MONEY 8 PER CENT., NEW YORK EXCHANGE 1-4 PREMIUM.

Cotton Quiet and Unchanged—Middling, 9c—Sales Yesterday, 100 Bales.

Money in good demand at 8 per cent. Local securities are steady and tending upward.

In the cotton market there is little doing. The close yesterday was quiet; middling, 9c; sales, 100 bales. At New York yesterday spots closed quiet, 1 1-16 lower; middling, 9⅛c. Futures dull and easy; August, 9.02@9.03c. A leading New York cotton circular says: "Operations were quite limited and prices 5 to 6 points lower, closing with very little showing of strength. The cable brought more or less disappointing advices from Liverpool, and there seemed to be simply a selling out of the long interest created at the close of last week, and no longer willing to carry. The easing off was somewhat hastened by more or less pressure to realize on spot. At the best, however, the position was simply stupid and to a certain degree nominal.

At New Orleans spots were dull and 1-16 lower; middling, 8 15-16c; futures steady; August, 8 68@8.70c.

At Liverpool spots were dull and in buyers' favor; middling, 5¼; futures quiet: August, 5 5-64d.

In the general market there are no changes of note. Eggs strong at 15@16c.

NEW YORK, August 30.—Money on call easy at 5@7 per cent., closing at 4 per cent. asked. Prime mercantile paper 4@5 per cent. Sterling exchange quiet, but steady; 484½ for sixty day bills and 484 for demand.

Bonds—Government bonds have been dull with quotations a shade higher. State bonds have been very dull and steady. Railroad bonds have been very dull and about steady. The sales amounted to $637,500. The trading in Texas Pacific Rics, coupon off, reached $133,000. There was a somewhat larger number of issues dealt in to-day, but prices made little headway and final figures generally show insignificant changes only. Erie thirds extended, is down 3½ at 110; Texas Pacific consols, 2½ at 99, and Great Western seconds, 3 at 98.

Stocks—The market today was again extremely dull. There was nothing except the advance in sterling exchange rates which had any influence on values. Stocks were generally firm early in the day, but yielded before noon and the course of prices was generally downward until toward the close. There was no important move except in Manhattan, which dropped 1 per cent, part of which was later recovered. The market was confined entirely to the operations of the room traders, and the final changes possess little or no significance. Prices at the opening were generally ½@¾ per cent. below the closing figures of Saturday. Jersey Central, however, was up ¾ and Pacific Mail and Delaware and Hudson ½ each. There were slight advances in the early trading in which Lackawanna and Texas Pacific were most conspicuous, but the entire list lost. Over one-half the day's business was done the first hour, after which the market settled down to the usual dull and listless condition with no apparent movement in prices until the last hour when there was a sharp advance of 1 per cent. in Hocking Valley, the market closing steady, close to opening figures. Today's business amounted to 70,340 shares. Final prices are generally lower, but the differences are for small fractions only. Hocking Valley, however, shows an advance of 1 per cent.

The total sales of stocks today were 70,340 shares, including Delaware, Lackawanna and Western, 10,400; Erie, 3500; Lake Shore, 3320; Pacific Mail, 5170; St. Paul, 5850; Texas and Pacific, 4620; Union Pacific, 3050; Western Union, 3905. Closing quotations were as follows:

British Grain Trade.

LONDON, August 30.—The *Mark Lane Express* in its weekly review of the British grain trade says: The week's splendid harvest weather has materially altered the position. Much grain has been secured. The crop in early sown districts is in fine condition, while late sown crops are rapidly maturing. Another week's sunshine will probably cause a big drop in prices. The sales of English wheat during the past week were 36,362 quarters at 33s 2d, against 32,761 quarters at 33s 3d during the corresponding week last year. The lower grades of flour are higher. The fervid summer has depressed foreign wheats 6d. There are no buyers. There were three arrivals of wheat cargoes. One cargo of Oregon was sold and three cargoes were withdrawn. To-day the sunshine overpowered the market. Old English wheats were neglected. Prices were 1s lower. Foreign wheats were 6d cheaper. Beans, peas and barley were steady. Oats were weaker and the demand was slow. Foreign flour was 6d cheaper. Round corn was 3d lower. Flat corn was very scarce. The market closed dull and weak.
