KNOW NOTHINGS, READ ! !
Our 240,000 readers, whether they severally reside here or there, are informed that when they want just as good a Daguerreotype picture as Skill and art can produce, and at a price that shall not be ruinous, they should go to Chas. A. Barnes, 99 Court street, Boston, where the article will be furnished without mistake. Mr. Clark has made his business a study, and like a good student, renders his work a study and admiration for others. All of which is suggestive of a gift and a picture. Let everybody make a mash.—*Know Nothing and No Go-ider.*
We of the *Dispatch* know something about Capt. Clark's capability as a Daguerreotypist, and cheerfully endorse the compliment paid him by our *Know Nothing* friends. There are hundreds of places in this city where cheap pictures can be obtained at cheap prices—but bear in mind, you get cheap pictures, nothing else. Not so with the artist of whom we write. Those who patronize him will be sure of getting the best productions of the Daguerreotype art, at rates lower than at any other establishment in the city. We quote "Let everybody remember 59 Court Street, Boston.—*Sunday Dispatch.*

Improved Fire Proof Safes,
DENIO & ROBERTS,
CORNER OF CAUSEWAY & FRIEND STS
The attention of purchasers is called to the certificate below.
WORCESTER, June 15, 1854.
GENTLEMEN:—In the second story of the building occupied by us, which was destroyed by the great fire on Tuesday last, in this place, was one of your superior fire proof safes, which you will recollect we purchased of you last winter.
It stood the test with its contents unharmed, the smell of fire even not having passed over books, notes and valuable paper, money, &c., although it fell through into the cellar into a bed of live coals. The fire around it being so hot as to melt off the name plate and knob.
The fact that two other safes in the same building were utterly destroyed, will give some idea of the great heat, and show in some measure the superior value of your safe over those of other manufacture.
We have sent the safe to the Depot, thinking you might wish it for inspection. Very truly yours,
WILLIAMS, RICH & CO.
Messrs. Denio & Roberts, Boston.
☞ The above referred to safe was manufactured and can be seen at our manufactory, where is kept constantly on hand a good assortment of safes of the same quality.

OPINIONS OF THE PUBLIC PRESS.
"As a reading or sewing lamp, we have never seen its equal."—*Boston Pathfinder.*
"*Light for the long evenings.*—The long evenings are coming on apace, and a good lamp, though never out of season, is especially valuable now. The best article for common use we have ever seen, is the patent lamp make by the Messrs. Ufford, 117 Court Street. We have used no other lamps for about a year—and the time does not seem long without them. They give a very brilliant light, emit no smoke, burn the poorest oils, and are as little liable to get out of order as the common tin and glass lamps. No person who has ever tried one of these lamps, would be willing to give for ten times its cost, if it could not be replaced."—*N. E. Farmer.*

A CARD.
DOCTOR GEO. M. TIGHE, A STUDENT under Sir Ashley Cooper, late of the City of London, England, has taken up his abode in Burlington, Vermont, and is now prepared to practice upon Cancers, Tumors and Ulcers; Scrofula, Salt Rheum, Venereal Diseases, whether acute or chronic, and all Cutaneous Diseases of the skin. He pledges himself not to take any person under treatment whom he cannot cure, and makes no charge where there is no cure effected. Persons bringing certificates from the Minister of their Religion, of their inability to pay, he will cure without charge, and will forfeit a hundred dollars in every case of failure. This he feels assured will be sufficient to convince the public, that he does not belong to that class of persons called charlatans, or quacks, who live upon the credulity and credulity of their fellow creatures.
SYMPTOMS OF CANCER.—This disease originates in the form of Pimples, warts, Scales, Horny Protuberances, Discolorations, Disorganments, and Tubercular Elevations. Sometimes unusual heat, and very unpleasant itching, succeeded by a twitching, and a sensation felt as if there were a fly or spider crawling over the part, and at intervals a darting, lancing pain, which becomes more frequent as the disease progresses.
It also originates from blows, bruises and the ordinary causes and states of inflammation produce Cancer; grief and anxiety are also its causes.—Sorrow for the loss of relatives, also, often produces it. It is favored by age and by the unmarried state in women; when it occurs in the married, the menses almost always cease first, showing a connection between them; it appears very commonly at the period when the secretion disappears. It occurs even in subjects as young as five years, but most common in advanced life, and scrofula predisposes to it.
The Doctor will attend on patients in the country if called on to do so, to inform them of his sheets, about, that they may avail themselves of his services. His address is Dr. GEORGE M. TIGHE, corner of Pine and Pearl streets, Burlington Vt.

All the popular Medicines of the day at Wholesale and Retail, proprietor's prices.
Having engaged the services of Mr. Wm. Wilson, a thoroughly educated and skilled Apothecary, who was educated and received a diploma in Glasgow, Scotland, and has since been for the last twelve months with Messrs. Wm. Lyman & Co., (Druggists) of Montreal, who also recommend him in the highest terms for his good character and thorough knowledge of the Druggist business, to all its details.—Mr. Wilson will give his personal attention to compounding Physicians' Prescriptions, and the dispensing of Medicine.
Commencing under these peculiarly favorable circumstances, and having in view the interests of a practical Druggist, I feel confident in assuring the public that all Medicines compounded in this store, will be done in the most accurate and careful manner, and warranted genuine.
GEORGE W. ALLEN.
