Weeks' Magic Compound

A sure and sovereign remedy for

Colds,	Hooping-Cough,	Hoarseness,
Croup,	Sore Throat	Influenza

FEVER AND AGUE.

It is warranted to relieve the croup in five minutes.

To break up a common cold in a single night.

To relieve the asthma at once.

To cure all coughs and diseases of the lungs, previous to alteration.

To break up the chills and fever in five days.

Messrs. E. P. MAGOON & CO.

Boston, Nov. 3, 1858.

It gives me great pleasure to inform you of the great success attending the Magic Compound. I had been troubled with bronchitis for many years, from 1 to 3 years, and had tried several advertised remedies without derriving any benefit. My cough continued to grow worse every year, and I was fast wasting away, and was given up by my friends and physicians to die with consumption. Some six months ago I was induced to try your Magic Compound, and now I am happy to say it has cured me of a bad cough of 3 years. The first bottle of it gave me great relief, and before I had taken all of this I was restored to health. Since then I have had no cough, and the cough I am now troubled with is the result of a cold. I feel confident that your Magic Compound will cure any cough, if taken in time. Yours, &c. LEVI BEAN

Read the following from one of the best physicians in Vermont:

"I have used Weeks' Magic Compound in my own family with most signal success, and should feel disposed to recommend it, in my opinion, for very bronchial complaints, in the place of Bronchitis, Hoarseness, Sore Throat, Influenza, Croup, Coughs, Colds, Asthma, &c. I have found it to be a valuable remedy, and I can give it my recommendation as the best cough medicine I know of." C. C. MOORE, M. D.

ACADEMY OF MUSIC.

THIS Institution of Music is located in the pleasant village of St. Johnsbury, Vt., having a special charter granted to the Trustees of Vermont, establishing its whole management here. The design of this institution is to make the most thorough instruction in Music, Vocal and Instrumental, at the least possible expense, which has been found to be a very great advantage to many students. Very large pecuniary sacrifices have been made by the Trustees, and have been expended in the purchase of the best Pianos, Organs, Melodeons, Harmoniums, &c., which have been placed in the Music Rooms, for the use of the students, at a very small expense, which has enabled students to avail themselves of the advantages of the Institution.

The St. Johnsbury Academy of Music offers advantages to students in Music, which are not to be found in any other Institution in the United States, except in the City of New York.
