CENTENNIAL!

The Sentinel is the German Republican Industrial Paper of the Ohio Valley, and at least the equal in point of ability of any German paper in the State. It will be the best Republican paper, and in every respect a Paper of the People.

It will advocate the rights of the Producing Classes against the usurpations of Capital, the reduction of wages, the importation of cheap foreign labor, and the general decline in the prosperity of the country.

A reduction of our present tariff will be opposed.

Honest money, consisting of gold and silver coin, and paper convertible into coin on demand, will be advocated.

The National debt should be paid as rapidly as possible, consistently with the interests of the people, and the necessary expenses of the Government economically administered.

The Sentinel will be a live, fearless, independent newspaper, and will do its share in the great work of reform.
