EDUCATIONAL.

SOUTHERN WAVERLY INSTITUTE, GRACE STREET, BETWEEN 7TH AND 8TH, RICHMOND, VA.

MRS. PETER P. MAYO, PRINCIPAL.

Mrs MAYO will open a BOARDING and DAY SCHOOL, for young LADIES, on the 1st OF OCTOBER NEXT, which will afford every facility for acquiring a complete and thorough education. The system of education which she intends to pursue will be the same as that which has proved most successful, as well as useful, in similar institutions in Europe. In order to effect this, she will be aided by none but truly competent Professors and Teachers.

French will be the habitual language of the school, and those studying German will be required to converse frequently in that tongue.

Mrs Mayo has secured the services of Mons. GUSTAVE A. PEPLE, of Belgium, late Professor in Acadia and Dalhousie Colleges, Nova Scotia, who will give instruction in the Natural Sciences and Modern Languages. Mons. Peple will reside in the institution thus affording resident pupils the best advantage for acquiring an experimental as well as scientific knowledge of French and German. The former is the native language of Mons. Peple; of the latter, he is perfect master, having received his classical education among the Moravian brethren in Germany.

The Musical department will be entirely under the control of Prof. C. T. DEGENIEL, a gentleman of well known ability and of high standing in his profession, and for many years occupying a similar position at the Patapsco Institute. Mr. Prof. DeCeniel will also reside in the institution, as it is deemed that his presence will be of the greatest advantage to his pupils. There will be Musical Soirees held for the improvement and entertainment of the young Ladies, to which the friends of the Principal and those of the young Ladies if resident, will be frequently invited.

Drawing and Painting will be taught by an experienced Artist; also the ornamental Branches.

Special attention will be paid to Belles Lettres, Rhetoric and Reading.

Pupils belonging to a denomination differing from that of the Principal, will be permitted to attend whatever Church may be selected by the parents or guardians.

The Academic year of nine months will consist of two sessions, commencing the 1st of October and terminating the last of June following. Payment to be made at the beginning of each session.

MRS. BROOKE'S BOARDING AND DAY SCHOOL.—The second session of this School will commence the FIRST DAY OF OCTOBER, 1860, and end the 1st of July, 1861.

All the usual branches of FEMALE EDUCATION are taught, the Modern Languages by native masters, and Latin, Music, Drawing and Painting, by competent Professors in each department. The French Language will be taught by a native of Paris. The growing necessity for this language in our country, makes it essential that it should be taught *orally*, for which reason it will be the language of the school room, and as soon as a proper selection can be made, a French lady will be procured to reside in the family.

A class will be formed in English Literature, and the course of study will be thorough.

A corps of experienced teachers (nine in number) have been engaged, and others will be added should the exigences of the school require them.

REAL ESTATE FOR SALE

HOT SPRINGS, BATH COUNTY, VIRGINIA, FOR SALE.

This well known WATERING PLACE is now offered for sale.

It is situated twenty miles from the Millboro' Depot of the Virginia Central Railroad, and except that short distance, has an unbroken railroad connection with the principal cities of the United States.

As a remedial agent in a large number of the most serious maladies, for the relief of which persons from all portions of the United States resort, during the summer months, to the mountains of Virginia, the waters of the Hot Springs have attained a reputation superior to that of any other mineral water in the State.

The BUILDINGS for boarders are sufficient to accommodate more than 200 persons.

There are now upon the premises TEN BATHS, constantly supplied with fresh water, from different springs, of various temperatures from 78 deg. to 106 deg. "Fahrenheit."

As the supply of MINERAL WATER is most abundant, the bathing accommodations might be increased to any extent that could be desirable.

A more healthy and delightful summer climate can nowhere be found.

A valuable FARM of more than 1,000 acres is attached to the Springs, and will be sold with them.

For terms, address S. GOODE, Hot Springs, Va., or Thos. F. GOODE, Boydton, Mecklenburg county, Va. S
