## Chittenden County Court.

September Term.

The case of *Briggs v. Taylor* occupied until Thursday late in the afternoon when it went to the Jury. The Jury returned a verdict for the defendant.

The Grand Jury Thursday completed its business and was discharged. The Jury made a report at the close of its labors, wherein various matters and things were commended, recommended, condemned, and endorsed respectively. The report will be found in another column.

The Jury found eighteen true bills, and returned four bills not found.

*Sampson v. Nichols & Worrer*: an action on the case for libel, in favor of the Editor of the Burlington Courier, alleging that the Defendants accused him of appropriating to his own use, a number of Little's Living Age, which the publishers had forwarded to the Plaintiff for the Defendants. The trial was begun, and promised to be funny, when it was suddenly announced in Court by the Plaintiff, that the parties had settled the suit. We are bound to presume that their settlement healed the wounded honor of the Plaintiff, and restored "his good name, fame and credit, among all those to whom he was in any wise known;" and that the Defendants no longer "envy his happy state and condition;" for these were among the allegations in the Plaintiff's declaration. We cannot believe that the settlement was made "to prevent further agitation," as the politicians have it, for the Plaintiff is known to have been always opposed to settlement of disturbing questions upon the basis of any compromise. Mr. Smalley and Mr. Briggs for the Plaintiff; Underwood and Baird for the Defendants.

Friday, *The Franklin County Bank v. Seymour*, came on and was tried. It was an action of assumpsit upon a bill of exchange. Defence—want of presentment and notice. Phelps & Chittenden and Mr. Miller for the plaintiff, Hon. Judge Bennett and Mr. Smalley for the defendant. The Court in this case held that notice of dishonor of a bill of exchange, must be sent by the mail of the next day after protest, if the mail leaves the place of protest so late on the next day as to give the holder a reasonable opportunity to mail the notice on that day; in season for the mail of that day.

Verdict for the plaintiff—damages one cent. It was proved that the debt had been paid after suit brought.

*Taylor et al. v. R. & B. R. R. Co.*, was on trial Saturday. It was an action on the case for loss of property received by the defendants as carriers.—Phelps & Chittenden, for plaintiff; Baker & Velvet and Smalley, for defendants.

The Jury returned a verdict for the plaintiffs—damages $50.

The case of *Conner v. Penner & Barney* came on Monday. It was an action of trover, and a Justices Judgement. Underwood & Bailey for plaintiff, H. G. Bailey for defendant.

The Jury returned a verdict for the plaintiff. On Monday the case, *Whipple & Bowers v. Bowers*, came on. It was assumpsit for money paid. The Jury returned a verdict for the plaintiff, under the direction of the Court, for one half the sum claimed. Maynard & Noyes for plaintiff. Defendant *pro se*. Tuesday was occupied with the case of *Whipple v. Shepard*,—an action for contribution. The defence was that the defendant's signature to the note, upon which contribution was sought, was a forgery. Upon the trial this Court received the evidence of experts who professed to be able to distinguish between a genuine and forged signature, by inspection, although entirely unacquainted with the handwriting of the supposed writer. The Jury has not rendered a verdict. Maynard & Shedd for plaintiff. Mr. Schouler for defendant.

*Whipple et ales v. Farmer*, is now on trial. It is an action of replevin. Mr. Bowers and Mr. Peck for the plaintiffs, Phelps and Chittenden, and Maynard and Shedd, for defendants. It is expected that the criminal calendar will be taken up next.

## ITEMS AT HOME AND ABROAD.

—— Accident.—Mr. Perry the foreman having charge of the excavations and laying down of the gas pipes in this village, had his ancle broken to-day by the caving in of the earth, while at work at the gas pipes, in a trench in Pearl street. The injury is a serious one, and the loss of Mr. Perry's services difficult to be supplied.

—— The Gas Works.—All that is now waited for is the arrival of the big gas-meter. It is on its way from Philadelphia, and in the course of a month after it comes, we are informed, that we may expect to be lighted up.

We see notices of a new gas, recently discovered. It is formed by passing common air through a fluid, which gives the air illuminating properties. This fluid called "Kerosene" is made from Asphalte rock procured in New Brunswick. It is claimed that the Asphalte will produce one-third more Gas than can be obtained from the same weight of the best Cannel Coal; that it is not explosive; that the illuminating power of this Gas is twice as powerful as ordinary Coal Gas; that it is a pleasant light; that it can be manufactured by a simple process in two-thirds less time, and with less fuel and labor than Coal Gas, and is 33 ⅓ per cent cheaper.

—— Appointment of a Vermonter.—Hiram Powers, the Sculptor, has been appointed commercial agent of the United States at Florence.

—— Our Shipping.—The business of ship building in and around New York is never very small, and is especially brisk at the present time. No fewer than eight ocean steamships, six steamboats, and twenty-three ships and sailing vessels, are now on the stocks in the New York ship yards, the capital invested in which, will amount to three and a half millions of dollars

——A Dry Hit.—*The Providence Journal* praises up the men whom Gen. Pierce has sent out to represent our country abroad, as follows:

"It is a blessing that only two or three of them can speak the languages of the courts to which they are accredited, or the common languages of diplomacy. As most of them will have nothing to do, as Mr. Marcy has instructed them not to cover themselves with gold lace, and as they cannot understand what is said nor make themselves understood by others, there is a hopeful chance that the bulk of them may get home again without being found out."

——Unique Manufacture.—An intelligent Frenchman, *Fourcner* by name, is manufacturing plates and table ware at Hydeville in this State, out of solid white marble. The plates are cut from solid blocks of the purest white by a process of his own invention, and are highly polished, and translucent, resembling the finest china ware.

—— Montreal.—The Industrial Exhibition the last three days of last month was a perfect crush, the visitors amounting to fifteen or twenty thousand a day. A tri-weekly Journal, to advocate Irish interests in Canada, is to be established, called "the Montreal Freeman."

—— The Crowning Stone.—One of the large granite boulders or blocks which form the top of Mount Washington, has been selected and set aside for the apex of the Washington monument.

## News of the Week—Foreign and Domestic.

Boston, Sept. 29th.

Mass. Whig Nominations.—The Whig State Convention of Massachusetts at Fitchburgh Sept. 28th, nominated Emery Washburn of Worcester, for Governor, and William C. Plunkett of Adams, for Lieut. Governor. Resolutions were passed in favor of the building of a railroad to California by the aid of Government; in favor of the protection of labor, both on sea and on land by general government, and of a system of internal improvements, adequate to the wants of the Republic; of a protection of American fisheries, and against the new constitution. Over a thousand delegates were present.

The Fever.—Accounts from the Island of Bermuda, state that the yellow fever was raging there with general virulence. The lately appointed American Consul and several British officers were dead. Of two hundred convicts on the Island 50 were dead, and also many of the soldiers. Accounts from the South state that the yellow fever continued to prevail with great violence in many parts of Louisiana, Mississippi and Alabama.

Boston, Oct. 1st.

Steamship America from Liverpool Sept. 17th, arrived at Halifax on Thursday evening. A despatch from Vienna says, the Czar rejects the Turkish modification, but abides by the Vienna note and promises to evacuate the principalities, if the Porte accepts the *pure and simple* note. This yet leaves one chance for Peace. Another telegraphic dispatch says a new manifesto is expected from Russia. The Turks are quite ripe for war. Omar Pasha had much difficulty in restraining his troops from hostilities. Fanaticism on both sides was at its height. Enormous placards posted on the Walls calling on the faithful to attack the Russians had much excited the people. It was only on the special demand of the Representatives of the four powers that the Sultan had consented to postpone issuing his manifesto to the people. The manifesto is in polite language, and is indeed a declaration of war. The Russian commander in chief had addressed a circular the day to his troops, and concluded by saying "Russia is called on to annihilate Ragadan, and those who oppose her in that sacred mission shall be annihilated with the Pagans. Long live the Czar." Omar Pasha in his written to Prince Gortschakoff notifying him that if the Russian gun boats approached under the Turkish batteries they would be fired on. Gortschakoff briefly wrote on the back of the letter, that if fired on, they would return the fire.

The Asiatic cholera is spreading in England. Cases are reported at Liverpool and London, and over one hundred at New Castle. A courier took his departure for Marseilles with orders to embark there at once, bearing a despatch for Lord Stratford De Radcliff, which it is said, in a well informed quarter, enjoins him to simply use every possible means to induce the Sultan to accept without delay the note of the Vienna conference, without modification. His Lordship is authorized to allow the English squadron to enter the Bosphorus and to disembark troops for the purpose of causing the decision of the Sultan to be respected. A courier is also at once to be despatched to Omar Pacha forbidding him to commence hostilities in any way.

No disagreement existed between France and England in regard to the Eastern difficulties. Breadstuffs assumed a decidedly upward tendency. The advance is from 6d to 7d on wheat, 1s to 1s6d on flour, 18d to 2s on Indian Corn.

Boston, Oct. 3d.

Steamship Baltic from Liverpool Sept. 21, four days later, arrived at New York, at seven this morning. Breadstuff market was active. Flour had advanced one shilling and wheat three pence per seventy pounds. Corn had also advanced. The Eastern question is totally unchanged. The Vienna conference was in session attempting to smooth over difficulties, and it was reported that they would make new modifications conciliatory to both Russia and Turkey, but it was feared it would be in vain. Meantime the armies on the Danube might come into collision.

Boston, Oct. 4.

Both from New Orleans and Washington, accounts have been received of a conflict in the Mesilla Valley, between the Mexican and American troops, which, however, needs confirmation.

Accounts from Galveston state, that two hundred persons had died there of yellow fever, including Major Stevens, United States Army.

The launch of the monster ship, Great Republic, the largest merchant ship in the world, came off successfully at East Boston this morning. Thirty thousand persons were present.

Washington, October 4th.

It is rumored that General Cushing has been appointed Minister to China. Mr. James H. Young of New York, has been appointed Consul to Curacoa.

New York, October 4th.

Chevalier Halsemann, the Austrian Minister, arrived in this city and had an interview with Secretary Marcy. It is rumored that arrangements have been agreed upon for the release of Kosta, and his return to this country.

Boston, Oct. 5th.

Steamship Crescent City with the California mails and one million in gold, arrived at New York, from Aspinwall at ten o'clock, last evening.

Melbourne (Australia,) dates to the 20th July had reached Panama. The miners were agitating for a reduction of the license tax. Large meetings had been held, and those in attendance were armed to the teeth. Great excitement prevailed on the subject. Fresh discoveries of gold are reported, and mining intelligence is favorable.

Great anxiety prevailed at the Isthmus owing to the non-arrival of the Georgia. Most exciting stories have reached Santiago De Boggia of gold discoveries on the Amazon and its branches. The washings are said to extend forty leagues, and twenty five pounds per day is said to be the average product of one man's labor.

The election in Georgia has probably resulted in the election of Johnson the Democratic candidate for Governor, and a Democratic Legislature.

Buffalo, Oct. 4th.

A terrible gale is blowing on the lake, and the sea is running so high as to prevent vessels leaving the Harbor. A wreck was seen last night near the Canada shore, with three men clinging to its masts. She was afterwards seen with only one man.

The Steamer Mayflower was fired up in order to go to his assistance, but dared not make the attempt. A life boat has been sent along the Canada shore and several citizens are making efforts to save him.

Buffalo, Oct. 5.

Great Fire.—At about 2 o'clock this morning, a fire broke out in Evan's Street, Five Points, and burned down over 100 buildings, including some very valuable blocks lately erected on the burnt district. The wind blew with such fury, that before the engines reached the spot, nearly a dozen buildings were in flames. Some four or five acres of ground were covered by the flames.

FALL STYLE HATS,
Received at Barnum's.

The list approved styles, received at BARNUM'S Hat Store, 4 door east of J. & J. H. Pecks

*Ladies Garden Hats and Misses Flats.*

Bonnet Cases, Trunks, Valises, Ladies and Gentlemen's Satchels, and Carpet Bags, Umbrellas, Canes Gloves, Mitens, &c.

formerly with N. Allen & Co., is connected with the above establishment and assures his friends they can do at Barnum's, *a larger assortment and as cheap a article found elsewhere in Burlington.*—Custom work of all kinds, made to order.—Panama and Straw Goods, Cleaned and Pressed.

I. W. BARNUM,

College Street, 2nd Door from Church.

Scrofula.

Mrs. C——, says Dr. Tyler, of delicate constitution, when nineteen years of age, was afflicted with a cough, and her neck was thickly studded with scrofulous tumors. Under the influence of a free use of a decoction of Rock Rose, she recovered her health, and has not been afflicted with any such symptoms since. The above is taken from a work published by D. A. Tyler, M. D., of New Haven, Conn., in 1848, and proves the wonderful efficacy of the plant Rock Rose, as a cure for scrofula. See advertisement of Mayer's Rock Rose, in another column.

For sale Wholesale and Retail by G. P. ANDREWS & CO., Burlington, and by Dealers in Medicines everywhere. w1m52

LOOK!!!—SEARCH THE FIRST MEANING of the word "PEPSIN," one of the two Greek words from which it is derived. This is the significant and appropriate title of the TRUE DIGESTIVE FLUID or GASTRIC JUICE, prepared by Dr. J. P. HOUGHTON, of Philadelphia, from the fourth Stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy Stomach. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH. See the figure of the Ox, in another part of this paper.

Oct. 29, 1852. wly

$1,000 REWARD!

DR. LANGLEY'S ROOT AND HERB BITTERS.

It shall be set to all the people, who shall be entitled to the above reward, after using one bottle each, and they will be sure to be cured of the Liver Complaint, or Indigestion, Jaundice, Coughs and Colds, Costiveness, Piles, Weakness, Headache, all complaints arising from impure blood, loss of appetite,—in fact, all the complaints which everybody is more or less troubled with, after thawing out in the Spring. Langley's Bitters are the very thing for all the complaints, and we by, body else should have a bottle, out of mere shame to them, as they always do good, and never harm, and are very pleasant to take. Only 25 cts 37½ cents a bottle.

Sold in Burlington by A. C. SPEAR, wholesale and retail, and by G. P. ANDREWS & CO., and by our agents in most of the towns and villages in Vermont.

1 y Wholesale Depot is 37 Union St., Boston.

Burlington, Vt., April 13. d&wtf

Notice

IS HEREBY GIVEN THAT APPLICATION will be made at the next session of the Legislature of Vermont for an act authorizing a consolidation of the Vermont Central and Rutland & Burlington Railroad Companies, upon such terms and conditions as may be mutually agreed upon by the two corporations, with the right and authority to purchase and hold the stock of the Vermont & Canada Railroad Company for the purpose of consolidating the same with the united corporations, with the further right to purchase and hold the stock of such other roads in Vermont or elsewhere as may be necessary for the purposes of consolidation; or to procure the passage of a general law to effect the same object.

EDWARD CRANE, } Committee
JOHN S. ELDRIDGE, } of Vt. Cen. R. R.
W. RAYMOND LEE, Pres't R. & B. R. R. Co.

Sept. 7, 1853. d&w1w

Dissolution.

THE FIRM OF CURTIS & WALKER IS THIS day dissolved by mutual consent.

Either partner is authorized to settle the business, and one or both will be in daily attendance for a short time, at their old place of business, for that purpose, where all whom it may concern are respectfully requested to call. W. H. CURTIS,
O. J. WALKER.

September 1, 1853. d&wtf

Copartnership.

THE SUBSCRIBERS HAVE FORMED A Copartnership for the transaction of a general Mercantile and Commission business, under the name of HERRICK, BLODGETT & CO.

They have purchased the stock of the late firm of Curtis & Walker, and will continue the same business at the old stand recently occupied by them, corner of Water and King streets. They hope by fair dealing and prompt attention to business, to retain all the old customers of the late firm; and the public generally are respectfully invited to give us a call.

C. R. HERRICK,
G. S. BLODGETT,
GUY MILES.

1853 FALL TRADE 1853
AT
LYMAN'S.

JUST RECEIVED AND NOW OPENED, THE *LARGEST, best selected and CHEAPEST* lot of fresh and seasonable Dry Goods ever before offered in this market. I am receiving large additions to my present Stock of

Cloaks and Dress Goods,

CONSISTING OF

| | |
|---|---|
| Thibet Cloths, Alpacas, | Plain De Laines, |
| Cashmeres, Paramattas, | Ginghams, and |
| Colorings, | Mous. De Laines, Prints, &c., &c. |

And in the *Silk Department*, the assortment is complete.—Stock much larger, richer and more desirable than ever—another lot of those celebrated Oil Boiled

Black Silks,

warranted not to crack, like unto what we have sold the past Summer, giving general satisfaction; also,

RICH PLAID SILKS,

a beautiful assortment, together with a great variety of

*PLAIN AND FANCY SILKS.*

We invite special attention to the above, believing it the interest of all purchasers of Dry Goods. It is useless to particularize the various articles we keep. All we ask is that Purchasers of Goods in the Dry Goods line will give us a call, and if *good Goods and low prices* be no inducement, we will adopt a different course.

MEXICAN MUSTANG LINIMENT.

FROM rich and poor, host and foe—all grades, colors and conditions, the same need of praise irresistably given to this wonderful preparation.—Thousands of bottles are sold and used daily, and but one universal opinion is uttered by all who use it, and that is, that no remedy ever before discovered, possesses such perfect healing and curative properties. *It acts like magic* in relieving pains of any kind, no matter by what caused, or how excruciating—sprains, dislocation of joints, bruises, cuts burns scalds, ulcers, cancers, rheumatism, piles, caked breasts, or any pain, soreness, stiffness or weakness of joints, muscles or ligaments. The Liniment is equally applicable and equally effectual in giving immediate relief. Try it. A. G. BRAGG & CO., Sole Proprietors—Principal Offices, 304 Broadway, New York, and St. Louis, Missouri. 1y
