# THE CALEDONIAN.

ARSON AND MURDER.—A brutal tragedy was enacted in Potton, C. E., on Thursday last. The house belonging to a man by the name of Hanna, situated near what is called Bear Hill, in Potton, was burned on Thursday forenoon. Hanna's wife was cruelly beaten, and a daughter aged three years killed and the body thrown into the burning house and consumed. Hanna's wife tells the story as follows: That shortly after her husband left home on Thursday, a man came to the house, seized her and beating her severely, dragged her some distance from the house. He then returned, seized the child, threw her into the cellar and set fire to the house. As soon as she sufficiently recovered she went to a neighbor's and gave the alarm. Suspicion rested upon one Harvey Whitcomb and family, with whom this Hanna had had repeated trouble. Whitcomb and son and one Chamberlain have been arrested, and a secret trial is being held at Mansonville. During the investigation it appeared even from their own statements, that on Thursday morning Hanna and his wife had a serious domestic quarrel, she accusing him of not providing sufficiently for the family, and he informed her that she might take care of herself and he would do the same. From these facts and the known character of the family, the prevailing opinion is that Hanna gave his wife a severe beating, and that during the fight the child was accidentally killed, or that in revenge his wife might have killed it and burned the house to conceal the crime. Only a year or two since, the same woman by neglect and actual starvation caused the death of one of her children.—*Newport Ex.*

EXCITING SCENE.—An insane man named John B. Sherwood entered a barber shop in Albany, on Friday last, and requested the proprietor to cut his head off and then braid his hair with diamonds. He wanted to fight a duel with any man present, using razors for weapons—the first one who lost his bowels to have the other's pocket-book. He also agreed to cut an ox and blow Hail Columbia on the horns while swallowing him, providing one of the barbers would eat the looking-glass. All these offers were politely declined. Sherwood then drew a revolver and offered to "shoot barbers for 20 cents a string." As the shop was full of customers, the drawing of the revolver created a first-class panic among the occupants, who scattered in all directions. He fired the pistol, when one of the barbers rushed in and secured the maniac. Mr. S. is reported to be a man of wealth and character, and resides at Fort Edward.—*Rochester Democrat.*

☞ The Detroit Post very sharply says: "The president, a while ago, was loud in asserting that Union soldiers should receive the offices at his disposal. This accounts for his appointing gallant Phil. Sheridan to the office of police captain under Attorney General Herron, of Louisiana. A major general of the United States taking his orders from a fourth or fifth grade rebel *aide* officer, is a mode of honoring Union soldiers for which President Johnson is entitled to a patent. After having served under General Grant, Sheridan cannot but feel proud of his appointment by the president on the staff of Attorney General Herron."

U. S. SENATORS.—Judge Poland having withdrawn from the senatorial contest with Mr. Morrill, Ex-Gov. Smith naturally follows his example, and has notified Senator Edmunds that he will not be a candidate against him for the U. S. senatorship, but will give him his cordial support, as will his friends. We are glad to hear that Gov. Smith has withdrawn from the canvass. A public man, of good abilities and popular strength he would undoubtedly have been warmly supported in many portions of the state. But like Judge Poland, deprecating a division of his party, he has retired from the field.—*Burlington Times.*

There was a very irascible old gentleman who formerly held the position of justice of the peace in one of our cities. Going down the main street one day, one of the boys spoke to him without coming up to his honor's idea of deference. "Young man, I fine you five dollars for contempt of court." "Why, Judge," said the offender, "you are not in session." "This court," responded the Judge, thoroughly irritated, "is always in session, and consequently always an object of contempt!" There was some disorder in the court as his honor passed on.

A SOFT ANSWER TURNETH AWAY WRATH.—It is related that recently, in a sleeping car coming from the west, a man in one of the berths became greatly annoyed by the crying of an infant and the efforts of its father to pacify it. The irate individual at last shouted out: "What the devil is the matter with that young one?" And soon again: "Where is the mother of that child, that she is not here to pacify it?" At this the poor gentleman in charge of the child stepped up to the berth and said: "Sir, the mother of that child is in her coffin in the baggage car!" The grumbler immediately arose and compelled the afflicted father to retire to his berth, and from that time until morning took the little orphan under his own care.—*Boston Journal.*

SURGICAL OPERATION.—Dr. Crosby of Concord, N. H., performed the operation of removing a substance lodged in the arm of Edmund Aiken, 5th N. H. R., during the battle of Gettysburg. Aiken, it seems, has been working in Concord as a silver plater, but recently found that his healed arm was becoming insufferably painful, and submitted to the operation. The arm was laid open from the wound to the elbow joint, where was lodged the *iron sight of his own gun.* It is about an inch long, three-eighths wide, and had become rusty.

JEFF. DAVIS.—Mrs. Jeff. Davis writes to a friend in Charleston thus concerning her husband: "Mr. Davis is not slowly but surely wasting away, and I look forward to his Maker's release, if man does not soon afford him one. It is very kind of you to ask what he wants: but, beyond cigars and a little Maderia or Sherry wine, he seems to desire nothing."

It is dangerous to use guano in the soil of Kansas. A veracious writer says: "A few hours after planting cucumber seeds with guano the dirt began to fly and the vines came up like a streak, and although he started off at the top of his speed, vines overtook and covered him: and on taking out his knife to cut the thing, he found a large cucumber gone to seed in his pocket."

During the recent session of the Teachers' Institute in Rutland county, while Prof. Adams was endeavoring to illustrate the manner of teaching arithmetic, he took up a small globe standing on the desk and asked, "How many units in this globe?" *Answer*, "One." Taking up his hat, "How many units in my hat?" *Answer*—(by a naughty boy in the audience.) "Shake it and see!"

UNSOLICITED TESTIMONY.

From Rev. Francis Lobdell, Pastor of the South Congregational Church, Bridgeport, Connecticut.

BRIDGEPORT, Jan. 21, 1864.

Gentlemen:—I consider it a duty which I owe suffering humanity to bear testimony to the virtues of Dr. WISTAR'S BALSAM OF WILD CHERRY. I have used it—when I have had occasion for any remedy for Coughs, Colds or Sore Throat—for many years, and never, in a single instance, has it failed to relieve and cure me. I have frequently been very hoarse on Saturday, and looked forward to the delivery of two sermons on the Sabbath with sad misgivings, but by a liberal use of the Balsam my hoarseness has invariably been removed, and I have preached without difficulty.

I commend it to my brethren in the ministry, and to public speakers generally, as a certain remedy for the bronchial troubles to which we are peculiarly exposed.

Entirely unsolicited. I send you this testimonial, which you are at liberty to use in any way you choose. Perhaps the Balsam does not relieve all persons alike, but it always remakes my hoarseness, and fits me for the minister's hard working day—the Sabbath.

Very truly yours, FRANCIS LOBDELL.
