At New York yesterday spots closed steady and 1-16c lower; middling, 9½c.

No new selling except possibly on the late months."

*Ex-dividends.

NEW YORK, July 26—Money on call is easy at 2@2½ per cent. Prime mercantile paper 4@5. Sterling exchange lower; actual rates, 485½c for 60 day bills, and 487c for demand.

Bonds—Government bonds were quiet but strong, and the issues quoted ½c higher. State bonds were dull but strong for the issues dealt in. Railroad bonds quiet and generally firm; sales, $1,266,000. There was a somewhat better distribution of sales without any superficially conspicuous issue, the Texas Pacific being quiet. Final prices generally show advances, but in a very few cases for more than fractions. Indiana, Bloomington and Western seconds are up 2, at 74. Louisville and Nashville, St. Louis division, seconds 4, at 55; Norfolk and Western general sixes 3, at 106; Texas and Pacific incomes 1, at 48, and the terminals 1½, at 47½.

Stocks—The market today was a dull one, almost barren of news and with very little life except in Northern Pacific, Texas Pacific, Reading and Consolidated Gas, in which special causes contributed to make these usually quiet stocks active. In the case of the grangers, the late discouraging utterances of gentlemen in the Chicago party has had damaging effect upon speculation in these stocks. Advices from Philadelphia today stated that the sale of lands by the Northern Pacific had been arranged, and rumors in regard to the contest for control of the latter company were given color by the activity and strength in the common stock. A story was set afloat early in the morning that a rival to the Consolidated Gas Company was to be established in this city and the stock was weak in the early dealings, but later the decision by Attorney General O'Brien in favor of the company was announced, which started a buying movement in the stock and lifted it nearly 3 per cent. The opening, this morning was strong, first prices showing advances ranging from ½ to ¾ per cent., the latter in Reading. The market showed some activity in the early trading, and slight declines were established except in Northern Pacific, but before noon dullness reigned and prices rallied. A dull and fairly steady market succeeded, which continued until the last hour, when a decided upward turn took place, the market finally closing firm at about the best figures of the day. The net result of the day's transactions is advances of small fractions for most of the active list, while Consolidated Gas is up 1¾ per cent.

The total sales of stocks today were 152 808 shares, including Delaware, Lackawanna and Western, 8040; Erie, 10,325; Lake Shore, 8070; Louisville and Nashville, 4085; Northwestern, 3500; New York Central, 7137; Northern Pacific, 12,110; Reading, 11,025; St. Paul, 7865; St. Paul and Omaha, 1222; Texas Pacific, 22,725; Western Union, 4715; Northern Pacific preferred, 10,884.
