WEATHER NOT FAVORABLE.

Scranton and Syracuse Did Not Play Yesterday.

On account of the threatening aspect of the sky and the coldness of the atmosphere the Syracuse and Scranton clubs did not play at the ball park yesterday afternoon.

The visitors were desirous of going on the field and giving an exhibition and at the same time earning their guarantee, but when they found the local management was opposed to having its players exposed in such weather they left the city on an afternoon train.

Some work was done yesterday in getting the diamond into more perfect condition and painters were at work on the grand stand. It has been found that the brown color it is painted has the effect of preventing players from properly judging certain kinds of balls, and it is to be repainted a lighter hue that the player's vision may be in no way affected by that cause.

An extension is to be made to the roof of the grand stand, so that the occupants of it will be protected from the sun.

GLINTS FROM THE DIAMOND.

Hazleton thinks it has a pennant-winning team.

Allen Matthews, who played on second base with the Media club for two years, has been signed by Allentown.

Higgins, the new second baseman, has arrived in the city. His last professional engagement was with the Providence club.

Hogan in the ninth inning Saturday made the finest catch ever seen in this city. It, in all probability, saved the day for Scranton.

The Syracuse players are hard losers and equally as hard hitters. Every time they landed on the sphere Saturday it took an excursion to the outfield.

George Shabel, with Altoona last season, has signed to catch for New Orleans. Frank Haller, who was with Harrisburg, has been transferred from first base to catcher by the same club.

Hodson proved himself a clever pitcher Saturday and if he used better judgment in serving his different styles of curves to the batsmen would easily rank as the best pitcher of the State league.

Curt Welsh, who covers center field for Syracuse, was a member of the wonderful outfield of the St. Louis Browns when that was the star organization of the American association. The outfield was made up of Welsh, O'Neill and McCarthy.

Seven players of Allentown's team are now here, Kelly, Wise, Kilroy, Milligan, Matthews, Moran and Costello, all of whom practiced at Rittersville yesterday afternoon. A crowd of fully 200 cranks went to Rittersville to see them.—Allentown Chronicle.

Jay Faatz and his catcher, Mr. Wilson, are not the kind of men who help to elevate the national game. Their loud-mouthed objections during Saturday's game, accompanied by the threats directed toward Umpire Ketrick, disgusted the audience. As a bit of friendly advice to these hot-headed Syracuse players we would say: Don't monkey with Larry.

FINANCIAL AND COMMERCIAL

Stocks and Bonds.

NEW YORK, April 23.—London selling, the labor troubles, talk of gold exports, poor railway earnings led to weak opening for stocks today. The bears, who have been waiting for a chance to hammer the market, thought it a good opportunity to assail the list and they made a general attack all along the line. Prices declined ½@¾c. New Jersey Central, General Electric, the Grangers, Chicago Gas, Sugar, Louisville and Nashville, New England, Union Pacific and Reading scoring the greatest losses. The selling movement abated after 11 o'clock and the market became steadier. There was but little demand, however, except from bare sources. The rally ranged from ½ to 1% and was most pronounced in the cases of General Electric, sugar, Chicago gas, Cordage, Union Pacific, New England and Missouri Pacific. The market just before the close showed declines in General Electric, Northern Pacific preferred and Louisville and Nashville, and closed irregular but weak. Total sales were 173,900 shares.

Special Notices.

ANNOUNCEMENT. DR. E. T. WHEATON, No. 421 Lackawanna avenue, Scranton, Pa., is now prepared to announce that all the improved methods in the practice of dental art, which have stood the test of time, and reached beyond the experimental stage, have been adopted in his practice. Cast aluminum plates and bridges, with rubber and enough of attachments of the teeth, being among the latest improvements. Having secured the services of Dr. A. D. Preston, of Massachusetts, who is an expert in gold, crown and bridge work, I can assure all who may favor me with their patronage the most skillful treatment.

The operation of extracting teeth, usually so much dreaded by the patient, is now a pleasant surprise, by the use of local anaesthetics applied to the gums.

Having been in Scranton since 1877, and enjoying a liberal share of the confidence of the people, I desire to express my sincere thanks.

E. T. WHEATON.

AT A MEETING OF THE DIRECTORS OF the Nay Aug Falls and Elmhurst Boulevard company it was resolved that a meeting of the stockholders be called to convene at the general office of the company, room 16, Republican building, on the 8th day of June A.
