MYSTERIOUS

ATRICLES WITH HIGH-SOUNDING, CRACK-JAW NAMES ARE NOT A SUCCESS.

A REFRESHING CHANGE

TO PLAIN ENGLISH.

Every reader of newspapers has observed time and again in the advertising columns many singular and frequently unpronounceable names of medicinal remedies. The Greek and Latin languages especially have been drawn upon to furnish names by which patent medicines could be introduced to the public. The inference is, in many cases at least, that their proprietors depend more upon the attraction of high-sounding titles than upon the essential merits of the remedies themselves.

It is refreshing once in a while to find a medicine advertised whose simple, intelligible name in English at once conveys to the reader an understanding of the uses and purposes of the remedy.

A notable instance of this kind is found in the medicines of Dr. C. W. BENSON, whose SKIN CURE and CELERY AND CHAMOMILE PILLS impart at once, in their names, either their purpose or the ingredients which compose them. DR. BENSON'S SKIN CURE is warranted to heal all diseases of the skin, such as Tetters, Humors, Inflammation, Milk-Crust, Eczema, Diseases of the Hair and Scalp, Scrofula, Ulcers, Pimples, and Itchings on all parts of the body. It makes the skin white, soft, and smooth, removes tan and freckles, and is the best toilet-dressing in existence. Its popularity is attested by the immense sales of it which are taking place everywhere.

☞ It is the only genuine "Skin Cure," and all should beware of the various remedies which have been struggling for existence, and now endeavor to ride into popularity by advertising themselves as "The Great Skin Cures." There is only one, and that is Dr. BENSON'S. Be sure and get it.

DOES YOUR HEAD ACHE?

NO MATTER WHAT CAUSE—SICK, NERVOUS NEURALGIC, DYSPEPTIC,

Which is it? A revolution in the treatment of nervous diseases is now taking place. Dr. C. W. BENSON has discovered a sure remedy in his CELERY AND CHAMOMILE PILLS—they permanently cure Sick- and Nervous-Headache, Neuralgia, Dyspepsia, Sleeplessness, and all Nervous Diseases.

Sold by all Druggists. Price, 50 cents a box. Address, Baltimore, Md. By mail, two boxes for $1, or six boxes for $2.50.

C. N. CRITTENTON, New York, is wholesale agent for Dr. C. W. BENSON'S remedies.

A NOTED BUT UNTITLED WOMAN

[From the Boston Globe.]

Messrs. Editors:

Mrs. Lydia E. Pinkham, of Lynn, Mass., above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her VEGETABLE COMPOUND is a medicine for good and not evil purposes. I have personally investigated it, and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of FALLING OF THE UTERUS, LEUCORRHŒA, IRREGULAR AND PAINFUL MENSTRUATION, ALL OVARIAN TROUBLES, INFLAMMATION AND ULCERATION, FLOODINGS, ALL DISPLACEMENTS and the consequent spinal weakness, and is especially adapted to the CHANGE OF LIFE."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures

BLOATING, HEADACHES,
NERVOUS PROSTRATION,
GENERAL DEBILITY,
SLEEPLESSNESS,
DEPRESSION AND INDIGESTION.

That feeling of bearing down, causing pain, weight, and backache, is always permanently cured by its use. It will at all times and under all circumstances act in harmony with the law that governs the female system.

It costs only $1 per bottle, or six for $5, and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the VEGETABLE COMPOUND, can be obtained by addressing Mrs. Pinkham, with stamp for reply, at her home in Lynn, Mass.

For KIDNEY COMPLAINT of *either* sex this compound is unsurpassed, as abundant testimonials show.

"Mrs. Pinkham's LIVER PILLS," says one writer, "are *the best in the world* for the cure of CONSTIPATION, BILIOUSNESS, and TORPIDITY OF THE LIVER. Her BLOOD PURIFIER works wonders. In its special line, and bids fair to equal the COMPOUND in its popularity."

All must respect her as an Angel of Mercy, whose sole ambition is to do good to others.

LOCAL MATTERS.

GRAND RALLY LAST NIGHT.

The Democrats Thoroughly Aroused—Mozart Hall Packed With One of the Most Attentive Audiences Ever Gathered Within Its Walls.

The Madison Ward Conservative-Democratic Club may well feel proud of the vast concourse of people that attended their first rally last night at Mozart Hall. It was one of the finest crowds of intelligent citizens that ever assembled there to hear a political discussion, and the attention was in marked contrast to that held at the same place some weeks ago by the Mahonites, while the material last night was superior in every respect.

The assembly was called to order by Captain J. J. English, president of the Club, who regretfully stated that Judge Lybrook was so indisposed as to be unable to attend. This announcement was of course a sad disappointment to the meeting; but the speeches of the president, Captain M. L. Spotswood, Senator Henry A. Attkinson, and Colonel Samuel B. Paul, in behalf of Massey and George D. Wise, were received with unbounded applause. All of the speeches were brief and to the point save that of Senator Attkinson. This gentleman discussed at length the issues of the canvass; the conduct of the Mahonites in the last General Assembly; the iniquitous measures proposed by them; their defeat by the noble conduct of the Big Four, headed by Massey; the ills that would have followed their consummation; the evils that would flow from the success of Mahoneism in the pending canvass, and the duty of Democrats in this the hour of trial in a manner which reflected great credit upon himself and the cause he espoused. His friends were proud of him, and the vast audience showed their appreciation by frequent loud and continuous applause.

The occasion was enlivened with music at appropriate intervals by Voelker's band.

The Madison-Ward Club deserve great credit for the success of this meeting, particularly when it is remembered that it was gotten up in less than fifteen hours' notice. The Democrats of Richmond are alive to the cause, and intend to give a good account of themselves on the 7th of November, as was shown by the rousing rally last night.

Madison-Ward Club will hold a meeting at their club-rooms, over Pizzini's, on Broad street, Monday night at 8 o'clock.

PRESIDENT OF THE SCHOOL BOARD—THE SUPERINTENDENT OF SCHOOLS LOOKING AFTER THE PLACE.—Rumors were circulated a day or two ago that Superintendent-of-Public-Schools E. M. Garnett was engaged in working up a case against Mayor W. C. Carrington, who, by virtue of his office, is also president of the School Board of this city. An investigation of the affair discloses the fact that at a recent session of the School Board Mayor Carrington, while presiding, had occasion to differ with Mr. Garnett in regard to the adoption of certain text school books, and the Board sustained the President in his views. Mr. Garnett at the session alluded to so far forgot the fact that Mayor Carrington was president of the Board as to assume a little of the authority of the position himself, and the Mayor, as president, firmly but respectfully reminded the Superiniendent of the fact.

After this Mr. Garnett began to examine the law, and he found that a school trustee was a State officer, and a State officer could not hold a city office and *vice versa*. This is undoubtedly good law, and Mr. Garnett went to see Attorney-General Francis S. Blair concerning the affair. No authoritative action has as yet been taken, but the Superintendent is looking after the president of the School Board with a keen eye.

In one sense of the term Mayor Carrington is not a school trustee, for while president *ex officio* of the School Board he is not allowed a vote except in the case of a tie. Be the matter as it may, the Mayor holds the purse-strings—no money for any purpose being paid for school purposes without his order, and he will continue to discharge the duties marked out for him by the City Council until forced to relinquish them by order of the courts.

INTERESTING SERVICES AT THE FIRST BAPTIST CHURCH.—To-day the religious services at the First Baptist church will be peculiarly interesting by reason of the fact that the church will be reopened for divine services for the first time since the completion of the repairs and improvements recently placed upon it. In the morning Dr. J. B. Hawthorne will conduct the services, and Dr. W. E. Hatcher at night.

The church choir for this occasion is composed as follows: Director and organist, T. Bennett Dashiell; soprano, Mrs. Alice Swain Hunter, Mrs. W. P. Knowles, Mrs. G. Scott McRae; alto, Mrs. J. H. Knowles, Jr., Miss Carrie A. Staude, Mrs. R. C. White; tenor, Mr. Frank W. Cunningham, Mr. Walter A. Watkins, Mr. James P. Wood; bass, Mr. Thurston Cardozo, Mr. Marshall E. Ramos, Mr. George W. Scott.

The programme for the morning service is as follows: Opening anthem, "With Joyful Hearts," Giorza. Offertory; Alto solo, "Hear Us, O Father," Rosewig. Hymns No. 36, 34, 38. For the evening services: Opening anthem, "We Praise Thee, O God," Lloyd. Offertory: Anthem, "Glory to God," Millard. Hymns No. 736, 740, 742.

A full congregation will be present on both occasions.

WESTERN EXCURSIONISTS EN ROUTE TO RICHMOND.—A special telegram from Charlottesville dated yesterday says: The following are prominent business-men of Indiana and Ohio *en route via* the Chesapeake and Ohio railway and the Old Dominion Line to New York. They stop at the Exchange Hotel till noon Sunday, visiting Norfolk *en route*, where a reception has been tendered them. They are much pleased with the route, and anticipate its being popular with western merchants: George F. King, George Herley, Dayton, Ohio; D. M. McCulloch, Mrs. M. McCulloch, Joseph E. Pearson, Troy, Ohio; A. R. Wayman, Newcastle, Ind.; Van D. Brown, H. H. Burleigh, Richmond, Ind.; S. B. Beshore, Marion, Ind.; James A. Norris, Mrs. A. Norris, Troy, Ohio; Joseph R. Fuller, Urbana, Ind.; John Merryweather, Joseph A. Jennings, Greencastle, Ind.; H. E. Losse, Indianapolis, Ind.; J. S. Sattely, Attica, Ind.; A. M. Powell, Dayton, Ohio; Paul S. Davis, Mrs. S. THE MEDICAL MUDDLE.

Interest in the Appointment of New Board of Visitors—Probable Legal Contest by the Old Board—Reminiscences of the College.

Governor Cameron's action in removing the old Board of Visitors of the Virginia Medical College and appointing a new one has created a great deal of interest in the public mind.

It is stated upon reliable authority that the members of the old Board will contest the action of the Governor by taking the matter before the courts. The grounds upon which the contest will be made are that the Governor has no authority to appoint a new Board of Visitors, and can only fill vacancies when they occur; and in support of this view they rely upon the following provisions of the charter of the College:

"There shall be a Board of Visitors, nineteen in number, composed of the following persons and their successors—viz.: Charles W. Russell, of Wheeling; Windham Robertson, of Abingdon; Robert Grattan, of Rockingham; Dr. Francis T. Stribbling, of Augusta; Dr. William D. McGuire, of Clarke county; John S. Barbour, Jr., of Culpeper; Hunter H. Marshall, of Charlotte; Stephen O. Southall, of Prince Edward; Dr. George S. Nicholson, of Middlesex; Dr. Beverly R. Wellford, of Fredericksburg; Dr. Jesse J. Simpkins, of Norfolk; Dr. Levin S. Joynes, of Accomac; Thomas Wallace, of Petersburg; Willoughby Newton, of Westmoreland; James A. Seddon, of Goochland; John M. Patton, Dr. Robert H. Cabell, James Lyons, and William H. Macfarland, of Richmond city.

"Ten members of the Board shall constitute a quorum; and whenever *any vacancy* shall occur in the said Board, by reason of death, resignation, or otherwise, then the Governor shall fill the same, selecting the visitors so appointed from each of the grand divisions of the State."

The members under the above clause claim a life tenure, or a right to remain in office as long as it pleases them.

A clause in the charter in regard to the appointment of professors reads:

"The Board shall not only have the power of appointing professors, given by the third section, but may remove any professor for any cause which may seem to them sufficient—*twelve Visitors, at least, concurring in the removal: Provided, that the cause or reason of such removal, and the ayes and noes on such vote, shall be entered on the record of the Board, and that the professor sought to be removed shall have had reasonable notice in writing of the specific charges against him and an opportunity of being heard in his defence, by proof and argument, in open session of the Board.*"

The present faculty will avail themselves, it is said, of the full benefit of this privilege.

SKETCH OF THE COLLEGE.

The Medical College of Virginia was first incorporated in 1838 under the name of Medical Department of Hampden-Sidney College of Virginia. The faculty consisted of John Cullen, M. D., professor of the theory and practice of medicine; R. L. Bohannon, M. D., professor of obstetrics and diseases of women and children; L. W. Chamberlayne, M. D., professor of materia medica and therapeutics; Socrates Maupin, M. D., professor of chemistry and pharmacy; Augustus L. Warner, M. D., professor of surgery and surgical anatomy; Jeffries Wyman, M. D., professor of anatomy and physiology; Carter P. Johnson, M. D., demonstrator of anatomy; Augustus L. Warner, dean of the faculty.

The first session of the college was held in the old United States Hotel, corner of Eighteenth and Main streets, and lectures were delivered there for seven years and until the new Medical College, located as at present, was opened.

The first class of graduates, consisting of fourteen, took their diplomas April 4, 1839.

Of the faculty, the first to die was Dr. Augustus L. Warner, about 1846. The next to depart this life was Dr. John Cullen, who died in 1849. Dr. Warner's chair was filled by the appointment of Dr. Charles Bell Gibson, of Baltimore, and Dr. David R. Tucker, of Richmond, succeeded Dr. Cullen.

Professor Wyman became a distinguished man, and was called to the professorship of anatomy and physiology at Harvard University, and obtained high rank in the scientific world as an anatomist and naturalist.

Dr. Carter P. Johnson succeeded Professor Wyman, and was afterwards lost at sea, going down with the ill-fated Arctic.

Dr. Maupin was elected professor of chemistry in the University of Virginia, and his place was filled by Dr. Martin P. Scott.

Dr. Bohannon died in 1855, and was succeeded by Dr. James H. Conway.

Dr. Chamberlayne died in 1853, and was succeeded by Dr. Beverly R. Wellford, of Fredericksburg. In the same year the celebrated Dr. E. Brown Sequard was elected as professor of the institutes of medicine, &c.

Dr. Carter Johnson was succeeded by Dr. Arthur E. Petticolas.

In 1854 Hampden-Sidney College and the faculty of the Medical College had a difference, growing out of the election of a professor to a chair in the faculty. Litigation followed, resulting in a separation of the medical department from the college and the establishment of the Medical College of Virginia under a new charter granted in February of this year. Under this charter the college continued to prosper until the cloud of war hung threateningly over the land. Just before it broke, one hundred medical students from the South came from Philadelphia to Richmond, and entered the Medical College of Virginia as students. A great many of these students graduated and entered the Confederate army as surgeons.

AFTER THE WAR.

The buildings of the Medical College were found in a deplorable condition, and of course the number of young men seeking the field of medicine as a profession was found to be much smaller than before the war. To go back a little, when the State of Virginia appropriated $30,000 for the erection of the buildings it was upon condition that the trustees of the college should deed to the State the entire property. This was done, and when the war closed the property was found to be going to ruin, and by act passed February 26, 1866, the sum of $1,500 was appropriated for repairs and the insurance of the buildings, and for replacing apparatus destroyed by the troops of the United States.

By an act of the General Assembly "the trustees or visitors having the government of any college or academy in this State shall annually before the 1st day of October make a report to the Second Auditor showing the condition of such college or academy; the state of its funds; the amount of its revenue and the sources whence derived; its accommodations for and the number of its teachers and pupils; its fees of tuition, and the branches of learning taught in the institution. If no such report is made from any college or academy which receives any portion of the revenue of the literary fund or to which any loan has been made out of the said fund, the Second Auditor shall withhold (until the report is made) the payment of such portion of the literary fund or proceed to enforce payment of the said loan."

The Second Auditor of the State in no case has withheld the appropriation made for the benefit of the Medical College of Virginia, whether they made a report or not. Of the changes in the faculty and the results and causes of the same it is needless to speak.

In reference to the article published in the *Dispatch* yesterday the following card has been written:

To the Editor of the Dispatch:

The following paragraph concerning the Medical College of Virginia appears in the *Dispatch* of yesterday morning:

"It is said by those who claim to know that this means a complete reörganization of the college in all departments, and that the following well-known gentlemen will be offered chairs in the Faculty: Dr. Hunter McGuire, Dr. O. F. Manson, Dr. J. Herbert Claiborne, Dr. W. H. Taylor, Dr. Christopher Tompkins, Dr. Landon B. Edwards, Dr. M. L. James, Dr. Hugh M. Taylor, and Dr. J. R. Wheat."

In reference to the above statement we wish to say that the mention of our names is entirely without our knowledge or consent. And we will say further that we shall not prostitute an educational institution with which we are connected to serve the purposes of any political party whatsoever.

WILLIAM H. TAYLOR, M. D.,
Professor of Chemistry;
CHRISTOPHER TOMPKINS, M. D.,
Professor of Anatomy;
M. L. JAMES, M. D.,
Professor of Materia Medica and Therapeutics;
JOHN R. WHEAT, M. D.,
Demonstrator of Anatomy.

The old Board of Visitors as at present constituted consists of the following gentlemen: Hon. James Lyons, president; Right Rev. F. M. Whittle, Bishop of the Diocese of Virginia; George M. Nicholson, M. D., of Middlesex county; James Alfred Jones, Esq., of Richmond; William H. Dennis, M. D., of Roanoke county; W. Otway Owen, M. D., of Lynchburg; James H. Dooley, Esq., of Richmond; J. W. Lassiter, M. D., of Petersburg; Hon. J. L. Marye, of Fredericksburg; Rev. Dr. J. L. M. Curry, of Richmond; Rev. J. M. D. Atkinson, Hampden-Sidney College; Judge W. W. Crump, of Richmond; Colonel John B. Young, Henrico county; Armistead Wellford, M. D., Richmond county; W. B. Weisiger, M. D., Manchester; S. C. Gleaves, M. D., Wytheville; Major S. C. Moore, Clarke county; Lewis Wheat, M. D., Richmond; and I. H. White, M. D., secretary of the Board.

Briefs and Personals.

The Dunlop & McCance mills now turning out the highest grades of patent and new-process flour.

The steamer Ariel will make her last trips to Old Point for this season as follows: From Norfolk Friday the 29th instant, and from Richmond Saturday the 30th instant. On and after Monday, October 2d, she will leave here direct for Norfolk on Monday, Wednesday, and Friday mornings of each week.

There will be a base-ball match at Base-Ball Park to-morrow evening between the First Market nine and the Gresham & Brown nine.

The Richmonds, of this city, will play the Mutuals, of Philadelphia, four games of base-ball this week, at Base-Ball Park, commencing Tuesday afternoon.

The Committee on Grounds and Buildings will meet Monday afternoon at 5 o'clock.

The Board of Aldermen will meet Monday night at 7 o'clock at the Council chamber.

DELAY OF YORK-RIVER TRAIN.—Yesterday the York-River train did not arrive here. A washout at Cohoke station, a short distance from West Point, prevented communication. The telegraph wires were down for such a distance that the damage could not be repaired in time for any news to be transmitted yesterday, and an engine, which tried to establish communication, failed to do so, and returned to the city about midnight. It was reported that the steamer Havana, which plies between West Point and Baltimore, and connects with the York-River train, had not arrived up to a late hour last night, and grave fears for her safety are apprehended.

POLICE COURT.—The following cases were disposed of by Justice Richardson yesterday:

Thomas Rose (colored) was found guilty of stealing $4 from Thomas Murphy, and jailed for thirty days.

H. Kraigle, drunk, was jailed for thirty days in default of surety.

Richard Johnson (colored), drunk. Fined $2.

Annie Fleming (colored), assaulting and beating Annie Curtis, was fined $2.50.

James Beasley, charged with stealing one lot of underclothing valued at $5 from J. A. Wilson. There being some doubt as to his guilt, he was found not guilty, but was committed to jail for three months in default of surety to be of good behavior.

TEMPERANCE.—The ladies of the Christian Temperance Union all over the country are moving forward in the interest of their organization. But little has, however, been done in this city. Some months since two of the officers of the association visited this city, and were cordially received by their co-workers here. Yesterday afternoon two others arrived—Mrs. Chapin, of South Carolina, and Mrs. Roades, of Washington city. They will hold a meeting in the Seventh-Street Christian church at 4 P. M. to-day and another at 11 o'clock to-morrow at the rooms of the Young Men's Christian Association.

THE PUBLIC SCHOOLS.—The following is the total number of pupils accommodated in the public schools for the first week of the session:

White Schools.—Richmond High School, 356; Madison, 660; Elba, 553; Leigh, 613; Central, 683; Bethel, 607; Bellevue, 603; Springfield, 231. Total white pupils, 4,306.

Colored Schools.—Richmond Colored Normal School, 310; Baker, 694; Navy Hill, 796; Valley, 851; East End, 262. Total colored pupils, 2,907. Total white and colored, 7,213.

Several hundred applicants remain unaccommodated.

MARRIAGE OF A RICHMOND BOY.—The Kansas City *Times* gives a long and interesting account of the wedding ceremonies of Mr. C. C. Courtney, a well-known Richmond gentleman. He married the only daughter of Mr. L. B. Dougherty, a very wealthy Kansas City gentleman. The ceremony was strictly private, and performed in a most impressive manner by Rev. I. O. B. Lowry, of the Calvary Baptist church, assisted by Rev. Mr. McNair, of the Presbyterian church of Liberty.

PINAFORE.—The complimentary benefit to the Richmond Light Infantry Blues Tuesday night must not be forgotten. Neither must the fact that Pinafore will be presented, and that Louis Pizzini, the handsomest Captain Corcoran that ever trod the deck of her Majesty's ship Pinafore, and Frank Cunningham, the real Ralph Rackstraw, with his genuine tenor, will be on hand; and that Miss Eva Mills, who has before claimed so much admiration at the hands of Richmond people, Miss Eoline Sheffield, Miss Carrie Staude, Miss Isa Smith, and the incomparable Pierre Bernard, with Louis Perrot, Dick Deadeye himself, and Boatswain H. T. Cardoza, with a full chorus, will be on hand.

Come out and see the entertainment of the season.

THE MOZART AMATEUR ORCHESTRA.—Pursuant to a call made by the Music Committee of the Mozart Association a number of Richmond's amateur performers met at Mozart Hall last night, and twenty-four names were enrolled by Secretary Pegram as members of the amateur orchestra, which the Association propose to get up. Another meeting will be held next Saturday night, when a director will be selected and additional names enrolled. The indications are that a full complement will be secured.

EXCURSION TO WEST POINT.—To-morrow Messrs. Adams and Perdue will take another excursion to West Point, and this will be the last one of the season. The occasion will not be the less enjoyable on account of its being the last, and there seems to be a chance of its being even more largely patronized than any other. The train leaves the York-River depôt at 7:30 to-morrow morning.

The Trades Parade.

To the Editor of the Dispatch:

The action of the City Council in not appropriating an amount for a Trades Parade nor their official recognition of the wishes of one hundred and thirty-five merchants and manufacturers, who pay at *least* one fourth of the revenues supporting our city government, is a thing of the past, and one we do not wish to pass judgment on. We, however, wish to make a success of an enterprise begun but one year ago, and then consummated beyond all expectations, by repeating it on a grander scale this year. We are seconded by a large number of persons who are of our view. We find, also, that they want some one to go ahead with the project, and we are sufficiently interested to carry out the wishes of our citizens for a Trades Parade. We have worked it up so far that we have interested the Chesapeake and Ohio railway, who are now having three-sheet posters printed in Cincinnati, and who are going to post them over their line from Old Point, Va., to Louisville, Ky. The butchers of our city, through their efficient marshal of last year, Mr. Brauer, have promised to aid us by a larger display than previously made. The Knights of Pythias of the State meet here in convention October 30th, and will, as we have assurances, parade with us. We propose to have our "phunny friends" the Manchester Ragamuffins in our line. We will leave no stone unturned to aid in making the affair a success. We intend to have every one visit Richmond during the State Fair and Trades Parade, as the different railroad companies will issue round-trip tickets at half rates. We only lack one thing, and that is funds. We require money—first, to thoroughly advertise this event in connection with the State Fair; secondly, to engage music, for we will need at least four to six bands (the Knights from Norfolk, Lynchburg, Petersburg, and other places, bringing their own bands); thirdly, for the fireworks with which we propose to end the Parade at night and usher in the Fair; and, besides, there will be incidental expenses not known at present, but which will have to be met. So we now call upon the merchants and manufacturers, hotels and restaurants, railroad and steamboat companies, for contributions towards defraying the above-mentioned expense. We shall labor for the benefit of all. We feel sufficiently interested in making it a success, and which will benefit our city. We ask your assistance. Let there be no lukewarmness. Spontaneous actions are necessary. Time draws nigh, and the question must be met at once *whether or not* Richmond shall have a Trades Parade on the 31st day of October.

We beg to conclude with the following list of donations made last week (money to be collected when called upon): C. D. Kenney, $10; W. A. Stevens, $10; Thalhimer Brothers, $10; Herman Schmidt, $2; A. Saks & Co., $25; George A. Ainslie & Sons, $10; Fourqurean, Price, Temple & Co., $10; John A. Curtis, $10; Joseph M. Blair, $10.

Address your postals stating amount you desire to contribute to either George A. Ainslie, Esq., Tenth street; W. Gans, of Saks & Co.; B. T. August, Esq., city; Joseph M. Blair, Main street; William Walker, Cary street; H. Bodeker, Main street; W. E. Simons, Esq., Main street; Thomas Atkinson, care of Mayo & Brother; Thomas Christian, care of George Lee; O. F. Weisiger, Main street; J. H. Derbyshire, Domestic Machine Company.

St. Nicholas for October has been received from the publishers. The last number of the present volume shows no diminution in the excellence that has distinguished the previous issues of the year, and is a better augury for the volume to come than are pages of prospectus.

The frontispiece is a faithful reproduction of a drawing by W. T. Smedley, and is called "When We Were Boys."

The opening story is by Professor H. H. Boyesen. It is a quaint Norwegian legend of "The Famine Among the Gnomes," beautifully illustrated by Birch. W. O. Stoddard contributes a short sketch of boy-life, with the odd title "Radishville"; and Mr. Birch's clever pencil comes in play again to illustrate Miss Burnham's verses "A Realized Hope." Maurace Thompson tells in an interesting way of the Carolina Sapsucker, and Charles Barnard has a capital paper descriptive of a New York Riding School, with six spirited pictures by Kelly.

Among the many other attractions are: A bright play for young folks, by Mrs. Abby Morton Diaz; a paper written and illustrated by D. C. Beard, entitled "What Can be Made with a Handkerchief," in which he shows that great resources for home amusement lie concealed in the folds of those necessary luxuries; some more "Art and Artist Stories"; beautiful pictures by F. H. Lungren; funny pictures by L. Hopkins; and a great deal else.

[From the Baltimore American, September 14th.]

SMITH, HANWAY & CO.

Smith, Hanway & Co., manufacturers of the celebrated Patapsco Baking Powder, No. 116 south Eutaw street, had in the line a beautifully decorated float or barge, drawn by six dapple grays, which wore neatly-made covers or blankets, on which, in large letters, was "Patapsco Baking Powder." In the centre of the float was a pyramid of boxes and cans of the baking powder. From the top floated the national flag, whose staff bore an American eagle aloft. In the rear was an oven where several were kept busy baking and distributing delicious waffles. At each corner of the wagon-bed were banners bidding "welcome to the Oriole." Up in front, where the driver sat, were flags representing every nation using the Patapsco Baking Powder. Back of the driver were globe Chinese lanterns, waving prettily under the brisk autumn breeze. The Patapsco Baking Powder, which this exhibit represented, is one of the most prominent among the manufactures of Baltimore. It is the only patented baking powder in the United States. It is sold in every State and Territory of this government, and in Canada, and it has a fair demand already in European countries. Messrs. Smith, Hanway & Co. are the sole proprietors and manufacturers of this article, and they have the testimony of the leading scientists of the country as to its being strictly pure and entirely free from deleterious mixtures of any kind. Its use in this State, in many kinds of baking, has entirely superseded yeast.

The New Line to Texas and California.

On September 11, 1882, the New Orleans Pacific railway was in connection with the Texas and Pacific railway, opened as a through line for passenger and freight business from New Orleans to Texas, Mexico, and California. MRS. WINSLOW'S SOOTHING SYRUP.

Rev. Sylvanus Cobb thus writes in the Boston *Christian Freeman*: We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of MRS. WINSLOW'S SOOTHING SYRUP we can speak from knowledge; in our own family it has proved a blessing indeed by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege on any consideration whatever. Sold by all druggists. 25 cents a bottle. se 22-eod1w
