DR. MARSHALL'S CATARRH AND HEADACHE SNUFF

This Snuff has decidedly proved itself to be the best article ever known for curing the Catarrh, Cold in the Head, and the Headache. It has been used in Europe and America for a few years. Deafness has been relieved by it, and Hearing has often been greatly improved by it. It purges out all obstructions, strengthens the organs and gives a healthy action to the parts. It is to be recommended to many of the Public Singers and Speakers, as a safe, sure and satisfactory remedy. Many than have spent the years' experience has proved its great value, and at this moment it stands higher than ever before.

A large variety of the most respectable druggists in Boston and New York in most towns have been for years supplied with Dr Marshall's Catarrh and Headache Snuff, and sold by them, who speak in the strongest terms of its effects. Many have written that they would not be without it for ten times its cost, if it could not be had at all. Price 50 cents per box.

OLMSTED'S WATER-PROOF LEATHER PRESERVER.

This Compound, discovered by Prof Denison Olmsted, of Yale College, is the best preparation now extant for making leather in every form and quality.

Impervious to Water.

It is one of the most useful of the many applications of science to the useful arts, with which the name of Prof Olmsted is identified.

It perfectly penetrates the leather, and renders it as pliant and better almost as soft as buck skin, and is so perfectly neat, that it will not soil the finest linen or the expectation when applied to the soles of shoes. Failed to *prevent cow-hide boots from turning a natural color*, to *add to their durability*, and make it equal to India rubber in turning water, without any of the disagreeable qualities of rubber, this Chemical Compound is unequaled by any mixture, that its use must be soon universal, like the little sulphur match, no one can do without it, while it is a constant witness to the advanced arts, and an addition to the means, comfort, health and progress of mankind.

CAST STEEL BELLS.

PRICE REDUCED.

These Bells have now an established reputation. Their chief advantages over others are as follows—1st, superior strength—cast steel being known to be stronger than iron of all metals. 2d A Steel Bell of the same diameter, and giving as great a volume of sound, as a composition bell, weighs much less. 3d. The cost of a Steel Bell is more than a second less than that of a good composition bell. 4th The price is from five to eight cents per pound cheaper. 5th They are not affected by the severest frost nor melted or injured in the case of fire.

Each Bell is fully warranted for a year with proper usage, and if broken after that time, half price will be allowed in exchange for a new one. Consequently, a second Steel Bell will last 2 to 3 times cheaper than a second composition bell. These Cast Steel Bells should not be confounded with the "Amalgam" or "steel Composition" bells, which are entirely different from either the Composition Bells taken in exchange, at full market price. Circulars, with prices, terms and testimonials, will be furnished on application to

Just Published, in a Sealed Envelope:

ON THE NATURE, TREATMENT, and RADICAL CURE of SPERMATORRHŒA or Seminal Weakness, Sexual Debility, Nervousness and involuntary emissions, indicting impotency, and mental and physical incapacity. By ROBERT J. CULVERWELL, M. D., Author of the "Green Book," &c.

The world-renowned author, in this admirable lecture, clearly proves from his own experience that the awful consequences of self-abuse may be effectually relieved without medicine and without dangerous surgical operations, bougies, instruments, rings or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. This lecture will prove a book to thousands and thousands.

THE GREAT INDIAN REMEDY FOR FEMALES.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown to all other medicines of this kind, and proving effectual after all others have failed, is prepared from an Indian plant used by the natives for the same purpose from time immemorial, and now for the first time offered to the public.

It is designed for both married and single ladies, and is the very best thing known for the purpose, as it will bring on the Monthly Sickness (disease of destiny) as certainly as other remedies of the kind have been tried in vain. This may seem incredible, but a cure is guaranteed in all cases, or the price will be refunded.

☞ Four bottles (in one month's treatment) are sent by mail, or by express, free of charge, when taken as directed, and without the least injury to health in any case. ☞ Put up in two sizes—bottles with directions for using, and sent to any address free on receipt of $1, or four bottles for $5. PRICES—Full strength, $1. Half strength, $5, quarter strength, $3 per bottle. ☞ Remember this medicine is designed expressly for those cases in which all other remedies of the kind have been tried in vain. ☞ Beware of imitations. None genuine but purchased directly of Dr Mattison or his agents. Prepared and sold only at

Dr. Mattison's Remidial Institute
FOR SPECIAL DISEASES,
No. 28 Union Street, Providence, R. I.

☞ This special institute embraces all diseases of a Private nature, both of Men and Women, by a regularly educated physician of twenty years' practice, giving his whole attention to them. ☞ Consultations, by letter or otherwise, are strictly confidential, and Medicines will be sent by express, securely from observation, to all parts of the country. Also, accommodations for patients from abroad, wishing for a secure and quiet retreat, and good care, until restored to health.

PARTICULAR CAUTION.

☞ In these days of medical imposition, when men assume to be physicians without any knowledge of medicine whatever, persons cannot be too careful to whom they apply, before at least making some inquiry, and especially be certain to shun those who make the greatest pretensions. Advertising physicians, in nine cases out of ten, are impostors; and as the newspapers are full of their deceptive advertisements, without making inquiry, let the unwary beware of imposition. Dr. M. will send free, by enclosing one stamp as above, a pamphlet on Diseases of Women, and on Private and Chronic maladies generally, also Circulars giving full information, with the most indubitable references and testimonials, without which, no certificates, physician, or medicine of this kind is deserving of any confidence whatever.

☞ Dr Mattison is the only educated physician in Providence, if not in New England, who advertises, making a specialty of Private Diseases, and he defies his competitors and others to shine, both of his honesty and his skill. THERE ARE others. LET THEM DO THE SAME. 36-49

☞ Orders by mail promptly attended to. Write your address plainly and direct to Dr H. S. Mattison, as above.

HUNNEWELL'S

UNIVERSAL COUGH REMEDY.

This valuable preparation, freed of all the common compounds, such as Opiates, or Expectorants, which not only weaken the system, but destroy all chance of cure, will be found on trial to possess the following properties, and to which the most valuable testimonials may be found in the pamphlets.

For Whooping Cough, and as a Soothing Syrup, it meets every want, and by early use will save the largest proportion of migratures in children which can be traced to Whooping Cough.

In ordinary Coughs and Bronchial Complaints, the sufferings of Consumption, its splendid tonic properties make it not only the most perfect enemy to disease, but builds up and sustains the system against a recurrence of the complaint. No nursery should be without it, nor should parents fail to get a pamphlet, to be found with all dealers, as the only way to do justice to its value.

HUNNEWELL'S

CELEBRATED TOLU ANNODYNE.

This great Neuralgic Remedy and Natural Opiate calls for special attention and interest, being free of Opium, or preparations of Opium, or of any but its strictly Vegetable and medical properties. For Neuralgia, Rheumatism, Coast, Tooth and Ear Ache, Spinal Complaints, Bleeding at Lungs or Stomach, Rose or Hay Fever, Catarrh, and all minor Nervous Complaints.

For loss of sleep, Chronic or Nervous Headache, Sick Headache, it has no equal, and to which we offer testimonials from undoubted sources.

For Delirium Tremens it is a sure remedy.

For Bowel Complaints, including Cholera Morbus, it is splendidly adapted, it not only removing the pains but acting as physic, a great contrast with Opium, which not only constipates and drugs the system, but makes the remedy worse than the disease.

From Physicians we ask attention, and on demand Formulas or Trial Bottles will be sent, developing in the Annodyne an Opiate which has long been wanted, and in the Cough Remedy such as rest entirely on one central principle.

From invalids we ask correspondence for Pamphlets or explanation, without "postage-stamps."

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR,

Is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also revivifies, rejuvenates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted to as to act in perfect accordance with the laws of nature, and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilirating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining combining powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and lays the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such, for example, as the following: Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of appetite Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, Melancholy, Hypocondria, Night Sweats, Languor, Giddiness, and all that class of cases, so fearfully fatal if unattended to in time, called Female weaknesses and Irregularities. Also, Liver Derangements or Torpidity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the Urine, or any general derangement of the Urinary Organs. Pain in the Back, Side, and between the shoulders, predisposition to slight colds, Hacking and Continued Cough, Exudation, Difficulty of Breathing, and indeed we might enumerate many more still, but we have space only to say, it will not only cure the debility following Chills and Fever, but prevent all attacks arising from Miasmatic influences, and cure the diseases at once if already attacked. And, as it acts directly and persistently upon the biliary system, arousing the Liver to action, promoting, in fact, all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a tablespoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits, students, ministers, literary men. And all ladies not accustomed to much outdoor exercise should always use it. If they will use it they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health, and health cannot exist while the above irregularities continue. Then again, the certainty a perfected Mother's relief. Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety. There is no mistake about it, this Cordial is all we claim for it. Mothers, try it! And to you we appeal to detect the illiberal use of worthless nostrums, before it be too late, but also your sons and husbands, for while the former, from false delicacy, often goes down to a premature grave, rather than let their condition be known, the latter so carelessly mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your heart will bound at the mention of your son. Prepared by J. P. Wood's Restorative Cordial and Blood Renovator as the remedy which should always be on hand in time of need. By J. This institution was established to secure greater perfection in the science of medicine, and a more successful practice in the treatment of the various diseases upon natural or rational principles, discarding the use of poisonous drugs, and using such remedies, and such only, as act in harmony with the laws of life. Invalids, therefore, who wish to employ a sensible way for the recovery of health, will find advantages at this institute to be found elsewhere.

The Electro-Chemical baths, together with Dr Greene's improved medication, have been adopted in this institution, and have greatly aided in the removal of many diseases.

Most diseases, such as scrofula, humors of the blood, diseases of the throat and lungs, dyspepsia, liver complaint, dropsy, rheumatism, heart complaint, female complaints, and the great variety of diseases with which the body is afflicted, are successfully treated with medicines which can be sent to any part of the world, with full directions, as a very correct knowledge can be obtained from answers to the questions in the "Indian Arcana," a copy of which will be sent free when requested. Persons wishing to learn more fully the theory and practice of this institution, will be supplied with a pamphlet by mail, free, on the receipt of four postage stamps.

All persons having Cancers, or those afflicted with complicated diseases, should avail themselves of the personal attention of the physicians at the Institute, where proper boarding-houses are provided.

Consultations at the office, free of charge, from 8 o'clock a. m. to 6 p. m., or by letter on the receipt of a postage stamp.

All communications should be directed to Dr R. GREENE, 36 Bromfield street, Boston, Mass.
