORY.

Remember that 'KNOWLEDGE IS POWER,' and if you have more knowledge than your neighbor, you have a power over him which he cannot successfully resist.

Published by T. WILEY, Jr.

20 STATE STREET, BOSTON, and sold by Cheap Publication Dealers throughout the United States.

Agents wanted to obtain subscribers, who will be paid a very liberal commission.

☞ Examine the first number. C. B. Edwards, Agent for Burlington.
