50 Years!
Dr. S. O. Richardson's Sherry Wine Bitters

Have succeeded for the period of half a century in maintaining a supremacy over all other Medicines. It gives immediate tone and action to the stomach and bowels, and imparts to the patient cheerful and happy anticipations, which are never attendant upon an inactive state of the important functions of the body.

The alterative and purifying action of our medicine upon the stomach and bowels, is the means of curing many hopeless diseases, which other medicines have failed to reach. In proof of which we have frequent testimonials from all parts of the country, of our bitters having cured diseases which have been abandoned by attending physicians, among which are enumerated Scrofula, Rheumatism, Fever and Ague, Salt Rheum, &c. Consumption in its early stages has often been averted by their use. Its unprecedented success, however, is based upon its certain and immediate cure of Bilious Complaints, Jaundice, Costiveness, Liver Complaint, and all diseases of the stomach and bowels, for which it is conceded that Dr. RICHARDSON'S BITTERS have no rival.

For sale by druggists everywhere, and at the Doctor's office, 51 Hanover Street, Boston. 80-95

Among the many restoratives which nature has supplied to relieve the afflictions of humanity there is no more favorite one for a certain class of diseases than the medicinal gum of the Wild Cherry Tree; but however valuable it is, its power to heal, to soothe, to relieve, and to cure, is enhanced ten fold by scientific and judicious combination with other ingredients, in themselves of equal worth. This happy mingling, exists in that

"Combination and a form indeed"

of medicine known as

Dr. Wistar's Balsam of Wild Cherry,

whose value in curing Coughs, colds, bronchitis, whooping-cough, croup, asthma, pulmonary affections, and incipient consumption is inestimable.

Letter from Elder H. L. Gilman, a Minister of the Gospel in Vermont.

GLOVER, Vt., June 20, 1859.

Messrs. S. W. Fowle & Co.,—

Gentlemen—I hereby certify that I have been troubled for several years with a difficulty of the heart and lungs, and have applied to several physicians for help, and have tried almost every remedy of the numerous ones which have been commended, without receiving any assistance, but had been growing weaker and weaker, until I tried a bottle of Wistar's Balsam of Wild Cherry, about a year ago. I commenced using it with immediate relief. It has not only restored my lungs to a sound state, but I am willing to be informed of the difficulty or disease of the heart. I have no hesitation in saying that it is the best lung medicine before the public, and I most cheerfully and conscientiously recommend it to all persons suffering with pulmonary complaints. H. L. GILMAN.

Testimony of a Regular Physician.

CHINA, Me., July 1, 1859.

This may certify that I once had a violent cough while traversing on the Ohio River. The Clerk of the boat gave me a bottle of your excellent Wistar's Balsam of Wild Cherry, which gave me quick relief.

DR. KEACH'S AMERICAN LINIMENT.

For sprains, bruises, flesh wounds, scalds and burns, paralysis or numbness in the limbs, pains and soreness in the bones and muscles, pains and stiffness of the joints, swellings and tumors, sore throat, recent colds, rheumatism, neuralgia, toothache, white swellings, chilblains, pain in the chest, side and back:—Also, for horses troubled with galls, sprains, swellings, &c, and other diseases.

This Liniment should be liberally applied to the parts affected three or four times a day, and even more frequently in severe cases, and rub well with the hand, so that more or less irritation is produced in the parts to which it is applied; in some cases friction will not be necessary but cloths saturated with the Liniment, and laid upon the part affected.

Scalds and Burnt—When applied immediately a blister is always prevented. It removes the fire speedily, and the patient is surprised at the short time which elapses before the wound is healed. Cloths should be kept wet with the Liniment, and laid on the burn.

This Liniment was only intended as an external remedy, but has been found upon trial, the best medicine in use for recent colds, sore throat, pain in the stomach, &c. In doses for an adult, ten drops to a teaspoonful two or three times a day.

Read the following statement of this medicine at home, where it is well known:

We, the undersigned, after a thorough trial of Dr Keach's American Liniment, do hereby certify our belief in its superior excellence, and confidently recommend it to the public as an article on which they can depend:
