LOCAL AND STATE ITEMS.

ST. JOHNSBURY, VT., FRIDAY, AUG. 30, 1867.

We endeavor to make the Caledonian valuable for news; and our friends in Caledonia, Essex and adjoining counties will confer a great favor to us and very materially to the interest of the paper by forwarding items in a brief, legible form.

Fort Loomis.—The incorporators of the Portland, Mount Mountains and Ogdensburgh railroad will meet at Littleton, Sept. 5th, for organization, under the charter granted by the New Hampshire legislature at the June session.

—The republicans of Lyndon hold a caucus at the Town Hall on Friday evening of this week. A full attendance is requested.

—Many people visit and partake of the waters of the newly found spring near the Grant & Parker saw mill. Some days quite a hundred people have been there. The water is highly impregnated with mineral ingredients, which, no doubt, are medicinal.

—Mr. R. M. Ross of this village, has presented us with two mammoth cucumbers, still green, some fourteen inches in length, and weighing about four lbs. each.

—Alford Penard, who has recently opened a grocery on maple street, was arrested the other day by state's attorney Grant for doing illegal business, and fined and costs. Officer Rollins was there about the same time to quell a boisterous assembly, engaged in pounding one another. He arrested three or four of the party, and thereby restored quiet.

—The promenade concert of the St. Johnsbury Cornet band, Friday evening, was well patronized, and gave great satisfaction to lovers of fine music. This band will open the season proposed to visit different parts of the village for the gratification of the public. It was attempted last evening, but the boys made such a noise that they concluded to abandon the idea. We hope they will make another trial, and perhaps our village police may be called on to see that good order is observed.

Town Meeting.—The citizens of St. Johnsbury will notice by a notice in another column, signed by a number of the citizens of the town, for a meeting Saturday evening, to nominate some person as a candidate to represent the town in the next legislature. There should be a full meeting.

Send in the Returns.—Town Clerks and other friends will kindly oblige by sending us by *first conveyance* the vote for state and county officers, and the justices elected at Freeman's meeting next Tuesday.

Supreme Court.—The August term of this court for Caledonia county opened in this place Thursday morning. Present, Judges Barrett, Poland and Wilson. Judge Kellog, assigned to this county, is so much out of health that he is not able to be present. The court was opened with prayer, by Rev. E. A. Titus. There are 33 cases on the docket.

A term of the court for Essex county is to be holden the first part of the present week.

Horse Stolen.—Henry Pierce, a young man who was let out of jail here last June—no one appearing to press a prosecution against him—hired a team of Mr. Prescott last Monday to go to Barnet. Mr. P. has made diligent search, and has heard nothing of Pierce, or his team. Pierce claimed to be connected with the Barker Family of notorieties then in town. Pierce is about 25 years of age; weight about 140 lbs., and has a wide-brimmed drab hat, drab coat and vest, and a dark coat. Horse, black with a long tail; off hind foot white, with a star in forehead, and would weigh about 1000 lbs. A C. C. Miller wagon, with no back on seat; plated handle on each end of dasher, but no rail on top of dasher.

Musical.—Our musical friends will not forget the convention at Newbury, commencing Monday and continuing four days. Two grand concerts are to be given, Thursday and Friday evenings. These conventions are good things—they help to raise the standard of music, and are therefore of importance. The Passumpsic road charges one way only to those who attend the convention. We learn that the committee of arrangements have engaged Mr. James Pierce, the most popular tenor of the day, for the concerts Thursday and Friday evenings, Sept. 5 and 6.

Caledonia County Fair.—We predict that we shall have a good exhibition at our Fair on the 24th, 25th and 26th of September, as we are informed that larger accommodations are called for. Quite an addition was made of pens last year, and although the weather was rainy they were all filled. We are glad to know that there is so much interest manifested thus early in our annual agricultural exhibition.

Base Ball Clubs.—A good deal of interest is taken in the playing of games by base ball clubs. Thousands of persons have assembled in some places to witness contests of skill displayed in this game. The Fair Ground company, and persons who feel an interest in this amusement, have offered premiums of a solid silver goblet, and a silver mounted rosewood bat, for the best playing in this place by any club in the state, some day during our county Fair.

Change of Premiums.—For the fastest trotting horse in the county, the second day of the Fair, the premiums have been changed to $20, $10 and $5.

The Crops.—In our vicinity grain has been mostly gathered into barns. Oats are well filled and heavy, though the straw is much lighter than last year. Wheat also is excellent, and more, probably, has been raised this season than in any recent year. Corn, where it was not affected by the dry weather some weeks since, as it was on clayey soil, is large and well advanced, for the season, towards maturity. We have never seen better corn in this section of the country than many fields we have visited. Potatoes will also be abundant unless the rot seizes them.

Died.—In hospital at Washington, D. C., Aug. 5th, Capt. Horace F. Crossman, formerly of this town. Capt. Crossman was one of the first to enlist under the loyal banner when president Lincoln called for 75,000 men to put down the rebellion. He fought at the first Bull Run as lieutenant in the 2d regiment. He continued in active service until the battle of Fredericksburg, when he lost a leg in storming the hights. He barely lived through the prostration consequent upon the amputation, but after months of suffering was enabled to join the veteran reserves. His last sickness was consumption.

Island Pond.—Messrs. Dyer & Fennessy of this place have bought out Adams & Willard of Norton Mills, and are carrying on the mercantile business in both places.... Officer Smalley last week seized four horses from different parties in Charleston, said horses having been used in smuggling liquor. J. W.

FRANKLIN COUNTY.

Rev. J. Q. Bittenger, pastor of the Congregational church in St. Albans, last Sunday announced his wish to resign the pastorial office on account of confirmed ill-health.

Hon. Lawrence Brainard, whose farm in St. Albans contains about 800 acres of land, put in 1229 loads of hay last summer, and 1123 during the haying season just past. We believe that about three hundred loads were got in during one day, and as Artemus Ward would say, it wasn't a great hay day, either.

On the 22d inst., while Mr. Suel P. Spaulding of Fairfax was getting in hay, the load tipped to the left, and he shifted his position to the right of the load, and going too far he fell from the load, struck upon his head and broke his neck, causing instant death. Mr. Spaulding was about 45 years old, and an estimable citizen.

ORLEANS COUNTY.

James A. Kendall, sheriff of Orleans county, died at Newport, of Typhoid fever on the 21st inst., aged 47 years. The duties of sheriff will now devolve upon High Bailiff Jacob Richards, of Charleston.

The Newport Express reports the arrest of several persons for intoxication. A good thing this, for it helps uncover the origin of the evil—the illegal seller of liquor. Newport is an inviting place for settlement, and when the citizens there finish rooting out the liquor nuisances people with families must be attracted to the place. They are making good progress in the business.

ORANGE COUNTY.

The Bradford Opinion says that on Friday of last week, widow Buxton, of Topsham, and her son, William, aged about seventeen years, were riding from Haverhill to Topsham, and when they got as far as the western part of the town of Newbury, their horse became frightened, ran with them and threw them both out of the wagon on to a pile of stone. Mrs. Buxton was very seriously injured, and her son received injuries from which he died, at East Topsham on Monday.

WINDHAM COUNTY.

A distressing fatality occurred about a mile and a half below Brattleboro village, on Tuesday afternoon last at about four o'clock, by which Miss Cottie A. Brooks, was drowned in the river. It appears that she with several other girls, were in the river bathing, when one stepped on a stone and lost her balance. Immediately Cottie and her sister reached out to help her, when all three found themselves in deep water. Two of them had the presence of mind to throw themselves on their backs and thus floated into shallow water and got ashore, though one suffered considerably, but Cottie immediately sank and was drowned. She rose twice but there was no one to save her. Her mother sat on the bank and saw her daughter sink for the last time, and at the same time two other girls, one also her daughter, were floating away apparently drowned. Cottie was a good girl of between fifteen and sixteen years of age. Up to Wednesday noon the body had not been found.—*Bellows Falls Times.*

A Powerful Rival.—There is a new patent Sewing Machine, (called the Star Shuttle,) manufactured in Cleveland, Ohio, by W. G. Wilson & Co., and sold for twenty dollars, that makes the Lock Stitch similar to Wheeler & Wilson, and other first class machines. The manufacturers claim that it is equal in size, finish and workmanship, to any other first class machine, beside being able to do the same range of work.

Flies.—The pest of summer, are swarming more than ever, owing to the vast amount of rain.
DUTCHER'S LIGHTNING FLY KILLER will make a clean sweep of them—no fuss, no muss, no litter. Beware of bogus imitations, which some may pretend are just as good. There is nothing comparable with it. Sold everywhere. Price Six Cents. 65-72

Cure for Pin Worms.
If a worm remedy is needed, don't fail to get a bottle of Dr. E. G. Gould's Pin Worm Syrup. It is syrup never fails in the most aggravated cases to expel those irritating and dangerous worms entirely from the system. Adults of 60 or 70 years, who have suffered for a lifetime; children upon whom all other worm remedies have been tried in vain, are relieved of all annoyance in 24 hours; and, when taken according to directions, it will effect an entire cure. It acts as a cathartic, and improves the health by removing all impurities from the system, and is always safe, even with the youngest child.
Sold by G. C. GOODWIN & CO., Boston, and by druggists everywhere. spr. tun, aug

Cholera, which raged so fearfully in 1848, was cured, in a multitude of cases, by the use of Johnson's Anodyne Liniment. It is a sure cure for pain and cramp in the stomach.

More Trouble.—Thousands of our people are weekly dying from the ravages of indigestion, dyspepsia, and various diseases of the Stomach and Bowels. The value of Coe's Dyspepsia Cure should be known to the world. It has saved thousands from an early grave.

Dr. S. S. Fitch's "Family Physician." Seventy-six pages; price 25 cents. Sent to any address. No money required until the book is received, read and fully approved. It is a perfect guide to the sick or indisposed. Address DR. S. S. FITCH, 25 Tremont St. Boston. t24jun

Dr. Wistar's Balsam of Wild Cherry.
Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for coughs, colds, bronchitis, croup, whooping cough, asthma, diseases of the throat, chest and lungs, as well as that most dreaded of all diseases, consumption, which high medical authority has pronounced be a curable disease. Those who have not, have but to make a single trial to be satisfied that of all others it is the remedy.
FROM MR. LEVI F. RANLET, LITTLETON, N. H.
LITTLETON, N. H., Nov. 10, 1860.
Messrs. S. W. Fowle & Co.:
For many years I was afflicted with chronic bronchitis and hoarseness, to such an extent as at times to be unable to speak audibly, attended with severe canker and soreness of the mouth and throat. I made use of a great many remedies, and from none of them did I obtain relief, but the disease rather increased than diminished. Upon the recommendation of a lady in this place who had been similarly afflicted, and cured by the use of Dr. Wistar's Balsam of Wild Cherry, I procured of your agent, Mr. Hodgman, a bottle of the Balsam, and was soon convinced that I had procured in it the means of relief and cure from the burden and troubles to which I had been so long subjected. I am now almost entirely free from any difficulty of a pulmonary nature, and only need a slight dose of the Balsam to restore me whenever any troublesome symptoms occur; and in such cases it always acts like a charm. LEVI F. RANLET.
None genuine unless signed "I. Butts" on the wrapper.
Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by druggists generally.

Chronic Diseases, Scrofula, Ulcers, &c.
It is well known that the benefits derived from drinking of the Congress, Saratoga and other celebrated springs is principally owing to the Iodine they contain.
Dr. H. Anders' Iodine Water
contains Iodine in the same pure state that it is found in these spring waters, but over 500 per cent. more in quantity, containing as it does 1½ grains to each fluid ounce, dissolved in pure water, without a solvent, a discovery long sought for, in this country and Europe, and is the best remedy in the world for scrofula, cancers, salt rheum, ulcers and all chronic diseases.
Circulars free.

Leavitt's Concert. The handsomest and most showy team ever driven into this State is N. W. Leavitt's elegant "Dark in Hand," which carries his "Mammoth Concert Troupe." It consists of a chariot built in the oriental style, ornamented with various musical emblems landscapes, etc., and surmounted by a golden harp, the American eagle, the glorious Star Spangled Banner, and other national emblems. It is drawn by four spotted horses, descendants of horses brought into this country by Consul Jarvis from Tripoli. Mr. Leavitt engages the best of talent, and is determined to have everything first class. Be sure to go and hear them.—*Exchange.*

Schenck's Madrake Pills.—*A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.*
To give the public a clear understanding of the mode in which Schenck's Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief DESCRIPTION OF THE HUMAN LIVER and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.
The liver is supplied with blood vessels, nerves and absorbants. One of its chief uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased it cannot purify the blood, and it has to seek back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable and unfit for the performance of any of the duties of life. This unhealthy state of the system very often tends to pulmonary consumption.
The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption scrofula, or scarcely any other kind of alceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's PULMONIC SYRUP, SEAWEED TONIC, AND MANDRAKE PILLS, will strengthen the system purify the blood, and ripen and heal ulcers on the lungs.
A volume would be required to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic and Mandrake Pills—all of which are accompanied with full directions for the use of them.
DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M., until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

TO CONSUMERS OF OIL.
CAUTION.
It having come to our knowledge that many dealers throughout New England, are in the habit of buying small quantities of our Oil, and larger quantities of inferior oils, and using our brand and packages fraudulently in the sale of these inferior oils, we are determined to stop such frauds, and hereby offer a REWARD OF 100 DOLLARS for information that will lead to the detection and punishment of any party using our name or brand in the sale of any other than our own oil. The "DOWNER KEROSENE OIL" has been frequently tested and analyzed by Dr. A. A. Hayes, State Assayer, and a communication to us, dat d July 5, 1867, he says: "The term 'Kerosene' as used by the DOWNER OIL COMPANY, applies to the highest grade of Oil only, which, our trials show, does not inflame below about 120 degrees Fahrenheit, and carries the assurance of both safety and excellence with it; while the mixed Oils are not only unsafe, but in causing accidents, destroy confidence in the safe and excellent article for affording light produced by the honest manufacturer."
