BROWN'S IRON BITTERS.

OH, MY BACK!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by Kidney Disease, Liver Complaint, Consumption, Cold, Rheumatism, Dyspepsia, Overwork, Nervous Debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as

BROWN'S IRON BITTERS,

and it does this by commencing at the foundation, and making the blood pure and rich.

LOGANSPORT, IND., December 1, 1880.

For a long time I have been a sufferer from Stomach and Kidney Disease. My appetite was very poor, and the very small amount I did eat disagreed with me. I was annoyed very much from non-retention of urine. I tried many remedies with no success, until I used BROWN'S IRON BITTERS. Since I used that my stomach does not bother me any. My appetite is simply immense. My kidney trouble is no more, and my general health is such that I feel like a new man. After the use of BROWN'S IRON BITTERS for one month I have gained twenty pounds in weight.

LOCAL MATTERS.

Malicious Libel.

Yesterday a rather remarkable case was tried in the Hustings Court. It was the case of James M. Granger, who was indicted for publishing a malicious libel upon Justice William J. Holmes and wife. The trial brought out the hitherto overlooked fact that there is no law in Virginia against malicious libel. Granger had therefore to be indicted under the common law, and his case is the first one of the character that is on record in our courts.

Commonwealth's-Attorney S. B. Witt and E. Carrington Cabell, Esq., conducted the prosecution, and Mr. Edgar Allan defended Granger, who plead guilty.

Mr. Witt stated that it would be the duty of the jury to ascertain what punishment should be inflicted upon the accused; that Granger was indicted under a law which says that where one maliciously libels another, and attempts to degrade him, he can be punished either by fine or imprisonment, or both—the imprisonment not to exceed twelve months and the fine not to exceed $500.

Some time in September Granger was indicted for resisting Holmes, who is a justice of the peace, and the police. For that he was tried and convicted. It seems after that time that Granger, who is a brother-in-law of Holmes, published a handbill, which is the cause of the libel suit, and which is unfit for publication. Mr. Holmes brought this handbill to Commonwealth's-Attorney Witt and asked the protection of the court. Mr. Witt was very severe upon Granger in his opening, and said that Mr. Holmes had not taken that course which a more hot-blooded man would probably have taken.

The evidence showed that Mr. Granger asked Mr. C. V. Meredith in a casual way if he could be prosecuted for publishing a card telling the facts about Holmes, and Mr. Meredith said he could only be liable to a civil suit.

Mr. Meredith explained that he had no idea that Granger meant to publish such a card as he had, and when he subsequently saw a copy of it he sent Granger a message to the effect that it was wrong, and that he must not publish it, but the message was too late, as the circulars had already been printed.

Policeman White had heard of the card and asked Granger to give him one, but this Granger declined, saying he had not yet decided to distribute them, but he offered to read one of them to him. Granger explained that he had determined not to publish any item until he saw his brother.

Mr. Antony had been given a large bundle of the posters to keep for Granger, and had himself read one of them. He stated that he had delivered Mr. Meredith's message to Granger, and that Granger had taken the bundle away, and had told him he destroyed them. Granger had returned subsequently and destroyed the copy that Mr. Antony had.

After argument by the counsel on both sides the case was submitted to the jury, who retired, and in a short time returned a verdict of guilty, assessing the fine of the accused at $375 and ascertaining his term of confinement in jail at nine months.

A motion for a new trial was overruled and a stay of proceedings granted for fifteen days in order for the accused to take an appeal.

Suits Against the City.

In the City Circuit Court yesterday in the case of T. W. Wood against the city of Richmond, a suit for damages suffered by the plaintiff by reason of the overflow of the Eighth-street culvert, the jury being unable to agree were discharged.

They were citizens of Manchester.

The following from Manchester were then empanelled to try the case of Maupin's administrator against the city of Richmond: W. A. Simpson, A. S. McRae, J. W. Owens, J. C. Snellings, W. D. Anderson, John McGee, E. J. B. Fisher, A. W. Claiborne, J. C. Donnelly, John Young, Alexander McCrone, and John H. Talley.

This suit is brought by W. R. Maupin, administrator of Tilman J. Maupin. The deceased, an elderly gentleman, and a citizen of Albemarle, arrived here on October 17, 1881—Yorktown Centennial week—and disappeared soon after leaving the Chesapeake and Ohio railway depôt. Next morning his dead body was found in Shockoe creek just below the arch where Broad street crosses that stream. It is supposed that Mr. Maupin crossed from the north to the south side of Broad street to avoid the crowd then pouring into the city and walked off the sidewalk and over the embankment, which embankment, it is alleged, was at that time insufficiently fenced. On this account the city is asked to pay the administrator $5,000. Hon. A. M. Keiley appeared for the city, and Hon. W. W. Crump, Beverley T. Crump, Esq., and Mr. E. R. Watson, of Albemarle, for the plaintiff.

The jury visited the locality yesterday.

The case will be further heard to-day.

Since it seems to be the purpose of the public to hold the city to strict accountability for accidents occurring on the streets, where same are left in an unsafe condition, it would be well for the authorities to remedy the long-borne evil of having the sidewalks dangerously encumbered with builders' materials. If they do not, the city will soon be made to pay damages. Indeed, it seems that there is already a case of this kind on hand.

HAD BEEN CHEWING TOBACCO.—Yesterday a small colored boy was found lying in an insensible condition on Franklin street near the Young Men's Christian Association rooms. An ambulance-call was made, and the boy taken out to the almshouse, where Dr. Lancaster discovered that he was suffering from the effects of chewing tobacco. Proper remedies were applied, and the boy recovered, but was too sick last night to tell his name or place of living.

SENTENCE COMMUTED.—This week, on a plea of guilty, the Hustings Court sentenced C. R. Sutherland to one year in the penitentiary for the larceny of the watch of J. B. Foster. Yesterday, for good and sufficient reasons, Governor Cameron commuted the sentence to twelve months in jail. Sutherland is the son of one of our best-known citizens (now deceased), and his misfortune was deplored by everybody.

The most of the above returns are official, and were forwarded us by the court clerks by mail and telegraph. In some few instances we had to rely upon reported majorities. The general result we believe to be nearly correct, though the Coalitionists here claim to have information which leads them to think that Mr. Wise's majority will be about 5,000.

The official returns have been received at the Capitol from nearly all the counties, but they are not yet open to the inspection of the press and public.

The Virginia Historical Society.

A WASHINGTON AUTOGRAPHIC DOCUMENT—THE PORTRAIT OF GOVERNOR DINWIDDIE.

The Virginia Historical Society has just received through its president, Hon. Alexander H. H. Stuart, a most interesting historical document—the original communication of General George Washington to Lord Dunmore, the last royal Governor of the Colony of Virginia, reporting a survey made by him, December 15, 1772, of lands in Botetourt and Fincastle counties, Virginia, in bounty, by several allotments to the soldiers who served under him in the French and Indian war of 1754-'57, and granted in accordance with the proclamation of Governor Dinwiddie, dated February 19, 1754, and providing 200,000 acres of land for such service. This document has been preserved in the archives of the Superior Court of Augusta county, at Staunton.

Mr. Brock, the secretary of the Society, also informs us that a card inserted by him in the *St. James's Gazette*, London, has elicited a gratifying letter from Mrs. M. A. Dinwiddie, the widow of the late General Gilbert Hamilton Dinwiddie, of the English army, who states that she has in her possession the portraits of Governor Dinwiddie and of his two daughters, and documents which will furnish all requisite information towards the biographical sketch desired by the Society to accompany the forthcoming publication of the "Dinwiddie Papers."

All who feel an interest in the honorable record of the Old Dominion have just cause for gratulation in the activity exhibited by the Virginia Historical Society, and in the rich promise of a due fulfilment of its useful mission as now exhibited.

SENTENCED TO THE PENITENTIARY.—Yesterday morning City-Sergeant C. W. Edington brought from Fredericksburg Edward Lewis (colored) for stealing $45 in money and a pistol. He was convicted in that city on Thursday, and the jury ascertained his punishment to be two years in the penitentiary.

The Gas Question.

Last evening the joint Committee on Gas and Finance met in the Chancery-Court room at 6 o'clock for the purpose of hearing the report of the sub-committee which went North some short time since for the purpose of examining the various qualities of gas, methods of manufacture, &c. This action was brought about by reason of the fact that an offer had first been made to purchase or rent the city gas-works by the United Gas Company, of Philadelphia, and afterwards by other companies.

There were two reports read—the majority report by Mr. Glasgow, chairman of the Finance Committee, and the minority report, signed by only one member of the sub-committee—Mr. Higgins. The majority report favored the introduction of new gas made of water and oil, and gave good reasons for their opinion.

Mr. Higgins dissented in an elaborate report, which showed careful preparation and close research into all matters connected with the manufacture and generation of gas.

After the reports were read, Mr. Magnus Gross, of New York, the patentee for an improvement in apparatus and processes for making illuminating gas, was invited to address the committee. He explained at length the advantages of his new methods, and showed that he was perfectly familiar with the philosophical and chemical construction of gas.

The committee adjourned at 10 o'clock without taking any definite action.

Personals and Briefs.

Mr. C. G. Holland, of Danville, passed through the city yesterday *en route* for Philadelphia.

Hon. George D. Wise, congressman and congressman-elect, went to Washington, D. C., yesterday evening.

There are a number of gentlemen from a distance in Richmond now who are experts in the manufacture of gas. Can they tell why our gas-light is miserable?

The Capitol Square no longer receives the attention it should. Its appearance is disgraceful. No country farmer's grounds about his house are as miserably kept. Whose fault is it?

Mary Booth (colored), the youthful murderess of Surry county, whose sentence of death Governor Cameron commuted to imprisonment for life, was taken to the penitentiary yesterday by the sheriff of the county.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—The closing service of the Young Men's Christian Association's week of prayer was held at the Centenary church last night, a good congregation attending.

J. Taylor Ellyson presided over the meeting, and spoke in reference to the Association and the work it was accomplishing.

Mr. Newman, the general secretary, reviewed the work for the past ten months—from January to November—and presented the following statistics, which show a great deal of work done.

During the period mentioned 261 meetings of various kinds were held—39 young men's Gospel services, attendance 739; 41 meetings of young men's Bible class, attendance 1,190; 28 service-of-song meetings, attendance 1,712; 16 Sunday-school lesson study, attendance 294; 30 committee meetings, attendance 310; 89 classes, attendance 1,691; 18 lectures and entertainments, attendance 9,210; attendance at reading-room, 37,155—total attendance, 52,391. Books drawn from library, 15,391.

In connection with their work they have a boarding-house register of Christian homes at reasonable rates, a very valuable thing for strangers. The city has been districted and a committee has visited the boarding-houses in each district, inviting young men to frequent the rooms. The names and addresses of the young men were secured by a circular address to business-houses. A committee visits the hotels on each Saturday night and leave printed invitations addressed to each guest, giving the name, location, and pastor of churches. A Reception Committee is on duty every night at the rooms to welcome strangers.

A branch has been established at 2309 east Broad street, and numbers already 185 members.

The Finance Committee has matured a plan whereby $2,000 will be added to its income this year outside of regular-membership dues.

THE THEATRE LAST NIGHT.—Salsbury's Troubadours appeared at the Theatre last evening to quite a large audience. "Green-Room Fun" is a broad burlesque upon amateur theatricals, in which Mr. N. Salsbury, who is a capital comedian, impersonates an aged actor who consents to manage a play for the amateurs. The preparation for the play at the private residence, the rehearsal and the performance itself at the theatre, furnish the scenes for the three acts which go to make up the burlesque. It contains some good hits at amateur acting, and is interspersed with a number of novel and excellent songs. There are many funny expressions and situations which are mirth-provoking, yet the theme as handled gives little provocation for the length at which it is drawn out. The entertainment, however, is intended only to furnish an evening of fun and laughter, and nothing more or less is claimed for it.

The company proper consists of five members—Mr. Salsbury, who is naturally the decided feature; Mr. John Webster and Mr. Fred. Letto, who do well in their way; Miss Nellie McHenry, who is quite bright, and seemed to thoroughly gratify the greater portion of her audience; and Miss Marie Hunter, who dresses beautifully, is graceful in acting, and sings remarkably well. Their performance seemed to furnish much fun and to give general satisfaction. It will be repeated at the matinée this afternoon and to-night.

UNITED STATES COURT.—This court yesterday—Judge R. W. Hughes presiding—disposed of the following case:

Nat Russell (colored), charged with violating the United States revenue laws by having in his possession unstamped manufactured tobacco, was found guilty. Sentence was suspended.

COURT OF APPEALS.—The following cases were disposed of yesterday:

McCandish *vs.* The Commonwealth. Argued by John B. Donovan, Esq., for plaintiff in error and Attorney-General Blair for Commonwealth, and submitted.

Commonwealth *vs.* Taylor; Greenhow, treasurer, *vs.* Cringan, Watkins & Co.; Commonwealth *vs.* Harrison. Dismissed by Attorney-General.

Loving and others *vs.* Auditor of Public Accounts. Submitted.

POLICE COURT.—The following cases were disposed of yesterday:

Weldon Brown (colored) was jalled for fifteen days for stealing coal from the Chesapeake and Ohio Railroad Company.

George Price (colored) was fined $25 and jailed for three months for assaulting and beating Mary Hooper and her children.

PARDONED.—Governor Cameron yesterday pardoned James Glass, of Rockbridge county, and released him from four years of his term in the penitentiary. He had served eight years. The crime alleged was horse-stealing.

STAR LECTURE COURSE.—Telegram from the Potter sisters:

"We deeply regret that serious illness of one of us prevents our appearance November 21st. POTTER SISTERS."

NOTHING STRENGTHENS A FEEBLE STOMACH like the Liebig Co.'s Coca Beef Tonic, recommended by the most distinguished medical scientists of the Old and New World. Beware of worthless imitations.

Special Notice.

The report put in circulation by interested parties that I am going out of the ice business is untrue and without foundation. I am a wholesale and retail dealer in Kennebec-river ice, and intend to continue as such, and my prices will always be as low as others, all reports to the contrary notwithstanding. Respectfully,

MRS. JANE KING,
1811 east Cary street,
Richmond, Va.

Society Chat.

All conversation eventually drifts into fashions, and the fashionable millinery, notions, hosiery, ribbons, &c., sold by Green & Waugh, 313 Broad street, are now the principal topics. Large line of terra cotta and gold double lock-stitch kid gloves just received at charming prices.

Five-Cent Music.

In addition to the Saalfield catalogue we now have the agency for Evans's five-cent music. We thus have the largest stock of five-cent music in the State. Call or send for free catalogue. RAMOS & MOSES, 914 Main street, Richmond, Va.

Virginia Hams,

eight to twelve pounds each, of the finest quality, can be bought of Joseph M. Blair, grocer, 826 Main street.

Now that the election excitement is over there is but one topic, and that has grown to be deeply interesting, for it is a settled fact that "Montrose" whiskey is certainly the best, and if you will call at O. Morgenstern's Morning-Star Saloon and Restaurant he will tell you all about pure whiskey and everything good to eat.

MANCHESTER AND VICINITY.

Briefs.—Mary Oscar Jordan, daughter of Dewitt Jordan, a Richmond merchant, who resides here on Bainbridge between Twelfth and Thirteenth streets, who is aged between eleven and twelve years, fell yesterday from a swing in which she was exercising and badly broke her right arm, besides accumulating other injuries. Dr. Weisiger was summoned and rendered the necessary medical assistance.

In the several suits against A. D. Williams, receiver of the owners of Mayo's bridge, brought to recover damages, supposed or real, inflicted by the falling of a span of said bridge in February last, compromises have been agreed on satisfactory to the plaintiffs and defendant. The suits commenced in the Chancery Court of Richmond to enforce equity in this case have been discontinued. The matter arising from the unfortunate accident referred to will, as stated, be settled by private arbitration.

The City Council some time since voted a sum sufficient to procure the necessary hose for the Alert Fire Company. This latter is a voluntary organization, with the usual vim of such institutions. Time and again in the history of Manchester it has done good service in saving property from the flames, or rescuing that which was threatened. Yesterday, to the surprise of the members, one thousand feet of hose, spick and span, arrived in the city, and the members being notified immediately proceeded to place it on the reel, where it would do the most good. The disabled stuff which it replaced was placed honorably in a corner of the engine-house. The Alert engine (hand) was mean while placed in good order and condition.
