COMMERCIAL RECORD.

RICHMOND MARKETS, JULY 18.

TOBACCO.--Yesterday and the day before the market was very animated, and prices were, we thought, rather better than on Monday last, whilst prices to-day were very good and fine tobacco about 25 cents lower than the prices of yesterday and the day previous. Since about 10 o'clock last night we have had a continued fall of rain which, it is supposed, has been very general, and will operate very favorably on the growing crops, particularly the tobacco crop—yet, relying upon our accounts from the country, we believe that the great scarcity of plants, together with the large number that have perished by the dry weather, after being planted out, will prevent more than three-fourths of a crop being made, conceding the point that the season from this time out should prove more than usually favorable.

The present prospect is that the inspections this year will fall short of the estimates that were made, by some 2,500 hhds. The receipts at this time are very light, and the stock on hand for inspection, very limited. From present appearances, we think the probability is, that the inspections this year will be but little above 40,000 hhds., which, with the rapidly increasing consumption in the United States, may be regarded as a very short crop—being more than 6,000 hhds. short of the average, for the last 10 years.

Warranted never to fade. Mr. W. will pay $500 to any person who, during the next 50 years, will return one faded in the least. This is a great desideratum. Come one and all, and try J. H. THE next session of my School will begin the 19th of August, and end the last Friday in June following. There will be a vacation of three weeks in the Winter, commencing at Christmas. I treat my boys, in all respects, as I would like my own sons to be treated at School, using proper persuasions to induce the formation of virtuous and studious habits, and resorting to wholesome checks and punishments to restrain and reform the vicious. I have an extensive and choice library, to which my pupils have free access, under every encouragement to make them use it. I prepare boys thoroughly for the University in the following branches: Greek, Latin, Spanish, French, English and Mathematics, and in the rudiments of Chemistry, Natural Philosophy and Botany. Surveying taught practically in the field. My terms are $200 for Board and Tuition for ten months. No extra charges for any thing. If a pupil be engaged for a less time than five months, I charge at the rate of $25 a month. My boys fare as I do, and I seek the best I can get. My Post Office is Charlottesville, Virginia.

In this cause, among other things, the Court doth adjudge, order and decree, that one of the Commissioners of this Court do forthwith enquire and report to this Court what would be a reasonable allowance for the support of the widow and her children, exclusive of the expense of board out of the family, and of the expenses of education per year from the death of Reuben Meredith, deceased, to this time, taking into consideration the manner, ages and sexes of the family, and the provision made in said Reuben Meredith's will for the support of his said widow and children; and that he do also ascertain and report to the Court what amount, if any, of the expenses of the family for support have exceeded the profits of the estate, and how far such excess was necessary to the comfortable support of the family, and ought not to be charged with accounts of the children with any matters specially stated deemed pertinent by himself, or required by the parties to be so stated." "And the Court doth further adjudge, order and decree, that the Commissioner, who shall act under the foregoing part of this decree, do state an account of the personal fund directed as aforesaid, to be divided when Henry C. Meredith arrives at the age of twenty one years; and also state an account with the three sons of the said testator, and his daughter, Ann C., showing how much they have received upon the principals herein before declared, for which they are individually chargeable, taking a prima facie, correct the statements contained in the two reports of Commissioner Shore of the amounts so received by them, and report the same to this Court, with any matters specially stated deemed pertinent by himself, or required by any of the parties to be so stated."
