REPORTED FOR THE RICHMOND ENQUIRER.

Thirty-Sixth Congress—First Session.

WASHINGTON, Dec. 12.—SENATE.—Mr. Iverson made a personal explanation, that in his remarks the other day, on the resolutions of the Democratic party of the North, he had not intended to charge complicity with John Brown, but had stated that the position of Mr. Douglas regarding the rights of the Southern people was not sound, and that a large portion of the Democratic party of the North agree with Mr. Douglas.

Mr. Bigler defended the Northern Democrats from a charge towards Abolitionism. Mr. Johnson, of Tenn., made a speech against the Republicans and in defence of the Union, he denounced John Brown as a thief and murderer, and denounced Senator's Rochester speech very severely. The Senate then adjourned.

HOUSE.—Mr. Stewart, of Maryland, made a firm and temperate Southern speech. Messrs. Noell, Haskin and Hickman also made remarks in justification of a refusal to act with the Democracy in an organization of the House. A vote was then called for. Mr. Clark, of Missouri, would move another vote till the House voted on his resolution.—He wanted to smoke gentlemen out, and make them declare themselves by their votes. Without taking a vote, the House adjourned.

Pennsylvania to Virginia.

PHILADELPHIA, Dec. 12.—A splendid American flag, presented by the ladies of this city, to the Committee of Arrangements of the late Union Meeting, will to-morrow be sent to Gov. Wise as a present to Virginia.

Later from California.

NEW YORK, Dec. 12.—The steamship Atlantic has arrived, bringing later dates from California, and $1,860,000 in gold dust, the Scott returns in her. The steamship John L. Stephens brought down the mail from San Francisco, the steamship line having no boat ready.

San Juan Island is virtually in the occupancy of both nations. All of the American troops that have been there have been withdrawn, and the matter of sending an equal number of British troops was left to Gov. Douglass' discretion.

Kentucky U. S. Senator.

FRANKFORT, Dec. 12.—Vice President Breckinridge was today elected U. S. Senator, by 29 majority.

Northern Markets.

BALTIMORE, Dec. 12.—Flour is dull; sales of Howard street at $5 25a5 87. Wheat is heavy and unchanged; white $1 30a1 45. THE SOUTHERN WEEKLY.

THE FAMILY JOURNAL FOR 1860.

ON the first Saturday in January, 1860, will be commenced a new volume of this popular Southern Literary Family Paper. One year ago the JOURNAL was established, with the design of making a literary paper South of Mason and Dixon's line, which, while it should not contain anything sectional in its columns, might be a means of bringing the south from its dependence on the North for its literary food, to a knowledge of the merits of just as much in the South, that her popular literature is almost exclusively borrowed from Northern sources. This preference does not from any lack of intrinsic merit in the writers of the South, but from a prejudice in favor of the opinion that no good magazine or paper can be expected unless coming from a Northern publishing house.

To remove this unfounded stain upon the literary talent and enterprise of the south, was the great object for which the SOUTHERN WEEKLY was established. To accomplish this patriotic undertaking, we earnestly invite the co-operation of the South. We pledge ourselves to devote our entire time and energies to ensure the success of so good a cause. We feel confident that we will succeed in giving a paper whose sole claim upon Southern readers shall consist in a being published in their midst. Unless the Journal can every respect compare with similar papers published elsewhere, we do not expect the support which we now so

may not be inappropriate here to announce that we have succeeded in securing the valuable services of F. H. Wright, Esq., a native of Lynchburg, Va., late Professor in Marshall Female College, Mississippi, but now of this place. The exalted character of Mr. Norvell, and his acknowledge as a scholar, offer our best guarantee for the valuable and literary excellence of the Journal.

With the Journal we will commence a thrilling or romantic story of intense interest, entitled

O. E. A.—E. O.;

OR THE MYSTERIOUS HAND.

A STORY OF CITY LIFE.

BY JOHN B. WILLIAMS, M. D.

In course of this story is laid in New York, and in the present day. The plot is most exciting, and the scenes described of the most absorbing character. From the very first page of the reader's interest is most vividly excited and sustained and the thoughts of the author and. It will be found in the highest style of art.

ORIGINAL SHORT STORIES.

Besides Serial Stories of a high order, the FAMILY JOURNAL will contain Short Stories, written with great care, on Scenes of Travel and Adventure, Biographical Sketches, Articles on Chemistry, New Inventions in Science and Art; Facetiæ, Anecdotes, Comprehensive Anecdotes of Natural History, Chemistry, New Inventions in Science and Art; Facetiæ, Wit and Humor, Poetry, &c., &c.

THE LADIES' PORTFOLIO.

The FAMILY JOURNAL is a magnificent eight paged paper, containing forty columns of closely printed reading matter. Each number is handsomely illustrated, the editor having been especially engaged for this purpose. No entertainment whatever will be taken in the new volume, as devoting the entire space to reading matter.

FAMILY JOURNAL is published every Saturday, and is mailed to subscribers at $2 per annum; two copies sent for $3. Terms invariably in advance. Any postmaster sending us eight subscribers at $2 each, will be entitled to one copy free.

Subscribers are particularly requested to write in a plain hand the name of the place, county and state, to avoid mistakes. Remittances properly authenticated, are at our risk. Single subscribers can forward postage stamps. Club subscriptions and communications must be addressed to

THE HOME JOURNAL,

A PAPER FOR THE HOMES OF GOOD TASTE.

MORRIS & WILLIS, EDITORS

A New Year of this popular Family Newspaper will be commenced on the first day of January next—printed on the finest paper and clear type.

With the January number for 1860, will begin the publication of a new and beautiful Original Work of Fact and Fiction, written expressly for the Home Journal, entitled

JENTY PROUDFOOT,

A Romance of American History.

BY A DISTINGUISHED AUTHOR.

The romantic events on which this beautiful story is founded occurred in the troubled times of 1776, immediately before the close of the Revolutionary War, and the origination of American Independence—a time when strange events brought out strong character, and mighty as a correspondent. The most romantic imagination never invented fiction more exciting than the historical scenes of these times—strange to say, until now unapproached by the novelist. Many heroism and womanly devotion are wrought to the highest degree, through a chain of not less exciting than strange—not less strange than the charming story will be succeeded by

A BRILLIANT VENETIAN TALE,

BY OCTAVE FEUILLET,

celebrated author of "The Romance of a Poor young man," the success and circulation of which, both in the English and French, has been unprecedented, and given a place amongst the first of living novelists. The tale is of surpassing interest, replete with incidents, and very descriptive of Italian life, morals and manners. The translation from the French by Mrs. Marian M. Pullian, (excepting for the Home Journal, herself a talented and gifted author, eminently qualified for the task by education, by her residence in the country of the author, will actually guarantee the purity of the style in which it will be rendered, so that nothing of the force and merit of the original will be lost in its translation.

SPECIALTIES.

In the former peculiar features of the paper, which have made it a world-wide reputation, will be continued, while fresh new ones will give an infinite variety to its ever different pages.

George P. Morris, besides his usual editorial labors upon several departments of the paper, will make it the proof of a whole to brother first many.

Sketches, Songs, Ballads, etc.,

given by the history and events of the passing time.

Willis will give a continuous series of

PHOTOGRAPHS OF THE HOUR,

sketched in the journals of the prominent persons and leading characters in the FASHIONABLE, ARTISTIC and INTELLECTUAL worlds. He will also give more of his pictures of fashionable and rural family sympathies and interests, outdoor life, and a few more to the MEMORANDA FOR INVALIDS, which has experience, correspondence with invalids and personal observation on this subject enable him to make a Harry Gray to the supply a new series of amusing sketches, drawn from real life, under the title of

MY FRIENDS AND I.

which family well-known literary men and artists will contribute.

Therefore, no labor nor expense will be spared to maintain the high position of the Home Journal which is everywhere, both at home and abroad, acknowledged to be the most refined and elegant Repertory of Literature and the Arts on this side of the sea, and the FIRST AND CHEAPEST FAMILY NEWSPAPER IN THE WORLD.

As no more copies of the New Novel will be printed than are ordered, those who desire to begin with the commencement of the year will be able to do so by forwarding their subscriptions at once.

TERMS—For one copy, $2; for three copies, $5—or one copy for three years, $5—for a club of seven copies $10; a club of fifteen copies, $20, and that rate for a larger number—always in advance.

DYSPEPSIA.—Considering the various forms in which this disease developes itself, it may well be called "hydra-headed." In its train follow Indigestion, Pain in the Stomach, Heartburn, Water Brash, Costiveness, Piles, Acidity, Oppression after Eating, Jaundice, Flatulency, Torpor of the Liver, Dizziness, Debility, Female Complaints, &c. Some of the first men in our land have given their written certificates relative to the cures effected in their own persons by the OXYGENATED BITTERS; while testimonials from other sources, editorial opinions and voluntary expressions from persons who are averse to see their names in print, are perfectly unanswerable.

Read the following from a very highly respectable clergyman:

EAST TAUNTON, Mass., Feb. 9, 1858.

To the Editor of the Portland Mirror—SIR—OXYGENATED BITTERS—For more than twenty-five years I have been a sufferer from the Dyspepsia. Besides trying the patience of my family physicians in the almost useless trial to their various prescriptions, I have tried a great variety of patent medicines with a similar result. Through the kindness of my physician, I received last March, half a dozen bottles of the OXYGENATED BITTERS. I began to use them without any hope of derriving help from them. Being determined to give them a fair trial, I continued their use, but without any perceptible benefit till June.

Since then I have gradually improved in health till I am entirely free from acidity of the stomach, and from the consequent flatulency, and the awful and almost distracting sick headache, which often, for days together, has wholly unfitted me for study and for all other ministerial duties, and rendered life a burden. I feel that I owe it, as an expression of gratitude to Messrs. Fowle & Co., and also a duty to the public, to recommend their OXYGENATED BITTERS, as in my estimation, a most valuable remedy for the troubles, most prevalent, and most distressing of all diseases to which poor human flesh is heir, the dyspepsia. Having suffered so long, and tried so many different remedies with no good result, I can recommend the OXYGENATED BITTERS with a confidence few others can. I am, respectfully, yours, &c.

AMONG THE MANY REMEDIES before the public for the cure of Dyspepsia, Dyspepsia, Flatulence, Constipation, Liver Complaint, or any other disease arising from a disordered state of the Stomach, Dr. HOSTETTER'S CELEBRATED STOMACH BITTERS are far the most certain in its effects. You, who are suffering the most torturing pains, remember that a few bottles of this powerful, yet pleasant compound, will effect a great relief. Thousands of the most friendly testimonials have been created, and made known to the public by those who have experienced its power. A trial is all that is desired to bring as many more witnesses into the field as the public may desire.

THE subscriber would inform the public that he manufactures every variety of implements for tilling the soil, and especially those suited to the use of Virginia farmers. He would call particular attention to his STOCK and PLOWS, manufactured for the new Southern plow, so arranged that five different sizes and shapes of moldboards are worked on one plow, thus making one plow answer for a field two horse, and a heavy two or three-horse. The COLLIER BRACE PLOW, is the best pattern for which expired in 1856, and is now public property. Livingston Plows, with and without the Cuff Brace attached, all sizes; Wiley & Conklin's Plows, of all sizes; Minor & Sutton, and various other patterns, as well as Hillside and Swivel Plows, Harrows, Cultivators, Corn Shellers, Corn Planters, Drills, Fan Mills, Rakes, Hoes, Forks, Spades, Shovels, Hames, Collars, and Harness, and every variety of Garden and Field Seeds suited to our climate.

Having lived in Richmond for nearly twenty-five years, and been engaged in the manufacturing business nearly the whole of that time, and having conducted the plow making business for the last eight years, in connection with George Watt, I claim that my plows are well adapted to our country, the implements best suited to Virginia farming as any manufacturer living. And as I have better facilities for manufacturing than most plow makers, I offer great inducements in regard to price and quality of all articles made by me. To those who prefer the

CUFF BRACE PLOW,

I would say, that I have now on hand a lot of plows, made by George Watt & Co., of the Cuff Brace.

which I will sell at cost, as I prefer our Southern Plow, with the Cuff Brace attached, has superseded the use of them among my customers. [Dec 16] P. H. STARKE.

MR. LEFEBVRE'S SCHOOL,

GRACE STREET, BETWEEN 1ST AND FOUSHEE, RICHMOND, VA.

THE next session of our School begins on the 1st day of October, 1859, and terminates on the last day of June, 1860.

Our long experience in teaching, and the very liberal patronage we have received for so many years, have both enabled and encouraged us to make important improvements in our Institution.

A course of Literature, comprising English, French, German, Italian and Spanish classics (the four last through the medium of the French) has been successfully tried during the last session, and will be continued and enlarged in the next.

We have engaged Mr. Edward C. Howard to take charge of the English part of this course, as well as the Rhetoric, Belles-lettres and First Reading classes of our Institution. Mr. H. is a gentleman of the highest qualifications—and we feel confident that his services will be duly appreciated.—We would earnestly recommend our Literature class to graduating pupils.

The new house which we have erected will greatly add to the convenience as well as the comfort of the Young Ladies boarding in our family. Two Young Ladies only will occupy one room, except in cases when three would desire to occupy the same chamber.

A CARD.

TO MEMBERS OF THE LEGISLATURE.

I WOULD respectfully suggest to members before leaving their homes, one thing, which is this—Should they have small, imperfect and fading likenesses of relatives or friends, who are deceased, they should bring or send to this city, and have them copied by Mr. Minnis, who is prepared to copy every style of likeness, and enlarge them to any desired size, and have them colored in oil or water colors; thus enabling persons to secure beautifully executed life-like portraits in oil or other styles, from the most faded and indistinct pictures they have of their "loved ones lost." Should they also desire to secure of themselves, family or friends, a fine and unfading likeness, either in AMBROTYPE, PHOTOGRAPH, plain, in India Ink, Oil, Water Colors, or Crayon, they should come prepared to have the same executed by G. W. MINNIS, at his beautifully arranged PHOTOGRAPH AND FINE ART GALLERY, 217 MAIN STREET, RICHMOND.

Mr. Minnis has in his employ the very best of artists in all the various branches of his much diversified art, and produces work equal, if not superior, to that of any similar establishment, either North or South. In all cases guarantees satisfaction to the patrons, otherwise they are not expected to take the pictures. "A thing of beauty is a joy forever," and such are the various styles of portraiture executed at his gallery.
