[Special Dispatch to the Richmond Dispatch.]

No "Concessions" to be Made by the Republicans—The Special Committee a Farce—A Treasury Draft Dishonored, &c.

WASHINGTON, Dec. 6.—The best authority reports that the Republican Senators held a caucus last night, and resolved to make no concession.

Southern members pronounce the House special committee a farce. There is not a representative man on it.

The National Intelligencer of to-morrow comes out for a Convention of all the Southern States.

A draft of the Clerk of the House on the Treasury for $10,000, to pay its subordinates, has been dishonored.

Sixty thousand dollars due the 1st of next January for pensions have been ordered not to be paid, unless the Treasury notes will be issued promptly.

None of the clerks in the Departments will receive a dollar for their present month's services. Z.

Congressional.

WASHINGTON, Dec. 6.—*Senate.*—Mr. Hale moved the adjournment to-day be until Monday.

Mr. Powell's resolution to refer the secession portion of the President's Message to a special committee of thirteen was carried—The committee will be appointed Monday. The same committee is to inquire into the expediency of further legislation to protect the Federal property, and also of the expediency of amending the Constitution, to insure protection for property in States and Territories.

Mr. Latham introduced an inquiry to carry the whole California daily letter mail by Pony Express.

Adjourned at 12¾ o'clock.

House.—Mr. Morris, of Ill., gave notice that on Monday he should call up the resolution offered a few days since, looking to the perpetuity of the Union, and would ask a suspension of the rules for that purpose.

Mr. Vallandigham, from the special committee appointed last session, on the Senate bill abolishing the franking privilege, made a report proposing several amendments to it.—Ordered to be printed.

On motion of Mr. Phelps, of Mo., it was ordered that when the House adjourn to-day, it be until Monday.

Mr. Cobb, of Ala., from the Committee on Public Lands, reported a bill, in the shape of a substitute, to construe the word "minimum" in designating the price of public lands.

Mr. Stevens, of Pa., moved the bill be tabled.

The Speaker appointed the following to constitute the committee of one from each State on the secession portion of the Message—Corwin, of Ohio; Millson, of Va.; Adams, of Mass; Winslow, of N. C.; Humphrey, of N. Y.; Boyce, of S. C.; Campbell, of Pa.; Love, of Ga.; Terry, of Ct.; Davis, of Md.; Robinson, of R. I.; Whitley, of Del.; Tappan, of N. H.; Stratton, of N. J.; Bristow, of Ky.; Morrill, of Vt.; Nelson, of Tenn.; Dunn, of Ind.; Taylor, of La.; Davis, of Miss.; Kellogg, of Ill.; Houston, of Ala.; Morse, of Me.; Phelps, of Mo.; Rust, of Ark.; Howard, of Mich.; Hawkins, of Fla.; Hamilton, of Tex.; Washburne, of Wis.; Curtis, of Iowa; Burch, of Cal.; Windom, of Min., and Stout, of Oregon.

Mr. Hawkins, of Fla., asked to be excused from serving on the committee. He had been informed that if he refused without being formally excused, he would be reprimanded by the House, but his main reason for making the request was that he did not believe in the appointment of committees for Union-saving purposes now, as he had believed heretofore. The time for compromise had passed.

John Cochrane, of New York, strongly appealed to Hawkins to withdraw his request.—his appeal was eloquent and patriotic, and drew applause from the galleries.

Mr. Garnett, of Va., promptly rebuked this outside manifestation of applause, whereupon the galleries hissed. Mr. G. said those hissing were disgraceful blackguards, and he hoped the Chair would maintain order.

Quiet was restored.

Mr. Cochrane also condemned hissing or applause, and said if the American Congress is to fall let it fall with its robes of order decently wrapped around it.

Mr. Hawkins said his actions were the result of twenty years' reflection.

Mr. Crawford, of Georgia, wanted to see if the House would force Hawkins to serve. He hoped other Southern members would also ask to be excused.

Without taking a vote on Hawkins' request, the House adjourned until Monday, the Southerners voting against adjournment.

No doubt a large portion of the Southern members will ask to be excused from serving on the committee.

From Washington.

WASHINGTON, Dec. 6.—The President to-day replied to the resolution of last session relative to the slave trade. It appears that the African squadron has been maintained in the last twelve years at an annual excess over ordinary naval expenses of $380,000, and the excess of the present year, in consequence of the employment of steamers, will be $800,000.—Notwithstanding this expenditure, the British Government has frequently complained of the inefficiency of our efforts, until at last the President has officially informed England that we don't want any more suggestions on the subject; as we believe ourselves abundantly able to regulate our own affairs.

To day, the Speaker's warrants for the pay of members of the House were refused at the Treasury for want of funds. They will be formally protested to-morrow.

About $200,000 only has been paid to members since the session commenced.

There is a strong resolution on the part of the South not to yield to any proposed compromise, and the antagonism to the North daily increases. It is improbable that any public business will be transacted until the secession question is settled.

Further by the Canadian.

PORTLAND, Dec. 5.—The following are the chief items of interest embraced in the advices per steamer Canadian:

The reportat Lordon of the Emperor Napoleon having arrived privately, proved a hoax. The railroad station was besieged by an anxious crowd to view the distinguished sovereign, but he did not appear.

The London Times hopes for an early reduction of the Bank rates of discount.

FRANCE.

Count Morney is going to Rome on a special mission, with an autograph letter from the Emperor.

It is stated that Count Walewski will succeed Count Persigny in the London Embassy.

ITALY.

There is no new movements of interest. The clergy in the Neapolitan provinces were engaged in paying their homage to Victor Emmanuel.

The Archbishop of Naples was about to return to his See.

The rumors of a new Sardinian loan were contradicted.

The Dowager Queen of Naples, with the young Princess, had arrived at Rome.

The French were about to occupy Terracina.

The siege of Gaeta continued. The Piedmontese bombarded the suburbs on the 12th.

The further resistance of the Bourbon troops had been paralyzed by the insurbordination of their chief. Confusion was prevailing. It was believed that the complete evacuation of Gaeta had been resolved on.

LASEST VIA LONDONDERRY.

A dispatch from Naples says that the ex-King had burst a blood vessel.

It was stated that negotiations for the cession of Venetia had been commenced.

The Empress Eugenia returns to France on the 10th of December.

The Brazilian corvette Donna Isabel was wrecked on the coast of Barbary, and 100 seamen and 23 officers lost.

Important from New Orleans.

NEW ORLEANS, Dec. 4.—There is no improvement in affairs here; but, on the contrary, matters are worse—business, in a word, is almost at a dead-lock, while quite a number of suspensions have taken place from the inability of the parties to obtain relief, and the heavy fall in produce, particularly in cotton.

It is the impression of many here that the light receipts of cotton is because of the planters holding it back rather than accept of the low rates now current.

Operations in Exchange of all descriptions are small, and quotations very unsettled.—Money still goes hard, and at all sorts of rates.

The distrust of the future that exists is almost without a parallel, and it is feared the worst is yet to come.

A Convention of the Citizens of Texas.

NEW ORLEANS, Dec. 4.—The citizens of Texas have been urged, in a circular letter, signed by a number of public gentlemen, to elect delegates to a State Convention on the 8th of January.

It is said that the Convention will assemble at the capital of the State on the fourth Monday of the same month.

The movement appears to meet with popular sanction.

Northern Canal Navigation.

ALBANY, Dec. 5.—The weather has moderated, and there is but little ice in the Canal basins.

ST. CATHARINES, C. W., Dec. 4.—The Welland Canal is almost impassable, from the snow which fell yesterday, and the ice which made last night. Navigation will probably be stopped to-night.

Horace Greeley Sued for Libel.

OSWEGO, N. Y., Dec. 5.—Hon. D. C. Littlejohn has commenced a prosecution against Horace Greeley, of the New York Tribune, for alleged libels uttered pending the late election.

Official Vote of Missouri.

ST. LOUIS, Dec. 5.—The official vote of Missouri has been announced. It stands as follows: For Douglas, 58,801; Bell, 58,372; Breckinridge, 31,317; Lincoln, 17,028.

Newfoundland Legislature.

ST. JOHNS, N. F., Dec. 4.—The Legislature met to-day. The Governor's speech stated that the House was called to consider the destitution prevailing in the country in consequence of the short seal and cod fishery. It condemned the system of giving relief indiscriminately, without any equivalent, and alluded to the irregularities of the Galway steamers, to the decrease of revenue, and the injurious tendency of indirectly taxing many to benefit a few. It recommended to the Ministers to use greater economy; it regretted that, the Commissioners not having completed their labors, the terms of an adjustment with the French, relative to the fishing privileges, could not be published, although they were mainly agreed on.

The Virginia Electoral Vote.

NORFOLK, Dec. 6.—Mr. W. Lamb, the Elector on the Breckinridge Democratic ticket, did not resign his seat in the Electoral College, as reported. The resignation of the Breckinridge Electors is "generally condemned among Democrats."

New York Finances.

NEW YORK, Dec. 6.—Money outside the Bank is dearer. There is a continued shipment of specie to the South. About $1,000,000 had been shipped Saturday.

Northern Markets.

BALTIMORE, Dec. 6.—Flour dull—Howard Street and Ohio $5. Wheat dull and generally unchanged. Corn dull and heavy; new white and yellow 48@50. Provisions dull and quotations nominal. Coffee declined ¼@¾—Rio 13¾. Whiskey dull at 18½.

NEW YORK, Dec. 6.—There was a general decline in the stock market to-day of 4 per cent. Cotton—Uplands Middling 9¾@10c. Flour 10cts. lower—Southern $4 65@5 15. Wheat 3@4 cents lower. HOW HE CAME TO TRY WONDERFUL AND ASTOUNDING!

HAMPTON'S TINCTURE.

MESSRS. MORTIMER & MOWBRAY:

Having seen a certificate of a great cure of Scrofula, by Hampton's Vegetable Tincture, on a servant boy in the family of the Hon. Wm. Thomasson, of Kentucky, with certificates of the Hon. H. Clay and others, testifying to persons cured by it, I was also induced to try the Tincture on a servant girl of mine. Her disease was *scrofula* in its worst form; she was *blind in both eyes*, and her case was so bad that I never expected to see her restored. I procured the Tincture, and I am happy to say, before she had used one bottle she began to see, and by the time she had taken the second bottle her eyesight was quite restored, and she cured of this loathsome disease, and now, though two years have elapsed, she has had no return of the disease, and I consider her entirely cured by this Tincture. I give this certificate that others may be induced, as I was, to try this most valuable remedy, as I believe, from what I have seen, it would cure most diseases of this kind.

Baker's Premium Bitters.

HENRICO COUNTY, Oct. 1, 1860.

E. BAKER, Esq.:

Dear Sir—My wife has been suffering with Dyspepsia and Nervous Affection for several years, during which time she was as ill as possible to be alive; all hopes of life, by her physician, as well as by her relatives and friends, were blasted. Finally, she commenced, in small quantities, the use of BAKER'S PREMIUM BITTERS, which, in the course of eight weeks, (by daily using them,) restored her to perfect health. I am equally gratified to state that my child about eight years old, was long suffering with the Diarrhœa, attended daily by an able physician, without giving any relief; but the use of one bottle of these INESTIMABLE BITTERS restored him entirely to health and vigor. It is my firm opinion, substantiated by that of my family physician's, that BAKER'S PREMIUM BITTERS is the best medicine now before the public for the above-mentioned diseases.

Yours, most truly, P. W. J. QUARLES.

THE SINGER SEWING MACHINES.—The marked and ever extended popularity of SINGER'S SEWING MACHINES, both in America and Europe, is such as best to establish their superiority over all others in the market. Sewing Machines, so called, may be bought, it is true, for a smaller amount of dollars, but it is mistaken economy to invest anything in a worthless or unreliable article, and those who will do so must abide the consequences.

SINGER'S NEW FAMILY MACHINES

In order to place the *very best Family Machines in the world* within reach of all, we have reduced our Letter A, or transverse Shuttle Machines, beautifully ornamented, to FIFTY DOLLARS.

SINGER'S No. 1 AND 2 STANDARD SHUTTLE MACHINES,

Both of very general application and capacity, and popular both in the family and the manufactory. Prices reduced respectively from $135 and $150 to $100 and $120.

SINGER'S No. 3 STANDARD SHUTTLE MACHINE,

For carriage-makers and heavy leather work. Price, complete, $125.

Also, to complete the list, an entirely new article, unequaled for manufacturing purposes, noiseless, rapid, and capable of any kind of work. Price, including iron stand and drawers, $110, cheaper at that, in view of its value, than the machines of any other maker as a gift.

All of Singer's Machines make the interlocked stich with two threads, which is the best stitch known. Every person desiring to procure full and reliable information about Sewing Machines, their sizes, prices, working capacities, and the best method of purchasing, can obtain it by sending for a copy of "I. M. Singer & Co.'s Gazette," which is a beautiful pictorial paper, entirely devoted to the subject. It will be supplied gratis.

NEEDLES, THREAD, COTTONS, SILK, and all necessary articles used with Sewing Machines, kept constantly on hand for sale. Also, a practical machinist, who is ever ready to attend on our customers, free of charge.

Messrs. SINGER & CO.'S office being conducted on the most thorough business principles, by an entirely new set of hands, we feel confident of doing our share of the business, as we have always done heretofore.
