A TEACHER WANTED IN HICKORY NECK ACADEMY.

IN consequence of the determination of the present Preceptor to remove to Texas, the above named Institution will be vacant on or about the first day of September next. This old and popular Institution is situated in the county of James City, in one of the most delightful and salubrious sections of Eastern Virginia, within twelve miles of Williamsburg, immediately on the Stage Road from thence to Richmond, within one mile of the Post Office, and in a community rarely excelled for morality and intelligence. The Board of Trustees are desirous of procuring permanently the services of a competent Teacher, who has had some years recent experience, a gentleman of steady business habits, freedom of communication, and who would give his undivided energies to the prosperity of the Institution. They have under their control a fund, the interest of which is applied to the education of the pupils in attendance; but the Teacher will be dependent mainly upon his own efforts for his remuneration. For the last several years there have been from twenty five to thirty-seven pupils in attendance, the larger portion of whom have been Classical scholars.

Good board in highly respectable families in the immediate vicinity of the Academy can be obtained for either a married or single gentleman, but a married gentleman would be preferred. Within half mile of the Academy there is a popular Female High School for young ladies.

The applicant will be required to produce satisfactory testimonials from some Literary Institution of note, sustaining his pretensions to teach, beside the English in its various branches, the Latin, Greek and French Languages.

The residence and farm of the late preceptor may perhaps be leased for a term of years.

The session will commence on the 1st day of October. Communications, post paid, addressed to F. D. Piggott, Barhamsville, New Kent county, Virginia, will be promptly attended to.

P. S.—Selection will be made on the 1st of September.

THE WILLIAMSBURG FEMALE ACADEMY.

THE second scholastic year of this Institution will commence on the 1st of October, and end on the first day of July following. The terms of the half session, from the 1st of October to the 15th of February, will be as follows:

For board, fuel, lights, and tuition in all the English branches,	$75 00
" Tuition in the French or any other modern language,	7 50
" " Latin,	7 50
" " Music lessons on the Piano,	30 00
" " " " Guitar,	15 00
" Washing,	9 00

N. B.—All letters to be directed to the Principal,
HUBERT P. LEFEBVRE.

The value of a testimonial depends in a high degree upon the means and opportunities of judging enjoyed by those from whom it emanates. In recommending Mr. H. P. Lefebvre, and the system of instruction and discipline now in operation in the Williamsburg Female Academy, we are able to speak with full knowledge of the facts.

We consider Mr. Lefebvre as uniting in an eminent degree the qualities of a gentleman and a superior teacher. His system of instruction is thorough, and calculated to form in his pupils a correct taste and sound judgment. He avoids taxing their powers with too many subjects at the same time, an error which results, necessarily, in an imperfect acquaintance with all. No scholar is permitted to leave a study without having fully mastered it, and stood a rigid private examination upon it. The text books employed are of the highest order, and selected with the view of keeping pace with the progress of education in our country. Mr. Lefebvre's manner of imparting knowledge is also eminently adapted to inspire his pupils with a love of study, and to excite in them a laudable emulation.

The opportunities for acquiring the French language are unsurpassed by any other Institution of the kind in Virginia. The department of Music is confided to a gentleman of the highest qualifications, whose pupils during the past year have made the most gratifying progress.

The Academy is provided with a good Chemical and Philosophical apparatus, the instruments of which are of the latest improvements.

We recommend also the family of Mr. Lefebvre as one to which parents may confide their daughters, with the fairest confidence that no attention will be spared for their improvement and comfort in all respects.

A spacious building is now in process of erection, which, when completed, will in convenience leave nothing to be desired.

SOMETHING NEW.
TO THE PUBLIC AND FOR THE WORLD'S FAIR, AT LONDON.

IMPORTANT DISCOVERY.—J. H. WHITEHURST, the most successful Artist of the age, at great expense and after long study, and months' experimenting, has succeeded in bringing before the public a new style picture called an "Ivory Daguerreotype." Samples can be seen at his splendid Rooms, 77 Main street, which for elegance and durability surpass anything of the miniature kind in existence, and the public (and also strangers visiting the city) are requested to call and examine their merits. Warranted never to fade. Mr. W. will pay $500 to any person who, during the next 50 years, will return one faded in the least. This is a great desideratum. Come one and all, and try J. H. Whitehurst's "Ivory Daguerreotype."
The gentlemanly operator now having charge of his Establishment in Richmond, has taken, on his professional tour the past Winter at Washington, over 150 Ivory Daguerreotypes of the Senators and Congressmen. This is a sufficient guarantee that they deserve public notice.
N. B.—Arrangements have been made, so as strangers or citizens desiring it can have a picture completed in 20 minutes.

BUGUENOT SPRINGS.

THIS pleasant retreat will be again open to visitors on the 15th of June. The large season of last year has fully proved the efficiency introduced it to the notice of the public, and further description would be superfluous. Situated in a region long noted for its salubrity, and possessing all those natural advantages and artificial improvements which render a Watering Place the abode of health and pleasure, it is commended to public favor by no ordinary claims. The waters are of three kinds, CHALYBEATE, SULPHUR, and combination of SULPHUR and CHALYBEATE—and their healing efficacy has been fully tested in many cases of obstinate and protracted sickness. To the constitutions of children and invalids, whose systems have been debilitated by lingering indisposition, their properties appear especially adapted; and many, whose personal experience qualifies them to judge, are of opinion that these Springs are admirably suited to persons from the tide water sections of Virginia, whose health the stronger waters and harsher climate of the mountain regions often fail to benefit.

Competent and obliging managers, male and female, with suitable assistants and servants, have been secured; while the subscriber, who resides at the Springs, will continue to give the establishment his general supervision. Every attention will be paid to visitors, and no pains spared to sustain the high character these Springs have already won. The Bowling Alley the Ball Room, with its fine musical band, composed of master musicians, selected with special reference to the style of music required, and other sources of interest and pleasure, will contribute to the general amusement, as heretofore.

The Huguenot Springs are in Powhatan county, on the River road, about 17 miles above Richmond. They are accessible by a daily line of coaches from Richmond to the Springs direct, as also by a line of coaches connecting daily with the packet boat. The Richmond and Danville Railroad will also be sufficiently completed by July to accommodate travel, and a connection with that and the Springs will be established accordingly.

The boat leaves the upper end of the Basin in Richmond, at 8½ o'clock, A. M. every day in the week, except Sunday.

TERMS—$1 the session, $30 a month, $10 a week, $1 50 a day. Children and servants half price. Horses 50 cents a day.
