SARSAPARILLA, TOMATO AND WILD Cherry Bitters have now become a standard medicine, universally approved by physicians for sale, speedy, and decided cures in the worst forms of *Scrofulous, Liver and Stomach Diseases*, Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak and Lame Stomach, Chronic and Running Sores, Swelling of the Limbs, Pain in the Bones, Tumors in the Breast, Rheumatism, Affections of the Kidneys, Erysipelas, and Humors, Eruptions on the Face or Body, Cancerous Sores, Ringworm, Blotches, Chronic Catarrh, Liquor Debility, Headache, Dizziness, Sallow Complexion, and all those disorders which arise from the abuse of Mercury, or from a mercurial taint in the blood, or whether lost support of the system, from any cause whatever. These medicines are a concentrated extract of the Sarsaparilla, Tomato and Wild Cherry, combined with Dr. Warren's celebrated Physical Bitters, and will be found superior to any other preparations of the kind, and equally as efficacious as Drakes Plantation Bitters, and Dr. Wistar's Balsam of Wild Cherry, and are warranted to cure in a shorter time than any other medicines of the kind, and are recommended by the most eminent physicians as the most *speedy and permanent* in their effects.

As a Spring Medicine for purifying the blood, strengthening the stomach and bowels, and elevating the constitution, they are unrivalled. Tomato and Wild Cherry Bitters are entirely vegetable.

ITS CHEMICAL ACTION.—It is a fundamental principle of all physical knowledge, that we can create nothing and destroy nothing. We may change the fashion and properties of all things, but to form new laws of combination or new species of matter, belongs to the Creator.—Hence results the uncommon energy and extraordinary virtues of Geo. W. Merchant's Gargling Oil, as evinced in the cure of those obstinate diseases which resist the action of all other (pretended) remedies and oils. It does not remove a disease by mechanical force, but by exerting a powerful chemical influence in the morbid part, effecting a change in the condition of its elements, and thereby restoring healthy action; and numerous are the instances in which it has been known to effect radical and perfect cures, of which a number of highly interesting cases could be introduced, but our limits forbid.

The following diseases are among many others in the cure of which this Oil has been completely successful, and in which others had entirely failed:

Sprains, Swenney, Ringbone, Windgalls, Poll-Evil, Callous, Cracked Heels, Galls of all kinds, Fresh Wounds, Spavins, Bruises, Pounds, Stiffness, Strains, Lameness, Sand Cracks, Foundered Feet, Mange, Scratches, or Grease, Rheumatism, Bites of Animals, Eruptions, Tetter or Ringworm, Felon or Whitlow, Pain in the Joints, Swellings, Weakness of the Joints, Windows, &c., &c.

A GREAT ADVANTAGE TO BE GAINED by keeping always on hand a Bottle of G. W. Merchant's celebrated Gargling Oil for Horses, or Universal Family Embrocation. One man says he was taken up and leaves from the oven for his "better half," she has no can over upon his hands, which caused great alarm and loud calls for the Gargling Oil, (which, by the way, was on hand,) and which was at once applied, when the pain left the woman and she was enabled to go about her household affairs without suffering.

"From the Old Granite State."—Extract of a Letter.

Dear Sir—In the month of November last I was travelling in Essex County, N. Y. As I entered a public house and store connected, I noticed the advertisement of Merchant's Celebrated Gargling Oil. Having been in business in which I have extensively used horses for a few years past, led me to make some particular inquiries concerning its value. The simplicity of your advertisement, and what was said to be the cure, induced me to purchase a bottle. I have used two bottles on my horse, and I find it to be a very superior article. I made use on a sore and corroded flower, which I had cut and took cold in. After trying various medicines without any satisfactory effect, I uncorked the oil and put a cork in the bottle, and it soon healed.

I then applied it to a sore on a cow, which had been healed in the spring, and the cure was so complete that it astonished the owner so much, he now thinks there is nothing like the Gargling Oil.

I never had a horse or any stock that was laid up, and the first application stopped them, so they were not troublesome afterward, and were soon well to a few more applications.

I have a valuable entire horse which, by a slip, started a small spavin, so much that he was quite lame. I have been applying the Oil, and it has so much recovered that he does not limp unless he steps on something hard. My Oil is gone and I want more.

W. W. EASTMAN.

To G. W. Merchant, Lockport. Wendell, N. H.

The unpublished portion of the letter was merely giving matter-of-fact hints how to send him a quantity of the Oil.

Don't be persuaded to take any thing else in the place of it. It is guaranteed by those most respectable dealers whose conscience will stretch the Rubber, and who are of a kindred spirit of those in our large cities, whose nefarious practices have so recently been exposed to Congress.

Be sure the name of the Sole Proprietor, GEO. W. MERCHANT, Lockport, N. Y., is blown in the side of the bottle, and in his handwriting over the cork.

All orders addressed to the proprietor will be promptly responded to.

Get a Pamphlet of the Agent, and see what wonders are accomplished by the use of this medicine.

AFFLICTED READ!!!

PHILADELPHIA MEDICAL HOUSE—Established 15 Years ago by DR. KINKELIN.

North-west corner of THIRD and UNION Sts., between Spruce and Pine, a square and a half from the Merchants Exchange, PHILADELPHIA.

Persons suffering from Pains in the Loins, recent and chronic Affections of the Kidneys, Disease of the Bladder, Gravel, Stictures, Seminal Weakness, and all the concomitant train of Syphilitic affections, and those who by indulging in a secret habit, have entailed on themselves constitutional debility, should apply immediately for the most speedy remedies, to DR. KINKELIN, the most expert and successful practitioner far and near, in the treatment of all diseases of a private nature.

INVALIDS—Are apprised that DR. KINKELIN confines his practice to a particular branch of medicine, which engages his undivided attention. He restores the unfortunate to sound health, and secrecy; thousands are annually now rendered out of the reach of all infections are promptly extinguished. See your cases properly understood, and not blind-fold. "Married people and those about to marry, should be particularly cautious of those accidents (what a dreadful inheritance to transmit to posterity."

TRUE PATRIOTISM NOTICE.—The great habit which boys teach each other, at the academy or college—a habit so injurious to health, by impairing the constitution up with the boy to manhood, and which, if not restored in the future, infinitely blasts the prospects of professional happiness, and ruins many of the best of prospects, and cases, and destroying all enjoyment. Parents who indulge in this pernicious practice, are ignorant of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings, sigh tears in the mind. The individual becomes feeble, he is unable to labor with accustomed vigor, or to apply his mind to study, as step is timidly and weakly, is dull, irresolute, engages in despair with his energy than usual. Parents and GUARDIANS who SEE THE AWAKEN THE ATTENTION OF THOSE SERIOUSLY INTERESTED.

YOUNG MEN—If you have lost your life or health, remember, the delay of a month, may, even a week may prove your ruin, both of body and mind. Reject all false modesty, do not you from making your case known to one who from education and responsibility, can alone be trusted you. He who places himself under Dr KINKELIN'S treatment, may religiously confide in his honor as a gentleman, and in whose honor will he forever locked the secret of the patient.

Too many think they will log the cure of their own hearts, and share the consequences. Alas! how often have we to bind the wound, and how many a trembling young man, who might have been an ornament to society, has failed from the early.

Remember that the cure of the feelings are equal to, or superior to any other, and a new discovery, never used only by Dr. K. WILLIAMS and consequently PERFECTLY SECRET, and CERTAIN in its consequences.

All letters promptly attended to.

CERTAIN INVALIDS—Finding it inconvenient to make personal application, can by stating their case explicitly, together with all their symptoms, per letter, receive pills, have forwarded them a safe conveyance, as Dr. K's medicines are unsurpassed accordingly and unequal at home.

Persons in Medicine are warned for any part or all of a medicine, or prescription from DAMAGE or CURIOSITY.

Advertisements of Charges, post letter post paid, addressed to Dr. Kinkelin, Philadelphia, will receive a Book on Self Preservation, under cover, free, per return of mail. w26tf

CHERRY PECTORAL:

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

Long experience in the community has positively and conclusively proved the superiority of this preparation over all other medicines for the cure of Pulmonary Complaints. Its unrivalled efficacy in the cure of Consumption, Bronchitis, Hoarseness, Asthma, Croup, Whooping-Cough, Influenza, Spitting of Blood, and Pulmonary Consumption, has rendered it the most decisive remedy for those dangerous diseases, from which medicine can offer but little hope. Its extraordinary virtues have caused it to be resorted to by those who have once tried it, as the surest, safest, and most effectual remedy for all those distressing complaints with which it is so competent to cope. Its unrivalled success has induced some unprincipled persons to imitate the name, and vend spurious compounds, under the name of Cherry Pectoral, hoping to profit by the reputation which this preparation has deservedly acquired. Let the sick and those who have friends to whom they wish to send, be careful to ask for AYER'S CHERRY PECTORAL, and not be deceived by any other article.

Prepared by DR. J. C. AYER, Practical Chemist, Lowell, Mass. Sold by THEO. A. PECK, Burlington, Vt. w47 3mos

METALLIC OR VULCANIZED

Rubber Belting,

steam packing and Hose,

MANUFACTURED BY THE

BOTON BELTING COMPANY.

MANY OF THE HEAVIEST BELTS in the Northern States are made of the Vulcanized Rubber or Metallic Gum Composition, (which cannot be affected by heat or cold, and are in universal operation, giving perfect satisfaction. The experience of the last three years has gained for them the confidence of the consumer; this, together with the fact that great improvements have been made in the quality, warrants the company in asserting it to be superior to leather for all open Belts; more especially for heavy or main Belts; for the following reasons:

1. Imperfect equality of width and thickness, which it will remain.

2. No danger of heat under 300 Farenheit injures it, and it remains flexible in any degree of cold.

3. It is of great strength and durability, does not stretch on the pulleys, consequently a gain of power is obtained, and which exposed to machinery, does not require adjustment, as is the case with leather.

4. In large Belting the cost is much below that of leather.

A large assortment always on hand, and manufactured of given lengths at shortest notice.

Packing for Steam Boilers and Stamp Paper, made of the Metallic Rubber, is now universally adopted by the Rail Roads and largest Steam Works in New England, as we found the Steam Boats of the Western lakes; and where once used, is sure to supersede all other articles for this important purpose. An assortment of various thicknesses constantly on hand.

HOSE.

Metallic Gum Elastic Fire Engine and Factory Hose.

Suction Hose, of various sizes, which is found unequaled—perfectly air tight and durable than leather, and at a lower price.

Gum Shoes furnished at the customary prices.
