☞ George Merrill, superintendent of the Sullivan railroad, has been appointed to the same position on the Vermont Central railroad, in place of Mr. Sherbourne, who retires.

☞ Johnson Finney of Monkton, died a few days since, at the age of 83. He was one of the first settlers in the town of Monkton, and had resided 69 years on or near the farm where he died.

☞ The body of George Merritte of Burlington, who disappeared in January, has been found in the lake, near that place, under circumstances that create suspicions of foul play.

☞ Lemuel Bottum of Shaftsbury has been chosen county commissioner for Bennington, and Francis Daniels of Grafton has been elected to the same office for Windham county—both temperance men, and elected upon the issue of rum or no rum. D. E. Chatterton has been elected county commissioner for Rutland county.

☞ The citizens of Bennington have authorized their selectmen to contract with Governor Hall to write a history of their town.

☞ A little boy, 3 1-2 years old, son of A. C. Eggleston of Mendon, was drowned in a spring near his father's door, on Monday last.

☞ E. Beach of Salisbury, who broke through while driving upon the ice of Otter Creek a few days since, saved himself but lost his horse worth $200.

☞ Henry Floyd and Samuel Cobb of Westminster, with their wives and children, and another women, while crossing the Connecticut on the ice, last week, broke through when within a few rods of the shore, but all escaped. The women, except Mrs. Floyd, clung to the sleigh, holding their little ones above the water till help arrived. Mrs. F. went down, but on rising she held on to a piece of ice till rescued.

☞ The Bellows Falls Argus reports on reliable authority that in October last, just before the ground froze up, good specimens of gold were actually found on a branch of Williams river, near North Chester.

THE LIQUOR LAW.—Mrs. Catherine Murphy, of this town, having been complained of for selling liquor, was examined on Monday, plead guilty, and was fined, which with costs, amounted to about $40.—*St. Albans Messenger.*

ANONYMOUS LETTERS.—Persons often complain because editors of well regulated publications will take no notice of anonymous communications. Henry Ward Beecher says of this kind of correspondence:—

"A man's name is meant to be a safeguard. Where a man is known, he is silently restrained from a thousand incidental temptations which would assail him if he were unconsciously unknown. A man's name on a paper is the representative of his person. It will be a strong inducement to care, honor, truth and propriety. The want of a name to a letter is a presumptive evidence that a man has been doing something of which he is ashamed. And all honest men ought to make it a rule to burn up, without reading, anonymous communications. This is our rule. It is only now and then that the letter is nameless. But usually, a letter without a signature goes into the fire, or into strips for the wind to play with."

CONSISTENCY.—The Washington Union attempts to appear highly indignant at senator Brown of Mississippi for declaring he wants Cuba for the extension of slavery. The Union declares that to be too narrow a basis for such a measure, and that slavery is "thrust too much into the foreground of American politics." Doubtless it is bad policy for senator Brown to be so honest, but would the Union or its party go for the acquisition of Cuba if slavery were abolished there? We reckon not.

☞ Some of the Boston people called on President Buchanan a few days ago, and said that the removal of the Post Office to Summer street, unless countermanded, would injure the Democratic party in Boston. The President, it is said, drily replied that he was not aware of the existence of such a party in that city.

☞ The Chicago Journal calls the result of the New Hampshire election, "the morning gun of 1860. That is just about what it is.

☞ Soulouque, the deposed emperor of Hayti, has sent an agent to Paris to hire a house for his future residence.

A STATE IN MOURNING.—The New Orleans Picayune speaks of Louisiana as a "State in mourning," consequent upon the explosion of the steamer Princess. It says "there is scarcely a community from which some one of the lost is not missing, or to it known by his social virtues."

☞ Prentice cannot forego a joke. He says, "The editor of the New Hampshire Democrat says that he is sure he knows himself. If he does, he knows about the meanest fellow in New Hampshire."

☞ The Washington correspondent of the Providence Journal says that Mrs. Sickles has far more sympathisers in that city than has her husband, and that Key's friends will contend with all their strength in the coming trial.

☞ George Cook of Hartford shot ninety-three muskrats on Wednesday. They were driven out by the flood. Their skins sell at twenty cents each.

☞ Two men passed through Springfield, Mo., on the 4th for Pike's Peak, with their outfit in a wheelbarrow, which one was wheeling and the other pulling.

☞ Pierce Butler, whose slaves were lately sold at auction at Savannah, Georgia, is a member of the Church of the Epiphany in Philadelphia, and was active in expelling Rev. Dudley A. Tyng from the pulpit and supplying his place by a slaveholder from South Carolina.

☞ The day after the steamboat Princess was lost on the Mississippi river, a babe, about seven months old, was found floating in the stream below the scene of the disaster, with a life preserver attached to it, and alive, and is now restored to its mother, a passenger on the boat, who lost it during the excitement.

☞ Lord Napier has advertised his horses for sale, and is preparing to leave—indeed the gossips say that he has been very uncomfortable at Washington since the killing of Barton Key.

A SPECIAL PROVIDENCE.—The Washington Union considers the deaths of postmaster general Brown and his third assistant Marron as judgments, inflicted to show the displeasure of heaven because Congress did not pass the post office appropriations. This seems hardly just in the powers above, but here is the Union's opinion:—

"The outrage upon the constitution which the expired Congress has inflicted in refusing to provide for one arm of the federal service—the coincidence of this first act of revolution with the three-score-and-tenth anniversary of the establishment of the government—the signal manner in which the same Providence, whose sustaining hand has from the first been so manifest in the history of our country, has marked this event by the sudden demise of the two chief officers of the department suffering the revolutionary blow from Congress; these notable circumstances and coincidences have made a deep impression upon the Christian people of our country."

We do not hear of any Christians who are troubled about this matter, but if there are any it may help their difficulty to know that Marron's heart disease and Brown's pneumonia were of long standing, and so could not have originated in the defeat of the postal bill. Besides, Toombs was the guilty man and the vengeance should have lit on him if anybody.—*Republican.*

☞ Ex-president Pierce writes home from Italy, in reference to the intimations that his friends were plotting to make him again a candidate for the presidency, "you may be quite sure that I shall, under no possible circumstances, consent to the use of my name in a manner calculated to disturb the tranquil pursuits which alone pertain to the life of a private citizen." Mr. Pierce may have written this verybonestly, but it amounts to nothing. He is always ready to defer to the opinions of his friends, and will not shrink from the service of his country, if an emergency can be created in his behalf in 1860.

☞ The Savannah Republican suggests that the Irish and Germans are deterred from emigrating to this country as freely as heretofore by the fear of being dragged through the naturalization courts and then compelled to vote the democratic ticket.

HEALTH AND STRENGTH.

THE fact should be known to those who have never used DR. S. D. RICHARDSON'S SHERRY-WINE BITTERS, that in BILIOUS COMPLAINTS, DYSPEPSIA, JAUNDICE, DISEASES OF THE SPINE, MORBID CONSTITUTIONS, and generally in DISEASES OF NERVOUS ORIGIN—some of which are all but incident to the Spring and Summer months—a beneficial result is immediately experienced by the use of Dr. Richardson's Bitters, which produce perfect tone and realize an improvement, after taking the first dose.

N. B. Beware of imitations called Sherry Wine Bitters. The genuine have the signature of my signature upon the outer covering. For sale by Druggists everywhere, and at my office, No. 41 Hanover street, Boston. 3-48

☞ See advertisement of Dr. Sanford's LIVER INVIGORATOR in another column. 6-37

COUGHS, COLDS, BRONCHITIS, ASTHMA, CROUP, WHOOPING COUGH, DISEASES OF THE THROAT AND LUNGS, and PULMONARY AFFECTIONS of the severest type, are quickly cured by that long tried and faithful remedy,

DR. WISTAR'S BALSAM OF WILD CHERRY.

Says a well-known Editor:—"This is truly a Balsam and a blessing to invalids. It contains the pure balsamic principle of Wild Cherry, the balsamic properties of tar and of pine. Its ingredients, which are mingled after the true principle of chemistry, are all balsamic, and therefore it is safe and sure in effect. Coughs, Colds, Consumption, and Bronchial troubles disappear under its balsamic influence as though charmed away. Probably no medicine has ever attained so extended a sale or accomplished so much and so this renowned Balsam."

CASTILLE, Ga., February 28, 1858.

Messrs. SETH W. FOWLE & Co., Boston, Mass.

—Gentlemen: At the request of your Traveling Agent, I give you a statement of my experience in the use of Dr. Wistar's Balsam of Wild Cherry. I have been using it for two years in my family, for Colds and Coughs, and have found it the most effectual remedy that I have ever tried. "For Coughs and Colds in Children I know it to be an excellent medicine. Respectfully yours,

JOHN H. RICE.

The genuine article always has the written signature of "I. BUTTS" on the wrapper, and is for sale by all respectable Druggists everywhere.

Prepared by SETH W. FOWLE & CO., Boston, and for sale by J. U. Houghton and Hoyt & Green, St. Johnsbury; J. Bacon, St. Johnsbury Center; Calvin Merrill, Esq., East St. Johnsbury; H. A. Gibson & Co., Lyndon Center. W. G. McGregor, Lyndon Corner—S. S. Arnold, West Concord, and by nearly all dealers in medicine. 27-3y

A TRIUMPH OF TRUTH.—We believe no medicine has ever given such astonishing proof of its efficacy as the Compound Wistar. Increasing in popular and universal favor, it acts in the most agreeable manner, restoring health and cheerfulness, when all other remedies have failed. (2631)

School Meeting.

THE legal voters in School District, No. 1, in St. Johnsbury, are hereby notified and warned to meet at the school house on the corner of Winter and Summer streets, in said district, on Tuesday, the 29th day of March, at 7 o'clock, P. M., to act on the following articles, viz:

1. To choose all necessary officers for the year ensuing, to wit: a Moderator, Clerk, Prudential committee, Examining committee, Treasurer, Collector, and Auditor.

2. To make such arrangements for the schools for the ensuing year, as may be thought best.

3. To transact any other business that can be legally done at said meeting.

G. W. BAKER, Clerk.

St. Johnsbury, March 21. 30x1

Important to Farmers!

The Subscribers are Manufacturing the PREMIUM, VERMONT

MOWER and REAPER.

(WILLARD & ROSS PATENT)

SOME of the points of excellence and peculiar advantage which this machine has over others may be enumerated as follows:

1st—In having the cutter bar hinged to the frame so as to adjust the 2d to the unevenness of the ground. 2d—Having two driving wheels to drive the cutters, if one slips the other does the work. 3d—The whole weight of the machine is on the wheels where it is required to give power to the stroke of the knives. 4th—When the machine is backed, the knives cease to vibrate; consequently you back away from obstructions without danger of breaking the knives. 5th—The machine cuts on the right, and is geared so that either oxen or horses can be used. 6th—The cutter bar can be raised 18 or 20 inches so that the farmer can gather his grass seed before he moves his grass if he chooses. 7th—The cutter bar is easily raised by a lever which is very convenient when coming to the corner of the land. When raised, the machine can be turned as short as you please, or go over the mown grass. 8th—The machine is mostly iron, and very simple in its construction; a boy can manage it with ease. The boxes are all *Babbitted*, and the gears of *Malleable Iron*. 9th—*It has no side draft.*

We desire that every farmer wishing to purchase a mowing machine, should see the Vermont Mower, and *test its good qualities*. We are confident it will please them, and that there is none better. It is *warranted* to cut grass equal to the best mower with a scythe, at their rate of one acre per hour, or ten or fifteen acres per day, with a light pair of horses and a driver.

We would be glad to get the address of every farmer intending to buy a mower this season, and will send them a cut of the Vermont Mower, and will have a machine in the neighborhood early in the season, that they may examine it and judge for themselves of its merits.

We will simply add one of the many certificates which we have in our possession:

SOUTH HARTFORD, WASHINGTON Co., N. Y., Sept. 30, '58.

Messrs. WILLARD & ROSS—I hereby certify that one of your Vermont Mowers has been in use for the past season in this vicinity, where I had constant opportunities for seeing its operation, and am willing to say for the fairness of its cut draft, absence of side draft, cleanness and uniformity of cutting, capability of adapting itself to uneven grounds, facility of passing obstacles and turning corners, ease of control from one field to another, and comfort and convenience of the driver, it has no equal in this part of the country. At the Annual Fair of the Washington Co. Agricultural Society, held at Salem, the present month, the committee on Farm Implements, of which I am one, unanimously gave it preference over every other machine exhibited and in use in the country. H. H. INGALSBEE.

Manufactured at the Caledonia MACHINE SHOP.

43 By HIGGINS & CARR.

FOR SALE!

A Store and Dwelling-House

AT LYNDON CENTRE!

THE store and dwelling-house at Lyndon Centre, lately occupied by H. M. Nichols is for sale, and at a reduced price from what the same property has been before been sold for. Connected with the store is about nine fourths of an acre of land, and a good barn. Belonging to the dwelling house is about four acres of good land. Immediate possession given. Inquire of E. SANBORN, Lyndon Centre, or A. J. WILLARD, St. Johnsbury.

March, 22, 1859. 30tf

LIBERATION. This is to certify that I have given my son, Lockhart Johnson, his time during the remainder of his minority, and shall claim none of his wages after this date.

ARAMUS A. JOHNSON.

Witness, Johnson, witness.

Lunenburgh, March 12. 30x3w

Important to Farmers!

Labor and Time-saving Machinery, as much for their Benefit, as for the Benefit of Manufacturers.

HAVING a few of Stimson & Chapin's improved Broad-cast Seed Sowers on hand for sale, we would call your attention to their merits as labor saving machinery, also to the following testimonial:

St. Johnsbury, March 9, 1859.

Mr. Wm. A. Chapin—Dear Sir: Having carefully examined and seen the operation of your improved Broad-cast Sowing Machine, we take great pleasure in expressing our confidence in the manner, and we recommend its general introduction among our farmers.

The advantages contained for your machine are very satisfactory, and we cannot refrain from briefly enumerating them. And,

1st—By a new and ingenious arrangement, the quantity of grain sowed to the acre can be increased or diminished at pleasure; thereby obviating the objection to hand sowers, which be the sower worth, to that they will desire more than they are rated at.

2d—The machine can be readily adjusted to all its parts, and is not liable to derangement.

3d—The width work can be varied by the operator. In this way there need be no narrow strip at the last end of the lot, to be sowed by hand.

4th—The machine will sow two or more kinds of seed at the same time, keeping each kind separate in the machine.

5th—The machine will sow timothy, Salt, Lime, Plaster, Ashes, &c. evenly, and without clogging.

6th—The horse is quite power for operating the machine.

Keep to roots.

E. & T. FAIRBANKS & CO.

This machine can be seen at A. Lang's Agricultural Store, or at our shop in the old Steam Mill, St. Johnsbury, Vt.

Sheffe'd, Vt., Feb. 16, 1859 29-3t

Farm for Sale IN ESSEX COUNTY.

CONSISTING of 50 acres of land in South Victory, 30 acres cleared, well fenced and watered, soft water running into the house and barn-yard. There is a house, two barns, and corn house, mostly new; also a young apple orchard and sugar lot.

The above is located in the centre of the business part of said town, and near a sawmill. Also 90 acres of good land 3 4 of a mile from the above, with 20 acres cleared and plenty of sugar trees. For further particulars inquire of the subscribers.

W. H. & C. W. KNEELAND.

Also, 6 1-2 lots pine land, which I will sell and take 1 2 in spruce, birch and merchantable pine boards. The above is easy of access to a sawmill 10 miles from St. Johnsbury Depot.

WILLARD H. KNEELAND.

South Victory, March 17, 1859. 29tf

§ 3,000 worth of Plows at AUCTION!

I have $3000 worth of Luke Buzzell's best warranted plows, which I shall sell at auction at the several villages north and east of St Johnsbury, between March 20 and May 1. Bills will be posted, giving notice of time and place of sale. I shall sell from 10 to 30 per cent less than the retail shop prices; provided, I can sell by standing two or three weeks time. If more time and expense is required it will be added to the plows. Farmers wishing to buy will find it much to their interest to attend my sales, before purchasing elsewhere.

WILLIAM JOSLYN.

St Johnsbury, March 7, 1859.

MITCHELL'S PATENT Metallic Tip Shoes, —FOR— Misses, Children, Boys and Youth.

This new and most desirable invention was produced by G. A. Mitchell, of Turner, Me., and consists of a small metallic tip, nearly co extracted and covering the toe of the shoe in such a manner as to effectually prevent that part, which with children usually gives way first, from wearing out, and causes the boots and shoes so protected to do two or three times the service of shoes without the tip.

This invention commends itself to Parents, who well know that children always wear out their shoes first at the toe, and little need be said to the Farmer, Fishermen or Mechanics who are subjected to the same inconvenience and loss from causes incident to their pursuits and labors.

MITCHELL'S METALIC TIP BOOTS AND SHOES will wear three times as long as the old style and look but little more. The invention was patented January 4, 1856, any infringement of it will be prosecuted to the utmost extent of the law by the Patentees, who have disposed of the rights in all the states to parties who are rapidly introducing it.

THE BOOT AND SHOE DEALERS

IN NEW HAMPSHIRE AND VERMONT

Are most respectfully informed that the exclusive right for the sale of Mitchell's Metallic Tip Shoes in their states is vested in Messrs. A. M. SMITH & CO., whose depot is established with

C. PACKER & CO.,

119 Pearl street Boston.

29-4t

ST. JOHNSBURY

ACADEMY OF MUSIC.

THE St. Johnsbury Academy of Music is located in the pleasant Village of St. Johnsbury, Vt., offering a special aid of local patronage granted to the Legislature of Vermont establishing the school upon a permanent basis. The Academy is the institution to which the most thorough educational aid, at the expense very much less than has been found before, is offered to large numbers of both sexes. Very many persons possessing the finest talents have been deterred from studying Music as a profession on account of the enormous expense which has hitherto attended such a course of study.

The St. Johnsbury Academy of Music offers advantages and facilities of the highest order, at most opportune to students who desire superior training with a course of instruction in the science of music, both as art of music and theoretically, in Instrumental and Vocal course in harmony, embracing a period of one years. The first year is devoted to a thorough course of elementary study, using as text books only the works of the most celebrated masters, which having been thoroughly tested, stand the stamp of superior excellence. Pupils devoting all their time to music, vocally practice the Piano, Organ—or Melodeon, and Violin. Lessons are given from four to six hours per day, practice vocal studies one to two hours, devote one hour to the study of harmony, theory, composition, and study the Piano sufficiently to accompany well. Pupils in Instrument class are required to play church music every day exercise.

Instruction in music is carried exclusively by private lessons, to insure the best work during the allotted time. The study of harmony and composition is taught in several classes, with daily recitation.

The Mark Fairbanks Prize has been connected with some of the best Bands and Orchestras in the country, and Academy is considerable portion of the last twelve years, is prepared to teach all the various BAND and ORCHESTRA instruments.

Besides the various lessons and class exercises to which pupils attend, a Public Rehearsal is given every Saturday afternoon to the pupils, who are all required to attend, and take some part in the exercises. Rehearsal and Recitals occur once each month, in addition, a Musical Soiree is given twice during each quarter, a large audience being present. The year is divided into four terms of eleven weeks each.

Pupils graduating will honor with be complimented good situations as Teachers, Singers, Performers, &c. Diplomas will be obtained among those who graduating class at the annual commencement which will take place at the close of the fall term of each year. Pupils graduating must have completed the full course of study.

LIST OF PRIZES.

Piano Forte—1st honor, Gold Medal; 2d do Silver Medal; 3d do Bronze Medal; 4th do Diploma. Organ—1st honor, Gold Medal; 2d do Silver Medal; 3d do Bronze Medal; 4th do Diploma. Melodeon—1st honor, Gold Medal; 2d do Silver Medal; 3d do Bronze Medal; 4th do Diploma. Harmony—1st honor, Gold Medal; 2d do Silver Medal; 3d do Bronze Medal; 4th do Diploma.

QUALIFICATIONS FOR MEMBERSHIP.

Pupils to be admitted to the school must possess a good moral character, fair musical ability, and must yield implicit obedience to the laws and regulations of the school.

TUITION—Payable invariably at or before the middle of each term.

Piano Forte, Organ, or any instrument that may be preferred, $12.00
Singing, including study of the voice. Ballad singing, $12.00
Sacred Music and Operatic selections, 10.00
Thorough Bass, Harmony and Composition, 15.00
Or a Solfeggi Course in singing all the above, 20.00
Board including tuition, fuel, lights and washing, $1.50 and $2.00. Rent of Piano $3.00. Pupils furnish their own books and music.

C. H. CLARKE,
MRS. C. H. CLARKE, } Principals.

OLD BOURBON WHISKEY, PUT UP BY WILSON, FAIRBANK & CO., —FOR— MEDICINAL PURPOSES.

It is nearly two years since the subscribers first introduced their pure old Bourbon Whisky into the market. It was a doubtful experiment in many respects—but as they were assured by eminent Physicians that it was actually one of the best medicinal agents for Lung Complaints and many other diseases, if all manufactured article could be obtained, they immediately made arrangements with a large distillery to supply the best article that could be made. When they felt certain that it was fully tested to satisfy, and the purity acknowledged, since that time they have in no instance whatever put up an inferior article, and the reputation that their Whisky has now acquired, is such that it is universally recommended by Druggists who have tried it, and especially by our most eminent Physicians.

Its purity cannot be questioned, as a thorough analysis has been made, as will be seen by referring to the following certificate, a copy of which accompanies each bottle:—

STATE ASSAYER'S OFFICE, 32 Somerset street, Boston, Mar. 26, 1857.

MESSRS. WILSON, FAIRBANK & CO.

Gentlemen: I have made chemical analysis of the sample of Bourbon Whiskey, you sent to me, scarcely than for medicinal purposes, and have satisfied myself that the samples of Whiskey are free from any adulteration, and do not contain poisonous or injurious matters, and hence are suitable for medicinal use.

Respectfully, your obedient servant,

CHARLES T. JACKSON, M. D., State Assayer.

In order to prevent deception, observe that the fac simile of the signature of our firm covers the cork of every bottle—without this protection it may be counterfeited.

The above is put up in quart and pint bottles, and is for sale by all the Druggists.

WILSON, FAIRBANK & CO.,

28-40 WHOLESALE DRUGGISTS,

Nos. 43 & 45 Hanover St., Boston.

Clear the Track!

AND LET THE PEOPLE HAVE THE benefit of a good HAIR TONIC.

Read the following letter just received, and then judge of the worth of this highly prized article, (the Trichoisthene) for the Hair, by those who have used it.

MONTREAL, C. E., Jan. 21, 1859.

Mr. H. P. HOYT—Dear Sir:—Mr. Wood of this city has requested us to order some of your Trichoisthene which he has procured from you several times, and which he *admires very much*. We would thank you, therefore, to send us by express, six doz. immediately.

Your obedient servants,

JOHNSTON BEERS & CO.

7 Great St. James Street.
