THE CALEDONIAN.

LOCAL AND STATE ITEMS.

ST. JOHNSBURY, VT., FRIDAY, NOV. 4, 1867.

We endeavor to make the Caledonian valuable for home news; and our friends in Caledonia, Essex and adjoining counties will confer a great favor upon us by contributing liberally to the interests of the paper by sending us items in a brief, legible form.

Brief Locals.

—Mr. Horace Brown of Passumpsic, has recently sold two heifers, eighteen months old, thorough-bred Alderneys, for the handsome sum of two hundred dollars.

—Messrs. Burroughs and Russell have sold their farm to Sullivan Ranney of Kirby, for $6,500. They sell their stock and farming tools. See advertising columns for a large number of auction sales weekly.

—The shoe store under the *Caledonian* office proved a failure. Mr. Downing discovered that where one man would buy a pair of shoes, two would buy a pound of tobacco, so he is now filling the latter articles and proposes to open a first-class ten and tobacco store, under Hall's sandwiched in.

—We learn that Mr. Homer E. Sawyer formerly of this place, but now a resident of New Orleans, some time ago. Mr. Sawyer was a resident of this place several years. We think of returning a few at Lake Conal.

—The work on Eastern avenue is to dispense with front yards altogether, and the public sidewalks run close up to the house. This saves expense of fencing front yards. But when the city authorities and proposes to take the matter in hand, as is the case with Messrs. Hale and Fairbanks, it may be a question in village circles, it may be a question whether their own would not save expense and vexation by acting well enough alone.

—Nat. Ward, the tile cutter, fell down the cellar steps Monday evening, breaking his ribs.... Lyrie, Babcock, engineers, R. R., by some mistake, ran under the train at the Junction the night before, and one freight car passed over his prostrate form, dislocating one leg severely, but not fatally injuring him, as is believed, another weeks since, as we learn from Mr. Harvey Hodgdon of Walden, met with a similar accident, by his horse becoming frightened. He was driving into town, and when his horse stepping on a stone (or supposed) began to kick, he became unmanageable. He thought to prevent from being broken he would jump from the carriage, and did so, breaking both bones of the left leg near the ankle.

New Buildings, etc.

—Notwithstanding the past ten years has been so much activity in real estate and building in this village as at the present time. By going upon an emissence one can view buildings in process of construction in almost every direction, especially in the outskirts of the village, at the Passumpsic pole and up the Moose River and in the south end. Some changes in location on Summer street have taken place lately. Peter Bruso has sold his place to the Arnoldy to S. C. Clark, who intends to build upon it at once. D. Wheeler has also bought a lot a few rods of Mr. Peterson's new house, and intends to build on it this fall. B. Hall has sold his lot above Wm. Hastings to Mr. Isaac Hodgdon, who is going to build in the spring. When is West Street to be extended through to the head of the? The most eligible building locality lies in this direction.

CHITTENDEN COUNTY.

A. Wilson, Jr., of Burlington was killed at Milton, Tuesday evening, by being run a moving train.

Lectures in Burlington.

FRANKLIN COUNTY.

A mother at St. Albans fell off a chair, and died in a few days. The rolling price was 18c. At Richmond fine cheese 12c, and sage 16c.

A Northrop of Fairfield celebrated his wedding the 15th. One hundred and twenty-five relatives and friends were present.

ESSEX COUNTY.

The school of Valley Lodge of Good Templars at Brighton was broken into by a disguised person and the furniture damaged, and chairs destroyed, and chairs broken. The rascal should be punished to the full extent of the law.

ORLEANS COUNTY.

A carpenter of Salisbury lost a pocket book Monday, from over which he fell to a young man and boy. It was valued at $800.

ORANGE COUNTY.

Young does not seem to be the name of Farmer belonging in Vershire, while in the woods shooting, his gun went off and fell and his gun went off and killed him in his head. He lived 3 days. This is the third accident of the kind we have noted this season.—*Boston Journal.*

Kilburne, for several years the agent at Hosford's station on the Boston and Washington railroad, between Lyndon and Pomfret, was instantly killed on the morning of the 21st, by being run over by the cars. Twenty cars passed over him, mutilating him in a horrible manner.

WASHINGTON COUNTY.

The Freemasons had their annual festival at Waterbury the 23d. There was a supper, dancing, etc. Capt. Hodgdon of St. Johnsbury was present and Capts. H. W. Kingsbury, H. S. Lewis, Jr., secretaries of the old association.

WINDHAM COUNTY.

Traces of lead on the top of Fall Mountain, near Bellows Falls, have been found by a Mr. Lewis, who proposes, if he can, to build a large hotel on the top, a carriage road up the south side of the mountain, and an inclined railway, as at Mount Holyoke, up the face.

WINDSOR COUNTY.

A massive bear hunt was arranged to come off in the Plymouth mountains last week, but only a portion of the squads were on hand, and they not being stationed in proper places became discouraged and turned back. Several specimens have been seen in that vicinity.

A religious revival in Chester is doing a good work. 13 persons were baptised by Mr. Hibard last Sunday and 21 joined the Baptist church. The meetings are at the Baptist church every day.

Bill is making the circuit of the papers that "a Vermont church has offered to be its pastor." The church referred to is the Universalists at Windsor, which has employed Mr. Osborn to occupy its pulpit.

Hiram S. Corey's house at Woodstock was nearly set on fire by a boy in his father's a few nights later his barn received the same treatment. The house was saved, but the barn and contents were burned. The last attempt of the young rascal resulted in his detection and arrest.

The town of Woodstock, denied the use of the town hall to a travelling lecturer because it was "in violation of the laws of the State." Was it Dan Morgan's troupe?

The Grand Division of the Sons of Temperance has elected R. F. Austin of Swanton G. W. P. for the ensuing year, H. Dennis of Woodstock grand scribe and A. F. Dollin of North Ferrisburg grand treasurer.

The legislature has been asked to incorporate the Fairhaven and Lake Shore railroad, with a capital of $500,000 to run from Fairhaven to a connection with the Whitehall and Plattsburg road, either in the town of Orwell or Shoreham.

The total number of marriages in the state during the five years ending with 1866 was 11,340. The largest number in any county was 1456, in Windsor. The number of divorces during the same period was 571, 315 on petition of the wife.

☞ The day is not far distant when the intelligent people in want of modest instruments for their homes, will not rest satisfied with the mere assertions of advertisements, but they will go for knowledge on the actual musical merits and merchandise character of the desired instruments. Messrs. E. & H. W. Smith of Boston, manufacturers of the Smith Organs, have been favored with such a class of customers, and have thus been enabled to build up an business, notwithstanding the great competition in this particular branch of business.

☞ Furred tongue, bad breath, pain in the stomach and bowels, dizziness, loss of appetite, pain in the side, chills and fever, are by the use of Parson's Purgative Pills.

☞ We are ready and willing to warrant Anodyne Liniment to be the best article ever used for coughs, colds, dysentery, diarrhœa, and pain in the stomach or bowels. It is equally good for children or adults.

Among the many testimonials we might publish we will give the affidavit of an old soldier, who says he owes more to the use of a certain kind of medicine than to any other thing, that he considers it the most valuable medicine in the world, and to our knowledge it does all he claims for it when used in combination with other medicines. Its wonderful curative powers are equal to any other medicine. This happy combination is found in the highest degree in

Dr. Wistar's Balsam of Wild Cherry,

whose value in curing coughs, colds, bronchitis, whooping cough, croup, asthma, pulmonary affections, and incipient consumption is beyond question.

FROM J. D. HOSMER, Esq., OF TOUSEY, SOMERSET, VT., April 8, 1867.

Messrs. S. W. Fowle & Co.:

Gentlemen: I feel a great pleasure in bearing testimony to the virtues of Dr. Wistar's Balsam of Wild Cherry. During the past winter my family have used it for severe coughs and bronchial affections, and have found it to be all that is recommended. I think it the best medicine for the complaints for which it is recommended, and I shall use it in my family in preference to any other. Colds, and as there is no danger of the Brown Cough in using the genuine Wistar's Balsam of Wild Cherry, the public may rest assured that they will at all times be uniform and kept strictly up to the present high standard.

These goods are furnished with a trade mark or signature printed in red ink, which gives them an advantage over all others.

THE PACIFIC COLLAR.

We have now in stock the Pacific Collar, in connection with Collars, manufactured exclusively for us, which we are now selling; they are the best Linen Finish and Enameled goods, of the same quality with the paper, and sold for the same money, but at very low rates.

We guarantee these Collars to be superior to any Linen Collar in the market, except the Bemis Patent. The sales of not to be equal to any other goods, as they are superior to any other goods in the market for the price.

N. B. We keep a full stock of all sizes, styles of Linen Collars and Cuffs of all styles and qualities, and in the market, fully which we offer at Manufacturer's prices.

☞ The New England Wholesale Agency for the sale of these goods is at

WOODWARD'S

PAIN EXTRACTOR.

PHYSICIANS AND THE PUBLIC can rely upon this article being kept up to its standard, strength and purity.

It has gained a high reputation among physicians who have used it for years in their practice, as one of the most powerful Liniments known for the relief of neuralgia, rheumatism, pains, sprains, toothache, bruises and flesh wounds, of every description on man or beast.

IS SELDOM INTERNALLY for cholera morbus, cholera diarrhœa, cramp, and colic pains in the stomach and bowels. An excellent remedy for DIPHTHERIA, sore throat and common colds.

One physician, Dr. Huntoon, formerly of Lowell, who now uses the Pain Extractor in his practice more than any other physician, says it will cure more cases of the asiatic cholera than any other medicine.

TESTIMONIALS.

We, the undersigned, have made use of Woodward's Pain Extractor. It is truly a valuable medicine for the relief of pain. Emphatically a family medicine; decidedly valuable in cases of emergencies. By its timely use much suffering may be prevented. Mr. Woodward, the manufacturer, is a superannuated member of the New Hampshire Annual Conference of the M.E. Church. None need fear imposition in purchasing his articles.

ACROSS THE SIERRA NEVADAS.

THE

CENTRAL PACIFIC RAILROAD,

THE WESTERN HALF OF THE

Great National Trunk Line Across the Continet,

Being constructed with the AID AND SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT LINES OF COMMUNICATION IN THE WORLD, as it is the sole link between the Pacific Coast and the Great Interior Basin, over which the immense overland travel must pass, and the

Principal Portion of the Main Stem Line between the Two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West, and will meet and connect with the roads now building east of the Rocky Mountains. About 100 miles are now built, equipped and in running operation to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake Valley, whence further progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The local business upon the completed portion surpasses all previous estimate. The figures for the quarter ending August 31, are as follows, in GOLD:

Gross Earnings,	Operating Expenses,	Net Earnings,
$487,579 64.	$86,548 47.	$401,031 17.

or at the rate of two millions per annum, of which over three-fourths are net profit on less than [illegible] miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal ratio of government transportation, and is exclusive of the materials carried for the further extension of the road.

The Company's interest liabilities during the same period were less than $125,000.

Add to this an ever-expanding through traffic, and the proportions of the future business become immense.

The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountains. Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $35,000 per mile—not including an absolute grant of 10,000,000 acres of the public lands. By becoming a joint investor in the magnificent enterprise, and by securing its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INSURES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1,000, each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent, and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and they represent, in all cases, the first lien upon a complete, equipped and productive railroad, in which there have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guarantees of the Pacific Railroad Act of Congress, and have in addition numerous noticeable advantages over all other classes of railroad bonds.

First—They are the superior claim upon the most vital and valuable portion of the through line.

Second—Beside the fullest interest of the Government, a sinking fund (which is a school fund in California) equal to the interest of large portions of the land grant, is thrown around these bonds.

Third—Fully half the cost of completing the road westward of San Francisco is concentrated upon the 100 miles now in good completed.

Fourth—A local business already yielding more than the annual interest liabilities, with advantages of rates payable in gold.

Fifth—The principal as well as the interest of the bonds is payable in gold, upon a legally binding contract.

Having carefully investigated the resources and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions, and others as an entirely sound, reliable and remunerative form of permanent investment.
