[REPORTED FOR THE RICHMOND DISPATCH.]

LATER FROM EUROPE.

ARRIVAL OF THE ARABIA.

HALIFAX, April 7.—Accounts from Liverpool, by the steamer Arabia, arrived this evening at Cranstown, on the 25th, have been received.

The King of Naples has formally accepted the annexation of Tuscany, and signed a decree to that effect.

The French army was daily quitting Lombardy, and would occupy Savoy. The Paris *Constitutional* says this movement is not made from coolness to Sardinia, but because liberty is finally is now irrevocable.

Sardinian troops had commenced the evacuation of Savoy.

A French dispatch, explaining the necessity for the annexation of Savoy, has been published, but contains nothing new. France disavows the theory of natural frontiers.

English Parliamentary proceedings had been unimportant. Further progress had been made with the budget. The income tax had been agreed to and the reform bill debated.

The Paris Bourse had advanced, and rentes are quoted at 66fr. 80c.

The Times admits that the annexation of Savoy must be quietly allowed, but denounces it as an act of spoliation and wrong, and as bad in principle as a march upon the Rhine or descent upon Antwerp.

Paris correspondents say all the Powers have replied to France in relation to Savoy.—Russia, Prussia and Austria all acquiesce.

The ex-Duke of Tuscany is preparing a protest against his expulsion.

The agitation in Hungary continues, and numerous arrests are being made.

Advices from India represent the cotton crop as favorable.

The merchants of Manchester protest against the increase of tax in India on cotton.

Prices generally unchanged.—Holders offered freely, but showed no disposition to press sales. Market steady. Orleans fair and middling 6¾; Uplands fair 7, middling 6¾.—Stock in port 840,000, including 763,000 American. *Breadstuffs* closed with and advancing tendency, but Corn is dull.

The Overland Mail.

SPRINGFIELD, MO., April 7.—The overland mail, with San Francisco dates to March 19th, arrived last night.

SAN FRANCISCO, March 19.—Noon.—Markets without any new features or change of interest.

The Sonora, to-morrow, will take 400 passengers and $1,500,000 in treasure.

The Japanese steam corvette Candenamarrah arrived here on Saturday, the 17th, in forty days from Jeddo. She comes to announce that the Japanese Embassy to the United States would leave by the steamer Powhatan on the 18th of February via the Sandwich Islands and San Francisco. She is the first armed vessel belonging to Japan that has ever been permitted to leave the shores of that nation.

She brings the officers and a portion of the crew of the U. S. schooner Fennimore Cooper, recently wrecked. Lieut. J. N. Brooks, U. S. N., at the request of the Emperor, volunteered to assist the Japanese officers in navigating the Candenamarrah across the ocean. The Chief Admiral of the Japanese Navy comes in this vessel. She returns to report the arrival of the Powhatan with the Ambassadors as soon as that vessel arrives.

Tilborn W. Boggs, formerly Governor of Missouri, is dead.

The news from the Washoe mines is of the same character as by previous mails, and the popular confidence in the mails was gaining ground.

There is nothing specially interesting in the news from British Columbia, Oregon, Washington Territory, or the Sandwich Islands.

The Japanese corvette is 250 tons burden, and her crew number 57. She carries 10 guns.

The people of San Francisco were delighted at her arrival, and were exerting every effort to entertain their visitors, hoping to stimulate the lucrative trade already commenced.

The export of wheat still continues, and 10,000 sacks are now afloat, destined for Callao, and 12,000 sacks have been purchased for Australia.

A brisk emigration had commenced from all parts of the State for the Washoe mines.

The correspondence of all the leading California papers coincide in stating the productiveness of these mines. They state that the region of country bordering on the Eastern side of the Sierra Nevada mountains is one vast expanse of mineral wealth, including gold and silver, although a large number of our people continue to doubt the reliability of these accounts, which are probably exaggerated. Public opinion, however, seem to favor them.

Oregon dates are to March 12. Propositions for a joint convention of Oregon and Washington Territories were made to urge Congress to pass the Pacific Railroad Bill, and the locality to be from St. Paul's to the Columbia river.

Gen. Palmer was at Dallas preparing to open a wagon road to the mines at Rekamilsor, and $300,000 had been subscribed to reach the auriferous region.

The Oregon Assessors' report gives a white population of 70,000, and taxable property to the amount of $3,000,000.

Congressional.

WASHINGTON, April 7.—*Senate*.—The day being set aside for District business, the Mayors of Washington and Georgetown were present on the floor, and a considerable number of prominent citizens were in the galleries.

Mr. Pearce presented a long printed memorial from the Metropolitan Railroad Company, detailing the history of said Company, and advocating its claims for a charter for the Pennsylvania Avenue passenger railway.

Mr. Hamlin offered a resolution instructing the Committee on Public Buildings and Grounds to inquire and report by what authority a portion of K street North had been devoted to market purposes. Adopted.

Mr. Trumbull presented a petition from citizens of Illinois, praying the establishment of a line through the Territories, in effect similar to the old Missouri Compromise line. Referred to the Committee on Judiciary.

The Pennsylvania Avenue Railway bill being taken up,

Mr. Fessenden moved to amend by making the company a common joint stock company, with a capital of $300,000, and shares at $50 each, open to the subscription of citizens at large, and advocated his amendment at considerable length.

Mr. Brown replied to Mr. Fessenden, urging the superior policy of incorporating a known, enterprising and responsible company, to take the matter in hand, to that of leaving it to the public at large, and thus verifying the maxim that "what is everybody's business is nobody's business."

Mr. Mason followed in a similar vein.

The amendment was rejected.

The bill was variously amended and discussed for several hours by Messrs. Fessenden, of Me.; Brown, of Miss.; Lane, of Oregon; Iverson, of Ga.; Polk, of Mo.; and Kennedy, of Md.

Without coming to any conclusion upon the bill, the Senate went into Executive session, and after some time spent therein, adjourned.

House of Representatives.—Mr. Ely offered a resolution that all extra copies of documents printed previous to the Thirty-Fifth Congress, now in possession of officers of this House, be distributed among the members of this House, or their respective constituencies. Referred to the Committee on the Library.

On motion of Mr. Tappan, the House resolved itself into Committee of the Whole on the Private Calendar, (Mr. Branch, of N. C., in the chair.)

The House passed the entire day in the consideration of private bills and passed fourteen of them.

And at 4 o'clock the House adjourned.

Suits Growing Out of the Arrest of F. B. Sanborn.

BOSTON, April 6.—Silas Carlton, Deputy Sergeant-at-Arms of the United States Senate, Watson Freeman, Jr., Deputy United States Marshal, and Messrs. Coolidge and Tarlton, appeared before Justice Ball to-day, at Concord, charged with assault and attempt to kidnap Frank B. Sanborn. They waived an examination, and gave bail in $2,000 each to appear for trial at the next term of the Superior Court.

The K. G. C.'s

NEW ORLEANS, April 7.—The Knights of the Golden Circle met yesterday and expelled Gen. Bickley from the order, and appointed Col. Greenhow commander-in-chief of the organization.

Freights to Havana are nominal. Exchange on New York ¼@¾ premium. Sterling exchange 8@8½d. premium.

Baltimore Cattle Market.

BALTIMORE, April 6.—Beef cattle were in rather better supply yesterday than on last market day, but the demand for them was not particularly brisk, and prices were a shade lower. The offerings at the scales reached 525 head, 125 of which were driven to Philadelphia, 50 were left over unsold, and the remaining 350 head were taken by Baltimore butchers at prices ranging from $3 75@5 25, averaging $4.62½ per 100 lbs. gross; this figure being 12½ cents under last week's average. Hogs are unchanged, and we still quote them at $7 50@8.25 per 100 lbs. net for fair to good lots. Sheep are still selling at $5@6 per 100 lbs. gross.

Morbid Diseases of the Stomach yield more readily to the magical touch of BAKER'S CELEBRATED PREMIUM BITTERS than to any other remedy yet discovered by the scientific world. Their composition is no mere chance discovery, but the result of years of study; and as they are prepared of purely medicinal vegetation, they are invaluable to every family—but especially so to every delicate female and child.—Thousands of certificates have been published of their great efficacy in cases of Dyspepsia, etc., which are really astonishing.
