WARSHIPS SENT AGAINST ALASKA TRIBE AND REDS

Natives Rise and Strike in Canneries Grows Bolshevik.

Juneau, Alaska, June 21.—Submarine chaser No. 310 was ordered by Governor Thomas Riggs, Jr., to the vicinity of Yakutat village, to quell a reported native uprising there, today.

The governor also ordered the gunboat Vicksburg to Kodiak and Port Althrop, where cannery men are striking and from where reports of alleged bolshevik activities had been received.

The governor in the first instance, acted upon the urgent appeal of white residents of Yakutat, who reported the natives had the village terrorized. The trouble was said to have started at the canneries.

The governor stated that a full investigation would be made of the trouble at Kodiak and Port Althrop to see if the canneries are complying with the territorial regulations. If they are, he intimated, quick action will be taken to end trouble caused by the radical element.

Reasons for the strike of cannerymen and details of the trouble were not available here. Reports to the governor were sent by wireless.

These two forest employes are now engaged in making a triangulation survey of the forest and drawing more accurate maps than have ever existed of the topography of the country. They will plant monuments or flags on the peaks, and then "shoot" their instruments from peak to peak in order to lay out the district accurately. Mr. Mills recently returned from France, where he was in the engineering service, making maps for the government forces.
