JANE JUNIPER.

THE CARDENAS FIRE. *New-York*, Feb. 10.—We learn from Capt. Brown, of the brig Eliza, from Cardenas 1st inst., further particulars of the great fire there.

Nearly all the warehouses and stores, in fact, the whole front parts of the city, were burned to the ground. It was blowing a gale at the time, from the north-east, and the fire spread so rapidly that the inhabitants had barely time to save themselves.

The probable amount of loss is about $800,000, on which there was little or no insurance. A merchant named Safford, is the principal loser; $80,000, it is said, would not cover the amount of his loss. The American captains in port, with their crews, rendered valuable service in subduing the flames and in saving property.

One thousand workmen from the Baltimore and Ohio Railroad workshops, with all the conductors, brakemen and engineers of the transportation trains, struck in Baltimore on Friday morning for higher wages. They marched to Monument Square, where they were addressed by Frank Gallagher, and were joined there by the machinists and workmen from all the other shops in the city, numbering in all between 2000 and 3000 men. They demand an increase of 15 per cent on previous prices.

The Railroad Strike. Baltimore, Feb. 11. All business, except the running of the passenger train, is suspended on the Baltimore and Ohio Railroad, in consequence of the strike. No freight trains passed over the road last evening, and none today. A heavy premium was paid to the engineers to run the freight trains today.

The proceedings at the meeting in Monument Square were of an orderly description. The strike has extended all along the road, and also to the Susquehannah and Philadelphia roads.

The railroad directors have come to terms.

Messrs. Lowell & Senter, jewelers, of Portland, Me., have a little round piece of metal, the 625th part of an inch, on which is engraved in clear, round, bold text, the following: "Lowell & Senter, watchmakers, 64 Exchange street, Portland. Written by Fossmont at Paris. 1852." There is sufficient space between the words and lines. It is read by a microscope of great power.

A resident of San Francisco, writing to a friend in Boston, says he had a turkey for his dinner, weighing 11½ pounds, and that it only cost him $16.

It was decided by one of the courts at Cincinnati last week, that if a passenger in a railroad car purchase a ticket, but accidentally lose it, the company have no right either to make him pay the fare the second time, or turn him out of the cars, provided he can bring proof that he actually paid for the lost ticket.

A young lady who was rebuked by her mother for kissing her intended, justified herself by quoting the passage—"Whatsoever ye would that men should do unto you, do you even so to them."

Gen. Scott and wife, and Gen. Pierce and wife, have been made life members of the Parent Methodist Missionary Society of Washington, by contributions made in a Methodist church in that city.

New Territories. Bills for the organization of two new territories have been introduced in the House, considered, and will no doubt be passed in a day or two. They are—

1st. *Nebraska*, which embraces all the territory lying between the summit of the Rocky Mountains on the West, Missouri and Iowa on the East, the 43d degree of North latitude on the North, and the territory of New Mexico and the parallel of 30 degrees and 30 minutes on the South.

2d. *Washington*, (reported by the Committee as "Columbia," which name, on motion of Mr. Stanton, was stricken out, and "Washington" substituted,) to be composed of all that portion of Oregon South of the 49th degree of North latitude, and North of the Columbia River from its mouth to where the 49th degree of North latitude crosses the said river near Fort Walla, thence with the 46th degree of latitude to the summit of the Rocky Mountains.

NEW BOOKS.

HEADLEY'S LIFE OF JACKSON & SCOTT and FRANK FREEMAN'S BARBER'S SHOP, for sale by

18 E. P. WALTON & SON.

What can be got for Five Dollars!

THE undersigned have entered into an arrangement by which they agree to furnish the Knickerbocker Magazine, (monthly,) the Home Journal, (weekly,) and the New York Musical World and Times, (weekly), to one subscriber, at the very moderate price of five dollars a year for the three publications, all unless subscribing that amount to DYER & WILLIS, will be promptly attended to.

SAMUEL HUESTON,
Publisher of the Knickerbocker.
MORRIS & WILLIS,
Publishers of the Home Journal.
DYER & WILLIS,
Publishers of the Musical World and Times,
257 Broadway, New York.

Grand Literary and Artistic Combination.

Arrangements have been made to furnish the KNICKERBOCKER MAGAZINE, the HOME JOURNAL, and the NEW YORK MUSICAL WORLD AND TIMES, to NEW SUBSCRIBERS, for FIVE DOLLARS a year! This is cheap Literature with a vengeance. The Knickerbocker is $3 per annum; the Home Journal, $2, and the Musical World and Times, $3—making $8 a year at the usual rates. We offer these with which to make up the sum for FIVE DOLLARS a year to a few only worthy the CATOBIC age, which is just now being ushered in. Of the Knickerbocker Magazine, edited by Louis Gaylord Clark, it is unnecessary to speak. For twenty years it has been the inner genius, household, and spicy "monthly" to the world; and the present volume will be inferior to any which preceded it. The Home Journal, edited by George P. Morris, and N. P. Willis, is well known as the best family newspaper in America; and the Musical World and Times, edited by Richard Storrs Willis, with Lowell Mason, George H. Curtis, Thomas Hastings, Wm. B. Bradbury, George F. Root, and other musical writers contributing, and which gives, among other things, over $25 worth of music and a full course of instruction in harmony already, is the very best musical journal ever published. These three publications will post at a fair valuation at least twenty dollars, viz: Knickerbocker—Art, Science, Literature, Music, Leading Statistics, Inventions, Discoveries; Wit, Humor, Poetry, Sentiment; the Newest Fashions and other attractions for Ladies; Home Area Made for the Sabbath, the Church and the Fireside; Review of the Literature and Criticisms of Musical Works, Performers and Performances, in short the early pick and Cream of Novelty, Intellect, History, Biography, Art, Literature and Science; including whatever can be given in periodicals to promote Healthy Amusement and Social Intercourse in the Lonely, and Help to cheer in Sickness. Better, Wiser, and Happier, may be classed for FIVE DOLLARS. Address

The medical department will be under the charge of C. W. Goss, a gentleman of eminent ability, and long experience in his profession. The proprietor pledges his unremitting attention to the interests and comforts of those who may favor him with their patronage. HARPER'S New Monthly Magazine.

HARPER'S NEW-MONTHLY MAGAZINE has already reached a regular monthly issue of more than ten thousand copies, and is still steadily and rapidly increasing.—The Publishers have endeavored, by a well directed use of the abundant resources at their command, to render it the most attractive and most useful Magazine for popular reading in the world; and the extent to which their efforts have been successful is indicated by the fact, that it has attained a greater circulation than any similar periodical ever issued.

Special efforts will be made to render it still more interesting and valuable during the coming year. In addition to the usual ample and choice selections of Foreign and Domestic Literature, an increased amount of Original Matter, by the ablest American writers, will be hereafter furnished. The number of Pictorial Embellishments will be increased; still greater variety will be given to its literary contents; its Editorial and Miscellaneous Departments will be still further enlarged and strengthened, and no labor or expense will be spared to render it every way, and in all respects, still more worthy of the extraordinary favor with which it has been reciprocated.

HARPER'S NEW MONTHLY MAGAZINE owes its success to the fact, that it *presents more reading matter, of a better quality, in a more elegant style, and at a cheaper rate, than other publications.*

Subscribers in any part of the United States may now receive the Magazine by Mail for three cents a number, or *thirty-six cents a year postage*, either of the publishers, the Booksellers, or periodical Agents.
