THE DAILY DISPATCH.

VIRGINIA LEGISLATURE.

TUESDAY, Nov 23, 1852.

Senate.

There were no bills passed in the Senate today. The attendance of members is yet too limited (about thirty in their seats to-day) to take up bills on their passage.

Mr. Ambler introduced a resolution instructing the committee on Roads, &c., to enquire into the expediency of authorizing the James River and Kanawha Company to pledge the tolls on the Rivanna River for the redemption of any loan which may be negotiated by the Rivanna Navigation Company; and Mr. Baldwin presented a memorial from the James River and Kanawha Company asking for a loan to provide for the payment of interest, &c., and Mr. Tabb a memorial from the same company, for aid to complete the tidewater connection.

Mr Carrington introduced a resolution of inquiry in favor of the establishment of a Branch Bank, by the Virginia or Farmers' Bank, at Clarksville, in Mecklenburg county.

House of Delegates.

Communications were presented by the Speaker, one from the Clerk of the House enclosing an abstract of the cases in the Circuit Courts of the Commonwealth for the year ending 31st August last; and one from the Governor, enclosing a communication from the Secretary of the Interior, at Washington, informing the Government of Virginia of the passage of an act of Congress appropriating land for the payment of bounties due citizens of Virginia for military services, which communications were laid on the table and ordered to be printed, and a special committee ordered and appointed on the subject of the latter.

A bill from the Senate providing for the construction of the Huttonsville and Huntersville Road, was passed.

Mr. Wheeler, by consent of the House, introduced a bill for holding a special term of the Circuit Court of Norfolk county in January next, which bill was read the first and second times.

A number of resolutions of inquiry were severally presented and adopted. We notice such as are of a general character. A resolution

By Mr. Wiley—For amending the law in relation to the punishment of slaves, so as to require a grade intermediate of whipping with stripes and death.

By Mr. Wheeler—To amend the 186th chapter of the Code, so as to require the docketing of judgments to constitute them a lien on real estate in the courts where rendered.

By Mr. Rutherfoord—For amending the 187th chapter of the Code, so as to subject real, like personal estate, to be held in satisfaction of judgments; or in cases where the suit of *elegit* may prove ineffectual.

By Mr. Lewis—For reducing the *per diem* compensation of Justices of the Peace, and making them adequate compensation for services performed, in such other manner as may be deemed expedient; and for special inquiry into the constitutional power and expediency of allowing Justices compensation for issuing warrants, subpœnas and executions, to be paid by the person for whom the service is performed.

By Mr. Speed—Into the expediency of loaning to the Virginia and Tennessee Railroad Company the sum of $1,000,000 to be secured by a mortgage on the property and revenues of the company.

By Mr. Crane—For the release of the Commonwealth's right to certain real estate in the city of Richmond, devised by Thomas W. West, a naturalized citizen of the United States, to his brother Nicholas West, a subject of the Queen of Great Britain and Ireland, who has conveyed his right to Robert West

By Mr. Vawter—For authorising the Circuit Courts, at any time, for good cause shown, to hold a special term for the trial of criminal causes.

By Mr. Stevens—Whether the cost of collecting the public revenue cannot be diminished, by changing the mode thereof.

By Mr. Patrick—Instructing the Auditor of Public Accounts to furnish this House with a statement of the number of cattle, sheep and hogs, returned by the Commissioners of the Revenue during the present year for each county and corporation of the Commonwealth, and the tax thereon—the said statement to be made according to the grand divisions of the State, as laid off by the Constitution of 1830-'31.

By Mr. Barbour—That the Committee of Privileges and Elections inquire into the facts concerning the cause of the absence of the delegate of Hardy from his seat, and to report to the House what measures are proper to be taken in order to secure a proper representation for that county.

The following were among the petitions presented:

By Mr. Stevens—Of citizens of Rockingham county, for the extension of the Manassas Gap Railroad to Harrisonburg.

By Mr. Davison—Of citizens of Warren, Page and Shenandoah counties, for a charter to construct a road from the Valley Turnpike by Burner's Springs to the Front Royal Turnpike.

By Mr. Wheeler—Of the James River and Kanawha Company, asking an additional appropriation for completing the Tide-Water connection.

And a memorial, by Mr. Anderson, from the James River & Kanawha Company, asking aid towards the payment of interest on loans to the Company, &c.

The Clerk was proceeding with the reading of bills, when, on motion, the House adjourned.

PROCEEDINGS OF MONDAY.

Our report of the proceedings of the House of Delegates, of Monday, was imperfect in this: We omitted to state that the resolutions of inquiry, &c., were all adopted, except the one offered by Mr. Segar, instructing the Committee on Banks to inquire into the expediency of allowing the Banks of the Commonwealth to issue notes below the denomination of $5. This resolution was ruled by the Speaker as out of order, in consequence of a similar one having been offered and rejected at a previous stage of the session. Mr. Segar then moved a suspension of the Rules, in order to procure action on the resolution. This motion was also declared out of order, on the ground that Mr. S. had voted with the minority when a similar resolution was rejected. And this ended all action on the subject, which cannot be revived, unless a member who heretofore voted with the majority (against the introduction of such a resolution) shall move in favor of the proposition.

MORTIMORE'S RHEUMATIC COMPOUND AND BLOOD PURIFIER.—This great discovery is bringing health and happiness to thousands. Rheumatism can be cured. More than one thousand cases of chronic rheumatism (of the worst form of this dreadful disease) have been cured permanently, during the past year by the use of a few bottles of this compound. Letters and certificates are daily being received from parties of high standing, many of whom have been cripples for years, from the effects of this hitherto incurable disease, but who now affirm that they are sound and well, made so by this great remedy, which is a vegetable spirit—an internal remedy—prepared for this one disease alone, and this it will cure in every case, either inflammatory, (acute,) or chronic form. Testimony of the most undoubted character will be cheerfully submitted to the inspection of all who may feel sufficiently interested to call on the proprietors, at their Central Office, No. 1, Barclay st., Astor House, New York. One bottle $5, three bottles $10

From the German New Yorker Allgemeine Zeitung, Sept. 9, 1852.—Rheumatism Cured.—Mortimore's Rheumatic Compound and Blood Purifier.—This great remedy seems to prove a specific for this dreadful disease, in all its forms, and is bringing relief to vast numbers who have long suffered. We have had personal knowledge of the virtue and efficacy of this medicine for some time, and with pleasure refer to a most obstinate case of chronic rheumatism, of long standing, which it cured. This case was the wife of a wealthy merchant, who was for many years a cripple. No expense was spared in visiting the most celebrated springs, and procuring the treatment of eminent physicians. This was continued for years, but she only grew worse, and seemed a victim to its withering grasp. All other remedies and efforts failed. We were instrumental in inducing her to try this remedy, and, to our surprise and her great relief, it cured her completely. Some weeks ago we called and purchased a bottle, at the depot, No. 1 Barclay street, and sent to a gentleman friend of ours, in this city, who seemed a martyr to this disease. This one bottle cured him.—There are numbers of other cases which have come under our notice, cured by this remedy. We are glad to see the success attending the introduction of this medicine. Its timely use will save thousands from pain and suffering, and restore them to sound and perfect health. We believe this is the only remedy known, which is put forth for this one disease alone, and we are satisfied it will do what is claimed for it—cure rheumatism in all its forms. no 1—dif

FINE ARTS, LIBERAL SCIENCE.—Although the City Fathers have, in their wisdom and regard for the "dear people," seen fit to deny them an opportunity of hearing the "Sacred Musical Association" at the ATHENÆUM, and turned that part of the city property into a place for the intellectual improvement and amusement of the *upper ten*, HOBSON'S best energies are still exerted to beautify, adorn and improve all who desire his services. The rich and poor, the staid citizen, the way-worn traveller, and the "man-about-town," may each and all obtain a refreshing Bath, either Hot, Cold or Shower, have the Hair Cut in the most scientific manner, and be shaved gently and sweetly. But Hobson a philanthropy stops not here. The sick and suffering too, are informed that he is an old and experienced LEECHER AND CUPPEE, and always ready when called on to war with pain and disease. Then, "dear people," come to the DRESSING AND BATHING ESTABLISHMENT UNDER THE AMERICAN HOTEL, where the renowned R C HOBSON presides, assisted by the most attentive and accomplished *Artistes*.

A WRITER IN THE RICHMOND REPUBLICAN SAYS, OF MRS. DAWS COUGH ELIXIR.—The season for bad colds and coughs being about to set in, we again invite attention to Mrs Daws' Cough Drops, as one of the best remedies for either of the above complaints that we have ever had the pleasure of trying. This valuable medicine is prepared by one of our townladies, is purely vegetable in its composition, and is, without doubt, all that Mrs D. says of it, a most excellent remedy for hacking coughs and bad colds. We have had frequent occasion to use these drops, and have also recommended them to the use of our friends, both in this city and elsewhere, and we have yet to hear their efficacy spoken of in any other than the highest terms.
