FROM THE TENTH REGIMENT.

Battle of Winchester—Major Dillingham—Victory.

NEAR FRONT ROYAL, Va., Oct. 19.

Dear Journal :—In our short but glorious Valley campaign there has been much of interest beside decisive victories; instances of the material and moral sublime, and of the sublime in science. Indeed, all campaigns present these in varying degrees, but in this they were presented in the highest degree. And then there were the phenomena common to battles, the mangling of bodies, death, bodily and mental anguish, fear, heroic courage, despair, exultation, rage and pity, even mirth, and that beautiful faith which looks up from the plain or swamp or hedge where life is fast bleeding away, and behold looking upon the fearful tragedy the calm face of Deity.

The battle of Winchester was fought partly on rolling ground consisting of grassy fields, corn and wheat fields, gardens, yards and forests, and partly on a broad open plain which extends to the north and east of the town. The rebels had earthworks, but they were slight, and we had none at all so the fight could not resemble the great battles of the Wilderness campaign. Our division formed ling of battle on the right of the Berryville pike, about ten o'clock in the morning, lay down and waited for the 19th corps to come up and form on their right. At about noon, the line being formed, our batteries, which had kept up an intermittent fire all the morning, opened rapidly, and the line advanced. This artillery firing is a grand thing. You hear a continuous roar caused by the combined discharge and thumping or hammering of the gun. It is never so loud as thunder, but it is loud enough to frighten citizens, and pale the cheeks of undisciplined recruits, although our veterans if not in direct range will enjoy a pleasant sleep, and our horses graze quietly under the hill. But it was a prelude, and the chieftain's lips compressed as it grew rapid.

I said the line advanced, and with it advanced Maj. Dillingham. There was a terrible screeching of shells and solid shot; they rattled among the trees and burst over, the advancing line. One struck the major, and he fell. His comrades bore him from the field, and the men heard his cries of pain, and for a moment the line wavered, so terrible was the shock of sorrow which they felt. A little later, while the fight was still roaring up over the hill, he died, and this was the end of a beautiful, harmonious life. Young, handsome, brilliant, brave amid trials, cheerful amid discouragements, upright, and with that kindness of heart which ever characterized the true gentleman, blended with firmness and energy as a commander, he was ever respected by all of his command, and loved by all of his companions.

"A father and a brother gentleman * * *
The spacious world cannot again afford."

We shall long mourn him in our lonely camp. But the boys avenged his death. At night, when the work was done, all along their course, in the ravines, on the low hills, in the front yard of the farm house, in the orchard, in the cornfield, and on the broad Winchester plain, the gray form of slain enemies told how well they had dealt their blows. If his spirit followed the line,—and who shall say it did not?—how proudly it must have swelled, when on the red glow of the setting sun, victory came down, as from heaven, and perched upon our banners.

The story of the battle is well known; how the second division of the 19th corps was repulsed on the first charge in consequence of which the whole right of the line had to swing back; the rally, the addition of Crook's command to the right, the formation of the new line, and the next advance which was successful.

I stood on hill a half a mile in the rear and saw our line advance at four o'clock. Batteries were belching forth in its face, and shot were falling like hailstones, but it went sweeping onward, never breaking, never halting, moving almost as steadily as on drill, until my eyes were blinded by the slant rays of the declining sun, and the line became obscured in the powder-smoke.

Storms are sublime, and so are great fires, but fancy a long blue line of soldiers advancing in the impetuous charge of battle, sweeping all before them, yelling like savages as they rush onward, the sun gleaming on every gun barrel, and smoke and fire leaping from every muzzle!

"By Heaven! it is a splendid sight to see
For one was hath no friend, no brother there."

Gen. Sheridan was riding rapidly along the line shouting to the men, "Crook is on their flank, and the cavalry in their rear; give them hell!" One could almost afford to die for the cheers which he received.

The line is only a mile from the town, and the rebels are flying in confusion across the open plain, but they still keep up something of a fire, and our batteries and line are scattering death among them. Look over to the right! Look! There go Custer and his cavalry. He has taken his flag in his hand, his roundabout is nobtrunned, and his crimson shirt and scarf, and his sleeves sparkling with bullion, render him conspicuous,—all the better for his men to see him in the front, and on rush the squadron madly after him. They dash over the flying rebels, slashing down all resistance until beyond the line, then they turn round and drive them back like so many frightened sheep. The rout was complete, and in a few moments the plain, the town, and the heights beyond were clear of rebels, except their dead, wounded and captured.

Could Custar at that time have gone on like Blucher of Waterloo, with a corps of fresh cavalry, and orders to take no prisoners, Early's army would have been annihilated that night.

The army that slept on the field that night, consisted of the happiest men alive. They were begrimed with blood, and powder, and dust, and were faint and hungry, but many danced with exultant joy, and many others bowed in silent, heart-felt, devout thanksgiving.

In this engagement Lieut. Abbott of Barre, and Lieut. Hill of Rutland, both gallant and accomplished young officers, were severely wounded. Our loss in enlisted men was 10 killed, 47 wounded, and 1 missing.

PINKER'S CELEBRATED "WAHOO AND CALISAYA BITTERS"—Is a healthful beverage that is becoming highly popular wherever it has been introduced. It will be found to contain the purest liquors and the most healthful compounds of barks and roots. We regard it in every respect as a superior article, possessing a fine flavor and being a healthful tonic, without the drawbacks of any reaction, as in the case of most stimulants. For dyspeptics, it will be found a most valuable and safe tonic, which can be drank as a beverage, and even the most delicate lady can use it with the best results. These bitters are known by the cabalistic letters, "I. M. O. K. —1864—Y! Y!" They are used by everybody, and have the highest recommendations from those best able to judge of their superior excellence, and cannot fail to become widely patronized wherever introduced. 27:28

REMARKS.—2755 cattle at Cambridge or 700 more than last week. At Brighton 1364 Western or twice as many as last week, with 338 Eastern, making in all 4247 or 886 head more than last week. This turns the scale against the drovers and makes the butchers feel mighty independent. Several of the trains at Cambridge were late and the hope to make the trade dull as the buyers of cattle as well as silk dresses like to have the whole stock in trade spread out before them to select from, and make their selections. At any rate we must report trade as dull, at Cambridge, some said there were as many cattle in the yards at the time trade closed here, as there generally is at the opening of business in the morning. Up to the time of closing tale report, we think prices have fallen off full ½c per lb., and there are now so many cattle in the yard that we predict a hard closing to-night or the drovers, many of whom claim the prices from 1½ per lb. less than last week. The sheep market too, is overstocked and prices on lots scarcely for sale is reduced ½c per lb. on live weight and 50 to 75c on live stock. Saw a fine lot sold for 9½c per lb and another good lot 8½ lbs each at 9½ and a lot priced in the morning at $6.50, was sold at $5.50, after the owner was satisfied as to the place of the market. Store cattle trade, tolerably fair at prices quoted.

LYON'S PERIODICAL DROPS.
THE GREAT FEMALE REMEDY
THE GREAT FEMALE REMEDY
LYON'S PERIODICAL DROPS Cure all complaints incident to the sex, and remove all obstructions of no have from whatever cause, producing health, vigor and strength.

LYON'S PERIODICAL DROPS are better than all Pills, Powders and Drugs, as being a third preparation, their action is direct and positive, and it needs nothing but good management to cure. You and understand the reason why they cure so much sooner than all the female system is subjected, with dispatch and degree of certainty which nothing but a scientifically compounded fluid preparation could reach; they are, in the most delicate cases.

RELIABLE AND SURE TO DO GOOD!
RELIABLE AND SURE TO DO GOOD!
AND CANNOT DO HARM,
AND CANNOT DO HARM,
to the most delicate constitutions

LYON'S PERIODICAL DROPS will certainly produce the regular return of nature, if taken a day or two before the expected period, and it is a maxim in the profession, that prevention is better than cure.

LYON'S PERIODICAL DROPS have been used by over ten thousand ladies within the past six months, and the testimony of such is surely entire.

CAUTION! CAUTION!!

Bear in mind that I guarantee my DROPS TO CURE Suppression of the menses, from whatever cause, though care should be taken not to administer to pregnancy, for in such cases, these DROPS would be sure to produce miscarriage, if taken while in that situation, and all are cautioned against using them, as I wish it distinctly understood that I do not hold myself responsible when used under such circumstances.

TO MARRIED LADIES!

They are peculiarly adapted, as they bring the monthly period on with perfect regularity.

I could furnish any quantity of testimonials of its efficacy from my own patients, but the practice of parading sought and fictitious cases before the public is so prevalent, I do not deem it advisable.

BE WISE IN TIME
BE WISE IN TIME
BE WISE IN TIME

Let no disease destroy your constitution. Try a bottle of my PERIODICAL DROPS, and you will be satisfied that I am no imposter. Tell your afflicted friend what restored the bloom of health to your cheeks, and thereby confer a favor more valuable than gold. For painful or scanty Menstruation it is just the thing. I have now in my mind an instance of a lady who had been suffering from painful Menstruation two or three years, confining her to her room each time. She had applied to several eminent physicians, without relief, when one bottle of my DROPS entirely cured her.

in almost every case.

It is impossible to enjoy the blooms of health and vivacity of spirits, unless the Menses are regular as to the time, the quantity, and quality. When they are obstructed, nature makes her efforts to obtain for it some other outlet, and unless these efforts of nature are assisted, the patient usually experiences Despondency, Nervousness, and generally, CONSUMPTION assumes its sway, and prematurely terminates a miserable life.

Do not suffer from these irregularities when an investment of one dollar in Lyon's Periodical Drops will regulate and restore nature to its healthy course; and

by those who have other preparations, which they desire a gain off upon the strength of the popularity of my Drops. But which the Druggist you apply to has not got them; either must him buy them for you, or else enclose one dollar to the nearest general wholesale agent, who will return you a bottle by return Express.

CLEANSE THE BLOOD.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure—AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as *Scrofula, or Kings' Evil, Tumors, Ulcers, Sores, Eruptions, rimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring, Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases*, such as *Retention, Irregularity, Suppression, Whites Sterility*, also *Syphilis or Venereal Diseases, Liver Complaints*, and *Heart Diseases*. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures the disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any Sarsaparilla, but often no curative properties whatever. Hence bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall remove the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most efficacious purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of *Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption*, and for the *relief of Consumptive* Patients in advanced stages of the disease, that it is use less here to recount the evidence of its virtues. The world knows them.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Dealers in Medicines. 23:31

BRANDRETH'S PILLS.

The Weak, the Consumptive, Rheumatic, Costive, Bilious and Delicate, after some days' use, will find renewed strength and life pervade every organ of their frames.

Every dose makes the blood purer. The nerves commence in the arteries and terminate in the veins. These pills, as a first effect, act upon the arterial blood, increasing the circulation, by which impurities are deposited in the veins, and they throw off such collections into the bowels, which organs, by the energy derived from Brandreth's Pills, expel them from the system. When first used, the Pills may occasion griping, and even make the patient feel worse. This is an excellent sign, and shows the disease will soon be cured. No great good is often achieved without some trouble in its attainment, and his rule applies to the recovery of health. 27:30:daw

CONSTITUTION WATER.

WETHERSFIELD, CONN., March 3, 1863.

DR. W. H. GRENO—

Dear Sir:—Having seen your advertisement of "Constitution Water" recommended for Inflammation of the Kidneys, and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only a temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Messrs. Lee, Mason & Co., and when I had used half of it, to my surprise, I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it.—I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love.

Yours, truly,
LEONARD S. BIGELOW.

DR. W. H. GRENO—

Dear Sir:—I have been suffering for a long time with what physicians call Diseases of the *Prostrate Gland* and *Retention of Urine* and was unable to obtain any relief until I used CONSTITUTION WATER, which began to produce its curative effect after taking one or two doses, and no man can be more grateful than I at the result—having suffered all that a man could suffer, and live, and rather than to be deprived of the medicine, I would be willing to pay *Fifty Dollars* a bottle for it.

It has not only cured me but several other officers in my district have been cured by it, and I would recommend everybody suffering from any diseases of the kidneys, to use Constitution Water.
