the narrators seem to have been dazzled, and in no condition to consider sober realities.

RAILROAD ACROSS THE ISTHMUS.

The military committee has reported to the U. S. Senate, a bill calculated to favor the construction of a railroad across the Isthmus of Panama.

The bill authorizes the Secretary of the navy "to enter into a contract for a period not exceeding twenty years, with Wm. A. Aspinwall, John L. Stephens, and Henry Chauncy, all of the city of New York, for the transportation, by steam, of naval and army supplies, including troops, munitions of war, and naval and public stores, the mails of the United States, and all persons in its employment, over a railroad to be constructed by them and their associates across the Isthmus of Panama, from the Atlantic to the Pacific Ocean."

Two of the provisions annexed to this bill are, that the railroad shall be commenced within one year from the date of the contract, and that it shall be completed within three years from the first day of June, 1849.

The Isthmus is sixty miles in breadth, and, according to Mr. Benton, the route across it was never in worse condition than at present. In virtue of a treaty, recently negotiated, the United States enjoy an uninterrupted right of way over any roads, existing, or to be made, in consideration of which, they guaranty to New Grenada her authority over the Isthmus, and to the public, its neutrality. If invaded, the United States are bound to protect it against any foreign power.

Such a road cannot fail to be a great commercial thoroughfare, not only for us, but for all the world. And yet, if we thought its construction would impair the probability of a railroad across the continent, within our own territories, we should regret the favor proposed to be shown to the enterprise by our government. But we think we shall have them both.—*Lowell Gazette.*

☞ A dispatch dated New Orleans, 17th, says there were 5 deaths reported in our City yesterday, from Cholera. The physicians disagree in their opinions as to its being the real Asiatic Cholera.

CHOLERA.—The Health Officer reports Friday 7 new cases of Cholera and 3 deaths, at Quarantine.

The Physicians, however, disagree in their opinions as to its being the real Asiatic Cholera.

The Cholera cases were all old inmates of the Hospital before the arrival of the ship New York.

POLK'S MESSAGE is published in some of the papers with this heading: "The State of the Country—a Romance of the Nineteenth Century—by James K. Polk, author of the Mexican War," &c.

Sheep—$1, 1,37, 1,50. A large lot of Extra Sheep sold at from $3 to $6 each.

Swine—4 a 5c. Retail, 5 a 6c.

FACTS TO BE REMEMBERED.

That Consumption is almost always produced by a cold that might easily be cured. That Wistar's Balsam of Wild Cherry will cure any Cough or Cold, no matter of how long standing. That the milder form of Consumption itself is also cured by this Balsam. That it is conceded by many lawyers, clergymen and physicians, that this Balsam has never been equalled for efficacy in all affections of the Lungs and Liver. That scores now rejoice in the possession of good health who, but for this Balsam, would have been in their graves—having been given up to die by their friends and physicians. Above all, remember that this invaluable medicine has been imitated under various names, and that Dr. Wistar's Balsam of Wild Cherry only can be relied on to CURE. It has been warranted to cure Asthma in every stage—what no physician has ever achieved—and has never been known to fail. For delicate health in young females, it stands unrivalled—as it does for all diseases of this climate.

Agents—Middlebury, W. P. Russe', —Vergennes, J. Huntington,—Bristol, J. W. Parmalee,—Monkton, T. C. Smith, —New Haven, A. P. Rosecoe,—Cornwall, Ira Bingham,—Whiting, John Simonds,—Cornwall B. F. Haskell,—Shoreham, E. Wright.—Sold also by agents throughout the state.

If the reading public will put their faith in any of the advertisemen s which appear in our columns, let them most certainly do so in the Great American Remedy Notice, Dr. G. C. Vaughn's Vegetable Lithontriptic Mixture, which has a conspicuous place on our business side of the paper. Some months since we stated that we should publish a number of testimonials in favor of this medicine, we have done so, more has come under our knowledge, did space permit, we could tell most strange stories of this medicine; it has exceeded in virtue all other preparations of any age or country, and is destined to destroy the whole system of practice as adopted by the Faculty. But reader, call upon Arnate and get a pamphlet.

W. F. Russel, Agent.

Notice.

The freeholders and inhabitants of the village of Middlebury are hereby notified, that a meeting of the Corporation of said village will be holden at the Town Room, on Wednesday, the 4th day of January next, at 1 o'clock in the afternoon, for the following purposes, to wit:

1st, The election of Officers for the year ensuing.

2d, To vote a tax upon the inhabitants of said village to defray the expenses of the same the ensuing year.

3d, To do any other business that may be presented before the Corporation when met.

JAMES M. SLADE, Clerk.
Middlebury, Dec. 20, 1848.

ADDISON COUNTY AGRICULTURAL SOCIETY.

The Annual meeting of this Society will be holden at the Town Room, in Middlebury, on Thursday, the 18th Jan. next.

MARRIED,

At Baton Rouge, on the 6th instant, by Rev. John Burke, Rector of St. James's Church, WILLIAM WALLACE SMITH BLISS, Brevet Lieut. Col. of the U. S. Army, to Miss ELIZABETH TAYLOR, daughter of Major Gen. Z. Taylor, President elect of the United States.

In Huntington, Nov. 22d, by Rev. M. B. Gregg, Mr. DANIEL C. BARBER, to MISS MALENDA B. FERGUSON, second daughter of Alex. Ferguson, Esq.

DIED,

In this town, on the 15th inst., of Consumption, Mrs. PHEBE LAWRENCE, daughter of Joseph Boyce, late of Rochester, Vt.

Printers in Windsor County are requested, &c.

In Vergennes, on the 16th inst., JANE FRANCES GREENE, aged 8 years 10 months 12 days, daughter of Wm. E. and Ann Jane Greene.

In Roxbury, December 16, of Consumption, S. N. DICKINSON, Esq., aged 47—well known as the late proprietor of the "Dickinson Printing office" and "Type Foundry."

In New Haven, on the 17th inst., SUSANNA SEYMOUR, aged 85 years, 7 months and 6 days.

In Keene, N. H., Mrs. HANNAH THOMPSON, widow of the late Aaron Thompson, aged 57 years.

In Castleton, Dec. 15, of apoplexy, Hon. JOHN MEACHAM, aged 73.

In Hinesburgh, Dec. 3d, PHILO RAY, Esq., aged 55 years.

In Huntington, Dec. 14th, Mr. ORANGE EDDY, aged 35 years. A worthy and respectable inhabitant of that town.

In Cornwall, Dec. 9th, of Consumption, Miss MARY ANN SAWYER, daughter of Sherard and Catherine Sawyer, aged 28 years.

After a painful and protracted illness, with a cheerful resignation she passed calmly away, to realize, in a happier and better world, the exalted hope that sustained her in the hour of earth's last trial.

Adams's New Arithmetic.

REVISED EDITION.

This valuable School Book contains the characteristics of the former edition, in a greatly improved form: with such corrections and additions as the wants of the times demand. It has been already very extensively adopted in place of the old edition, and is received with the most unqualified approval.

Adams's New Arithmetic is almost the only work on Arithmetic used in extensive sections of New England. It is used in every part of the United States; and in the State of New York, is the Text Book in NINETY-TWO of the one hundred and fifty-five Academies which reported to the Regents of the University in 1847. It has been adapted to the currency of, and re-published in Canada. It has been translated and re-published in Greece. Notwithstanding the multiplication of Arithmetics, made up, many of them, of the MAT ERIAL of this work, it has steadily increased in the public favor and demand.

ADAMS'S ARITHMETICAL SERIES.

The attention of Preceptors of Academies, Teachers and Superintendents in our Common Schools, and all those interested in education, is invited to the full series of Arithmetical Works now published. Copies will be furnished for examination on application to either of the Publishers.

I.—PRIMARY ARITHMETIC, on MENTAL OPERATIONS IN NUMBERS; being an introduction to Adams's New Arithmetic, revised edition.

II.—ADAMS'S NEW ARITHMETIC, REVISED EDITION; being a revision of Adams's New Arithmetic, first published in 1827.

III.—KEY TO THE REVISED EDITION OF ADAMS'S NEW ARITHMETIC.

IV.—MENSURATION, MECHANICAL POWERS, & MACHINERY. The principles of mensuration analytically explained, and partially applied to the MEASUREMENT OF LINES, SURFACES AND SOLIDS; also, a philosophical explanation of the SIMPLE MECHANICAL POWERS, and their application to MACHINERY. Designed to follow Adams's New Arithmetic. (In press.)

V.—BOOK-KEEPING. This work contains a lucid explanation of the science of accounts, a new, concise and common sense method of BOOK-KEEPING BY SINGLE ENTRY, and various forms of RECEIPTS, ORDERS, NOTES, BONDS, MORTGAGES, and other instruments necessary for the transaction of business. Accompanied with Blank Books for the use of learners. Published by

Sept. 25, 1848.

J. C. JOHNSON,

WOULD respectfully inform the people of Middlebury and vicinity, that he has again commenced

BLACKSMITHING,

At the shop formerly occupied by William Ellis opposite the old Jail. He will be always ready to accomodate customers at the shortest notice. All kinds of jobs in his line done in a faithful and workmanlike manner. Particular attention will be paid to shoeing of Horses and Oxen.

☞ His prices will be moderate and reasonable, and by constant attention to his business he hopes to be favored with a fair portion of public patronage.

Middlebury, Nov. 13th, 1848. 29
