News of the Week.

By Telegraph.

NEW YORK, April 2.

The steamer Eagle, from Havana, March 28th, has arrived.

Dates from Vera Cruz of the 22d, and from the French army of the 19th, are received. Nothing had been done directly at Puebla, which place the French did not expect would capitulate.

The gunboat Wachusett was still at St. Thomas on the 21st ult.

Two rebel schooners with cotton from Mobile and one from St. Marys had arrived at Havana since the Sheldrake left.

CHICAGO, April 2.

A special dispatch from Cairo to-day, says the Memphis Bulletin of Tuesday evening, says the guerrillas who attacked a train near Moscow, have been severely thrashed. Five guerrillas were killed, six wounded and 20 captured. On their return, they were attacked by a rebel force said to be 500 strong. Thirty-five rebels were killed and a large number wounded and taken prisoners.

Our loss was six killed and 34 wounded. The rebel were completely repulsed.

LOUISVILLE, April 1.

To Maj. Gen. Halleck:

The following despatch is from Gen. Gilmore giving details of his successful attack upon the enemy in central Kentucky.

SOMERSET, March 31st. I attacked the enemy yesterday in a strong position near the town, fought him five hours driving him from one position to another. Finally I stormed his position and drove him in confusion towards the river. His loss is over 300 in killed wounded and prisoners. The enemy outnumbered us two to one and were commanded by Pegram. Night stopped the pursuit.

We captured two stand of colors. Our Loss in killed, wounded and missing will not exceed 30.

GILMORE, Brig. Gen.

The entire rebel force has been driven out of Central Kentucky, and much of their plunder recaptured.

I note this moment received a second dispatch from Gen. Gilmore, dated this morning from Slagles Ferry, on the Cumberland river, as follows:

"I underestimated the enemy's forces in my first report; they were over 2,000 strong. During the night their troops recrossed the Cumberland in three places. We have retaken between 300 and 400 cattle.

GILMORE, Brig. Gen."

The gallantry with which the troops have concentrated, and the vigor and gallantry of their attacks, are highly commendable.

A. E. BURSIDE, Maj. Gen.

NEW YORK, April 3.

The Tribune's Washington despatch says a skirmish occurred Wednesday morning near Brainerville between 150 of the 1st Vt. Cavalry under Capt. Flint and about an equal number of rebels under Capt. Mosby. Our side got the worst of it, Flint was killed and several prisoners taken. The rebel Capt. was seriously wounded.

NEW YORK, April 2.

The steamer Gov. Cromwell from New Orleans 25th ult., arrived this evening. Among the passengers are the officers and crew of the steamer Bio Bio.

Fugitives from the rebel lines continue to arrive with reports of great destitution.

Quite a contraband trade has been discovered in which certain persons sent articles to plantations near the rebel lines where at a favorable opportunity they were seized and transported to the enemy. Cotton in small quantities continues to be received at New Orleans. People in the country Parishes of La. are said to be actually in a starving condition. Six rebel prisoners arrived at New Orleans on the 25th in a ragged condition, one of whom was formerly a wealthy citizen of New Orleans.

The rebels in New Orleans persist in the statement that Farragut had been captured and much solicitude is felt by the Unionists to hear by way of the North of his safety which was probably gratified on the 26th, as the Cromwell passed the steamer Star of the South going up the river that day. Gen. Banks had re-established his headquarters at New Orleans having just returned from a visit to Gen. Weitzel's command at Berwicks Bay. It is reported that Gen. Grovers, Brigade had been sent to reinforce Weitzel who is holding a strong position. The failure of Gen. Banks to attack Port Hudson is said to be owing to the fact that Farragut started the fleet at night instead of just before daylight, eight hours before the time agreed upon, thus preventing Gen. Banks getting his artillery in a position to draw the rebels from the entrenchments, Gen. Banks and Grover are reported to have been within 600 yards of the rebel batteries the night the fleet passed Port Hudson. There is nothing new from Galveston.

CINCINNATI, April 2.

The Times' Lexington despatch says Gen. Gilmore arrived from the battlefield of Somerset 1 P. M. morning. The enemy numbering 2000 were overhauled four miles north of Somerset. Skirmishing commenced the enemy falling back to a position on a hill a mile and a half from Somerset, where they made a stand and the battle began in earnest.

After 5 hours fighting, the rebels fled, pursued by our cavalry to the river. Night coming on, and their arrangements having been previously made, they effected a crossing leaving 400 cattle. They had no train. Their loss was 50 killed, and nearly 400 prisoners, including 20 commissioned officers.

Our loss was 10 killed and 25 wounded. Our forces numbered 1200.

Cluke's band of rebels has been completely dispersed by the 10th Ky. cavalry.

TRENTON, N. J., April 3.

Charles Lewis was executed to-day, at noon, for the murder of James Rowen.

LOUISVILLE Ky. April 3.

Twenty-five guerillas threw a wood train off the track on the Nashville road four miles above Franklin this P. M. They burned the locomotive and two or three cars and tore up the track for some distance.

HEADQUARTERS ARMY OF POTOMAC, April 3.

The 1st army corps, Maj. Gen. Reynolds commanding, was reviewed to-day by Gen. Hooker and Staff.

General Orders No. 35 contains the following paragraph:

"In pursuance of instructions which have been received from the War Department there will be a general muster of all the troops serving in this army on the 10th inst. and muster rolls will be immediately thereafter sent to the Adj.-Gen. of the Army for vise of Provost Marshal in making orders to fill up regiments and batteries to the proper complement."

All is quiet along the lines of the army of the Potomac.

NEW YORK, April 3.

It is reported that Lord Lyons will make a formal demand for the release of the steamer Peterhoff and that her owners Kile Spence & Co. of London, will claim indemnity for damage, illegal arrest &c. Her mail is being overhauled and may make some disclosures.

The baggage and personal effects of the officers and passengers have been restored. Nothing contraband was discovered.

BOSTON, April 3.

The cargo of ship Star of the East which was burned by the pirate Florida is estimated at $500,000.

PHILADELPHIA, April 3.

A special dispatch from Cincinnati says the news from Vickesburg is not encouraging. The Steele's Bayou expedition had returned to Young's Point and the troops were being disembarked. The work on the cut off opposite Vicksburg had been abandoned.

The rebel canon command two thirds o its length.

CINCINNATI, April 4.

The sheriff of Fairfield county yesterday, arrested Gov. Todd, for kidnapping Dr. Olds, an indictment having been found against him by the grand jury of Fairfield County. The Governor was taken before Judge Johnson of the Supreme Court upon the writ of habeas corpus. He was admitted to bail to appear before the Fairfield Common Pleas' Court in June.

A special dispatch to the *Gazette* from Evansville, says the boat Watts expelled yesterday opposite Mt. Vernon. Thirteen men were drowned.

Passengers who have arrived at Cairo state that the late movement on Haine's Bluff was a failure. The fleet and transports have returned to Young's Point. Gen. Grant has succeeded in placing a battery of 84 pounder Parrotts beyond the levee in a position to easily reach Vicksburg and was about to commence a bombardment.

HEADQUARTERS ARMY OF POTOMAC, April 3.

It was reported yesterday that a force of rebel cavalry was on the northern neck in the vicinity of King George C. H. engaged in seizing supplies and enforcing the conscription.

The enemy has within a few days displayed a large body of troops in the neighborhood of the Fords above Falmouth but the impression is that this is only a ruse to conceal a retrograde movement

NEW YORK, April 4.

The *Tribune's* Washington dispatch says that our Government has information that powerful steam rams are now being built on the Thames and Mersey.

Gen. Schenck is in town to-day, and had an interview with the President and Secretary of War, who entirely approved his stringent measures in treating the rebels as traitors.

The Times' Washington dispatch says it is asserted in a quarter entitled to credit, that a draft will soon be made to fill up all the regiments to the proper standard. It is not yet known how many it will require but probably near 200,000.

Capt. Coulter, formerly of the 11th Penn. who lost an arm at Fredericksburg, has obtained the sanction of the President to raise a brigade composed of men who through disability, are unfitted for active duty in the field. These troops are to be used for Provost garrison and hospital duty. By this means a large number of able bodied troops now performing those duties will be sent into the field.

The 11th Ind., captured and paroled by the rebels last fall has been exchanged and will be ordered at once to active service.

Brig. Gen. Cordin one of the unconfirmed nominees before the Senate, has been thrown out of service by the filling of the place from which he was promoted.

He has been relieved of his command and will return to private life

FORTRESS MONROE, April 2

The flag of truce boat brought from City Point over 400 exchanged Union Prisoners, and left for Annapolis. She brought no news.

Gen. King is assigned to the command of Yorktown for the present. Gen Keyes relieves Gen. Dix, in a few days, the latter going home to recruit his health.

NEW YORK, April 4.

The *World's* Washington dispatch says our loss in Tuesday's skirmish at Brainsville, is said to be 2 officers—Capt. Flint and Lieut. Grout—of the 1st Vt. Cavalry, with 7 men killed; and a total loss of 60 in killed, wounded and missing. The bodies of the two officers were brought here to-day.

Gold opened in New York this morning at 135; at noon 134.

NEW YORK, April 6.

The *Herald's* Washington dispatch says: a report has reached here by way of Fredericksburgh, derived from rebel sources that Charleston was bombarded by our fleet, and attacked by our land forces, last Thursday and is now in possession of the federals under Gen. Hunter and Admiral Dupont. The report is fully credited by prominent officers of the Government who were in possession of facts in reference to the contemplated attack upon Charleston which it is not yet prudent to divulge. It is certain, however, that those who possessed this information are confident that our soldiers and sailors will celebrate the 2nd anniversary of the fall of Fort Sumter in the captured city of Charleston. The restrictions upon the publication in the Southern papers of any adverse news are so stringent that it is not expected to find much in them in reference to the capture of Charleston till the disaster can no longer be concealed, but the reports which have arrived are definite and positive, and are believed by those who have the best right to know what foundation there is for them.

The Times Washington despatch says the city is nervous to night over the news derived from rebel sources that Charleston has fallen, that an attack commenced on Friday and was overwhelming successful. A flag of truce came to Falmouth this morning. The newspapers smuggled under it made no mention of the fall of Charleston or of its salvation.

Economy is Wealth!
This maxim will be fully demonstrated by buying
THE AMERICAN HOT AIR
COOKING STOVE.
AS IT WILL BAKE, BROIL AND ROAST BUTTER than any other stove with a saving of 25 per cent. in fuel, and a very large per centage in convenience.
They have the following advantages:
1st. They are constructed with a view of great durability; all the plates exposed to the fire are made of an extra thickness.
2d. The fires are lined with non-conducting cement, thereby applying the heat directly to the oven, and the oven can be heated and kept in baking order with less fuel than any other Stove.
3d. They have a hot air draft, which not only makes the fuel burn freely, and last longer, but adds to the heating and baking facilities.
4th. They consume all the gases from the fuel, thereby adding greatly to the quantity of heat obtained from the amount of fuel used.
5th. The stove is made, mounted and finished in the most superior manner. The oven is large and well ventilated. The stove is convenient in form and made for use; to adopt the language of others who have used this Stove: "It will do more work with less fuel than any other Stove." In proof we add the following testimony:
THE AMERICAN COOKING STOVE.
What Rev. Dr. Sprague says of it:
ALBANY, Dec. 9, 1861.
MR. SAGER—My Dear Sir: My family have made a thorough trial of the "American Hot Air Cooking Stove," and they regard it, both on the score of its convenience and economy, as having greatly the advantage of any other they have ever tried. Indeed, they consider it so perfect as leaving nothing to be desired.
Very truly yours,
W. B. SPRAGUE.

GREAT INDIAN REMEDY
FOR FEMALES.
Dr. Mattison's Indian Emmanagogue.

THIS celebrated Female Medicine is possessing virtues unknown of any other, and for all those cases requiring effectual relief after all others have failed, is prepared from an Indian plant used by the natives for the same purpose, has been used over 40 years and now for the first time offered to the public. It is designed for both married and single ladies, and is the very best thing known for the purpose, as it will relieve on the monthly sickness in cases of obstruction from any cause, and after all other relief has been tried the desired have been tried in vain. This may seem incredible, but it is fact. In any case the money will be refunded.
OVER TWO THOUSAND BOTTLES
have now been sold without a single failure when taken as directed, and without the least injury to health in any case. It is put up in bottles of three different strengths, with full directions for using, and sent to express slowly sealed, to all parts of the country.
PRICES—Full strength, $5; half strength, $3; quarter strength, $2 per bottle.
Remember! This medicine is designed expressly for obstinate cases, which all other remedies of the kind have failed to cure; also that it is warranted as represented in every respect, or the price will be refunded. Beware of imitations! None warranted unless purchased of the Dr. M., or at his office. Prepared and sold only by Dr. Mattison's Benedict Institute for Special Diseases, No. 13 Union Street, Providence, R. I.
This specialty enables the attendance of a private nature both of men and women, by a regularly educated physician of twenty years' practice, giving them his whole attention.
Consultations by letter or otherwise are strictly confidential, and medicines will be sent by Express, secure from observation, to all parts of the United States. Also, accommodations for ladies from abroad who may desire a secure and quiet Retreat, and good care until restored to health.
CAUTION.—It has been estimated that over two hundred thousand dollars are paid to swindling quacks annually, in New England alone, without any benefit to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, whose only recommendation is their own false and extravagant assertions in praise of themselves. If, therefore, you would *avoid being humbugged*, take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in nine cases out of ten, are begun, there is no safety in trusting any of them, unless you know who and where they are.
Dr. M. will send *free*, by enclosing one stamp as above, a pamphlet on DISEASES OF WOMAN, and on private diseases generally, giving full information, with the most undoubted references and testimonials, without which, no advertising physician or medicine of this kind is deserving *any confidence whatever.*
Orders by mail promptly attended to. Write your address *plainly*, and direct to DR. MATTISON, as above. Mar. 17—dawlf

THE
Soldier's True Friend
ALWAYS READY.
Holloway's Ointment.
LONG marches, sore and stiff joints, blistered and inflamed feet, all these the soldier must endure. Mothers, remember this, when your sons are grasping their muskets to meet danger, think what relief a single pot of this all healing and soothing balm will give to the one you love when far away from home and friends. It hardens and makes tough the feet, so that they can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, eases sore nipples, strengthens and regenerates. While for
SABRE CUTS AND GUNSHOT WOUNDS
It stands unrivalled, rendering and preventing every vestige of inflammation, and gently drawing the edges together, it quickly and completely heals the most frightful wounds.
Wives and Sisters of our Volunteers!
You cannot put into the Knapsacks of your Husbands and Brothers, a more valuable or more necessary gift than a supply of this
EXTRAORDINARY MILITARY SALVE
The lonely sentry walking his rounds at night, exposed to drenching rains and cold night air, is often relieved with most *Violent Pains, Cramp and Stiffening Throughout*, first symptoms of Quick Cramp-ism. If supplied with HOLLOWAY'S PILLS and HOLLOWAY'S OINTMENT, all danger is averted, a few Pills taken night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the severest Pains and stop the most distressing or *Dangerous Coughs*. Therefore to the whole Army.
Soldier's Attention!
See to your own health, do not trust to the army supplies although much valuable. These Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Dr. Holloway has supplied all the Armies in Europe, and during the CRIMEAN CAMPAIGN he established a Depot at Balaclava, for the Exclusive sale of these *Great Remedies*. Many a time his special Agent there has sold over a ton in weight of the Ointment to a single day. Those terrible and fatal enemies of the Soldier in Camp,
Diarrhœa, Dysentery, Scurvy, Sores and Scrofulous Eruptions,
all disappear like a charm before these Pills and Ointment, and now while the cry rings throughout the land,
TO ARMS! TO ARMS!!
Do not let those brave men perish by disease, place in their hand these *Precious Remedies*, that will enable them to resist the dangerous exposures, the Fevers, the Chills, and the wounds which they cannot avoid, and what is more, cannot frequently get succour in the moment of need, whereas if our brave men have only to put their hands into their Knapsacks, and find there a sure remedy for all the casualties of the Battle-field. How many thousands of lives would thus be saved who would otherwise perish before relief could reach them.
CAUTION.—None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON," are discernable as a *Water-Mark* in every leaf of the book of directions, around each Pot or Box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as will lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
*** Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in pots, at 25c., 62c. and $1 each.
