Caledonia County Grammar School.

THE catalogue just published gives the following number of Students for the year ending November 1840:

Winter Quarter,	73
Spring Quarter,	80
Summer Quarter,	57
Fall Quarter,	132
Average per Quarter,	80
Whole number during the year,	200

The Trustees are much gratified with the evidence thus furnished of the confidence still placed by the public in their old County Grammar School, and of the success of the present able and faithful preceptor,

C. C. CHASE, A. B.

under whose instruction the school will still continue.

The Winter Quarter will commence on Monday, December 7, and not on Wednesday, December 2, as stated in the catalogue.

JOHN H. WORCESTER, Sec. pro. tem.

Peacham, Nov. 26, 1840.

Caledonia County Grammar School, at Lyndon.

THE Winter Term will commence on Wednesday, Dec. 9th, and continue eleven weeks, under the continued instruction of DAVID C. SCOBEY, A. B.

Those who are to become members, will find it for their interest to be present on the first day of the term. WILLIAM SCALES, Secretary.

Lyndon, Nov. 14, 1840. 172w3.

Derby Literary Institute.

The Second term of this Institution will commence on Monday, the 7th Dec. next. Mr. LINCOLN and Miss APPLETON will continue to conduct their respective departments as at present, with such assistants as shall be found necessary to secure to every pupil a proper share of attention. Miss Appleton is confident in hoping that Miss Hebard of Randolph will spend the winter with her, if she should, there will be a rare chance presented, for young ladies, to acquire the art of painting and study the Italian language.

From present appearances the Committee feel confident that the institution will be well sustained & although their acquaintance, with the principals is as yet somewhat limited, they feel that the selection was most fortunate and that the institution though in its infancy, bids fair to take a stand with the highest of its class.

TUITION

Common English Studies	3 00 pr. Quar.
Higher branches	4 00

BOARD as reasonable as at any institution in the vicinity.

NOAH NICHOLS, LEMI. RICHMOND, CHESTER CARPENTER, } Committee.

Derby, 13 Nov. 1840. 172w3

The Vt. Telegraph will please copy the above.

NEWBURY SEMINARY

THE Winter term of this School will commence on Wednesday the 25th inst. and continue 12 weeks.

Price of board and tuition as usual.

It would be well for those who are designing to attend School to observe, that there being a smaller number of Students in attendance in the winter than any other term, each Student can receive more attention from the teachers, and thereby enjoy equal facilities to afforded them in the prosecution of their studies.

LEWIS B. TEBBETTS, Sec. of B of Trust's.

Newbury, Nov. 9, 1840. 172w3

STATE OF VERMONT,

ORLEANS DISTRICT, SS

At a Probate Court holden at the Probate Office at Irasburgh, in and for the District aforesaid, on the 2d day of November, A. D. 1840.

JOHN MACUMBER, Administrator of Isaiah Macumber, late of Greensboro' in said district, deceased, presents his Administration account for allowance, and requests that License be granted him to sell all the real estate of said deceased for the payment of the debts against said estate. Therefore the Court order, that the same be referred to the first Wednesday of Dec. next, for hearing at the Probate Office aforesaid,—and that the heirs and creditors and all concerned be notified thereof by publication of this order three weeks successively in the Caledonian printed at St. Johnsbury, as soon as may be, that they may appear at said time and place and be heard in the premises.

172w3. GEO. NYE, Judge.

FASHIONABLE

TAILORING.

THE SUBSCRIBER

WOULD respectfully inform the inhabitants of Danville and vicinity that he has rented the room over A. McMillans Store, (formerly occupied by John H. Westropp,) where he intends to carry on the

Tailoring Business,

in the neatest and most fashionable style.

The subscriber would respectfully solicit a share of public patronage, and feels confident that he shall receive it, and that a thorough knowledge of his business, with attention to the same, will merit it.

*** All orders from a distance thankfully received and promptly attended to

☞ Cutting done on the shortest notice.

☞ *All garments made by him warranted to fit*

DR PHELPS'S COMPOUND

TOMATO PILLS,

A new and valuable medicine for all diseases arising from IMPURITIES of the BLOOD and derangements of the LIVER and STOMACH, also a SUBSTITUTE for CALOMEL, as a Cathartic in FEVERS and all Bilious affections.

These popular Pills being a combination of a newly discovered chemic substance, extracted from the TOMATO PLANT, with their vegetable substances which have been found to modify and diffuse its effects, are believed to be the best alterative and purgative medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation, for *cholera, Dyspepsia, Jaundice, Bilious attacks, Acute Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous diseases, Acid Stomachs, Costiveness, Colic, Headache, &c.*

Sash, Blinds & Doors.

THE subscriber wishes to inform the public that he has lately commenced the

SASH MAKING BUSINESS,

at Coventry Falls—where he intends to keep constantly on hand, the common *ovolo window sash* of different sizes, and of a superior quality. And all orders for the gothic sash, window blinds, and panel doors, will be answered with a short notice, as to the style and dimensions. The subscriber having devoted his time for a number of years past, wholly to this branch of mechanical business, three years of which, he has labored in the sash shops of Boston, Mass., and also, having furnished himself with the *best and most fashionable* tools which the country affords; feels confident in assuring those who may favor him with their custom, that he can furnish them with the above named articles more *cheaper* and of a *superior quality*, than can be done by the *common joiners*, who, without many of the necessary tools, devote but a small share of their time to this branch of business.

SAMUEL F. FRENCH.

Coventry, Oct. 26, 1840. 170tf.

20,000 Pounds Stove Pipe and Sheet Iron.

THE subscriber has, the past month, received large additions to his stock of SHEET IRON and is now prepared to furnish merchants with a superior quality of STOVE PIPE, made of *thin sheet Iron*, at the lowest prices.

Stove Pipe will be delivered to most of the stores, if required, in Orange, Caledonia, Grafton and Coos counties, on reasonable terms—to pay for all sold in the month of March next.

Early orders are solicited from his Northern friends.

Superior Tin Ware

constantly on hand. COPPER TEA KETTLES made for Stoves, to any order, at short notice.

N. B. 1000 pounds of RUST STOVE PIPE suitable for shops and shingle shanties, may be had for 10 cents per pound.

O. R. FYLER.

Bradford, Vt Oct. 17, 1840 168w4

COUGHS, COLDS,

And all diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is believed to be deservedly the most popular Medicine ever known in America, for coughs, colds, asthma or phthisic, consumption, whooping cough, and Pulmonary affections of every kind.

The Vegetable Pulmonary has been very extensively used for about twelve years; and its reputation has been constantly increasing. So universal is popular has this article become that it may be considered as a standard article in a large part of the United States and British Provinces. Many families keep it constantly by them, considering it the most safe and certain remedy for the above complaints. The proprietors have received, and are receiving numerous recommendations from many of our best Physicians, who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article are here subjoined; and for a more full account see the envelope to the bottle.

Doct. Amory Hunting	Doct. Samuel Merrill,
" Truman Abell,	" Timothy Bayley,
" Thomas Brown,	" Jere Ellsworth,
" William Perry,	" Alvan Guid.

AN INTERESTING CASE

Extract of a letter from Mr. C. S. Clay, Kingston, Ulster county N. Y., to the proprietors:

Yours of the 20th instant was duly received. A remarkable cure was effected by the Vegetable Pulmonary Balsam, in the winter and spring of 1835. The person, Mr Moody, had been sick a long time with the consumption. His physicians had given him up. He was reduced so low as to be unable to help himself, and was raising a large quantity of blood, when he commenced using the Balsam, which effected a complete cure, and he is now as hale and hearty as ever he was. Mr. Moody has removed from this town, but he has promised me a more detailed account of his case, which I will forward you. C. S. CLAY.

Kingston, N. Y. June 25, 1838.

Argyle, Nova Scotia.

In the winter of 1837 and 1838, I was seized with a violent cough, which continued two or three months. My cough was so severe that I was obliged to sit up two or three hours during the night, and I was much reduced in flesh and strength, and my appetite gone. One of my neighbors had a bottle of the Vegetable Pulmonary Balsam, which he would not sell, he however loaned it to me till I could get him another. I experienced immediate relief from it. The first opportunity I had I procured more of it, and to the use of it I ascribe the preservation of my life.

JAMES W. LENOX

Dec. 17, 1838.

COUNTERFEITS. BEWARE OF IMPOSITION!

Each genuine bottle is enclosed in a blue wrapper, on which is a label, signed by SAMPSON REED, NONE OTHER CAN BE GENUINE.

☞ The outside Yellow Label will have, on and after December 1839, in addition to that of Sampson Reed, the Signature of WM. JOHN CUTLER, one of his partners.

The great celebrity of the Vegetable Pulmonary Balsam has been the cause of a temptation to introduce spurious articles, which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are the 'American Pulmonary Balsam,' 'Compound Pulmonary Balsamic Syrup,' 'Pulmonary Balsam,' 'Carter's Comp. and Pulmonary Balsam,' and others. Purchasers for the true article by its whole name—PULMONARY BALSAM, and see that it has the marks and signatures of the genuine.

Each bottle and seal is stamped 'Vegetable Pulmonary Balsam.'

***ONE MORE COUNTERFEIT, besides the 'American Pulmonary Balsam,' and others above alluded to!—An attempt has been made to deceive the public by a spurious mixture called 'Vegetable Pulmonary Balsam,' sometimes signed Samuel Lee and sometimes Sampson Lee—said to prepared by an unprincipled man in Bangor, Me. The name is written in a way to resemble the genuine signature and is a most fool attempt to deceive the public and avoid the punishment that await actual forgers.

For sale by REED, WING & CUTLER (late Low & Reed) wholesale dealers in Drugs, Medicines, Paints and Dye Stuffs, No. 54 Chatham Street Boston, also by Luther Jewett, St. Johnsbury, Vt., and A. McMillan Danville Vt.

Millinery and Dress Making.

MISS ABIGAIL HARRIS

WOULD respectfully inform the inhabitants of Lyndon and vicinity, that she has taken the shop at Lyndon Corner, recently occupied by Mrs HENRIETTA PECK,

where she intends to pursue the Millinery and Dress Making business, and hopes to merit a portion of public patronage. 165—tf

Citizens of Vermont.

IN order to secure to you the true BRANDRETH VEGETABLE UNIVERSAL PILLS, the sale of them in your State will hereafter be conducted in the following manner:

But one travelling agent, Mr JOHN O. LANGLEY will visit the State, whose authority to act for me will be made manifest by producing numerous CERTIFICATES signed with a pen by me, with my family arms embossed upon the paper and a finely executed view of my Manufactory in New York State, engraved thereon.

Local Agents, by observing this need never be imposed upon by Pedlars.

EVERY Local Agent, furnished with the genuine Pills, will have one of those aforementioned Certificates put up to his state. Observe that it is signed with a pen, B. BRANDRETH, M. D. and that my family arms are embossed upon the paper.

See that the date thereof is engraved.

No Certificate is any guarantee that the holder sells genuine Pills after one year from the engraved date thereof.

Purchasers by observing this need never be imposed upon by local or traveling Traders who have no more principle than to deal in counterfeit Medicine. See the reading on the side of each box, and never forget to ask for the

CERTIFICATE OF AGENCY!

The aforementioned traveling Agent will make frequent calls upon Local Agents, furnishing them from time to time with supplies of the

GENUINE BRANDRETH'S PILLS,

From my principal New England Office, 19 Hanover Street, BOSTON.

No Pills will be sold from me to retail in Vermont but to Local Agents, therefore, should others not holding my Certificate of Agency, profess to have the Genuine Brandreth Pills, believe them not.

ONE WORD to Traffickers in counterfeits of my Pills. I am determined to expose and prosecute all infringements upon my just rights.

A list of my Local Agents in Vermont will be published in most of the papers printed in that State, soon as prepared. Purchasers, buy of those Agents only, and you will avoid imposition.

If the genuine medicine is obtained, there is no doubt its giving satisfaction; and if all who want it are careful to go by the above directions, there is little danger but they will obtain it.

In all kinds of sickness the great secret is to have the medicine by you when you are first attacked; ONE DOSE then will do more good than twenty, if put off until disease has enfeebled the bodily powers. Let me then, recommend every individual who considers health a blessing, to have a box of them where he can be sure to lay his hand on them when wanted. Twenty five cents cannot possibly better be disposed of; a valuable life may be saved or a long fit of sickness prevented.

They have cured since their introduction into the United States, probably 300,000 persons of consumption, influenza, colds, indigestion, dyspepsia, headache, and sense of fulness in the back part of the head, usually the symptoms of apoplexy, jaundice, fever and ague, bilious, scarlet, typhus, yellow and common fevers of all kinds; asthma, gout, rheumatism, nervous disease, liver complaint, pleurisy, inward weakness, depression of the spirits, ruptures, inflamation, sore eyes, fits, palsy, dropsy, small pox, measles, croup, coughs, whooping cough, quinsy, cholic; cholera morbus, gravel, worms, dysentery, deafness, ringing noises in the head, king's evil, scrofula, erysipelas, or St. Anthony's fire, salt rheum, white swellings, ulcers of some of thirty years standing, cancers, tumors, swelled feet and legs, piles, costiveness, all eruptions of the skin, particularly ring worms, frightful dreams, female complaints of every kind, especially obstructions, relaxations, &c.

Although it will only be 5 years next May since the first office was established in New York, yet in that time I have sold over NINE MILLIONS OF BOXES, and have now seventeen offices for their exclusive sale, at least one in every principal city in the Union, at an expense of nearly FORTY thousand dollars per year. And with the expenses of advertising, and other incidentals, this was a little over ONE HUNDRED THOUSAND DOLLARS for the year EIGHT EN AND THIRTY-NINE, some idea may be formed of how the medicine is appreciated from these facts. They are indeed the greatest blessing that ever yet has been bestowed on man.

I suppose this a hundred volumes might be filled with certified cases of cure, solely by Brandreth's Vegetable Universal Pills, on all the above mentioned appearances of ONLY ONE DISEASE, all really proceeding from IMPURE BLOOD.

The only care is to procure the Genuine, and if the citizens of Caledonia, Orleans, and Essex counties, Vermont, will never purchase but of the following Agents in their respective towns, all danger of imposition will be evaded, never buy of others.

PROSPECTUS

OF THE

MIRROR

AND

Students' Repository,

A Monthly Periodical to be devoted to the interests of Common School Education, Science, and Literature.

THE circumstance that there is not in Vermont or New Hampshire, a publication exclusively devoted to the interests of General Education, Science, and Literature, tenders an apology for his prospectus unnecessary.

Periodicals of this character are sustained in many of the Northern States, and have been highly useful in improving the condition of Common Schools, and furnishing the community with much valuable information.

It is confidently believed that the enterprising and intelligent yeomanry and mechanics of the "Green Mountains" and "Granite Hills" are as favorably disposed to patronize whatever promotes the general intelligence of the people, as the citizens of any of the neighboring States.

The Mirror will be edited by the Teachers and Students of NEWBURY SEMINARY, assisted by the Literary friends of the Institution.

The Mirror will be issued monthly in an octavo form of eight pages, furnishing at the close of the year—a work of nearly 100 pages suitable for binding.

It will be printed on good paper with new type.

The character of the work will be as follows:—

FIRST—Practical remarks on the importance of well regulated Common Schools; an examination of the defects in the prevailing systems of instruction, and the means of remedy; best method of teaching in the different branches pursued in our primary schools: and the importance and necessity of well qualified instructors.

SECOND—Essays upon such Scientific and Literary topics as are interesting to the community; descriptive and miscellaneous sketches; Literary notices, and poetry.

Nothing Sectarian or Political will be admitted into its columns, but the *sole object* of the Mirror will be to aid in accomplishing what is of momentous importance in a free Government,—the general diffusion of Science and Literature among all classes of the community.

TERMS—Fifty cents per annum—eleven copies for five dollars—payment on the reception of the first number.

Communications and subscriptions, *post paid or free* may be addressed to "The Mirror," Newbury, Vt.

Postmasters, Teachers, Students and others friendly to the cause of Education are respectfully invited to aid in obtaining Subscribers.

☞ Please return the names of subscribers by the 15th of December. 173w3

NOTICE.

THE Copartnership heretofore existing between the subscribers under the style of Moore, Mason & Co. has been by mutual consent dissolved. All the Books and demands and all other property belonging to said firm has been assigned to J. F. Skinner, to whom all demands due the concern must be paid, and all Ploughs in the hands of Agents must be accounted for to said Skinner, who will also settle all demands against said Company.

JOHN MOORE,
WILLIAM MOORE,
JOSEPH MASON,
J. F. SKINNER.

Barnet, January 28, 1840.

THE public are hereby notified that the Plough business will hereafter be carried on by the subscriber at the old stand of Moore, Mason & Co. and no efforts shall be wanting to have the farmers well supplied with Ploughs of first rate quality, at 4 shares constantly on hand to fit. Said Ploughs will be kept by Agents in most of the principal towns in the vicinity. The superiority of the Moore and Mason Ploughs for turning a smooth furrow without breaking and turning up full and drawing easy is so well known that recommendations are considered unnecessary. I would only say to farmers, try for yourselves. JONATHAN F. SKINNER.

Barnet, January 28, 1840. 132tf

LIBERATION.

THIS certifies that I have given my son LORENZO O. STEVENS his time to transact business for himself, free from my direction or control; I shall therefore neither claim his earnings nor pay his debts after this date.

SAMUEL STEVENS.

St. Johnsbury, Nov. 18, 1840. 173*w3

Dutch Bolting Cloths,

OF the best quality, for sale by the subscribers at No. 82, Milk Street, Boston.

HOSMER & TAPPAN.

Boston, April 15, 1839. 90—tf

Sashes, Blinds and Doors.

THE Subscriber would respectfully inform the public that he continues to manufacture the above articles at his old stand, and intends keeping them constantly on hand for sale at the lowest prices.

Window Sashes

of various kinds, viz. common ovolo Sash, lip ovolo Sash, of all sizes, of 15, 20 and 24 lights for 7 by 9 glass, from 1 1-8 to 1 1-4 inches thick, together with a new style Gothic Sash of 10 by 14 glass, 1 1-2 inches thick, calculated for splendid houses and public buildings.

Panel Doors

of 4, 6 and 8 panels, consisting of those of 1 1-8, 1 1-4 and 1 1-2 and 2 inches thick, suitable for outside and inside doors.

Window Blinds,

made in the best and latest style.

☞ He would just say to those wishing for the above articles that his sash, blinds and doors are made of the first rate stock, in the latest style and by experienced workmen. Furthermore he will say to those building, that as he devotes his time to manufacturing the above articles, he thinks that it would be for their advantage to call and purchase.

N. B. Those wishing for certificates of recommendation, please call at his shop and examine the work.

Common 7 by 9 Sashes will be sold for 3 cents a light.

All orders by mail or otherwise, punctually attended to. LINDORF MORRIS.

St. Johnsbury, Sept. 5, 1839. 110tf

Physic and Physicians.

OUR late friend, Rev. C. C. Colton, makes the following remarks in his celebrated work, "Lacon, or many things in a few words:" "Some men despise physic as much as physicians, because no men so thoroughly understand how little it can perform. They have been *tinkering* the human constitution four thousand years, in order to learn to cure about as many disorders. The result is, that *mercury and brimstone* are the only specifics they have discovered. All the fatal maladies continue to be what they were in the days of Pericles—Hippocrates, and Galen, 'opprobria medicorum'—It is true that each disorder has had a thousand prescriptions, but not a single remedy. They pour a variety of salts and acids, into a marble mortar and expect similar results when these ingredients are poured into the human stomach; but what can be so groundless as reasonings built on such analogies? For the marble mortar admits the agency of atmospheric air, which cannot be said of the human stomach; and again the human stomach possesses life, and the gastric juice, which cannot be said of the marble mortar!!

It is better to have recourse to a non-professional man if he can cure our disorders, although he cannot explain them. In a certain consultation of physicians in this kingdom they all differed about the nature of an intermittent and all plausibly defined the disease. At length a non medical, who had been called in thus interposed; Gentlemen, you all seem to differ about the nature of an intermittent; permit me to explain it. An intermittent fever, gentlemen, is a disorder which I can cure, and which *you cannot*."

CURES EFFECTED BY THE USE OF MORRISON'S MEDICINES.

[No. 4.]

To Dr. GEO. TAYLOR 94 Broadway:

Sir—For about nine years I have been in a declining state of health. From my own feelings, and in the opinion of others I was in the last stages of consumption. The doctors having given me up, I was induced by a friend to the Hygeian cause to try Morrison's Pills of the British College of Health. Besides consumption, a complaint had settled in one of my arms, and the muscles had become so contracted that I could not get my hands together by four inches. I am now in good health my arms are of equal length—in fact I am a new being.

I therefore feel it my duty to send you my case in hopes that a knowledge of it may induce other sufferers to try your invaluable medicines to which above, by divine permission, I attribute my restoration to health after so many years of affliction.

Yours, with respect, SARAH BARNUM.

41st street, between 8th and 9th Avenues, N. Y.

Attested by Mr J. T. PERRY, corner of 8th Avenue and 41st street, May 8th 1839.

[No. 5]

WHOOPING COUGH—IN ITS WORST FORM.

Extract from a letter received from Mrs. E. D. Goodliff, of Utica, N. Y.—Dated June 22 1840.

"Another case is that of a Mr Paine, of this city. I was on my way to meeting when I was met by an aunt of the child, who told me that it was in a most distressing state, with the whooping cough—that it was continually in convulsions and had lost the use of one side of its body. I went to see the child, and found it in the state described. I told them that I knew the pills would effect a cure—but they must in such a case use large doses. Mr Paine read the 'Morrisonian.' After which he began with energy. I ordered the pills to be discontinued. In less than 24 hours after giving the first dose the fits left the child and have never returned. It recovered the use of its side, and is now in perfect health. [No. 6]

CURE OF CONSUMPTION.

To Dr. George Taylor.

Dear Sir—Having obtained such a miraculous cure by the use of Mr. Morrison's Hygeian Medicines I feel desirous of letting all my fellow sufferers know the virtues of that sovereign remedy. I was taken with inflamation on the lungs about three years ago, which finally ran into, what the Doctors called, a confirmed consumption. I was reduced to a mere skeleton; for three months I discharged large quantities of matter every day, and my cough was most distressingly severe. My ordinary weight, in health was 150 lbs. I was weighed when reduced so low—My weight was only 78 lbs.—The medical men all gave me up as incurable. I ultimately grew so weak that I could not see, at this time I heard of Morrisons Hygeian Pills and I sent to Perrisburg and got some. These I took according to direction; and after taking them for six weeks I could ride three miles at a time. I continued taking them up to this time. I have now recovered my usual strength and weight. I know that the Pills have cured me.

The facts that I have stated are well known to all my friends and the village.

(Signed) A. J. MAGER,

Sylvania, Whiteford, Lucas co. Ohio.

Every Packet sold in Vermont will be signed in WRITING by Paugborn & Brinsmaid, Jewelers, of Burlington, Vt. who are State Agents, and also by the Sub Agents selling them. If they are NOT so signed ☞ DO NOT BUY THEM. Packets of Pills are $1 and $3 each. Powders, 25 cts per box.

I am pleased to be able to inform the friends of the Hygeian cause in Vermont, and its vicinity, that the call for Morrison's Pills for their state, & in all the middle States, continue steadily to increase and that the satisfaction is general and cures effected innumerable.

GEO TAYLOR, HYGEIST.

94 Broadway New York., U. S. Agent for the British College of Health, London.
